JONES URGED TO OFFER FOR MAYOR

FRIENDS SAY PETITIONS HAVE BEEN SIGNED BY ABOUT 400 VOTERS
G. B. DIMICK ALSO TO MAKE RACE
 Adherents of Mayor Gay Victory This Fall Would be Victory of His Policies

A petition signed by about 400 voters, according to the men who circulated it, urging Linn E. Jones, druggist, and formerly a member of the state legislature, to become candidate for mayor at the coming election has been presented to him. Mr. Jones, it is believed will accept the nomination. He will be opposed by Grant B. Dimick, present mayor, who announced several months ago that he intended to be a candidate for re-election. Friends of Mr. Jones have been circulating the petitions urging him to make the race, for more than two weeks, and they say the results are gratifying.

It is believed by the followers of Mayor Dimick that the plan to have Mr. Jones become a candidate is the work of men who have fought him throughout his administration. Eight members of the city council have opposed his efforts to control the police department and name a chief and other members of the force. They also opposed other appointments. Oregon City for four months had two men acting as chief of police, and finally C. E. Burns, Mayor Dimick's decision, since for his salary, the decision being against him. The mayor has refused to sign any of the warrants of E. L. Shaw, chief of police under the Brownell administration, and who is still acting as such. Burns relinquished the fight and is now employed at the Elk's home.

Announcement has been made that men who are friendly to the policies of Mayor Dimick will be candidates for places in the city council. The members whose terms will expire are Charles E. Pope, ward 1; J. A. Roake, ward 2 and F. J. Meyer, ward 3. Pope, who has worked in harmony with the Mayor, being the only member of the council who has, it is understood will be a candidate for re-election. Meyer, who is president of the board, and has opposed the Mayor, also will become a candidate for re-election, and Roake, it is announced, will retire.
 Even should all vacancies be filled by friends of the Mayor and he should be re-elected there is reason to believe friction will continue in the council, and other departments, unless the opposition decided the re-election of the Mayor was a vindication of his policies by the people.

Being a Woman.

Whatever else the suffragettes have done they have made many of us heartily weary of being women. Every one is talking about us; no one is content to leave us alone. Some solution of the "woman question" is an ingredient in every panacea offered to the contemporary world. We are praised for qualities we are ashamed of having and blamed for things we never did. It is really no wonder that we long for our "rights;" we are so used to being put off with either injustice or mercy. Even the presidential campaign, as it turns out, does not leave us quite out of the limelight. It must be very easy, in comparison, to be a man. A man may have duties as a citizen, as a husband, as a father, but no one particularizes his duties as a mere male. Being a woman, on the contrary, has apparently a code of its own, and women of entirely different races, temperaments and circumstances must somehow agree upon it. Some of us who are busy living up to our personal fates would cravenly beg the Zeit-Geist to take care of it all. But that, we are told, is the unpardonable Laodicean sin—Atlantic.

Perfumery Cakes.

Although not new, there is an increasing demand for the cakes of perfumery. These solid blocks of pressed sachet are very easy to use and the fragrance is decidedly more lasting as the attars are not distilled by alcohol, as is the case with the liquid extracts. It is said that each block contains as much floral essence as you would find in a quart of the liquid perfume. When the odor becomes faint all that is necessary is to scrape off a little of the wax, thus exposing a new perfume surface. There are various odors which have been incorporated in a solid in this way—the ever popular violet, the heliotrope, the rose, carnation, corymbis, lavender and sandalwood. Each cake is in closed in a little neat looking box, suggesting leather, and the price is very reasonable.

MUST BELIEVE IT.

When Well-Known Oregon City People Tell It So Plainly.

When public endorsement is made by a representative citizen of Oregon City the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.
 William McLarty, 1531 Washington St., Oregon City, Ore., says: "The public statement I gave in praise of Doan's Kidney Pills in January 1906, still holds good as I have had no return attack of kidney complaint. I was afflicted with backache and pains through my loins and I could not sleep well as no position I assumed was comfortable. My strength and energy left me and I was miserable when Doan's Kidney Pills were brought to my attention. Deciding to try them, I procured a box at the Huntley Bros.' Drug Co. and by the time I had taken the contents, I felt so much better in every way that I did not consider it necessary to continue their use. I have been convinced that Doan's Kidney Pills are a reliable kidney medicine."
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York sole agents for the United States.
 Remember the name—Doan's—and take no other.
