WIRES FIGHT FOR CITY BEAUTIFUL

CIVIC COMMITTEE REPORTS THAT IT IS MAKING FINE PROGRESS

CLUSTER LIGHTS URGED BY PRICE

Willamette Pulp & Paper Company, Through Manager, Mak's Proposition to Keep Suspension Bridge Clean

With a determination to ultimately have a clean city, the civic improvement committee of the Live Wires will this week make a further inspection of the ground covered in the first trip made several weeks ago.

The committee wishes to report that during the latter part of this week a re-inspection of the ground covered in the first trip will be made. Again special attention is called to the altogether too prevalent presence of disease breeding manure piles.

The Live Wires adopted a resolution recommending to the city council that that body install cluster lights on Main Street from Third to Twelfth and on Seventh Street from Center to J. Q. Adams.

During the interval between luncheon and adjournment the statement was made by Grant Dimick that the revenue from the sale of wool and mohair and from thoroughbred sheep and goats shipped out of Polk County last year was sufficient to pay the taxes of the entire county and to construct 100 miles of macadamized road.

CRANGE RESOLUTIONS.

NEW ERA, Feb. 22.—Whereas, the citizens and taxpayers of Clackamas County have erected in Oregon City and are maintaining at an enormous cost a building known as a County Court House in which to conduct a county government and in which to transact other business of importance to the welfare of the citizens and taxpayers of said county, and whereas Judge Campbell and Beattie have of late refused the use of the public rooms of said Court House to any and all bodies of said citizens and taxpayers and especially to the farmers, who are the heaviest taxpayers of the county.

Therefore, be it resolved by the members of the Warner Grange, that we do most emphatically condemn the action and that said action is the most drastic of any that has ever been made by any of our former public servants.

And be it further resolved that a copy of these resolutions be sent to the order houses in Oregon City, Grange Master Dimick asked if it were not true that the stores of Oregon City were better than they were formerly.

Robert Gishner stated his views on supply and demand with reference to the price paid to farmers. The question to be discussed at the next meeting is: "Which is the Most Advantageable for the General Public, the Extension of the Agricultural Knowledge, or Looking After Better Distribution and a Better System of Marketing What We Produce."

Dinner was served by the women of the grange at noon and in the evening a social was held. After the afternoon session a short program was given by Mrs. Homan, Miss Dorothy Swallow, Sammy McLarty and Annette and Mira Adcock.

Antiquity of Tennis. Among all the popular games of today none perhaps is of greater antiquity than tennis. It is said to have originated in the ball games of the ancient Greeks and Romans.

In the first place the ball was struck by the hand, later on heavy gloves were worn or cords strapped around the palm, and the racket was contrived during the thirteenth century.

HOW MRS. BROWN SUFFERED

During Change of Life—How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman.

Iola, Kansas.—"During the Change of Life I was sick for two years. Before I took your medicine I could not bear the weight of my clothes and was bloated very badly. I doctored with three doctors but they did me no good. They said nature must have its way. My sister advised me to take Lydia E. Pinkham's Vegetable Compound and I purchased a bottle. Before it was gone the bloating left me and I was not so sore. I continued taking it until I had taken twelve bottles. Now I am stronger than I have been for years and can do all my work, even the washing. Your medicine is worth its weight in gold. I cannot praise it enough. If more women would take your medicine there would be more healthy women. You may use this letter for the good of others."—Mrs. D. H. Brown, 809 N. Walnut St., Iola, Kan.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood. Backache is one of the frequent indications of kidney trouble. It is often the kidneys' cry for help. Head it.
