### COUNCIL HEARS WATER REPORT

MEETING TOMORROW NIGHT TO FURTHER CONSIDER IMPORTANT SUBJECT

### TOOZE URGES HYDROCHLORIDE PLANT

Residents of City are Urged to Suggest Names for Parks—Paving Company Gets Extension

The city council Wednesday night after hearing a report by Councilman Tooze, and suggestions by B. T. McBain, and T. W. Sullivan of the Live Wires, regarding the water supply, called a special meeting for tomorrow night to further consider the subject. The report of Mr. Tooze was virtually the same as he made at the meeting of the Live Wires the evening before, but was elaborated upon considerably. He suggested that a hydrochloride plant be installed and that the intake pipe as soon as it was possible be moved further out in the river. While he did not maintain that this would give the city pure water, he believed that it would greatly minimize the chances of the water causing disease, and would be at least the best thing that could be done, until a supply, if it were thought advisable, could be obtained from another source.

The speaker said an analysis should be made immediately after the hydrochloride system was installed in case the council decided it should be. Then, he declared, if the water were found to be filthy, other arrangements could be made. He also called attention to the fact that something should be done at once, declaring that owing to the present condition many persons, including school children were not drinking a sufficient amount of water.

Lewis C. Kelsay, consulting engineer for the State Board of Health, explained to the council the plan to obtain water from Clear Lake, and spoke of other sources from which water might be obtained.

The meeting was attended by Councilmen Horton, Albright, Metzner, Long, Meyer, Beard and Tooze. Mr. Beard was exonerated of a charge of having served as an election officer. The charter provides that no city official shall serve in such capacity. A representative of the Southern Pacific Railway objected to an assessment for street improvement purposes. The city recorder and city engineer will make an investigation.

The Montague-O'Reilly Company was given an extension of thirty days in which to complete the hard paving of Main Street from Moss Street to the Abernethy. The company has been retarded in the work by the laying of a railway across the street and the putting down of a sewer.

Attention was called to the fact that although the freight franchise of the Portland Railway, Light & Power Company has been filed it had not been signed by Judge Dimick, who was mayor when it was approved. It will be considered at the next meeting.

The sewer on John Quincy Adams Street was accepted with the exception of a portion between Thirteenth and Fourteenth Streets. City Engineer Yale was instructed to make an examination of the work. The recorder was instructed to notify the Portland Railway, Light & Power Company to install arc lamps at Fourteenth and Jackson Streets and Sixteenth and Harrison Streets as authorized by the council. An ordinance providing for a concrete wall on Main Street between Eleventh and Twelfth Streets, was passed. Mr. Tooze urged the employment of a chemist to examine the materials used in the hard surface pavement but his motion was decided to rest suggestions from the residents of parks. The people are urged to make their suggestions through the newspapers. Mr. Tooze suggested that Seventh Street park be called Liberty Park and Twelfth Street Park Firwood Park.

Mr. Tooze urged that the streets which residents had asked to be improved be given attention as soon as possible. He declared that almost the entire cost would be defrayed by the property owners. Residents of Thirteenth and High Streets petitioned for improvement in 1910. Other streets which the property owners want improved are Seventh, Fourteenth, John Adams extension, toward bluff, Madison and Division Streets.

### SULLIVAN AND EBY URGED AS CLUB HEAD

At the annual meeting of the Commercial Club, which will be held on the evening of January 18, officers to serve for 1913 will be elected. T. W. Sullivan and O. D. Eby are being mentioned in connection with the presidency. B. T. McBain, who has been president, M. D. Latourette secretary and O. E. Freytag, manager of the Publicity Department, will make their annual reports. The last year was one of the most successful in the history of the club, which has done a great work in exploiting the resources of the city and county.

### RALPH S. MURPHY TO QUIT PLACE ON STEAMBOAT

Ralph S. Murphy, who has been engineer of the Steamer Ruth for the past twelve months, plans going to Burke, Ida. He has been asked to take charge of the compressors of the Heckla Mining Company. Mr. Murphy has been employed on steamboats on the Columbia and Willamette Rivers for 17 years, and is considered one of the most capable engineers in the Northwest.

### J. J. TOBIN BUYS BIG RANCH NEAR MOLLALLA

J. J. Tobin, of the Electric Hotel, has purchased the place of A. G. Cutting, four and one half miles east of Mollalla Corners. There are 97 1/2 acres in the place. Mr. Cutting has bought a large cattle ranch in Baker County.

### 2 Couples Get Licenses.

Licenses to marry have been issued Isabella Dugger and George Allister, of 1660 East Ninth Street, Portland, and Hazel Jones and Nathan S. Finch.

### M'BAIN IS HONORED BY 600 MILLWORKERS

A remarkable testimonial was paid B. T. McBain, Mill Manager of the Willamette Pulp & Paper Company, by the employees of the mill New Year's. The following letter signed by every employee of the mill, there being more than 600 of them, was received by Mr. McBain:

"We, the undersigned, employees of the Willamette Pulp & Paper Company, Oregon City, Or., desiring to show our appreciation of your many kind acts during the past year in aiding and assisting your employees to better their conditions and make life worth living and while engaged as employees in and about your plant, wish you a Happy New Year.

"It quite often happens that employees look upon their employer as mere instruments in the conduct of the work in which they are engaged, but you have looked upon your employees in an altogether different light and have exercised your best endeavor to elevate those working under you so as to make their lives better and happier by offering substantial rewards for merit.

"We sincerely thank you for the many kind acts during the past year and sincerely hope that you will be best in all your future endeavors."

"I am the proudest man in Oregon," said Mr. McBain Tuesday, "and nothing could cause me to part with this much finger marked evidence of good will. Every spot upon it is dearer to me than anything in the world except my family."

### OREGON CITY SEEKS BULL RUN WATER

TOOZE AND HORTON TOLD BY RUSHLIGHT TO MAKE APPLICATION

### MAYOR IS SAID TO FAVOR PLAN

Councilmen Will Make Complete Report at Next Meeting of Live Wires—Other Places Favored

F. J. Tooze and L. P. Horton, of the City Council, Friday called on Mayor Rushlight, of Portland, over telephone and asked if Oregon City would be allowed to tap the Bull Run water main. They explained that there was an epidemic of typhoid fever in the city and that Bull Run water was desired by many of the residents. Mayor Rushlight told the councilmen that they must submit a written request for the water to the members of the Portland Water Board. He assured Messrs. Tooze and Horton that the request would be given careful consideration. Mayor Rushlight refused to say whether or not water should be allowed this city, but a friend said that the mayor would do all he could to have it granted. He is on record as favoring granting the right to other places, which have obtained the privilege. Among them are Gresham and Linton. Mr. Tooze will make a complete report of the water conditions at the meeting of the Live Wires next week.

### WATER RINGS GONG, GIVING FLOOD ALARM

Water escaping from an automatic sprinkler Monday night caused some damage and much excitement at W. J. Wilson's Implement House on lower Main Street. During the previous night a large gong attached to the sprinkling system got out of order and rung during most of the night, keeping the neighborhood awake. To stop the gong from ringing the mechanism was taken from it. About 7 o'clock Monday evening the cold caused one of the pipes to break and the gong system being out of order the store was being flooded when the night watchman noticed the water on the street at 2 o'clock in the morning. Fortunately the stock which is composed of implements was not much damaged.

### PARKPLACE DEBATERS WIN FINE VICTORY

"Resolved that the electoral college should be abolished and the president nominated and elected by the people" was the question debated by high school teams Friday evening. The judges of the debate at Estacada were won by the teams representing the Estacada high school and the Parkplace high school were Rev. J. R. Landsborough, John W. Loder and B. Lee Paget. The debaters were as follows: Malcolm Woodie and Chester Wournor, of Estacada, affirmative; and Gwendolin Jones and Ruth Hudson, of Parkplace, negative. The decision was in favor of the negative side. The judges at Parkplace were Rev. W. T. Milliken, Rev. G. N. Edwards and Dale Velle, of the Young Men's Christian Association, of Portland. The debaters were as follows: negative, Harley Fellows and Harry Morgan, of Estacada; affirmative, Edith Lilly and Minnie Henrich, of Parkplace. The affirmative side winning. This is considered a double victory for Parkplace. The judges at Parkplace making one decision for the negative and two for the affirmative and at Estacada for the negative.

### DRIVER HURT AS WAGON SLIDES INTO DITCH

A heavily loaded wagon belonging to James Garrick & Co., of Portland, ran into a ditch near Oswego Monday morning. The driver, who was seriously hurt, was taken to Portland. A frosty road and defective brakes are believed to have been responsible for the accident.

### CANBY HAVING RAPID GROWTH

FIVE CONCRETE BUSINESS HOUSES, AND TWENTY RESIDENCES ERECTED IN YEAR

### CHURCH AND SCHOOL ALSO BUILT

Odd Fellows Home to be One of Finest Structures in City—Railway Hailed as Big Boom

Few towns of the state have made more progress during the past year than has Canby, the thriving city in the southern part of Clackamas County. This progress has not been solely marked by an increase of business, but by a large number of new residences and business structures to accommodate the large number of new people that have come to the town during the past year.

During the year there were erected twenty residences, five concrete business and lodge blocks, and one large concrete church, but still the demand for suitable dwellings and store was lost.

Church, the Masonic Temple, the High School, Carlton & Rosencrans' store building, and the Odd Fellows' building.

The Methodist Church is a conglomeration much greater than the supply, and prospective settlers are forced to go elsewhere because of the lack of houses. The following structures have either been completed during the past year or are about to be completed: The First Methodist concrete structure 48 x 86, containing a full basement besides the large auditorium which has a seating capacity of 450. The floor of the auditorium is sloped towards the pulpit, thus making it in easy sight of every seat. In the basement are located the Sunday School room, the banquet room, the kitchen and the furnace room. The church is heated by hot water and cost \$10,000, exclusive of furnishings. The dedication of this beautiful structure will probably be some time in March. The style of architecture is Old Spanish Mission, modified by suggestions of Oregon Bungalow, with large stained beams and rafters forming the roof. The church is well lighted, containing two large art windows.

Rev. C. L. Cressy is the pastor. The new Masonic building is a modern reinforced concrete structure, covering a lot 50 x 100 feet. One half of the lower floor of the building will be occupied by Huntley Brothers, drugists, while the remainder will be used by Saylor and Prouty for an up-to-date confectionery and billiard parlor. The upstairs will be used by the lodge, with a few offices in the front of the building. The lodge room and the banquet rooms will occupy the remainder of the floor space.

The new High School, a modern structure costing \$20,000 was open for school purposes on the second of January. This building, which is built on the most modern and scientific lines, is perfectly equipped in every way to handle the demands that will be placed upon modern education. It contains an auditorium with a seating capacity of 300, besides 11 other spacious rooms. The heating plant is one of the special features of the building, it being so arranged that two large furnaces, driven by electric fans, both heat and ventilate the entire structure without the use of opening of windows or doors. The building has three stories besides the basement.

Carlton and Rosencrans' new two story concrete store building covers a plot of ground 100 x 100 feet. This structure, which will be the most modern as well as the largest department store in Clackamas County, will have many conveniences, such as a rest room for the use of the public, an electric elevator, quick delivery cars and other conveniences. Carlton and Rosencrans are expecting the parcels post to make a large increase in their business. A feature that will add a distinctly cosmopolitan air to their store is the fact that the basement will extend beneath the sidewalk, making it 110 x 110 feet. Glass prisms in the sidewalk will light the basement. The entire structure will be occupied by Carlton and Rosencrans.

The Odd Fellows' building which will be completed in six weeks, is two stories in height and is also of concrete, its dimensions being 57 by 100 feet. The entire lower floor of this structure has been leased by the Big Six Department Store. The Odd Fellows will occupy the entire upper floor, with a library, lodge rooms, and a banquet room. Elaborate furnishings have been purchased through a Canby company.

The building of the P. E. & E. R. R. from Canby to Mollalla is expected to add a great deal to the trade of Canby. Twenty carloads of steel are now at the local yards in Canby and it is expected that 10 more carloads will arrive soon. These 30 loads of steel will complete the line to Mollalla. The grading on this line is completed, and the steel for the two bridges, one across Milk Creek and the other over the Mollalla River is in Canby. It is understood the bids for the main line of the P. E. & E. R. R. are all in and work will soon be started on that line, which passes through Canby.

### PARCELS POST BLOW TO EXPRESS BUSINESS

NEW YORK, Jan. 7.—As a result of the unexpected development of parcel post, it was said on good authority today that one express company here discharged 75 of its employees.

Every day since the establishment of the new postal service a new record has been established. For the 24 hours ended at midnight, January 4, 42,151 packages were mailed at the different New York stations, against about 42,000 packages the previous 24 hours.

### JUROR HEARS BROTHER IS DEAD; EXCUSED

N. R. Graham, of Elliott Prairie, a member of the jury which is hearing the evidence in the \$7,500 damage suit of Mary E. Consling, administratrix of the estate of Jesse Crippen against the Hawley Pulp & Paper Company, was notified Wednesday while evidence was being heard that his brother, John Graham, has just died. J. E. Jack, county assessor, received the information over telephone. Judge Eakin suggested that Mr. Graham could be excused if the lawyers were willing that eleven men compose the jury. The lawyers agreed at once. John Graham formerly was superintendent of the Schools of Marion County, and had for several years lived in Eastern Oregon. Crippen was killed while in the employ of the defendant company at its plant at Millwaukie. A verdict will be reached today.

### MULINO MAN, KICKED BY HORSE, IS DEAD

John M. Friend, of Mulino, died at the Oregon City Hospital at 5:25 o'clock Wednesday morning. Mr. Friend was kicked in the abdomen by a horse at his farm last Sunday evening and his death was the result of the injuries. His death was a shock to a large number of friends who were not aware of his serious condition.

### MRS. H. P. ROCKWELL DIES OF PARALYSIS

Mrs. H. P. Rockwell, wife of H. P. Rockwell, died at the family residence Second and Madison Streets, of paralysis at 6 o'clock Monday morning. Mrs. Rockwell, who was forty one years of age, was stricken Saturday evening at 9 o'clock and did not regain consciousness. Before moving to Oregon City last August with her family, Mrs. Rockwell was for eight years a resident of Gladstone where she was a member of the Ladies Aid Society.

The deceased is survived by her husband and three children, Willis, age 15; Harold, age 14, and Edna, age 9. Besides her family Mrs. Rockwell had a host of friends and was beloved by all who knew her. The funeral will be held at 2 o'clock tomorrow evening at the Methodist Church, the Rev. Mulkey officiating.

### RUFUS ARMSTRONG DEAD.

Rufus Armstrong, 20 years of age, died late Tuesday night at the home of his cousin, John Armstrong, who conducts a confectionery store at the corner of Ninth and Main Streets. The body has been sent to Ritchey, Mo., the place of the birth of the deceased. Mr. Armstrong came here about three months ago and obtained employment at the Willamette Pulp & Paper Mills. He is survived by four brothers and one sister.

### YOUNG MOTHER DIES OF TYPHOID FEVER

Mrs. Louis J. Heckman, wife of the secretary of the Northwestern Association, died at her home on Washington Street, between Eleventh and Twelfth Streets, at 10 o'clock Friday night of typhoid fever. She had been ill seven weeks. For the past week her condition had rapidly improved and she was able to get out of bed Thursday morning. However, about 9 o'clock at night she had a relapse and before a physician who was summoned arrived, she died. Mrs. Heckman was one of the most popular young women of the city and before her marriage was a society belle of Eugene. She was an accomplished musician and obtained her education at the Oregon Agricultural College. Her parents, Mr. and Mrs. A. J. Elliott, of Eugene, will arrive in this city today when the funeral arrangements will be made. Besides her parents Mrs. Heckman is survived by two brothers and a daughter one year of age. Mrs. Heckman was 22 years of age.

### BODY OF TYPHOID VICTIM SENT EAST

The body of Rufus Armstrong, who was employed by the Willamette Pulp & Paper Company, has been shipped to his former home in Ritchie, Mo. The young man, who was 20 years of age, is survived by his father and four brothers and one sister. He came here the latter part of August, and lived at the home of his cousin, John Armstrong. He died of typhoid fever. Charles Armstrong accompanied the remains to Ritchie, Mo. The young man was ill five weeks of typhoid fever at the Oregon City Hospital.
