NON SUPPORT IS ADMITTED BY MAN

PRISONER SAYS HE MADE MISTAKE

Defendant has Worked Faithfully in
One of Mills—Wife Keeps Self
and Three Children

Albert McDonald, 45 years of age,
a millworker, was Tuesday sentenced
to serve one year in jail by County
Judge Beattie, on a charge of non sup-
port preferred by his wife. Mrs. Mc-
Donald has been making a living for
herself and three children for several
years. McDonald said that he had not
given his wife any money for three
years.

"Then you plead guilty?" asked
Judge Beattie.

"Yes, I am guilty, I have not con-
tributed to her support for three
years," said the prisoner.

"Then you must go to jail for one
year," said Judge Beattie.

McDonald, who has been contin-
uously employed, said after being sen-
tenced that he did not understand
court procedure, and if he had he
would have made a defense. His is
one of the few cases on record in this
county in which a man has plead-
ed guilty to a non support charge.

Judge Beattie said he would be will-
ing to parole McDonald if he would
promise to give a part of his wages
to his wife and children. His young-
est child has scarlet fever.

HOMAGE IS PAID NATION'S MARTYR

BROWNELL, TOOZE AND FORD ADDRESS CROWD AT METH- ODIST CHURCH

MEADE POST WELL REPRESENTED

Exercises Held at City Schools Re- lating to Great Work of Lin- coln—Relief Corps Aids Work

The memory of Abraham Lincoln
the Great Emancipator, was fittingly
observed in Oregon City on the one
hundredth and fourth anniversary of
his birth. Most of the public offices
of the city were closed and the city
schools devoted the day to paying
homage to one of the America's no-
blest characters. The most important
services were those held in the First
Methodist Church which were attend-
ed by the members of Meade Post,
Grand Army of the Republic, and the
Women's Relief Corps.

The program was in charge of
George C. Brownell, who introduced
the speakers. He paid a tribute to
the memory of Abraham Lincoln and
spoke of him as a splendid type of
an American. Prof. Tooze spoke of
the great fortitude of Lincoln and his
only struggles against poverty al-
ways with the idea of his convictions
foremost. He spoke of the earnest-
ness and force of the man, and with-
out the least demerit, Rev. T. B.
Ford spoke of Lincoln's early train-
ing, and told of his qualities and of
his great sympathy for mankind,
which Dr. Ford said he believed was
due to the fact that he was one of
the people.

Music was furnished by the Meth-
odist choir, the Aldredge Quartet,
and by the audience. It consisted of
patriotic songs which were much ap-
preciated. Those furnished by the
choir and quartet were especially
pleasing. At the beginning of the ex-
ercises Rev. J. R. Landsborough pro-
cessed a prayer and Dr. W. T. Mil-
iken rendered the benediction.

Both the Grand Army and the Wom-
en's Relief Corps were grateful to
Dr. Ford and the members of the
choir and church for the very appro-
priate program and services render-
ed.

At the city schools, during the
morning exercises were held and the
classes were dismissed for the after-
noon.

Robin Red Breast

The Wechs have a particularly inter-
esting solution to account for the red
breast of the robin. They believe that
the songster was delegated by a "high-

burning souls. While employed in such
a procedure the feathers of his breast
accidentally took fire, and before they
could be extinguished were scorched a
deep red.

ported that a hill resident has fence-
d in the street and a 4-foot strip on

There is more interest in this section of the country
than in other sections put together, and with the last
few years was supposed to be unchangeable. For some
years many doctors pronounced it a local disease and
prescribed local remedies, and by constantly falling
to cure with local treatment, pronounced it incurable.
Science has proven that it is a constitutional disease
& therefore requires constitutional treatment.

YALE QUILTS, NOBLE IS NEW ENGINEER

APPOINTEE ADMITS CONTENTION HE WAS NOT RESIDENT OF CITY

CROSS MAKES DENIAL OF CHARGE

Live Wire Head Insists that He has Done All Possible in Protec- ing Property on Mon- roe Street

At a meeting of the city council
Friday evening the resignation of G.
C. Yale as city engineer was received
and accepted. Mr. Yale said that his
resignation was due to the fact that
active steps had been taken to re-
move him from office because he was
not a resident of the city one year
previous to his appointment as city
engineer. The city charter specific-
ally states that a person shall not be
eligible to serve for that office unless
he has lived in the city at least one
year. The mayor appointed Major C.
S. Noble to the position and the coun-
cil confirmed the appointment. Coun-
cilmembers Holman and Metzner did not
vote.

H. E. Cross, main trunk of the Live
Wires, made an extended reply to the
accusations that have been made
against the condition of his property
on Monroe Street during the past few
weeks. He stated that he believed
the council had not treated him fairly
and said that he was not notified as
to the condition of a barn until the
matter had been taken up in a "grand
stand" way by members of the coun-
cil. He maintained that he had al-
ways shown his good faith with the
city and was willing to do the right
thing with the council at all times.
He asked why he should be the vic-
tim of such an attack when there
were other persons who had been
more guilty than he. To prove this
statement he made several references
to other lots and persons. He stated
that the property was injuring but
few persons and that according to the
statement of contractors it would be
impossible for him to repair his wall
during the winter weather. In re-
gard to his barn which was reported
to be in a very bad condition he
again asked why he should be singled
out when there were 120 other cases
in the city that were in as bad con-
dition as his. He said that as soon
as he was notified, the sanitary
condition of the barn was improved.
Councilmen Albright, Horton and
Tooze answered Mr. Cross and de-
fended the action taken by the coun-
cil. Mr. Tooze stated that Monroe
Street beyond Twelfth Street was used
by more than thirty persons in-
stead of three families as stated by
Mr. Cross. He said that Mr. Cross
had not been singled out for an at-
tack by the council. Earth from Mr.
Cross' property has caved into the
street.

A motion was made that the city
notify the Portland Railway, Light &
Power Company that many of the ar-
ch lights were unsatisfactory. The re-
quest for a skating rink at Fourteenth
and Washington Streets was referred
to a committee. Bids for a concrete
fire house near the bell tower were
received and referred to the commit-
tee on fire and water with power to
act. The two received were E. D. Olds,
\$248.96 and that from H. O. McKin-
ley, \$151.00. The committee on fire
and water was authorized to draw
up plans and to ask for bids on a steel
ladder for the bell tower and to re-
port to the council at the next meet-
ing. J. W. Moffatt told of the work
of the Oregon Engineering & Con-
struction Company is doing on the
Main Street wall.

ENGINEER TO MAKE WATER INVESTIGATION

The council committee named to engage an engineer to make an inves- tigation of the water in this city, at a meeting Friday afternoon decided to engage an engineer at once. Coun- cilmembers Tooze and Metzner and Mayor Jones and Health Officer Norris at- tended the meeting. It was announc- ed that negotiations had been started with several prominent engineers and that one would be employed pro- bably today. The council has appro- priated \$500 for the work, but it is not probable that this amount of mon- ey will be expended in the investiga- tion.

GLADSTONE FIGHTS 'PHONE COMPANY

HOME CORPORATION IS FAVOR- ED BY COMMERCIAL CLUB

SIEVERS IS ELECTED PRESIDENT

Pacific Concern Must Agree to Fran- chise Offered by City— Bridge Across River Asked

The Gladstone Commercial Club
has declared a boycott against the
Pacific Telephone & Telephone Com-
pany. Announcement was made at a
meeting Thursday night that unless
the company accepted the franchise
offered by the city the members
would remove all telephone connec-
tions of the company and urge all
residents of Gladstone to do likewise.
The Home Telephone Company was
commended for its action in accept-
ing the franchise. A license of 50
cents a year is charged for each tele-
phone under the franchisees. The
Portland Railway, Light & Power
Company also objects to the franchise
offered. It objects to the provision
for the installation of lights 60
days from the time of application.

It was decided to have the annual
picnic of Gladstone citizens at Glad-
stone Park July 4. The club decid-
ed to indorse the action of the coun-
cil regarding all franchises. It also
was urged that the county court be
petitioned to build a steel bridge as
near the present bridge of the Port-
land Railway, Light & Power Com-
pany as possible. It was declared
that the approaches to that bridge
could be used and a big saving would
be made.

The following officers were elect-
ed: President, John N. Sievers; Vice
President, Thomas N. Burns; Secre-
tary, Hugh Hall; Treasurer, Thomas
Gault and Sergeant at Arms, Henry
Streib.

GLADSTONE HAS NEW 'PHONE ACT

Because the telephone and light companies have not accepted the franchise offered by the city the Glad- stone council has advanced to its first reading an ordinance providing for a license for each company of \$100 a year for companies operating in the city without a license. The franchisees impose a license of 50 cents a year for each telephone, and the companies say the amount is too large. All the members of the coun- cil were present and Mayor Cross presided.

GLADSTONE SCHOOL HALL TO BE OPENED

The completion of the new assem- bly hall of the Gladstone school house will be celebrated in an old-fashioned way Friday evening. The X. L. Club, an organization of wide awake women of the live little city, have charge of the program. Professor Brenton Ved- der, the principal of the High school, and his corps of teachers, are lending their assistance and will furnish part of the program. There will be no charge for the entertainment but re- freshments and a valentine social will follow for which a small charge will be made. All residents of Glad- stone and all other persons interest- ed are urgently requested to be present.

The new assembly room, just com-
pleted, is on the second floor. It is
a large, well lighted room and has
a seating capacity of several hundred.
It was ordered built by the voters of
the district at a special school meet-
ing in December and the plan is to
use for all public gatherings in the
city.

OREGON CITY PLANS ENTERING BIG MEETS

The Oregon City High School track men held a meeting in the High school Thursday and elected Charles Beattie manager, and Kent Wilson captain of the 1913 track team. The school will enter a team in the Columbia Univer- sity meet in April and in the Oregon Interscholastic track meets in Eugene and Corvallis in May. An invitation to compete in the Pacific Coast Inter- scholastic meet at Berkeley, Cal., has been received and it is probable that it will be accepted.

C. T. TOOZE SUES TO RECOVER PROPERTY

C. T. Tooze, through Cross & Ham- mond, has filed suit against the Mon- tagne-O'Reilly Company to recover land in block 13 Oregon City, which he avers he leased the defendant com- pany. He declares that when the lease was made the company promised to straighten out and fill in with gravel a portion of the property bordering on the river. The property is at Fourteenth Street. Mr. Tooze says the promise has not been kept and he wants possession of the property and asks \$268.50 damages. The prop- erty was leased by the company use in paving Main Street im-
