After Long Suffering

Women Are Constantly Being Restored to Health by Lydia E. Pinkham's Vegetable Compound.

"Worth mountains of gold," says one woman. Another says, "I would not give Lydia E. Pinkham's Vegetable Compound for all the other medicines for women in the world." Still another writes, "I should like to have the merits of Lydia E. Pinkham's Vegetable Compound thrown on the sky with a searchlight so that all suffering women could read and be convinced that there is a remedy for their ills."

We could fill a newspaper ten times the size of this with such quotations taken from the letters we have received from grateful women whose health has been restored and suffering banished by Lydia E.

Why has Lydia E. Pinkham's Vegetable Compound accomplished such a universal success? Why has it lived and thrived and kept on doing its glorious work among the sick women of the world for more

Simply and surely because of its sterling worth. The reason no other medicine has ever approached its success is plainly and simply because there is no other medicine so good for women's ills.

Here are two letters that just came to the writer's desk—only two of thousands, but both tell a comforting story to every suffering wo-man who will read them—and be guided by them.

FROM MRS. D. H. BROWN.

Iola, Kansas.—"During the Change of Life I was sick for two years. Before I took your medicine I could not bear the weight of my clothes and was bloated very badly. I doctored with three doctors but they did me no good. They said nature must have its way. My sister advised me to take Lydia E. Pinkham's Vegetable Compound and I purchased a bottle. Before it was gone the bleating left me and I was not so Iola, Kansas.-"During the Change a bottle. Before it was gone the bloating left me and I was not so sore. I continued taking it until I had taken 12 bottles. Now I am stronger than I have been for years and can do all my work, even the washing. Your medicine is worth washing. Your medicine is worth its weight in gold. I cannot praise it enough. If more women would take your medicine there would be more healthy women. You may use this letter for the good of others."— Mrs. D. H. Brown, 809 North Walnut

State strawberries, together with the lucious Washington fruit, are ruling the berry market and forcing im-ported southern fruit to the background. Owing to increased arrivals of state berries, the prices are being shaded somewhat, though as the fruit is bettering in quality, not much cutting is being done. Berries are be had retail from ten cents to twobits a box, depending on quality.

EGG PROSPECTS LOOKING BETTER

Poultry raisers may soon find an aceptable market for eggs after the last several weeks of quietnes, for indications in Portland wholesale counters are that the price will soon ad vance. Eggs are now bringing 21 cents from the commission men, and demand is not met by the offerings.

Oregon strawberries are still MORE PLENTIFUL front rank among small fruits on the market, and 24-pound crates are bringing \$3.25 to \$3.75. EGG PRICE DROPS

Owing to the fact that only second grade eggs were offered by poultry men to Portland markets, commissio men have shown but little interest in from 21 to 20 cents. That the drop is not due to a weak market, but solely to local conditions, is shown by the reports from Puget Sound and California, where a firm tone in eggs is maintained. Local poultrymen are now selling almost entirely to con-sumers direct, or to the smaller stores, and find that in this way they can get from 22 to 25 cents.

From \$3 to \$3.75 a crate is being paid for state strawberries, and the market is holding firm. California fruit is ruling at nearly a third less, and is weak. State fruit is in prime shape, and some superb berries are being offered.
