STILL WANT TO MOVE ELEVATOR

PETITION GOING ROUNDS TO GET COUNCIL TO CHANGE SITE OF STRUCTURE

WILL BE PRESENTED IN FEW DAYS

Boosters For New Scheme All Sorts of Reasons Why Other Streets Would Be More Advantageous

Petitions are being circulated through the city asking the council to reconsider and move the elevator from Seventh street to a new location on Eighth street.

The plan of the boosters for the new scheme is to get the petitions in condition to offer to the council at the next meeting on Wednesday evening. The contention is that the city owns its approach to the elevator at the head of Eighth street and that there would be no property to condemn or any preliminary legal fights to be fought through before the elevator could be completed.

It is also contended that the new postoffice will be at Eighth street and that the upper end of the street will be one of the important business sections of the city within the next few years and just as convenient as the present location.

The promoters of the new scheme plan to have the matter ready for the consideration of the council within the next few days. It is believed that the cost of the foundation is so small that the city could afford to make the change even at this late date and that it would be less expensive in the end than if the case is fought through with Mrs. Sarah Chase and the courts should find that the board of reviewers did not assess her damage high enough to cover the actual loss that she will suffer by the construction of the elevator and the opening of the street through her property.

O. A. C. IS TO HAVE FINEST GYMNASIUM

O. A. C. is to have one of the finest gymnasiums on the coast when the new building is completed some time this winter. The new building will cost close to \$100,000 when completed and will have the largest floor of any "gym" on the coast.

The building will consist of a sub-basement, a basement, a mezzanine floor, and a second floor. In the basement will be located the power and heating plants, part of the lockers, and the swimming pool and showers. This pool will be 50 by 100 feet and will range in depth from three to 12 feet and will have a spoon shaped bottom. Its width will permit two men to race at the same time, allowing each contestant a lane five feet wide. A spectator's gallery will surround the pool and will hold 500 people.

On the main floor will be the lobby or reception hall. The corridor will be lined with trophy cases to display the honors won in the past.

The main floor will be 90 by 150 feet which is large enough to accommodate 200 students. Six basketball teams can play on the floor at the same time by putting the baskets on the side of the "gyms" instead of lengthwise. The running track, which will run around the room, three to 12 feet wide, may also be used to seat the spectators and will accommodate at least 1000 people.

Other features of the new building are the bowling alleys, squash courts, padded wrestling and boxing room, and committee rooms. The locker rooms will have 2500 lockers and will accommodate easily 5000 persons. Besides these there will be private lockers for the faculty, the varsity teams, and the visiting teams.

O. C. H. S. SCHEDULE IS BADLY TWISTED

The Oregon City high school football schedule for the next week or so has been so badly twisted and thrown out of joint that the manager that made would hardly recognize it.

Mass and Myers, two of the stars of the local eleven, are out of the game and as a result, the mix-up planned for next Saturday with Vancouver has been cancelled. This game would have been very close. The Oregon City boys have been working hard for some time so as to prepare themselves.

However, the date will not be wasted as Manager Beattie thinks that a game can be arranged with Canby. This would be the first football game for any Canby high school team in the history of the school. The Canby squad have been out regularly for several weeks so that the team probably has considerable team work.

The Oregon City boys will play St. Johns high school a week from this coming Saturday on the home grounds.

MEDICS FIRE FIRST GUN OF BITTER WAR

(Continued from page 1)

to properly administer the affairs of the office during the time that he had charge of the county health affairs and asserts that "the said defendant usurped, intruded into and unlawfully holds and attempts to exercise unlawfully and without any right or authority by the office and duties of the public office of secretary of the Clackamas county board of health and health officer thereof to the damage and prejudice of the rights and authority of the state of Oregon and the inhabitants of the said Clackamas county. That the informer alleges that the said defendant is not capable, competent, or qualified to legally execute said office or to discharge the duties thereof in that he is not a graduate of a reputable medical college, that he did not have nor does he have in his possession a license issued by the Oregon State Board of Medical Examiners such as is contemplated by law, that he is for other reasons under the law unqualified to hold said office."

The information was filed as the first step in the fight that is now being waged against the medical society of the Clackamas County Board of Health. The case will be fought through the courts to the supreme court of the state for final determination.

VAN BRAKLE SEEMS READY FOR FIGHT

Despite an adverse opinion from the attorney general of Oregon holding that he is disqualified and cannot hold the office of secretary of the Clackamas County Board of Health, Dr. J. A. Van Brakle seems to welcome the medical fight.

As soon as aware that Deputy District Attorney L. Stipp had filed in the circuit court a complaint in the nature of quo warranto, asking for his removal and alleging that he is not qualified under the laws of Oregon, to exercise the duties of his office, his attorneys J. N. Sellers and Uben & Schuebel offered to accept arrest on the complaint and will conduct the trial on behalf of the acting health officer.

Attorneys Clarence L. Eaton and Joseph E. Hedges will appear as counsel for the state of Oregon, their contention being that the county health officer must be a person competent to properly diagnose cases and if necessary to quarantine, and administer drugs and in general to carefully look after the sanitary condition of the county and the health of its people—a work which they assert an osteopath cannot properly accomplish unless he is a graduate of a "reputable medical college" as prescribed by statute.

ASSAULT CHARGES DON'T MEET TEST

CANBY, Ore., Oct. 28.—(Special to the Enterprise)—The charge against Henry Schwanzara, Jr., of assaulting Tom Evans with a dangerous weapon was dismissed this morning by Judge Knight of the justice court. Evans accused him of drawing a revolver and threatening to shoot him Thursday evening, October 23, near Macksburg on the county road.

Young Schwanzara, who is about seventeen, was sent by his father to a neighbor's to see about some potatoes and on the way home with Edward Koch passed Evans with three or four companions. After they had gone down the road some distance they were called back by Evans, who after they had exchanged some words hit Schwanzara in the face, it is said. When young Schwanzara started to defend himself, Evans backed off down the road and told his companions that he had drawn a revolver on him and threatened to shoot him. It is alleged.

Both Schwanzara and his father testified that he had never owned a revolver and never carried one, as did Koch who was with him. There was some testimony produced by the state that Schwanzara had drawn a revolver about a foot long from the hip pocket of his blue overalls.

The trouble was evidently brought on by the complaining witness a man about thirty years old, but there seems to have been little cause for it. Justice Knight discharged the defendant stating that the prosecution was with out probable cause and taxed the cost against the prosecuting witness. Philip L. Hammond appeared for the defendant.

There was a large crowd from Macksburg and the vicinity present filling all the chairs in Judge Knight's hall.

HUERTA STILL PRESIDENT DESPITE ELECTION

MEXICO CITY, Oct. 27.—The election yesterday resulted just as everyone had expected.

It was clear today that not enough votes were cast to elect a president. The congressional candidates who received majorities will get together, it was expected, and declare themselves elected—Huerta approving.

Then they will declare that the presidential, as distinguished from the congressional, election was invalid and ask Huerta to remain at the head of the government until another election can be held. This will be whenever Huerta wants one.

Persons familiar with the Mexican constitution said they did not see how the congressional election could be called valid and the presidential election void, in view of the fact that the presidential and congressional candidates were voted for on the same ballots. Practical politicians replied, however that this was a mere detail which would not be permitted to stand in the provisional government's way.

WEST TO MAKE FIGHT TO HOLD STATE LAND

SALEM, Ore., Oct. 27.—Governor West announced today that he would make a fight to retain for the state several thousand acres of land, valued at about \$1,000,000, embraced in a grant of 1859 to aid in the construction of a military wagon road from the navigable waters of Coos bay to Roseburg.

The federal government has brought suit against the Southern Oregon Company, successor to the Coos Bay Wagon Road company for the forfeiture of the land to the United States. Governor West has prepared a bill which he will ask one of the Oregon representatives in congress to introduce.

CANAL FORTS MAY PROVE TO BE WORTHLESS

WASHINGTON, Oct. 27.—That a secret test last fall proved the fortifications about the Panama canal were worthless was learned here today, following an announcement that the Atlantic fleet would assemble off Panama in February for a series of maneuvers to put the fortifications to another test. Many changes have been made since the test last fall, and many government officials, including President Wilson, contemplate attending the maneuvers.

ROCKEFELLER GIVES FORTUNE TO COLLEGE

NEW YORK, Oct. 25.—One million five hundred thousand dollars to John Hopkins Medical School, Baltimore; \$200,000 to Barnard College, New York City; \$200,000 to Wellesley College, Wellesley, Mass.; \$50,000 to Ripon College, Wis.—a total of \$1,950,000—these were donations announced tonight by the general education board, which was founded by John D. Rockefeller nine years ago.

"BUD" ANDERSON GETS DECISION OVER REES

OAKLAND, Cal., Oct. 29.—Bud Anderson, lightweight of Vancouver, won a decision tonight over Louis Rees, of Los Angeles, in the fifth round of a scheduled ten-round bout. The police stopped the bout because Rees was so badly beaten up that a knockout in the next round appeared certain.

DEPARTMENT FORMS LINE OF PIG CLUBS

WASHINGTON, D. C., Oct. 27.—The department of agriculture has its Boys' Corn club and its Girls' Canning club and now comes the Boys' Pig club, being organized in the south for the purpose of increasing the supply of pork and encouraging good breeding of hogs. Already clubs have been organized in Alabama and Louisiana, and a club organization has been started in Georgia. It is the purpose of the officials of the department to organize clubs in every southern state.

The idea of the organization started with the Farmers Co-operative Demonstration branch of the department and has been carried on with the cooperation of the Animal Husbandry Division of the Bureau of Animal Industry. The organization is an offshoot of the Boys' Corn club which has an organization in every southern state and which has been the means of producing record breaking yields of corn. The pig club, when thoroughly organized, will, it is expected, work hand in hand with the corn club. The boys of the latter will produce the corn and the boys of the newly organized association will see to it that the pigs are produced to eat the corn. In connection with the organization of the pig club the department makes the following statement:

"In organizing the Boys' Pig club it is the purpose of the department to establish clubs in every southern state. The Animal Husbandry Division is co-operating with the Farmers' Co-operative Demonstration office in the bureau of plant industry and has already established clubs in Alabama and Louisiana, and the movement is under way in Georgia. The organizing is being done by the officials of the Farmers' Co-operative Demonstration force and the Animal Husbandry agents are instructing and demonstrating how to handle the stock and to breed a superior type of pigs.

"It is the purpose of the department to have every member of the club encourage not only an increased production of the swine family but a better breed of pigs than is being raised at present. It is a serious purpose the officials of the department are engaged in—one that is aimed at the high cost of living.

"The production of pork is not keeping pace with the increased population and something must be done to harmonize these two elements. If each member of the club—and they will be growing it is expected all the time—will see to it that one more pig and a better pig is produced each year then a long step will have been taken in meeting the ever growing chasm between pork production and increased population."

A Marvelous Escape.
"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of cramp. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers. ORDINANCES TO BE ENFORCED

LIVE WIRE COMMITTEES HAVE MEETING AND PLAN FOR CLEAN-UP OF CITY

TO INTRODUCE NEW REGULATIONS

Want a Food and Market Inspector and May Get a Woman if Measure Passes Council—Other Schemes

Beginning at once, enforcement of the barn ordinance that has been recently passed by the city council will be started under the supervision of the police and health and civic improvement committees of the Live Wires.

At a meeting Monday night, it was decided to begin the prosecution of all violators of the ordinance and to see that the sanitary conditions of the city were improved as far within the power of the city under the provisions of the ordinance that had been passed.

The committees will also ask the council to pass through as soon as possible ordinances for the collection of garbage and one appointing a food and market inspector who will have charge of all of the supplies that are sold through the various food houses of the city.

It is possible that this inspector may be a woman, if the ordinance is passed for the women of the city have been eager for the passage of such an ordinance and have made suggestions to the various committees of the Live Wires showing that the interest in such an ordinance is general among them.

On November 6, the two committees will have a luncheon at which the city plans for the improvement of the city will be outlined and a report worked out.

PRESIDENT HAS PLAN BUT KEEPS SECRET

WASHINGTON, Oct. 29.—President Wilson has under consideration a new plan for restoring peace in Mexico, which he will discuss with his cabinet Friday and make it public within a few days.

Officials were reticent as to what is contemplated. As the United States has asked not only European governments, but those of Latin-America and the Orient, to withhold the formation of their policy toward Mexico until the Washington government can make known its plans for dealing with the situation, the solution on which the president and Secretary Bryan are working is believed to be more comprehensive than any suggestions heretofore made for the pacification of the southern republic.

GAME WARDENS WILL BE HOT ON TRAIL

Game wardens will probably keep a close tab on the duck hunters this winter to see that they do not violate the law regulating the killing of birds before sunrise or after sunset.

The new law provides that no ducks shall be killed between sunset and sunrise. For the guidance of hunters the following table has been prepared showing the time of sunrise and sunset at stated periods during the season.

	Sunrise	Sunset
Oct. 26	6:43	5:07
Nov. 2	6:53	4:56
Nov. 9	7:03	4:47
Nov. 16	7:15	4:39
Nov. 23	7:23	4:33
Nov. 30	7:32	4:28
Dec. 7	7:40	4:24
Dec. 14	7:46	4:20
Dec. 21	7:50	4:18
Dec. 28	7:52	4:13
Jan. 4	7:53	4:09
Jan. 11	7:51	4:07
Jan. 18	7:47	4:06

Following is a synopsis of the federal migratory bird law for Oregon and Washington:

A daily closed season on all migratory game and insectivorous birds between sunset and sunrise.

A five-year closed season began Oct. 1, 1913 on the following game birds: Band-tailed pigeons, little brown, sandhill, and whooping cranes, swans, curlews, wood ducks and all shore birds except black-breasted and golden plover, Wilson or Jack snipe, woodcock and greater or lesser yellowlegs.

Open season on ducks, geese, rails, coots, gulls, and on Oct. 1st to Jan. 15, dates inclusive.

Open season on black-breasted and golden plover, Wilson or Jack snipe and greater and lesser yellow legs, from Oct. 1 to Dec. 15, dates inclusive.

All migratory insectivorous birds protected indefinitely.

Penalty for violation, fine of not more than \$100 or imprisonment not more than 90 days.
