

Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition as the nerves are the source of all bodily power.

For many years I suffered from nervous prostration; I was unable to do any house work and doctors failed to help me. Remedies I tried from druggists did not do me a particle of good. A neighbor told my husband about

Dr. Miles' Nervine

and he procured a bottle. After the first few doses I showed a marked improvement and after taking two bottles was entirely cured. I have been perfectly well for years and cannot praise Dr. Miles' Nervine too highly.

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep, if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nervine

has proven its value in nervous disorders for thirty years, and merits a trial no matter how many other remedies have failed to help you. Write for a free trial bottle. If first bottle fails to benefit your money is returned. MILES MEDICAL CO., Elkhart, Ind.

SPOUSE NOT KIND; MAN ASKS DIVORCE

Charging that his wife was not kind and affectionate, but that she was morose and sullen and repeatedly threatened to do him bodily harm, and accusing her of cruel and inhuman treatment of him, and with leaving his home on December 19, 1912 because she "preferred life on the road to being tied down", J. W. Oberender has filed suit in the circuit court for a divorce from Sereta A. Oberender, whom he married in Portland in 1904. Mr. Oberender says that he has been 20 years a resident of Oregon.

Mary Oldfield and William M. Oldfield also had difficulty in their married life, according to a complaint in a divorce suit filed by Mrs. Oldfield. The wife sets forth that they were married in Vancouver, B. C., in 1907, and that they have two children, a boy and a girl. Mrs. Oldfield says that in February of 1912, when she was ill, her husband deserted her and took her son with him. She asks that she be awarded custody of the daughter, be allowed to see her son at frequent intervals, be granted a divorce and \$15 a month for the support of the child.

LITHGOW PROPERTY BASIS OF ACTION

Francis A. Lithgow-Dane has filed suit in the circuit court against Richard P. Lithgow and J. W. Loder, asking for a decree of partition in regard to certain property left to R. P. Lithgow as part of an estate, and upon which she has paid \$197.90 taxes, and has improved with \$100 worth of fences. The property adjoins property left her from her mother's estate, and upon it there is also a mortgage for the sum of \$275, executed in Loder's favor.

The plaintiff sets forth that Richard P. Lithgow disappeared nine years ago, and has since not done anything to care for his property, which has been kept up entirely by the plaintiff. The action is for relief from charges and to clear title.

"SMALLPOX" FAILS TO GAIN HOLIDAY

YOUNGSTERS IN KANSAS CITY ADDITION FRIGHTEN "GROWN-UP" BY BOLD RUSE

SUFFERING REAL, NEVERTHELESS

Use of Poison Oak to Give "Rash" Succeeds Beyond Fondest Hope of Conspirators, Who Are Forced to Stay in School

Kansas City addition had a small pox scare Thursday morning, and for a time serious loss of time in school hours was threatened, as well as much excitement throughout the neighborhood. When the matter was lifted to the bottom, however, nothing remained but smears on the faces of the "grown ups" involved in the scare, and something considerably different from smears on the faces of the children responsible.

The excitement started when a number of grammar school pupils appeared at school with a vivid rash on their faces and hands, and general complaints as to their bodily health. The teacher who first noticed them spread the alarm, somebody said something about smallpox, and the scare was then on in earnest. The children effected were at once segregated, but a lack of appreciation of the seriousness of the matter on their part made some of the cooler grown people suspicious; and instead of being hastened away to quarantines the youngsters were put through a mild form of "third degree."

While all of the children questioned reported themselves as sick, they described a wide variety of symptoms. Finally one small tot broke down, and confessed that there was really nothing the matter with him, beyond "soring fever" and a desire to go fishing. Subsequent inquiry then brought forth the fact that the youngsters had determined that school days were irksome this balmy weather, and that they had deliberately and with malice aforethought massaged themselves with tender poison oak leaves, and had then agreed to hint gently that they were afflicted with smallpox.

The first part of their plan worked out admirably, and they all developed a perfectly villainous looking rash. Later on, when the ruse was discovered, however, and when the excitement of the trick wore off and permitted them to appreciate the itching and burning that went with the rash, they were not so happy. After examination, all the "sufferers" were forced to continue in school, much to their own discomfort and the enjoyment of those who had not conspired with them for a springtime holiday.

POPE, NEAR DEATH, WATCHES AIRSHIP

ROME, April 17.—(Special)—Early this morning Pope Pius X. was still alive, but little hope was entertained that he would survive the day. His condition is grave. His sisters and his church officials are awaiting in ante rooms at the Vatican for definite word from the Pontiff's chamber, while the greatest physicians are struggling to prolong his life. Dr. Machiavelli still persists that there is one chance in a hundred of the Pope's rallying; but aside from him all others seem to have abandoned hope, and everywhere preparations are being made for mourning the departing prelate.

A pathetic incident of the closing hours of the day yesterday was the sending up in the air, by the Italian military authorities, of a huge dirigible balloon, so that the dying Pontiff could see it from his windows. Before his illness the Pope was much interested in the progress of the dirigible maneuvers, and in spite of his sickness he showed a faint interest as the big airship passed slowly across his field of view.

REDLAND.

Tom Ripley, of Portland, has been visiting his parents, Mr. and Mrs. J. H. Ripley a few days. Geo. Gill sold a horse to Carl Mowphat this week. The Fir Grove and Redland schools played base ball Arbor Day. The score was 25 to 25 in favor of Redland. Mrs. Herman Fiecher has purchased a new separator. Florence Kerr is spending the week in Oregon City with her sister, Miss Hazel. Frank Catho left Wednesday for the logging camp, where he is employed every summer as hook tender. The Fir Grove school will begin again Monday, April 21st, with a new teacher. The Redland Band will give their concert April 19 at Damascus. Mrs. A. M. Kirchem was at the ball game Friday last. Carl Mowphat purchased a new horse in Oregon City this week. Mr. Martin who purchased ten acres of Prof. Boland's tract of land, is planting potatoes on it.

Pains in the Stomach. If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. Recommended by all druggists.

STATISTICS ABOUT CLACKAMAS COUNTY

The standing of Clackamas County is shown by a few extracts from the Oregon Almanac, the official pamphlet of the state of Oregon which is published yearly by the state for the correct information of home seekers, settlers and investors.

The book has been carefully compiled, and contains statistics to and including 1911, and was published and ready for distribution in November, 1912. It is complete in every detail, and the following figures will show the rank of Clackamas County.

Clackamas County has 1864 square miles, a population of 29,931, making 16.1 to the square mile. There are 267,659 acres in forest reserve; 8339 acres public lands which have not been deeded or patented. 5340 acres in towns and cities. There are 52,439 acres under cultivation; 16,932 uncultivated; 508,210 acres not improved; a total of 616,921 acres deeded. Of the 5,389 acres of public lands which have all been surveyed, 839 acres are tillable farm lands, 3356 acres grazing land, partly tillable, and 4194 acres are mountainous, timbered and mineral.

There are 64 miles of railroads, which will very soon be doubled. The tax rate in Clackamas County is 16 mills.

The average velocity of wind in Clackamas County is 5.7.

There are 2,646 farms, 82.6 acres is the average per farm. The value of farm property in Clackamas County is \$29,725,795.00. Increase from 1909 to 1910 was 221.3 per cent. Average value all property per farm, \$5,152. Average value of farm land per acre is \$78.29. During the year 1911 over 200 carloads of eggs and a considerable quantity of poultry were shipped into Oregon from the Middle West states. Notwithstanding that this section of the state, so close to the great market place (Portland) and with all that is favorable to poultry raising, and while many are engaged in this business, there is always a heavy demand for poultry and eggs. The following average price for eggs per month:

January, 42c; February, 36c; March, 27c; April, 23c; May, 21c; June, 22c; July, 22c; August, 26c; September, 25c; October, 28c; November, 32c; December, 40c.

The number of school children between the ages of 4 and 20 is 10,073. There are 1,849 in primary grades, and 3,728 in grammar grades and 538 in high school. The total enrollment is 6,105.

The cost of public schools: teachers' salaries for the year, 101,981.03. Total expenditure for school year, \$202,879.77. Value of school houses and grounds \$284,488.75. Furniture and apparatus, \$53,806.36.

There are 46 male teachers and 187 female teachers. Average monthly salary, male, \$8,796; female, \$5,388. Private schools, 24 male and 63 female pupils, employing 5 teachers.

While the dairying industry of Clackamas County is already one of the most important industries and yields a good revenue, it is still in its infancy.

The price of butter by months is as follows: January, 40c; February 35 1-2c; March, 32c; April 27 1-2c; May, 24c; June, 23 1-2c; July, 26c; August, 27c; September, 30c; October, 32c; November, 35 1-2c; December, 36c.

HIGH MASON COMING TO VISIT BROTHERS

George H. Burnett, grand master of the Masonic lodge in the state of Oregon, will be in this city Saturday evening, and will attend the lodge meeting. After the meeting a reception of the lodge members will be held in honor of the master, and all members of the lodge are urged to be present.

TURNOW KILLS TWO

SHELTON, Wa., April 16.—(Special)—John Turnow, the bandit of the Wynoochee, for whom sheriff's posse have searched for years, and who was finally given up as dead in the wilds of the Olympia Peninsula, killed his fifth and six man today when he shot Louis Blair and Charles Lathrop, two young trappers of Shelton, who came across the "beast man" in the wilds back of the upper slope.

Deputy Sheriff Quimby, of Chehalis county, who was hunting down late traces of the bandit, came upon the wild man at close quarters, and fired seven times at him. Turnow returned the fire, drove the deputy off, and then turned his rifle with fatal effect upon the two trappers, who came to the sheriff's aid.

Turnow was located in the Oxbow country, where he had appropriated an abandoned cabin at a logging camp. The trappers, both of whom were 35 years of age, were riddled with bullets from Turnow's rifle. After killing them and frightening away the deputy, the bandit disappeared into the mountain fastnesses.

A large posse of men has already started from Olympia and Tacoma to take up the trail. To reach the country where he was found, Turnow has crossed the Olympia Peninsula from the Grays Harbor country, where he dropped from sight two years ago.

PORTLAND LOSES GAME TO ANGLES

In the second game played on the home grounds this year, Portland lost to Los Angeles Wednesday by the score of 3 to 1. The defeat was largely due to the blowing up of Higgins, both the Portland pitcher, who allowed the Angles to get three runs from him in the fourth inning, when he blew up entirely, and was replaced by Krapp. In the fifth the Beavers got their only score, when Rogers got in from third on a fly by Derrick.

The Angles did their scoring largely on wild pitches by Higgins, who tried to stop men from stealing bases or from dashing home. His throwing was amateurish, and the Los Angeles boys played tag about him. Cheet pitched a good game for the visitors, holding the Beavers down to eight hits, averaging less than one an inning.

Eastern Clackamas SANDY.

At the regular meeting of the Grange No. 292 here Saturday a large crowd was in attendance. Mr. and Mrs. Chauncey George Hennessey were initiated in the 1st and 2nd degrees of the order. It was decided to have a fair here this fall and J. Anderson appointed the following committee to take charge of it: A. C. Thomas, chairman; Mrs. A. Malan, secretary and treasurer; James DeShazer, Mrs. A. L. Deaton and Mrs. R. S. Smith. The committee met Monday evening at the home of Mrs. Smith.

The Wright Company, of Boring, will present the comedy, entitled, "As Young As He Used to Be", in the band hall Saturday evening, April 19. A dance will follow the play.

Mrs. M. Thomas, of Bull Run, spent the first of the week with her mother, Mrs. McGowan.

Rev. E. M. Smith, pastor of the M. E. church here, went to Dover Sunday afternoon and held services there at 3 o'clock.

Miss Katie Junker, who is attending high school in Portland, spent Saturday and Sunday at home. Pete Clark, a fourteen-year-old boy living near here was given a drink of whiskey by a man Sunday with almost fatal results. He was seriously sick for several hours and it was thought that he would not recover but quick actions were taken to get medicine for him and he was brought all right. Oh! the awful liquor. It was a severe lesson but we hope and trust that it will be a good lesson to many young boys—and older ones, too.

The dance given Saturday night by the band was well attended and everybody enjoyed a good time, about 79 numbers were sold. M. Thomas of Bull Run was floor manager.

Smith Bros. have purchased a new gasoline engine and have had it installed in their blacksmith shop.

A month ago an ordinance was passed by the city council prohibiting stock running at large in the city limits and since then it has caused much trouble. One farmer's cattle came in here eating the grass this week and were put in the pound. It cost the farmer \$7.50 to get them out. Nearly all of the citizens of Sandy think it is very wrong that such an ordinance was ever passed as there is nothing in the town that stock can hurt as everybody has good fencing. Many a farmer around Sandy makes his living by stock raising, selling cream, butter, etc., and so much of the county is wild and hardly any one has pastures it seems very wrong that the cattle cannot run out and get their living, but they can't for fear they will be put in the pound in the city of Sandy. It is a great hardship on the farmers.

Alfred Bell is very sick with pneumonia.

SANDY.

A. L. Deaton is in Portland on business. Ed Brunis is taking in the sights in Washington, D. C. He is expected home in May.

W. A. Proctor is on the sick list. Mr. and Mrs. J. W. Howard have a baby girl.

Mrs. Scales is again clerking in the Scale & Co. General Store. Ground is broken for another new house on the Melnic addition.

The state school money apportionment has been received. It is \$5.50 per capita.

The order for the school library book list has been sent in. There are now 120 volumes in the library. Lawrence Bebb, of Portland, spent Sunday with Mr. and Mrs. Heuri Koch. Will Bosholm and family made a trip to Troutdale Sunday for smelt.

C. F. Harber, of Portland, is spending a few days on his ranch. W. R. Strong has returned to Portland after a week's stay on his place on the Bull Run.

Farmers are very late with spring work this season.

LOGAN.

Farmers are making good use of the nice weather. Mrs. H. S. Anderson is expecting two of her sister from Brooklyn, N. Y., on a visit soon.

Lower Logan School closes Friday, April 18, for lack of funds. Have only had seven months of school. The closing exercises will be given at the Grange Hall Saturday, April 19, as usual. So will be given the lecture by Dr. Pierce, of Portland, "The New View of Human Life," which was postponed until then. Everybody come.

Miss Evaline Newkirk, of Harrisburg, Ore., is visiting the home folks this week.

Miss Anna Bachman will teach a month at Fir Grove school, after leaving Logan.

The entertainment and basket social given by ladies of the church and Woman's Work Committee of the Grange at the Hall last Saturday night was a very successful affair. Both socially and financially. About \$22.30 was realized for re-finishing the interior of the church. An excellent program was rendered, including music, both vocal and instrumental, recitations, tableaux and play, "Murder With Out." Rev. E. A. Smith posed as auctioneer and went at the task like a veteran.

Mr. Riebbhoff's store building is nearing completion. Mrs. E. Griffith after a month's visit with relatives returned to her home near Creswell last week.

E. Newkirk is reported about the same. Seventeen members from Harding Grange attended the Pomona meeting at Milwaukie Wednesday, April 9.

Mr. Gronlund, our enterprising grocer, will move his store to Stone in the near future. A store peddler has been "doing" this place, but with small results. Cream received at the creamery for the month of March: total pounds, 75,478; butter manufactured, 29,242 pounds; total proceeds, \$11,141.07; price paid patrons, 42c. This is the record month of the year. Mr. F. Jost of Carus, had the largest individual check, \$180.00. Niel Smith, of Logan had next highest.

He Guessed Wrong. If somebody says that your poetry is no good, don't worry. Great birds have been underestimated at all times. When Milton's "Paradise Lost" was published the poet Walter wrote: "The old blind schoolmaster, John Milton, hath published a tedious poem on the fall of man. If its length be not considered a merit it has none."—Exchange.

CITY IS SEEKING \$11,000 OVERDUE

CIVIL ACTIONS MAY BE BROUGHT TO FORCE PAYMENT UPON IMPROVEMENT WORK

FINAL WARNINGS SENT ARE BY MAIL

Overdue Assessments Remaining Unpaid Will be Collected by Seizure and Sale, Says W. M. Stone

Oregon City will shortly be enriched to the extent of \$11,000 if the plans of City Attorney W. M. Stone carry out as they are intended. During the past several weeks Mr. Stone has been compiling a list of delinquent improvement assessments, and finds that there is outstanding almost \$11,000 due on work completed. This money should have been paid into the city treasury months ago, and the city attorney has now determined to take legal steps to secure it.

Friday evening Mr. Stone mailed out a sheaf of final notices to delinquent property owners, warning them that if the assessments now overdue are not paid at once, action will be taken to recover the amount. These improvement assessments form a lien against all property benefited, and the city attorney declares that at the end of a week or so he will commence action against the delinquents and order seizure and sale of the property to pay the indebtedness.

Oregon City is at present doing a great deal of improvement work, and it is necessary for the successful furtherance of betterments that outstanding moneys be collected. On all original improvement work the city pays one-third of the cost, and the remainder is bonded against the property for a term of ten years. At present current expenses are heavy, and the \$11,000 now outstanding will go far to better financial conditions as far as the city treasury is concerned.

DELINQUENTS PAY ASSESSMENT DUES

Following City Attorney Stone's announcement, that he would soon institute legal proceedings to collect delinquent improvement assessments, some \$11,000 of which are outstanding, property owners who received notifications this week that their share of the debt had not been paid, are making a rush to Mr. Stone's office to make arrangements for squaring their account with the city.

"We have already taken in several thousand dollars on the \$11,000 claims," said Mr. Stone Tuesday afternoon, "and other people who are delinquent on their assessments have submitted offers of compromise on their payments. Some of these offers we will accept, and some of them we will turn down." We have also accepted in some cases, property deeds on these delinquency claims. I shall give the property owners about two weeks more in which to settle delinquencies, and then all those that are still on the unpaid list will have to defend themselves in court."

KELSO.

The Neighborhood Club will meet at the school house Sunday, April 13th at 2 P. M. A good program will be rendered. All are cordially invited to attend.

Mrs. J. Safford entertained the Ladies' Sewing Club last Thursday afternoon. A dainty lunch was served and all present spent a pleasant and profitable afternoon.

E. Hutchinson and family have arrived from Eastern Oregon and have settled down on Mrs. Annie Jonsrud's place, which they have rented for a year.

Our school is making preparations for an entertainment to be given at the close of the term. School is expected to close the 2nd of May.

NORTH LOGAN.

The sun's brilliant rays, which we are having now, is making the fruit trees bloom nicely.

J. B. Cummins has moved his sawmill near the McConnell place.

Mr. Smith and Mr. Mather have a crew of men cutting piling on the old Chase place.

S. P. Christiansen was in North Logan Tuesday and Wednesday.

The dance, which was given at Barton Saturday night by the Base Ball Club, was well attended.

The Barton and Boring ball teams played at Boring last Sunday. The game was 20 to 10 in Boring's favor.

GIRL SUFFERED TERRIBLY

At Regular Intervals—Says Lydia E. Pinkham's Vegetable Compound completely cured her.

Adrian, Texas.—"I take pleasure in adding my testimonial to the great list and hope that it will be of interest to suffering women. For four years I suffered untold agonies at regular intervals. Such pains and cramps, severe chills and sickness at stomach, then finally hemorrhages until I would be nearly blind. I had five doctors and none of them could do more than relieve me for a time.

"I saw your advertisement in a paper and decided to try Lydia E. Pinkham's Vegetable Compound. I took seven boxes of it and used two bottles of the Sanative Wash, and I am completely cured of my trouble. When I began taking the Compound I only weighed ninety-six pounds and now I weigh one hundred and twenty-six pounds. If anyone wishes to address me in person I will cheerfully answer all letters, as I cannot speak too highly of the Pinkham remedies."—Miss JESSIE MARSH, Adrian, Texas.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

CHINA PHEASANTS HELP TO FARMERS

Game Warden F. L. Finley is planning to increase the educational efficiency of his department, and has arranged with John F. Bovard, professor of biology at the state university, to give a lecture on "Common Oregon Birds, Their Habits and Economic Value," in various school houses throughout the state. This will be followed by other lectures.

In speaking of this work, Mr. Finley calls particular attention to the general opinion regarding the China pheasant. He says:

"Some of the farmers are complaining because they think the birds eat so much of their crops. We are going to make investigations to ascertain whether the economic value of these birds is greater than their other attributes. When the open season arrives next fall, we expect to examine the stomachs of hundreds of birds and find out what they have been eating. "The stomach of a single China pheasant, which was killed and we examined, contained 336 cut worms and 100 fly larvae. One bobwhite had over 100 potato bugs in its crop. It is not unusual for a young bird to eat its own weight in insects in a day's time."

Mr. Finley says there is no doubt that there are more China pheasants in the Willamette valley now than there ever was before, and if this season is favorable, by fall the valley will be overrun with them. But he estimates that a short time after the season opens on them they will be thinned to a reasonable number.

TRIP HALF COMPLETED

News has been received from Edward F. Brunis, a rancher of this district now in Washington, D. C., that he will return shortly by way of Baltimore, Philadelphia, New York and Boston, traveling thence over the northern route to his home. Mr. Brunis has just completed a tour of Mexico, and while in the southern republic witnessed many stirring scenes of the late revolution.
