#### ONCE MORE THE ASSASSIN.

The assassination of the Spanish premier brings to the front again the Surank, however, the m saulted Col. Roosevelt, Martin, who assassinated Senor Canalejas, seems to have been an avowed anarchist, who belongs to a recognized band of these enemies of society. These maletheir hands are against all prominent representatives of the social order. While the Milwaukee criminal was apparently an ill-balanced person, the Madrid murderer had all the intelligence and the knowledge of consequences which belong to men of his order.

Anarchism has a long memory. Because Alfonso's government executed Ferrer, a leader of the Red Republicans of Barcelona, for complicity, or alleged complicity, in a Republican mediate relatives were present there demonstration in that Republican center back in 1969, Alfonso and his princlpal ministers were marked for slaughter. # MALARKEY BILL

PUBLIC UTILITIES RATES RAISED SINCE JANUARY 1-MUST BE LOWERED

#### COMMISSION TO ACT AFTERWARD

Companies that Attempt to Increase Rates Subject to Prosecution, Says Law-

OREGON CITY, Nov. 19 .- (Editor Morning Enterprise)-Of late there been considerable has about the effect of the Malarky Public Service Act as adopted by the pec ple of the recent election concerning existing charges for service of pub lic utilities. Recently the City Coun ell had under discussion a proposition to regulate the telephone rates Oregon City. This was discontinued,

Section 25 of that bill contains the

following "Rate Schedules to be Filed: Maximum Charges—Every public utility shall file with the Commission within a time fixed by the Commission schedules which shall be open to put lie inspection, showing all rates, tells and charges which it has established and which are in force at for any service performed by it with nection therewith or performed by any public utility controlled or operated by it. The rates, tolls and charges shown on such schedules shall not exceed the rates, tolls and charges in force January 1, 1911."

In Section 31 it provides that the rates, tolls and charges named there-(meaning in the published sched ule) shall be lowful rates, tolls and charges until the same are changed as provided by this act. Section 31 also provided that it shall be unlawful for any public utility to charge, demand or collect any greater or less

rate than that specified.

Section 29 provides that no changes shall be made after the publication. of this schedule except on ten days notice of the Commission, but the Commission may allow a reduction within less time than the ten days. There are other provisions in the acwhich provide that no rates may be raised without the consent of the Commission and that the Commission may order a hearing before allowing the

rates to be raised.

Section 77 provides that the rates gon City: of January 1, 1911, shall govern as a Warranta maximum except as in this act provided, and unless the Commission shall otherwise order, and that no advance e allowed until application shall be ade to the Commission.

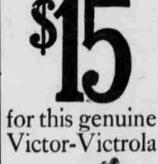

There is in the act no where any exception which would allow a company now to charge more than the rates charged January 1, 1911, which rates are to be published and after sublication no rates can be charged for the same or like service greater than the lowest rate charged January 1, 1911 for the same or like service. From these provisions it must necessarily follow no company will be allowed to charge more for any ser-
