

HOT FLASHES.

Women in middle age often complain of hot flashes. They are at that stage of life when their delicate organism needs a tonic and helping-hand which only Dr. Pierce's Favorite Prescription can give them.

Doctor Pierce's Favorite Prescription.

Mrs. J. Inman, of 211 S. Duval Street, Baltimore, Md., says: "I wrote you about this months ago, telling you of my condition. I have a fine baby girl—she weighed nine pounds when born. She is my third child and the strongest of them all. My suffering was only for two hours. I took several bottles of 'Favorite Prescription' and one of Dr. Pierce's Sarsaparilla. I never had a bad day before I took your medicine. I was surprised how well I felt—could eat—was always hungry, and never had a sick stomach. The cure you give with this medicine was wonderful. She is now a month old and she is as healthy as a horse. She is now a month old and she is as healthy as a horse. She is now a month old and she is as healthy as a horse.
