All that an International Motor Truck asks

International Motor Truck

For all sorts of light hauling and quick delivery, and for the many trips that must be made in every line of business, nothing can surpass the International. Costing considerably less than horse and wagon keep, it goes four times as fast and as far as the horse, saves you many hours of time, and will run twenty-four hours in a day if necessary. In reliability, and ease of management, it excels.

Solid tires eliminate common tire troubles. The wheels are high enough to give ample road clearance. The simple, sturdy motor has power to spare for any load and will take the truck everywhere a horse can go. Brakes are powerful—safe on any hill. Springs are resilient and easy.
