Why Should a Woman?

Why should a woman be born, educated, married, divorced and buried under laws made exclusively by men.

The right to govern is conferred by the governed and the governed are not exclusively males, the governed are men and women, for women are responsible before the law.

Why, if we desire to be just and fair, should we not allow the women to exercise what should be an equal right with man.

A WORD WITH WOMEN

Valuable Advice for Oregon City Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." When the kidneys get congested and inflamed, there are many such aches and pains and the whole body suffers.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty; then help the weakened kidneys. They can't get well alone.

Doan's Kidney Pills have brought sound backs and new life and strength to thousands of suffering women. They are endorsed by thousands—endorsed at home—Read this Oregon City woman's convincing statement:

Mrs. John Beers, 204 Centre St., Oregon City, Ore., says: "Doan's Kidney Pills quickly relieved me of kidney and bladder trouble, evidence of pain in my back and a tired feeling. Since taking this remedy, I can do my work without becoming worn out and my condition is better in every respect."

LADS, UNDER 12, DARING THIEVES

BOYS BREAK INTO LARSEN & CO'S STORE AND MCGLOUGH-LIN SCHOOL

Neighbors Hear Glass Crash

Young Miscreants Get Candy and Fruit and Scatter Pencils on Street—Police Search For Lads

The police are searching for two boys, the oldest not more than twelve years of age, who entered the warehouse of Larsen & Company at Elov-neth and Main streets, and McLaughlin Institute Thursday evening. The boys were as daring as veteran house-breakers, and while their loot was not valuable, they took everything they could carry away.

Mr. Charles Schram, who lives next door to the warehouse, was aroused early in the evening by the crashing of glass. She thought, however, that a window had been accidentally broken in the house of a neighbor. Early Friday morning however, it was found that a window in the warehouse had been broken. An investigation showed that the thieves had entered the building through the window and stolen fruit and candy. It is believed they turned on the electric light and made a complete search of the building.

The boys gained entrance into the McLaughlin Institute by breaking a window. The only articles they found of value were pencils, several of which they threw away and which were found on the sidewalk Friday morning.

The boys were seen leaving the building but it was not known at the time that they had broken into it. The police are searching for the lads who are thought to have escaped from a Portland school of reform.

LOWELL SPEAKS FOR SELLING'S ELECTION

PORTLAND, Oct. 16. (Special)—Judge Stephen A. Lowell, in an address here tonight declared that Ben Sellling would be elected United States senator by a large plurality. Judge Lowell deplored the shooting of Colonel Roosevelt, but declared that the campaign must continue.

"Ben Sellling is the regular Republican nominee," said the speaker, "and no Republican patriot can honorably deny him support. Mr. Sellling's record for sixteen years, which covers the period of his political activity has been that of a sincere and consistent progressive. He has long been president of the Oregon People's Power League. He has supported the direct primary, the initiative and referendum, election of senators by direct vote of the people, the presidential preference law, and all measures for which state and national progressives stand."

CANBY MAN HAS RECORD HAY CROP

William Bridge, of Canby has 41-2 acres of clover, from which he cut fourteen tons of hay the first cutting and three and one-half tons from two and one-half acres of it the second cutting, making 17 1/2 tons all told. Two acres of the field was used for pasture after the first cutting or the crop would have exceeded 20 tons. At the present market price of clover hay this would mean \$50 and acre—and hay is a cheap crop to handle.

WOMAN, GORED BY COW, MAY DIE

MRS. BENJAMIN WOOD, OF CLACKAMAS, FEEDING CHICKENS WHEN ATTACKED

Victim Had Planned to Meet Relatives From East at Big Portland Convention This Week

Gored by a frenzied Jersey cow and she was unconscious, and in a few minutes would have been killed, Mrs. Benjamin Wood, who lives near Clackamas Station, was rescued late Saturday afternoon by John Green, who was attracted by the bellowing of the animal. Mrs. Wood, who is forty-nine years of age, was feeding the chickens in the cow pasture when attacked by the cow. For a time she beat the animal off, but finally it knocked her down, and was pawing and goring her viciously when Green, who was passing, came to her rescue. He obtained a scantling and beat the cow from the prostrate woman.

Almost all the clothing was torn from Mrs. Wood, and she was severely gored in the abdomen, breast and head. Dr. H. S. Mount, who was summoned, said late Saturday night that he thought she would recover. Dr. Mount said that but for the timely arrival of Green the woman would have been killed. Mrs. Wood had planned to meet several of her relatives from the East at a meeting of the Women's Christian Temperance Union in Portland this week.

OREGON CITY HIGH DEFEATS LINCOLN

THRILLING SEVENTY-FIVE YARD RUN BY WILSON WINS GREAT GAME

LINE OF LOCAL TEAM IS STRONG

Both Teams Play Well, But Oregon City Shows Best Form From Start—Defensive Work is Fine

A thrilling seventy-five yard dash by Quarterback Wilson of Oregon City High won the game for that team against Lincoln High School Saturday. The game which was played on the Canemah grounds was scoreless for two quarters and in the third quarter, with only two minutes to play, Wilson, speedy quarterback of Oregon City, made the winning run and touch down.

Both teams played fast ball throughout the game, the fourth quarter also being scoreless. Both elevens lost much ground in attempting forward passes.

An effort in the fourth quarter of Lincoln boys to score proved futile. The Oregon City boys held them back during the last few minutes, though it looked for some time as if they would score a touchdown. Preble, quarterback for Lincoln, played a fast game, but seemed unable to get the ball through the line. Though hours of the day went to Wilson for his wonderful run, the entire team played fast. Coach Wagner, of Oregon City, was pleased with the boy's work, as they had had only two weeks practice. J. C. Conville, of Portland, was referee. Arnolds of Oregon City, umpire and Moore and Sheehan line-men, Coach Borleske, of Lincoln, accompanied the team. The score was 6 to 0, for the first game played in Oregon City this season.

The lineup was as follows:

Lincoln High	Oregon City
Busch	Center
Green	Guard
Howard	Guard
McAlvo	Tackle
Jones	Tackle
Percy	End
Preble	Quarter
Holt	Half
Headerson	Fullback
Cummings	R. Half

HOP GROWERS WAIT FOR BETTER PRICES

Many of the hop growers of this county have not sold their hops, as 15 cents is the highest price that has been offered. They will wait for better prices. This year's crop was good. Gebhardt's seven acres producing almost ten pounds to the box.

The potato crop is unusually large. The heavy rains of August and September did much damage. From the latest returns the Oregon yield will be about 16,000,000 bushels. The increase this season is due to increased acreage and a greater yield per acre. Conservative estimates place the potato yield in Oregon this season at an average of 250 bushels an acre while some sections have an average of 350 bushels an acre.
