Charles D. Taylor, the millionaire miner, who made his strike in Goldfield, Tuesday through his attorneys, John F. Logan and I. N. Smith, asked Circuit Judge Eakin to dismiss his suit for annulment of marriage against Minnie N. Taylor. Judge Eakin took the motion under advisement. The lawyers announced that there had been no reconciliation and that the plaintiff was determined as ever to obtain a decree. It is rumored that he will file another suit in either Portland, San Francisco or British Columbia. Counsel, however, declined to make a statement when asked about this. Flegel & Reynolds, representing Mrs. Taylor, declared they would fight dismissal of the complaint until the plaintiff had paid court costs and her attorneys Brownell & Stone of this city, are senior counsel for Mr. Taylor.

Probably no man in the United States has a more thrilling and remarkable career than Mr. Taylor. More than 15 years of his life were spent in the wilds of Canada in search of an El Dorado, and finally when it was announced that a big strike had been made in the Goldfield district Mr. Taylor went there. His experience of many years served him in good stead and he was not long in locating one of the best properties there. In less than two years he disposed of his holdings for more than \$2,500,000. He alleged in the complaint which he filed here in July 1912 that while he was living in Goldfield he went to San Francisco and in "Jules Restaurant" met the woman who became his wife.

They were married August 26, 1905. Plaintiff, as grounds for a decree, alleged that the defendant had represented to him that she was a good woman, but that he later learned she was intemperate and led a dissolute life. He further averred that Frank B. Peterson, a wholesale grocer, of San Francisco, had been one of her paramours. Mrs. Taylor moved that the case be reopened, declaring that she had not been served with the summons. She asked for \$2,500 a month alimony, lawyer fee and that the defendant be compelled to pay court costs. After argument Judge Eakin reopened the case the plaintiff appealing to the Supreme Court, the decision of the lower court being sustained.

It has been reported that the defendant just before the reopening of the case, offered to give her husband a decree if he would give her \$40,000.

PROPERTY OWNERS WIN STREET FIGHT

Circuit Judge Campbell Thursday decided in favor of the plaintiffs in the case of Mrs. M. Griffith and Mrs. Harry Harding. They sued for an injunction against the city to prevent the assessment of their property on north Main Street for street improvement. The street is being improved with hard surface pavement and the plaintiffs, through their attorney, C. D. Lourette, contended that the preliminary arrangements for the work was not regular. The court so held and granted an injunction against the city collecting the money. It is probable that another assessment will be made. In the meanwhile the Montague-O'Keilly Company, which has the contract for improving the street, will continue the work.

ELKS' NEW YEAR SMOKER DELIGHTS

The smoker arranged by W. R. Logus and his committee consisting of C. U. Wilson and G. C. Fields, at the Elks Club, on the evening of January 1, 1913, was one of the finest entertainments ever held in this city. The following program was carried out:

The Canemah Quartette, consisting of Messrs. Wren, Confer, Long and Smith, rendered several pleasing selections and their efforts were appreciated as shown by the number of encores.

At different times during the evening wireless messages were received and read by W. R. Logus, stage manager, and the hits contained in them were very appropriate.

Mr. and Mrs. E. F. Mesereau and boy Jimmie entertained their audience in a very pleasing manner with songs and jokes which were greatly appreciated by all and it was with reluctance that they were allowed to conclude their act.

Brother Claire Evans entertained the brothers with reading and certainly shows great talent along this line.

The Hawaiian Orchestra from the Star Theatre rendered several pleasing selections.

After the program the Brothers all retired to the banquet hall where a bounteous repast had been prepared, consisting of clam chowder, clams on half shell, roast turkey, roast chicken, roast duck, cranberry sauce, sandwiches of various and all kinds and many other countless delicacies too numerous to be named. At 11 o'clock a toast was given by Henry O'Malley, Exalted Ruler of the lodge, followed by the song "Auld Lang Syne" accompanied by the whole lodge. The balance of the evening was spent in games and songs by the various brothers until the closing hour when all departed to their various homes with nothing but praise for the committee who had entertained them in such royal Elk fashion.

An altercation took place between stage manager Logus and one of his assistants, Brother Otto Miller, which finally led up to a two round bout during which the lights faded out owing to the poor service of the P. R. L. & P. Co. His adversary taking advantage of the short spell of darkness, slipped the cut on Logus and he was found beating a dummy into insensibility when the sun again gave forth its rays. The mangled form being distributed among the audience as mementoes of the occasion. Brother Miller, of Salt Lake City Lodge, demonstrated his ability at slight of hand performing and among the clever stunts was the relieving of Sheriff Mass of his watch to the embarrassment of this noted and clever solon.

During the evening's entertainment Hon. W. R. Logus presented to the lodge one of the finest specimens of a mounted Elk's head that is to be found anywhere in the Northwest and is a gift which every brother of No. 1189 sincerely appreciates and it will long serve to call to the minds of the Elks of Oregon City the generosity of one of its devoted members.

CLUB WANTS ROAD BOUNDARIES CHANGED

The West Side Improvement Club at a meeting Thursday evening at Bolton, decided to petition the county court to change the boundaries of road district No. 24. The resignation of C. F. Anderson as secretary was received and J. Nicols was elected to serve the remainder of the term. A committee was appointed to urge the Portland Eugene & Eastern Railway Company to provide a five cent fare from Bolton to Willamette. The charge now is ten cents. John W. Loder made an interesting address upon "Owning of a home as differentiated from a commercial proposition." The address was interesting and Mr. Loder was given much applause. Other speakers were T. J. Gary, county school superintendent, Professor Thompson and G. L. Snidow.

BARLOW'S OFFICIAL FAMILY IN TOWN

Barlow's official family visitor Oregon's New Year's day. Barlow is unique in that the municipal government is largely vested in the members of one family, so that nothing more serious than a family tiff ever breaks the calm of Barlow's official life. W. S. Tull, the head of the family is mayor of Barlow; Mrs. Tull, his wife, is councilwoman; C. G. Tull, his son, is councilman and W. B. Tull, another son, is treasurer.

So that there shall be no likelihood of criticism James Erickson is also a councilman, and Hill Bowers, city recorder. The mayor says his councilwoman has some pretty clearly defined policies, but that he controls a majority of the council, and feels reasonably secure.

More than that he did not think it part of either political or domestic wisdom to make public. Mayor Tull is a wary politician.

WATER SUPPLY TO BE INVESTIGATED

Mayor Jones Appoints Committee to Determine Where City Elevator Should Be Located

As forecasted the appointments of Mayor Jones were as follows: City Attorney, W. M. Stone; Chief of Police, E. L. Shaw; City Engineer, George C. Yale; Street Supervisor, Charles C. Babcock; Night Policemen, Henry Cooke, William Griffith and George Woodward.

Three of the councilmen—Messrs. Holman, Beard and Metzner—refused to vote for the confirmation of Mr. Yale as city engineer on the ground that he is not a resident of Oregon City. The charter says that an appointee to office must have lived in the city one year.

Dr. J. W. Norris probably will be re-elected city health officer. The following council committees were named by the mayor: Finance, F. J. Meyer, chairman; R. L. Holman and F. J. Toose; Streets and Public Property, L. J. Horton, chairman; William Beard and J. F. Albright; Fire and Water, W. A. Long, chairman; William Beard and F. J. Meyer; Health and Police, J. F. Albright, chairman; Frederick Metzner and William Hall; Cemetery, R. L. Holman, chairman; W. A. Long and Frederick Metzner.

At a meeting of the council Thursday evening all members were present but Mr. Toose who was in attendance at an important school meeting. Mayor Jones appointed Messrs. Toose, Horton and Hall a committee to make an investigation of the water supply and report as soon as possible. Mr. Toose, as chairman of the committee on police and health of the last administration, has made a thorough investigation of the question, and will make a complete report at the next meeting. Mayor Jones appointed Messrs. Albright, Long and Metzner a committee to make a report regarding the location of the elevator to the hill section, the committee being instructed to report as soon as possible.

The application of former Night Policeman Green and Frost for salary for vacation was voted down. The proposition of G. G. Faulkner to provide a paid fire department for the city was tabled. Chief of Police Shaw was instructed to obtain a building to be used as a city pound.

SHAW ENLARGES ON HIS HUMANE SCHEME

Chief of Police Shaw, who became of national importance when the press of the country told of his unique plan for saving lost dogs by selling them at auction, is out with another bid for fame. This time he wants a combination dogcatcher, pound-keeper, and friend of animals, to be known as Pound Master.

There isn't much money in the job but a whole lot of glory, and the certain satisfaction of a duty well done, providing the pound master to be is a man of that kind. The lucky man will have a house and two lotions which he may raise his vegetables and fruits, together with whatever is paid on account of the pound for impounded animals and their keep. For impounding a horse or a cow, \$2 will be earned and fifty cents a day thereafter for feeding. Sheep will only ten cents for impounding, and ten cents a day for feeding.

Dogs are to be charged for at the rate of ten cents a day for feeding, and \$1 for impounding. The poundmaster must be a natural lover of animals. For such a man, this might prove a good job.

HOLMAN, JOKE VICTIM, WILL DO HIS DUTY

Linn E. Jones, the new mayor, played a grim joke on R. L. Holman, member of the council for several years. Mr. Holman and T. J. Myers are the owners of the only undertaking establishment in the city. The joke was the appointment of the undertaker chairman of the cemetery committee. There was a ripple of laughter when the announcement was made, and Mr. Holman, who probably more than any other resident of the city has aided in beautifying and enlarging Mountain View Cemetery, which is owned by the city, accepted the joke at his expense with good grace.

"You can say for me," said Mr. Holman Thursday, "that I consider the assignment an important one, and, inasmuch as I go to the cemetery oftener than any other member of the council, that I shall do the work faithfully and successfully. Our cemetery is a beautiful one, and I intend to do everything possible to make it even more attractive. I expect to receive able assistance from the other members, Messrs. Frederick Metzner and William Hall. And I want to add incidentally that I am not a dead one even though I am chairman of the cemetery committee."
