ELK HERD HAS BANNER NIGHT

PORTLAND VISITORS MAKE THE TOWN RING WITH NOISE DURING STAY
TWELVE HAPLESS ONES INITIATED
Ceremonies Are Brilliant and All Join in Banquet and Get Together Session That Comes After Business

With the bands playing, 175 members of the Portland lodge of Elks arrived in Oregon City Friday night to assist the local lodge in initiation of 12 of its members and to join in a big banquet and a get together meeting.

On a special train that rumbled up past the Elks' home, the Portland visitors rode into the city with the bands making all of the communities through which they past rise up to take notice of the coming guests.

At the end of the ride, the local reception committee met the visitors and escorted them to the lodge rooms where the fun and festivities began. The visitors assisted the local organization in making life just as miserable and uncomfortable as possible for the 12 new ones who were to be initiated over the line during the ceremonies.

After the preliminaries were over and the 12 had been properly initiated into the mysteries of Elkdom, the festivities began in the home. Three hundred Elks sat down to the spread that was given at about 20 of them were called upon for speeches. An unique feature of the fun was a series of fake dispatches that were read poking fun at some of the prominent members of both lodges and especially at those who had raised their heads into the political light.

The reading of these dispatches aroused a tumult in the lodge room as each one of those who were called upon answered to the jibe, that had been given during the evening.

Several of the members of both lodges spoke on the lines of a better understanding and a closer relationship between the larger city and a better feeling prevailed on all of the matters in which both lodges are interested than for a long time. It was a big night for the Elks of both towns and both orders got into the swing of the meeting in short order.

The band played an important part in the function. During a large part of the celebration and the entertainment, it gave some of its classic selections and stirred up the enthusiasm of the lodges. The Smitzenberg Quartet also helped out matters and entertained the assembled Elks.

Dr. T. L. Perkins, the exalted ruler of the Portland lodge was the toastmaster of the evening and presented the button that started the fun. Gilbert L. Hedger, Henry O'Malley, exalted ruler of the local lodge, Robert L. Townsend of the Portland lodge, Light & Power company, Henry Griffin, of Portland, and Judge Grant R. Dimick of Oregon City, were among the speakers that entertained the Elks with the exciting things of politics and other things.

After it was all over and the fun had died down, the members of the order her escorted the visitors back to the city and saw them safely on their way home to Portland.

Most of the evening was taken with the funny side of the meeting and the earlier hours of the session were spent in the initiation ceremonies and the matters of particular interest to both lodges of the order. The Portland band and the quartet both made an impression upon the Elks here and gathered in all of the herd in the city and for several miles through the county for the events.

ROAD SUPERVISORS ARE IN CONFERENCE

Road supervisors from all parts of the county gathered at the county court room Wednesday to make reports and exchange ideas.

On account of the rain, some of the supervisors did not appear, but those who attended the conference with the county court gained the attitude of the judge and commissioners on the question of good roads. The court believes in a better system of road construction and thinks that the conferences will result in more uniformity than has been possible where the supervisors never know what the others are doing.

The 59 supervisors of the county have had about that many different ideas of road work. The court plans to get them together frequently and have them exchange ideas that will bring about a more uniform system throughout the county. Talks were made and experiences related on the difficulties of improvement of the highways in the several districts of the county.

CLACKAMAS CHICKEN BEATS SISTERS WITH SIZE OF ITS PRODUCT

There is a certain college-bred hen down in Benton county who claims world's championship when it comes to the number of eggs she can lay in a year. But it takes a plain Clackamas county chicken, without the benefits of a college education and the careful petting of university professors, to produce the world's championship.

Bettie shines forth in her simple glory in the barn yard of a Clackamas county farmer. Unconscious that she probably holds a world's record, she lives her simple life free from the careful attention and complex life of her Benton county sister.

The egg that Bettie laid measures eight and a quarter inches in circumference one way and six and a half the other. She is owned by Mrs. Clara E. Smith, of Mulino.

"Clean Up the Bowels and Keep Them Clean"

There are many remedies to be had for constipation, but the difficulty is to procure one that acts without violence. A remedy that does not perform by force, what should be accomplished by persuasion is Dr. Miles' Laxative Tablets. After using them, Mr. N. A. Waddell, 315 Washington St., Waco, Tex., says:

"Almost all my life I have been troubled with constipation, and have tried many remedies, all of which seemed to cause pain without giving much relief. I finally tried Dr. Miles' Laxative Tablets and found them excellent. Their action is pleasant and mild, and their chocolate taste makes them easy to take. I am more than glad to recommend them."

"Clean up the bowels and keep them clean" is the advice of all physicians, because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper curative measures.

Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money.

POTATO TRADE IS ALMOST DEADLOCKED

The potato trade is almost deadlocked. Efforts of California interests to purchase supplies at a price they can afford to take hold here, have generally proven unsuccessful. Growers are firmer than ever in their views and it is like pulling teeth to get any of them to offer their stocks at any price just now.

There is quite a fair demand for fancy potatoes from California but ordinary stock is not wanted there because the south has plenty of its own growth that would answer this description. The fact that California has scarcely been able to move a carload of potatoes to Arizona and Texas during the last three months owing to the unloading by Idaho at extreme low figures, has left greater stocks in the southern market than usual considering the size of the yield.

PRICE OF EGGS AT TOP NOTCH PRICE

The price of strictly fresh ranch eggs today reached the highest point ever known in the local market for this period of the year. Sales were made as high as 47c a dozen, although the general price did not reach above 45c with a limited amount of business down to 44c a dozen.

Receipts of fresh eggs are rather scant, while there is not an extensive demand, owing to the extreme price now in effect, the call at the record price is fully up to offerings.

Books by Weight

Many years ago in San Francisco there was a bookseller who had an intimate knowledge of fiction prices, but who was all astray when it came to general literature or scientific works. A customer having selected a volume would ask the price and, without so much as bothering to look at the title, if he saw that it was not a novel, the seller would roughly weigh it on his hand and name the sum. Many a bargain was picked up in that way, but as the bookseller also bought on the same principle, he never lost anything to speak of.—San Francisco Chronicle.

Bracelets

Bracelets have been worn from time immemorial, but few wearers of the golden bands of the present day know that they were once used to distinguish the insane. Before lunatics were confined to insane asylums they wore an armband for distinction.

PAPER COMPANY FORMS CLUB

TWENTY-EIGHT EMPLOYEES HAVE ORGANIZED AS "PAPER WEIGHTS"
THE OFFICERS HAVE BEEN CHOSEN
Wisconsin Guests Return Home After Visit Here With Their Friends and Relatives—Other Social Events

(By Meta Finley Thayer)
Twenty-eight employees in the office of the Willamette Pulp & Paper company have organized a social club to be known as the "Willamette Paper Weights," and are making no end of delightful plans for the future.

Mr. McElin some time ago placed his bowling alley and tennis court at their disposal, and for the winter a series of affairs has been planned. The first which will take place next week, will be a dinner dance, with cards and dominoes for those who prefer milder exercise. The club membership is composed of: Miss Marian Lewthwaite, Miss Wynne Hanny, Mrs. Gertrude Lewthwaite, Miss Forsberg, Mrs. Thayer, Miss Pearl Harrington, Mrs. Pearl Manning, B. T. McElin, L. S. Burdon, S. A. Chambers, John Mulkey, Wallace McElin, W. S. Hodges, Percy Wilson, E. Kenneth Stanton, S. B. Shadle, Hugh Burdon, H. A. Swafford, Ch. Crusius, J. Amell, James Dannemann, J. B. Lewthwaite, J. A. Ream, E. G. Roberts, H. D. Kennedy, J. M. Aldredge, K. C. Hendricks, N. Michels.

Suitable by-laws have been adopted by the paper weights, and the following officers elected: Walter S. Hodges, president; E. G. Roberts, vice-president; Miss Wynne Hanny, secretary; John A. Ream, treasurer.

Mrs. C. W. Evans, departmental head of the Women's Relief Corps, has returned from Heppner, Pendleton and Hoop River, where she visited the organizations of her department. Mrs. Evans spent Sunday in Hood River with Mr. and Mrs. Charles Alford, formerly of this city.

Miss Helen Rehobst and Miss Clara Mollinger, of Milwaukie, Wisconsin, who have been the guests of Miss Horrocks' sister, Mrs. M. Baber, for several weeks, left Monday evening for their home. They will visit San Francisco and other places of interest en route.

CATTLE MARKET HAS HEAVY WEEK'S RUN

Receipts for the week have been at the Portland stock yards: Cattle 1719, calves 60, hogs 3313, sheep 6531. An enormous volume of business has been transacted in the cattle market during the last five days, particularly Monday and Tuesday. Receipts totaled a 1913 record for a short period and as they followed an abnormal liquidation the week before, beef outlet would have been hopelessly closed if prices had been firm. It was a buyer's market mostly, but good steers did not sell under \$7.25. The bulk of steer transactions averaged \$6.75 to \$7.15. Butcher stock was weak only in spots. Cows and heifers sold sharply lower, but bulls and stags maintained some degree of firmness. A small lot of heifers selling at \$6.75 featured. Bulk of cow stuff brought \$6.00 to \$6.25 with occasional sales in small lots at \$6.35 and \$6.50.

Swine market suffered very little from an advanced liquidation and steady bear pressure. Best light hogs were sold at \$8.25 and \$8.30 right up to the close and demand was steady. The week's receipts have been about the average, both in quantity and quality. Smooth heavy stock brought good prices. Trade does not seem to be oversupplied at present, but November receipts are likely to be heavy.

Sheep house came to life once more the first opportunity it has had in a fortnight. Receipts were not record-breaking, but of fair volume and a good proportion was wethers, lambs and yearlings. Ewe stock was not in choice, but demand is good for this class. Prime yearlings are up a quarter to \$4.75 and ewes at \$4.00, with one load of extra fancy wethers sold off the cars Friday at \$5.10 and one load on the fill at \$5.00, but they were exceptional, the best seen on this market. Lamb trade is firmer at \$5.75, although few sales were made, due to shore supply. Generally the lamb and sheep markets are steady to higher.

POULTRY MARKET IS FIRMER AND HIGHER

The market for poultry is showing considerable strength and prices are generally higher. Sales of hens are being made generally at 15c a pound for good sizes, although some are quoting a fraction below this. In a few instances as high as 15c have been obtained for some extra select offerings, but this price is by no means general at the moment.

The market for chickens is the strongest for several months past. Receipts are fair but the trade's wants have been increasing. Outside demand is again showing and this is a stimulant to the market generally.

Turkeys are not arriving very freely and as yet there is only a limited demand. There has been practically no change in the situation during recent days. Buyers continue to take quite liberal supplies in the country.

Safest Laxative for Women

Nearly every woman needs a good laxative. Dr. King's New Life Pills are good because they are prompt, safe, and do not cause pain. Mrs. M. C. Dunlap, of Leadville, Tenn., says: "Dr. King's New Life Pills helped her troubles greatly." Price 50c. Recommended by Huntley Bros. Co., Oregon City, Hubbard and Cranby.

FLOUR

TEAM SHOWS UP WELL CRUELTY IS BASIS IN TWO COMPLAINTS

Although Defeated Oregon City Deserves Credit

The real efficiency of the Oregon City High school football team was shown Saturday when the local eleven met Vancouver, although they were defeated to the score of 15 to 7.

For almost the entire game the score was 6 to 6 despite the fact that the Vancouver team was ten pounds heavier to the man and that the Oregon City boys played on a strange field. It was not till the last minute of play that the Washington players made the score that won the game. All who say the contest agree that the local team played as they never played before, and that if the weight of the two elevens had been more nearly equal, or if the Oregon City team had worked on the field before, the result would have been different.

Every local player was a star, so it is hard to pick out the players who were the best. If any difference could be found, it would favor Kellogg and Armstrong. McMillan did the grandstand work for the winners.

George McCarver, steward of the Commercial club, fell through the elevator shaft of the Masonic building Wednesday. Three cuts on his head and severe bruises on his body testified to the fact that he had dropped about 15 feet down the shaft to the bumpers below.

HARD FOUGHT GAME TIE HIGH SCHOOL AND ALL-STARS MAKE NO SCORE

In one of the hardest fought battles ever seen on Canemah field, the Oregon City high school team and the Oregon City All-Stars fought through a football contest today in which neither side scored.

All the players on both teams say that today's game was one of the hardest fought games and that the two teams were the most evenly balanced ever played in this section of the county by scholastic elevens.

Of the two, the high school team was the heavier and had played together the most. But even with these advantages they were unable to overcome their skilled opponents.

Mass starred for the high school and Roos for their opponents.

COMPANY L ATHLETIC CLUB TO BE FORMED

Company L, the local national guard organization will have a club, to be called the "Company L Athletic club," if the plans of Captain Blanchard are carried out.

Already preliminary meetings have been held, plans have been made, and the regular organization will take place within a few days.

All the members of the company, about 63, will be members of the club and be free from any dues or taxes. Captain Blanchard plans to accept about 40 outside men so as to bring the total enrollment up to 100.

They will hold regular weekly meetings and several times a month will pull off smokers. The local commander figures that there is no Y. M. C. A. in this city and that a club of this kind would fill a long felt want.

An instructor will probably be imported from Portland to take charge of the athletic side of the work.

93 TO 0 IS FOOTBALL SCORE

Ninty-three to nothing is about the largest score ever piled up in a Clackamas county football game and that record is held by Estacada when they walloped Gresham Saturday. The game was merely a landslide—there was no time during the contest that was in the slightest doubt as to the final outcome.

LOST ESKIMOS RESCUED

WINNIPEG, Man., Oct. 31.—Hudson Bay officials here have just received reports from the north that a party of ten Eskimos were rescued from an island in the mouth of Hudson Bay, on which they had been marooned for ten years.

It appears that the Eskimos were caught off shore on drift ice and carried after long weeks of hardship to the island on which they were found. The island has been avoided by passing vessels because of reefs and magnetic disturbances which affected ships compasses. It is more than 100 miles from the mainland.

The Eskimos had lived all the period of their forced stay on fish and seal meat. Several children were born in the decade of their imprisonment and some of the party had died. Those who were rescued seemed to be in good health.

Mary Anton Wilant brought suit for divorce in the circuit court of the county Wednesday against her husband John Wilant on the grounds of cruelty and inhuman treatment.

The complaint recites that they were married at Battenburg, province of Luxemburg, Germany on February 17, 1903, and that three children have been born of the marriage, Michael, eight years; Margaret, aged seven years, and Leonie aged five years. He was an employee of the Willamette Pulp & Paper company.

Ernest Pfeiffer brought an action in the court against his wife Marie Pfeiffer on the grounds of cruelty. He alleges that she constantly nagged and annoyed him so that his domestic happiness with her was impossible. They were married in 1884.

DROPS INTO OPEN ELEVATOR SHAFT

George McCarver, steward of the Commercial club, fell through the elevator shaft of the Masonic building Wednesday. Three cuts on his head and severe bruises on his body testified to the fact that he had dropped about 15 feet down the shaft to the bumpers below.

ONLY SCHOOL FAIR HELD AT CANEMAH

The only school fair in the Oregon City district was held in the Canemah school house Wednesday afternoon. There were a large number of Canemah and Oregon City persons present and the fair was considered a success by those in charge.

Every one of the 38 students of the school made a display of something they had made or grown. Among the boys, small articles of furniture or home grown vegetables were the most popular, while the girls displayed various articles of needlecraft.

There were 45 prizes in the fair. It is true that some of them were small, but they represented the work that was required to win them. Among the prize-winners was Harvey Ormston, who won a gold stick pin with a necktie holder. Naomi Bowers' needle work secured an award. Leo Ormston won a pocket book with a tooth brush rack made and Lenord Nelson displayed apples and carrots that were so large that the judges gave him a prize.

The fair was under the control of Mrs. E. W. Scott, of Oregon City. The judges were Mrs. D. M. Shanks and Mrs. M. W. Bowland.

WOMAN IS INJURED AS WAGON SWINGS

Mrs. M. E. Bell, of this city, was struck by a wagon Wednesday afternoon at the corner of Fifth and Main streets, and was thrown to the paving, and is now suffering from a broken leg.

It appears that as she was coming around the corner on Main street a wagon was approaching from the opposite direction and as it swung around the corner, it knocked her to the street. She is somewhat bruised and has a severe fracture of her left leg.

DIVORCES GRANTED

Divorces were granted in the circuit court Wednesday by J. U. Campbell as follows: Nellie C. Gandy against Clinton E. Gandy; Earl England against Bertha B. England; Caroline Crocker against John Crocker; Thine D. Rogers against Ella N. Rogers.

Also, at the national livestock show Oregon showed the best yearling Jersey heifer, its owner by the way, being a Polk county 13-year-old boy. In about every first prize, everywhere, Oregon can take first everywhere.

V. T. Neal, of Portland, has an option on 25 acres of land situated on the Abernathy on the Maple Lane road. He intends to move on his farm in a short time.

GIRL SUDDENLY LEAVES HOME

PARENTS START POLICE OUT ON SEARCH FOR THEIR LOST DAUGHTER

Neighbors Claim She Often Said She Would Runaway or Kill Her-self When She Became of a Legal Age

Without giving the slightest hint that she would not return to her home 17-year-old Rosetta Robertson went out to the barn on her father's farm to do the chores and failed to come back Sunday afternoon. As a result, the mother is nearly prostrated and the entire countryside is searching for the missing girl. The family lived on the Abernathy on the outskirts of this city.

According to the neighbors the girl was badly overworked, being forced to do all the heavy work around the farm. It is said that she was never allowed to dress in any kind of clothes except such old rags that the mother had cast off as unfit for wear. One woman, who is acquainted with the family, affirms that the girl was seldom properly clothed and that, when neighbors offered to give clothes to her, the mother would reply that they would be destroyed.

Rosetta was never allowed to meet any one outside of her own family except on rare occasion when she would be sent to a neighbor's to do a chore, according to a next door family. The same person continues that on these occasions the visits of the girl were short, and that, in case she would be away from home longer than her mother thought necessary, a sound thrashing with a broom handed awaited her.

One woman, living nearby, says that Rosetta told her that on her eighteenth birthday, which is November 25, she would either run away or drown herself to escape the "terrors" of her home.

The missing girl is one of ten children, all but two being at home. She has gone through five grades of the Oregon City schools and can read and write fairly well.

MISSING GIRL NOW FOUND

ROSETTA ROBERTSON IS LOCATED AT GREENPOINT HOME

C. E. COLEMAN HELD ON CHARGE

Complaint Filed in Justice Court Against Him Alleging That He Violated Law and Arrest Follows At Once

Rosetta Robertson has been found and C. E. Coleman has been arrested, charged with restraining her by force and kissing her.

There is considerable mystery concerned in the affair which the police and the sheriff's office have not yet uncovered. The girl was found, according to the police, in the house of C. E. Coleman, which is situated in the northern part of the city, known as Greenpoint.

According to Coleman, the girl was to work for him at two dollars a week. At the time the officers searched his house, the girl was found washing clothes.

The girl mysteriously disappeared Sunday afternoon from the home of her parents on the Abernathy road near this city and it was not until Wednesday that any trace of her could be found. The officers had various clues as to her whereabouts, all of which have been proven to be false.

BOY HIT BY WAGON; IS SERIOUSLY HURT

Alexander Hein, the ten-year-old son of Mr. and Mrs. Gustav Hein, of Clackamas Heights, was knocked off his bicycle on Main street at 12:30 p. m. o'clock Tuesday by the express wagon of John Montgomery and is suffering from a badly injured wrist and leg and probably from slight internal injuries.

The Hein boy with a friend, named Foraythe, was riding down Main street near Eighth street when the wheel of his bicycle caught in the car track so that it was impossible for the boys to steer away from the middle of the street. The express wagon was coming down the street and the boy called at the driver, but it is said, that the latter paid no attention to their cries.

The exact extent of the injuries of the boy is not definitely known.

Beware of Ointments for Catarrh that Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when absorbed through the mucous membrane, such articles should never be used except on prescription from reputable physicians as the damage they will do to the brain is irreparable.

It is safe to use the only safe and reliable remedy for Catarrh of the Nose, Throat and Lungs, known as "KIDNEY PILLS," which is sold by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system.

Buying "KIDNEY PILLS
