The Portland Union Stock Yards Company reports as follows:

Receipts for the week were 1262, 56 calves calves, 3633 hogs, 5880 sheep and 26 horses.

There was some little difference of opinion among buyers and sellers as to whether or not the cattle market was as high last week as any time during the fail. There was an undeniable stiffening in prices as compared with the week previous and it was generally conceded that the market was full strong and in some particu lars higher than last week. A glance at the scales will show steers at \$7 and cows at \$6.50.

The bog market was strong to 15c higher this week. Buyers stated that the advance in price was due to the extreme quality of the offering There has not been a great deal of quality to the hogs that have been offered this fall, Growers have not taken the trouble to finish their hogs, rushing them into the market in only a fairly fat condition. This has had a tenden cy to reflect on the prices.

The sheep market was fully strong throughout.
