A number of farmers have started plowing, though generally the ground is not as wet as desired. Mr. Tom Ekdahl, our good natured rural mail carrier, is again at his post after a vacation of several weeks. He and family were camped at Canby for nearly a week, taking in and greatly enjoying the Canby fair. J. V. Harless, who made a trip to the Ogle Creek mines, in which he is a heavy stockholder, has returned home again. He reports everything in a flourishing condition, and has great faith in the richness of the mines, and the ultimate benefit they will prove to Oregon in general. Mr. Rue is grinding corn and putting it in his silo, prepared in that way, it is certainly a great cow food. Miss Wava Shaver is visiting with her sister, Lela Scott, of Scotts Mills, in Marion county. Mrs. Emma Naylor is visiting her sister, Mrs. Jake Naylor, of Brooks station near Salem, Ore. Geo. John Simmons, an old timer and pioneer of 1845, is lying at the point of death. He is about 83 years of age. One by one the old set of people are passing away. How few are left, and but too soon they will all be gone. We should give them praise, their just due for what they have done, and wish for their peace and rest in the beyond. Harvey Hartman was kicked by a horse a few days ago and suffered considerable for a time from the effects, but at this writing is getting along all right. The railroad surveyors are busy running out lines, etc., between Marquam and Scotts Mills. It is to be hoped that we will yet have a railroad from Oregon City to Molalla, thence south to Marquam, Scotts Mills, and Silverton. This is surely a great country, and with the advantages that other states have had, it would indeed be a great Oregon.

Your Friends Prefer Jewelry to Any Other Gift in the World
For thousands of years—as far back as historical records go—the universal token of love and friendship has been precious stones and jewels. To every race in every age and generation, gems and jewels have held a charm more alluring than money, land, merchandise or any other form of wealth. And with each generation, the sentiment attached to the giving and owning of jewels grows. Every achievement in life is associated with gifts of beautiful jewels—a diminutive ring for the baby; bracelets, and neck chains for birthday remembrances; at graduation, perhaps a fine watch; a diamond ring announces the marriage engagement; and at the wedding, the crowning event of all, a multitude of precious gems, stones and jewels. Search the gamut of human wants and you will find no gift so acceptable as Jewelry. Good jewelry is a heritage that is handed down from generation to generation and an enduring remembrance of the giver. When you wish to select jewelry for your friends or relatives, come to this store. You can not find more dependable jewelry any place; you can not find so large a line or so many novelties elsewhere in this city. Nor are the prices we ask in any case unreasonable. In many instances a comparison will demonstrate that to trade here means a considerable cash saving. If you are unfamiliar with jewelry, we will be glad to help you to make tasteful selections. On the other hand, if you are accustomed to buying rings, lockets, bracelets, watches, etc., so much the better. You will appreciate the more keenly the high quality of our goods and our up to date selections. Needless to say, every article of merchandise we sell is warranted to be exactly as represented. There's no chance for deception at this store. Our line is particularly interesting in rings, brooches, bracelets, necklaces, lockets, pinst, watches and late novelties. Come and visit our store, whether or not you are ready to purchase jewelry. Bring your friends along. We take pleasure in showing the many beautiful gems and jewels that we have.
