THE FARM Following the action ADVISER taken by several other counties in Missouri, the citizens of Johnson county, chiefly the business men of Warrensburg, have subscribed \$1000 for payment of half the salary of an agricultural expert as adviser of the farmers of that county.

Up to the present time, while many graduates of agricultural colleges have taken up farming on their own account, the best of them have been absorbed into the rapidly expanding teaching force of the country.

The business men of Warrensburg have shown wisdom in subscribing money whose use must result in greatly increased crops and prosperity, and thus more business for themselves.

LINCOLN AS A In his address at WORLD-INFLUENCE Springfield, Ill., on Lincoln Day the German ambassador to the United States, Count von Bernstorff, touched ably on one of the live issues of the times when he pointed out that the work performed by Lincoln in his own country has been a shaping force to an important degree in other civilized races and nations.

PROVED SAFETY

This bank has been in business many years and the conservatism and soundness of its methods have been tested and proved reliable beyond question.

The Bank of Oregon City THE OLDEST BANK IN CLACKAMAS COUNTY

enlisted in the Union armies is deserved, and it will never be undervalued. This great army of Germans in America had been born under a monarchial government and spoke another language. But there were entire regiments of Germans in the Union forces East and West, and they performed their work with full courage and devotion.

CONGRESS FAVORS Construction NATIONAL HIGHWAYS of national highways is a question which is slowly but surely forcing itself upon the National Legislature. Many Senators and Representatives now believe that the building of a system of national highways is of more economic importance than any other public work—more vital than the question of a large navy, more useful than any river and harbor improvement, more necessary than the Panama Canal.

Although the "good roads" idea has been gathering force and headway for many years, its advocates are still pulling in many directions. Some road associations want state highways with national aid. Others want state highways without national aid.

It is universal experience that one mile of good road breeds another mile. Put a state-wide, good road down anywhere in this country, and in ten years there will be dozens of good roads reaching it from all parts of the state.

UNCLEAN STABLES AND THE INFANTILE PARALYSIS pie interested in the clean-up campaign in Oregon City should not overlook the unclean stables for there lurks a carrier of one of the most terrible of human afflictions. Experience and investigation have shown that the common stable fly is a carrier of infantile paralysis.

The investigators turned, therefore, with some confidence to the theory of an insect carrier. Starting from a complete list of the biting, blood-sucking, and household insects which by their habits seemed suited to carry infection, their first step was to eliminate all those which did not satisfy these conditions.

"THIN-SKINNED," IS SPEAKER'S CHARGED

SALEM, Or., Feb. 28.—After a debate lasting 30 minutes, House bill 184, by which the salaries of all county officers in the state, was killed by the Senate this morning. Only 11 members voted for the measure. This bill was prepared by Governor West, and it has been most eager to have passed. While the Senate was a unit on the proposition that such a measure is most desirable in order to stop the importunate demands of county officials for increases in salaries at every session of the Legislature, the majority declared that this bill will be ineffectual.

OREGON CITY SHOULD HAVE PUBLIC BUILDING

From Washington dispatches we learn that Congress is making large appropriations for federal buildings in many of the cities of the Northwest, most of which are smaller than is Oregon City. Among the cities included in the list are Hood River, Or., and Kellispell, Mont., both of which are smaller than this city and do not do nearly as great a post office business as does Oregon City. A liberal estimate of the population of Hood River is 2,500 while Oregon City has nearly 7,000. Why should this city allow such towns to forge ahead of it in such a matter as the need of a post office building?

The bill creates a state highway commission and also the office of state highway engineer. The commission is not what could be termed a new commission, inasmuch as it is to consist of the Governor, secretary of state and state treasurer. The engineer is to be appointed by the commission, to be a resident of the state, at least two years and to receive a salary of \$3000 a year.

APPROPRIATION TO BE NEAR 6 MILLIONS SALEM, Or., Feb. 26.—With almost the entire list of appropriation bills cleaned up, and counting institutional appropriations certain of passage by the Senate, the aggregate amount of appropriations is \$5,723,426.70. This allows for the \$65,000 granted from the Oregon State highway bill after passage, the House refusing to concur in the Senate amendment incorporating that item.

European countries are now showing symptoms of a desire, if not intention, to protest against our immigration legislation, as England has already done about our canal tolls. If this keeps on we may have to ask permission of all the powers before introducing a bill into Congress.

The proposition that postmasters of the fourth class shall be chosen by primary elections is in reality a scheme whereby Senators and Congressmen may avoid a mess of trouble.

Advertising Talks No. 14. (By Ralph Kaye.)

I have before me the advertisements of two different furniture stores. They are both offering parlor chairs at special prices. If I am in the market for such chairs in considering them I naturally have in mind the appearance of my home and what kind of chair will look best with my present home furnishings.

The reading matter or copy told me how the chairs were made—the kind of wood, upholstery, style, their comfort, easiness of moving, etc. Just the points I want to know before I purchase. Furniture is no different to advertise than any other article.

SCHOLARSHIP WINNER QUILTS UNIVERSITY

SEATTLE, Wash., Feb. 24.—The University of Washington has lost its Rhodes scholarship to Portland, through the withdrawal from college of George Bernard Noble, of Oregon City, who was recently awarded the Rhodes scholarship at Oxford, and who announced upon leaving the university that he intended to engage in business in Portland until he leaves for England next fall. Noble will be the guest of honor at a meeting of the Oregon Club this week.

HIGHWAY MEASURE PASSED BY SENATE

COMPROMISE BILL, CARRYING MILL TAX, HAS LITTLE OPPOSITION

STATE COMMISSION IS CREATED

Engineer to be Appointed to Superintend Work—Convicts to be Used in Road Construction

SALEM, Feb. 26.—(Special)—The compromise highway commission bill passed the Senate today with no difficulty, carrying provision of a one-quarter of a mill tax.

Yesterday the substitute bill of the roads and highways committee and a proposal of Senator Barrett seemed to come in conflict, so that Barrett objected to the substitute bill, although they were nearly identical.

After the Senate roads and highway committee, with President Malarky and two Representatives from the House had wrestled with the question until a late hour last night the bill came out in the form that it passed the Senate today.

The bill creates a state highway commission and also the office of state highway engineer. The commission is not what could be termed a new commission, inasmuch as it is to consist of the Governor, secretary of state and state treasurer.

SALARY BILL FOR COUNTIES KILLED

MEASURE, WHICH GOVERNOR PRESENTS, LOSES BY OVERWHELMING MAJORITY

11 SENATORS OUT OF 30 ARE FOR IT

Malarky Denounces Act as Blanket Salary Measure and Urges That it be Defeated

SALEM, Or., Feb. 28.—After a debate lasting 30 minutes, House bill 184, by which the salaries of all county officers in the state, was killed by the Senate this morning. Only 11 members voted for the measure.

Almost every Representative from Eastern Oregon was opposed to the bill, and it was said to have been prepared on a most scientific basis. Several Senators opposed it because it lowered salaries, and others because it raised them.

It raises the salaries in Curry County 50 per cent," he said. Senator Kellaher refused to accept an amendment permitting these salaries to be lowered.

Malarky, who had yielded the chair to Miller, of Linn, denounced the measure as a blanket salary bill. He expressed surprise that it should come from the Governor.

The lineup on the measure this morning, was as follows: Ayes—Butler, Carson, Farrell, Miller, Hoskins, Joseph, McCulloch, Hill, Neuner, Patton, Wood—11.

CHARLES M. STOW BECOMES BENEDICT

Charles Messer Stow, who was several years ago connected with the editorial department of the Enterprise, and later with The Oregonian, was married February 26 at Roxbury, Mass., to Miss Leslie Taylor, daughter of Mr. and Mrs. George William Taylor. Mr. Stow went East two years ago and since then he has been on the editorial staff of the Christian Science Monitor at Boston.

OREGON CITY HIGH DEFEATS PARKPLACE

The fast team of the Oregon City High school defeated the Park Place quintette by a score of 39 to 15 Thursday night. Although the Park Place boys put up a good game they were outplayed by the Oregon City men.

Logic and Metaphysics. Joseph Miller was once conversing with a learned professor who was visiting California. To the poet's query, "What do you do?" the professor answered that he held the chair of metaphysics and logic at a New England university.

Drinking Water Test. One of the best and simplest tests is to put a pint of water in a fat earthen vessel, evaporate it quickly and scrape the receptacle clean of any residue.

Not Harmful. "I hear there has been a great deal of ventilation in your family recently, Mrs. Gump." "Yes, indeed, there was, but none of it didn't ever take."—Baltimore American.

HOT BISCUIT, hot cakes, made with ROYAL Baking Powder are delicious, healthful and easily made.

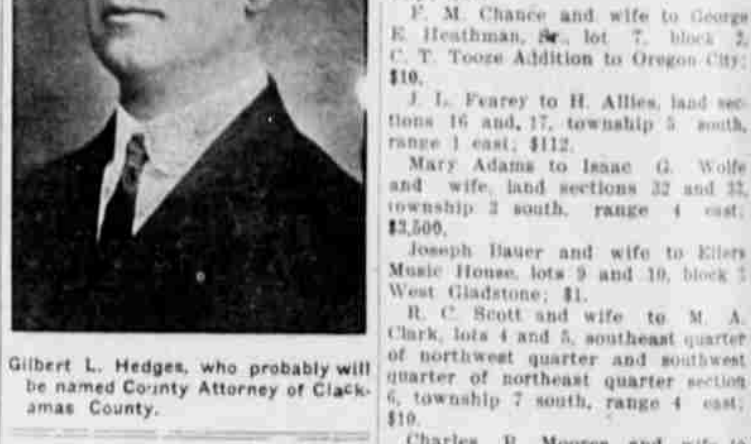

HEDGES URGED FOR COUNTY ATTORNEY

IF BILL BECOMES LAW HE IS LOGICAL MAN FOR PLACE GOVERNOR WOULD HELP FRIENDS

Salary of Clackamas County Official Would be \$2,100 Year—Increase in State \$4,000

Gilbert L. Hedges, it is thought, will be appointed county attorney of Clackamas, if the bill passed by the House and amended in the Senate, which provides for the abolition of district attorneys, becomes a law.

Julian Leroy Paul and wife to Mary T. Huggate, land section 10, township 2 south, range 2 east, \$10.

Reports from Salem are that the House will pass the measure as amended by the Senate. It is not probable that Governor West will approve the bill.
