

THIS SHOULD MAKE THE COLONEL GRIN

CLACKAMAS COUNTY SETTING BABY RECORD THAT IS AMAZING

'RACE SUICIDE' HEREABOUTS? BAH!

Stork Busy in All Sections And Physicians Hardly Have Time To Give All The Good News

That Clackamas County is looking out for the welfare of the state and is immune from "race suicide" is proved by the reports of Oregon City physicians. The following births have been reported by Dr. M. C. Strickland:

- August 7—Born to the wife of Kenney McLarty, of Dolton, a son.
- August 13—Born to the wife of Harry M. Cadell, of Oregon City, a son.
- August 16—Born to the wife of Calvin Price, of Oregon City, a daughter.
- August 21—Born to the wife of Lee Jones, of Willamette, a son.
- August 25—Born to the wife of Mr. and Mrs. Miles Deakins, of Clackamas, a daughter.
- August 26—Born to the wife of John Stewart, of Gladstone, a son.
- August 26—Born to the wife of Paul Rothe, of Rothe Station, a daughter.
- September 1—Born to the wife of M. A. Thompson, of Gladstone, a son.
- Drs. H. S. Mount and Guy Mount also report a great many births as follows:

August 2—Born to the wife of A. D. Jones, of Carus, a daughter.

August 4—Born to the wife of Jacob Schoff, of Carus, a girl.

August 5—Born to the wife of Edward F. Buckholz, of Mountain View Addition, a boy.

August 11—Born to the wife of Thomas R. Clinefelter, of Oswego, a girl.

August 13—Born to the wife of Louis Schaber, of Stafford a daughter.

August 15—Born to the wife of L. E. Baron, of Portland, a girl.

August 16—Born to the wife of Philmore Arnold, of Clackamas, a girl.

August 23—Born to the wife of August Albert Victor Wicklund, of Clackamas, at the Oregon City Hospital, a son.

August 23—Born to the wife of Leonard Ferguson, of Clackamas Heights, a son.

August 25—Born to the wife of Frank Whitton, of Oswego, a son.

August 26—Born to the wife of Fred W. Lehman, of Oswego, a son.

August 29—Born to the wife of Owen G. Thomas, of Mount Pleasant, a son.

September 3—Born to the wife of Theodore Granquist, of Willamette, a son.

The other physicians seen by a Morning Enterprise reporter said they were too busy aiding an increasing population to make reports.

3 KILLED IN TRAIN CRASH NEAR SEATTLE

SEATTLE, Wash., Aug. 31.—Three trainmen were killed near Maywood on the Northern Pacific, at 10:18 last night when passenger train No. 6 and a westbound double-header freight crashed together on a curve.

The three victims of the collision are: W. E. Stover, engineer of No. 6, 49 years old, who leaves a wife in Seattle; Paul Glud, 28 years old, of Seattle, his friend, who also leaves a wife; L. P. Kurtz, of Tacoma, engineer of the extra freight. Brakman W. E. Morris, of the freight train, was slightly injured.

The passenger train had orders to meet the extra freight at Maywood. Instead of waiting there the train ran on beyond, and, climbing the mountain at about 25 miles an hour, crashed head on into the westbound freight, coming down at about 25 miles an hour. The crash came on a 16-degree curve at a point where the grade is 1 per cent. The engineers, owing to the curve, were unable to see each other's trains in time to avert the accident.

The three engines were badly damaged. Ten freight cars are in the ditch and the baggage car of the passenger train suffered damage. The passenger coaches were not injured.

The passenger train was sent back to Seattle, arriving here at 6:29 this morning. The bodies of Stover and Glud were brought to Seattle. Kurtz's body was taken to Tacoma.

Several passengers were injured, among them being Mrs. D. H. Dick, of Seattle, who sustained a broken ankle; Edna Hayes, of St. Paul, whose back and head were injured, and A. H. Stanway, of Ellensburg, Wash., who was cut about the face.

SOCIALISM GRADUAL GROWTH, SAYS HUGHES

H. L. Hughes, editor of the Labor World, of Spokane, Wash., and an authority on socialism, spoke to about fifty persons at Willamette Hall Tuesday evening. W. W. Myers, Socialist candidate for county commissioner, introduced the speaker. Mr. Hughes declared that Socialism is gradually being adopted, and that although its growth was not rapid it was certain. He called attention to the public schools, the postal service, direct primary, initiative and referendum in proof of his assertion that more power was gradually being placed in the hands of the people, which he said was the essence of socialism. The speaker made a pleasing appearance, and won the confidence of his audience, many members of which were not socialists, by his courteous reference to members of other political parties.

THE PALMA WINNER OF BIG AUTO RACE

ELGIN, Ill., Aug. 21.—In one of the hardest fought events in the history of automobile racing, Ralph De Palma, driving a Mercedes car, won the free for all event in the Elgin road races here today. De Palma also won the Elgin trophy race.

In the free for all race, De Palma covered the 203 miles in 233 minutes and 36 seconds, an average of 70 miles an hour. Until the start of the last lap the race belonged to Bergdoll driving a Benz car. Bergdoll was fouled out of the lead in the last lap by tire trouble.

In the Elgin trophy race, 254 miles, De Palma's time was 221 minutes and 20 seconds. Mulford was second. The Elgin trophy race was for a distance of 254 miles and the free for all race for a distance of 303 miles. The two races were run simultaneously, entries in the longer event continuing after the finish of the shorter one.

Teddy Tealief, the Los Angeles driver, was forced to withdraw from the free-for-all owing to his car not being equipped with tires under contract use. He was replaced by Hearns.

Drivers Bruce-Brown, Hastings, Truesell and Whalen were scratched. Mulford was the first starter.

In the Elgin trophy race the prize of \$1500 was split \$1000 to the winner, \$300 to second place and \$200 to third.

In the free for all a prize of \$2500 was divided \$1750 to the winner, \$500 to second place and \$250 to third.

De Palma blurted his hands after making three laps in the free for all race and was forced to withdraw.

Clark, driving a Mercedes car, left the track and plunged into the section of the field in which the spectators' machines were parked. No one was injured, but Clark was compelled to withdraw from the race.

De Palma, Bergdoll and Mulford were leading at this stage of the free for all. All the drivers had lowered the one lap record, Bergdoll's time being the best, 6:40 for eight miles.

Bergdoll dashed into the lead during the eleventh lap.

PASTOR BRAVES DEATH TO RESCUE FAMILY

PITTSBURG, Sept. 3.—As communication with the afflicted flood sections becomes established, stories of heroic and thrilling rescues become numerous. One particularly spectacular feat was the rescue of Henry Endler, his wife and two children, of Avella, in Washington County, by Rev. B. F. Heaney, pastor of the Presbyterian Church there.

The Endler home was crashed against a railroad culvert and the family washed down stream. Three children were hurled on the bank and escaped, while Endler with his wife and two other children, succeeded in catching hold of branches of a tree, where they were marooned.

Heaney heard their cries and procured help. Getting a rope he fastened it around his waist, and while some men held one end of it he plunged into the torrent and made for the marooned family. Eight times he was washed past the "poor victims" refuge, and was hauled out to be over again.

Finally he reached the tree, the rope was fastened about Mrs. Endler and she was dragged through the torrent to safety. To return the rope to the marooned pastor and the Endlers it was fastened to a huge block of wood, thrown in, so that it would be carried into the tree. One by one the family was taken to safety, Pastor Heaney being the last to leave the tree.

JOHN D. THREATENED; GUARDS HIS MANSION

NEW YORK, Sept. 3.—The large force of armed guards which has been stationed around the John D. Rockefeller estate at Pocantico Hills, near Tarrytown, for the last two weeks, was established because of threats of death received by Rockefeller himself and members of his family, according to the World.

Eighteen negroes, deputy sheriffs and a squad of detectives, all armed, constitute the guard.

According to the World, Rockefeller and his son have received a number of letters threatening both their lives and property and demanding heavy ransom.

Threats to kidnap two young children of John D. Rockefeller, Jr., who are ill with measles at a nursery on the estate, have also been made, it is said.

SCULPTOR'S DEATH REVEALS ROMANCE

SEATTLE, Wash., Aug. 11.—The peculiar death of Louis Potter, noted sculptor, at a local hotel following treatment by a Chinese physician, who the police are seeking, has brought to light a strange romance. The woman accompanying the famous artist, registering as his wife, is not legally married to him, according to admissions she made to Coroner Snyder.

While she refuses to disclose her identity, the facts, reveal a romance born in the early life of the two principals. A student cadette later developed into closer relations and when Potter went to Alaska to study the Indians, she accompanied him and has since remained with him.

The disclosure came with a telegram from the sculptor's brother, H. M. Potter of Chatham, N. Y., saying Louis was positively not married, wherever the woman admitted his truth, although previously claiming they were married three years ago last February.

She is about 48 years old, of medium height and of slender build. She gives every impression of high intellectuality. They registered as Mr. and Mrs. L. Potter, New York.

"I intend to remain here until the Chinaman has been placed in jail and the cloud surrounding Mr. Potter's death has been cleared," she told the coroner.

T. R. PARTY DOES WELL IN VERMONT

PROGRESSIVES CLOSE BEHIND DEMOCRATS AND LEGISLATURE MUST DECIDE

REPUBLICAN VOTE IS REDUCED

Returns Come In Slowly, But It Is Assured No Party Has Majority Required By State Law

MONTPELIER, Vt., Sept. 3.—With returns from more than half the state at hand at midnight, the election for Governor is certain to be thrown into the Legislature. The Roosevelt Progressive party succeeded in making inroads upon the Republican majority, but it polls only about a quarter of the vote of the state.

There are 246 election districts in the state. Returns from 173 districts give Fletcher, Republican, 18,760; Howe, Democrat, 14,170; Metzger, Roosevelt Progressive, 11,741. At the last election these same districts gave the Republicans 23,448, the Democrats 16,892.

Indications from these figures at midnight are roughly that today's vote will total: Republicans, 26,236; Democrats, 19,538; Roosevelt Progressives, 16,429.

A majority of the two parties combined against the Republicans would be 5290. Some 173 districts so far heard from give Republicans 98 in the Legislature, Democrats 26, Progressives 13.

As the matter stands tonight no candidate for the office of Governor of the state has a sufficient number of votes to insure his election. However, the indications are that the Legislature will be strong enough Republican to insure the election by that body of Fletcher to the office of Governor.

Early in the night some of the Roosevelt men were rash enough to announce that Metzger had been elected Governor. However, they later tempered their statement and said that their candidates had made a "most marvelous fight."

Democrats feel somewhat elated, too, for they show an increased vote, though not enough to elect their candidate.

The result will not be definitely known until well into the morning, for returns are being received very slowly.

The day was rainy and anything but conducive to a full vote. However, the rock-ribbed party voters went to the polls in all manner of conveyances.

The Prohibition and Socialist vote did not vary materially from former years.

Many Republican leaders asserted that the threatening weather contributed to the falling off in the party vote. These men stated that the recorded vote of Vermont was close to 120,000, and that had weather conditions been fair the party would have rolled up more than 40,000 for Fletcher.

The members of Congress elected were, First District, Frank L. Greene, of St. Albans (Rep.); Second District, Frank Plumley, of Northfield (Rep.).

The Roosevelt noses out in California

ELECTORS PLEDGED TO BULL MOOSE GO ON BALLOTS AS REPUBLICANS

TAFT MEN MUST HAVE PETITIONS

Regulars, However, Expected To Go Into Court And Regain Designation Taken Away

SAN FRANCISCO, Sept. 4.—Yesterday's primary election, which gave the Progressive party in California its first opportunity to test its strength, assured the Roosevelt-Johnson organization that Electors pledged to Roosevelt will go on the ballot in November, as the Republican candidates, while the Taft Electors will be forced to resort to petitions to obtain a place on the ballot.

San Francisco and Los Angeles rolled up a heavy vote for the Progressive candidates. Meyer Lissner, chairman of the State Republican Central Committee, and Governor Johnson's chief lieutenant, gave out the following statement at Los Angeles today:

"The primary makes certain the selection of Roosevelt-Johnson Electors at the State Convention at Sacramento on September 24, at which the Progressive platform adopted at Chicago will be reaffirmed."

Complete returns for San Francisco today show that Roosevelt and Johnson swept the city at the primaries yesterday. In the two Congressional Districts (Fourth and Fifth) Taft supporters returned one nominee—Julius Kahn, incumbent, from the Fourth District; in three State Senate Districts Taft got one; in 13 Assembly Districts he got one. On the county committee Taft will have a representation of three out of 13 members.

Among the individual contests particularly interesting attached to that of Edward I. Wolfe (Taft) against Lester G. Burnett (Roosevelt) in the Nineteenth Senate District, and that of Senator Thomas R. Finn, a Johnson stalwart, against J. P. Bobo (Taft) in the Twenty-third Senate District.

The reapportionment of the state will be completed by the end of the week. Wolfe had lost his district. Burnett inherited his seat—forgot it out and today the final figures show that he won, although last night it seemed he

WOOLEN TRUST MAN CALLED DYNAMITER

PRESIDENT OF BIG EASTERN TEXTILE CONCERN SURRENDERS TO POLICE

STRIKERS MAKE "PLANT" CHARGE

Indictment Alleviating Conspiracy Is Read To Millionaire—Workers Successful After Long Fight

BOSTON, Aug. 30.—William M. Wood, president of the American Woolen company, the largest textile concern in the country, surrendered today to District Attorney Pelletier on an indictment charging conspiracy. The indictment is in connection with the reported "planting" of dynamite during the Lawrence strike by textile officials in an alleged effort to discredit the strikers.

Wood went to police headquarters, accompanied by Congressman Samuel P. Powers, who probably will act as his counsel.

The indictment as returned by the grand jury was read to the millionaire wool manufacturer by Police Inspector Lynch. It charged conspiracy, asserting that Wood and other textile officials caused dynamite to be placed in the homes of the striking foreigners at Lawrence for the alleged purpose of injuring the strike of the operatives there. The workers were victorious after one of the most bitter industrial struggles in the history of New England.

Wood was immediately arraigned and was released on \$5000 bail. District Attorney Pelletier says that he has a good case against the mill owner and is certain of conviction.

The treatment accorded the strikers at Lawrence started the civilized world denouncing women and children were brutally beaten by police and militia sent to Lawrence by Governor Eugene N. Foss for the alleged purpose of maintaining order. Strike leaders asserted that the soldiers were sent to persecute the millworkers, and their testimony was borne out at congressional hearings in Washington, in which Senator Miles Poindexter of Washington, who personally investigated conditions at Lawrence, voiced bitter denunciation of the tactics employed by the millowners.

A number of strikers were arrested when dynamite was found in their homes. They asserted that the explosives were "planted" by representatives of the millowners and this charge was also made when James Green, recently convicted of "planting" dynamite was accused.

Later, when Lafferty attempted to call up his bill for the relief of Lewis Montgomery, of Portland, he again charged the minority leader with misrepresenting the facts and "presenting a half-baked theory in regard to the case."

After sarcastically referring to the "undisputed superior wisdom of the member from the Second Oregon," the minority leader again objected to further consideration of the bill.

WASHINGTON, Aug. 31.—On two separate occasions during the closing hours of Congress Representative Lafferty was made to feel the biting sting of Minority Leader Mann's sarcasm and in both instances the chastisement was well merited, if general applause and undertone comment is any guide.

The member from the Second Oregon district, criticizing Mann for objecting to a private bill, declared the member from Illinois could not understand what "anyone with a grain of sense ought to understand," and then broke out into a tirade against the minority leader for "appropriating to himself a superior wisdom to that of a committee of this house."

The minority leader, in his most rasping sarcastic tone, replied: "That statement is not true, so that it is not worth answering. I am used to being abused by some man who has a bill that is rotten."

Later, when Lafferty attempted to call up his bill for the relief of Lewis Montgomery, of Portland, he again charged the minority leader with misrepresenting the facts and "presenting a half-baked theory in regard to the case."

After sarcastically referring to the "undisputed superior wisdom of the member from the Second Oregon," the minority leader again objected to further consideration of the bill.

20 DROWNED; SCORES MISSING IN FLOOD

PITTSBURG, Sept. 2.—Twenty persons are known to have been drowned and many others are missing after a series of storms that swept over Western Pennsylvania and the "panhandle" of West Virginia early today.

The Baltimore and Ohio Railroad and the Panhandle Railroad were badly crippled, and it is said that days will pass before traffic can be resumed. Many manufacturing plants are under water and the property damage will be heavy. The known dead are: Cook White, farmer, Burgetstown, Pa.; George Gilliland, his wife and four children, Cherry Valley, Pa.; Mrs. Thorley and her daughter, Colliers, W. Va.; unidentified family of man, woman and three children, Colliers, W. Va.; W. E. Hancock, Canonsburg, W. Va.; unidentified farmer, 18-year-old boy, unidentified, three children of Mrs. Crow, Avella, Pa.

Reports from Colliers, in the "panhandle" of West Virginia, are that 9 persons have been drowned there and many more are missing, but the exact loss of life cannot yet be ascertained.

Cherry Valley, a mining town on the creek, was flooded within half an hour after the rain began to fall. Foundations of houses were undermined and they toppled over into the flooded streets.

George Gillespie, his wife and children were drowned in the house and the bodies of the children were found on a mattress floating in four or five feet of water.

Canonsburg, Pa., also suffered from the storm, hardly having recovered from a like experience last week. The Chartier Creek overflowed its banks and swept through the town, flooding the railroad tracks and the streets.

A number of houses were filled with water, but the residents had received ample warning and hastened to places of safety. One man who went back to recover some valuable papers was crushed in the collapse of his house, and a boy fell into the flood, when a porch on which he had taken refuge went down.

A number of children in the community are among the missing, and several men, women and children who had taken refuge on the roof of a house on the stream on the edge of Canonsburg slipped on the shingles and disappeared in the flood.

At Avella, Washington County, Henry Crow's house was undermined by an ordinary little stream. Mrs. Crow was badly injured.

BOURNE TO GIVE COLONEL SUPPORT

WASHINGTON, Sept. 4.—Senator Jonathan Bourne, of Oregon, in a formal statement today, announced he would support Colonel Roosevelt's candidacy for President.

WOMAN HELD FOR \$271,000 THEFT

ALICE DAVIS CHARGED WITH PARTICIPATION IN DYNAMITE BANK

NEW WESTMINSTER, B. C., Aug. 30.—A frail, nervous woman, Alice Davis, was directly charged in police court today with "breaking into and entering the Bank of Montreal on September 15, 1911, and stealing therefrom the sum of \$271,000."

So far as the records show, she is the first woman ever held in Canada for the robbery of a bank.

The woman is supposed to be the wife of Walter Davis, with whom she was arrested a month ago in Toronto. He is also held on the same charge.

Although the Davis woman has just recovered from a breakdown, due to the nervous strain she was under following her arrest, she gave no sign when the charge was read, that she realized the seriousness.

The officials here refuse to make public what evidence they will bring in an effort to prove the woman's direct participation in the robbery, one of the most sensational in the history of the northwest. Robbers entered the bank in the dead of night, gagged and bound the Chinese janitor and watchman, dynamited the safe and fled from New Westminster in a stolen automobile which was found the next day, broken down, just outside the town limits.

On request of counsel, D. B. Kerr, appearing for the crown, a reprieve of eight days, until September 7, was granted without opposition. There are now three of the suspects in connection with the robbery in the provincial jail here, Charles Dean having appeared yesterday, and the trial postponed until September 5.

News is expected daily in regard to the case pending against McNamara, the alleged suspect who is fighting extradition in Duluth, Minn., as well as from Detroit, Minn., where Martin Powell and Dalrymple are also fighting extradition.

MINORITY LEADER SCORES LAFFERTY

WASHINGTON, Aug. 31.—On two separate occasions during the closing hours of Congress Representative

Lafferty was made to feel the biting sting of Minority Leader Mann's sarcasm and in both instances the chastisement was well merited, if general applause and undertone comment is any guide.

The member from the Second Oregon district, criticizing Mann for objecting to a private bill, declared the member from Illinois could not understand what "anyone with a grain of sense ought to understand," and then broke out into a tirade against the minority leader for "appropriating to himself a superior wisdom to that of a committee of this house."

The minority leader, in his most rasping sarcastic tone, replied: "That statement is not true, so that it is not worth answering. I am used to being abused by some man who has a bill that is rotten."

AMERICAN YACHT TARGET FOR TURKS

BOSTON, Sept. 4.—A yacht flying the United States flag and having 40 Americans on board, was fired upon by a Turkish fort in the Dardanelles early last month, according to reports brought here by passengers on the steamship Manitou, from Antwerp.

According to Miss Gertrude L. Carey and her niece, Miss Gertrude Barnes, of Dublin, who were on the yacht, no official report of the occurrence was made, as the party did not wish to be delayed.

The yacht was chartered by a tourist agency, and was bound from Athens to Constantinople. Near Constantinople a fort fired twice across the bows, in answer to which the American flag was run to the fore trucks.

Despite this display of colors, a shot was dropped a few yards from the yacht. Officers examined the yacht, and, after placing a Turkish officer and pilot aboard, allowed the vessel to proceed.

Panama has practically no manufactures. The principal exports are bananas, coconuts, hides and skins, ivory, tins, rubber and hard wood, of which the United States receives the greater proportion.

WILSON MEN WILL EXPOSE T. R. FUND

NEW YORK, Aug. 31.—That managers of Governor Woodrow Wilson's campaign for the presidency hope to show that Theodore Roosevelt's campaign in 1904 was financed almost exclusively by "big business" was admitted here today at Democratic national headquarters.

When the senate committee on privileges resumes its inquiry at Washington, October 1, into campaign contributions Chairman Moses E. Clapp will be asked to inquire into a contribution of \$10,000 which the United States Steel Corporation is alleged to have made to Treasurer Cornelius N. Bliss of the Republican national committee in 1904.

Governor Wilson's managers profess to have excerpts from the minutes of a meeting of the steel trust directors when the payment of the money to Roosevelt's campaign fund was authorized, and this alleged evidence will be given for investigation by the committee.

HARVEST HAND HURT SCORE OF TIMES

WALLA WALLA, Wash., Aug. 31.—"Hap" Davis, a harvest hand, who worked this season west of the city, is in the city after finishing the season with a freshener; and is telling the most unusual story of the year. He is a transient harvest hand and leaves tomorrow for Colfax to finish work in the Palouse country.

"Hap" started sewing sacks, but got the wrong end of the needle in his hand and had to go forking. A fractious team jerked the fork into his foot, and he was laid up two weeks. On the way down, in threatening barley, a forker dumped a load in his face, and barley beard may cost him the sight of one eye. He then went to firing the straw burning engine, and when the glass in the water gauge blew out, he was badly scalded. He then, as a last resort took a roundabout job of cutting straw in a haystack, which was as good as his arm.

He has just about recovered from this last injury and hopes to finish the season.

Best for the Hands S. L. Chapman, Mississipp, Ky., says: I used Dr. Bell's Antiseptic Salve on my hands, which were sore, and find it the best I ever tried. It cured them completely. For sale by Harding's Drug Store.

PRISON FIRED BY RIOTING CONVICTS

MILITIA COMPANY AND SPECIAL OFFICERS FINALLY FORCE MEN TO QUIT FIGHT

FLEEING PRISONER SHOT BY GUARD

Felons in Bull Pens Obtain Weapons And Liberate Seventy-Five Others—Fire Damage Big

JACKSON, Mich., Sept. 2.—Rioting convicts of Jackson prison, overcoming all restraint, entered the prison bull pens to day and liberated about 75 fellow prisoners. An hour later the prison authorities had the convicts apparently cowed by the presence of Jackson militia companies and freeman and special officers who hurried to the scene immediately after the outbreak. Much property was damaged by fire started by convicts.

One fleeing convict failing to halt when ordered, was shot down by a guard. The prisoner was running across the yard when told to stop and refusing, he was dropped with a bullet from the gun in the hands of a special deputy.

Prison officials fear that the worst has not yet come, and in addition to the two local companies of militia, numbering about 160 men, the Lansing company of the National Guard was asked for. Every citizen who can be induced to act as a special guard is being armed and rushed to the prison.

The supply of firearms at the prison has been exhausted and heavy loads are being hauled on the supply in the various hardware stores of the city. A number of newspaper correspondents are said to have been sworn in as deputies and are unable to send reports to their papers, every man silent regarding conditions inside of the walls.

It was said later this afternoon that the militia had cowed the rebellious convicts, who were all safely locked up. The fleeing convict who was shot by a guard is said not to have been seriously hurt.

About 15 convicts were in the bull pens, which were opened, and practically every prisoner secured weapons of some kind soon after gaining his liberty. Knives, hammers, barrel staves and other articles were used by the convicts in an endeavor to overpower the guards stationed inside the prison walls.

On seeing the fire department enter the prison yard, many mufflers fed back into the prison, while others hid in the various factory buildings, hoping to step over the walls when an opportunity presented itself.

It is said that three convicts scaled the walls and are now at large. Members of the two National Guard companies rushed to the prison in automobiles.

They were ordered to shoot the first prisoner who attempted to scale the walls.

When the prisoners reached the yard they began burning
