Don't Worry "Don't worry" was the recipe for ong life recently given by an aged physician who had preserved his youth.

"Good advice, but impractical," you my. But did you ever give it a real trial? A person can't stop worrying merely by saying, "Go to, now; I am not going to worry any more." The more he thinks about stopping the more impossible it is to stop.

There is a way, though. Don't consciously try to stop worrying, but get interested in something else.

If you have something to worry about and give yourself the opportu nity you will do a lot of worrying. But if you keep busy you won't give worry a chance. When a great sorrow comes s person may simply abandon himself to it by letting his other interests iag. But by looking about for something to absorb his attention he can out himself in a wholesome frame of

Worry can be fought the same way. -Kansas City Star.

John Bright and Queen Victoria In the "Life of John Bright" the author relates that the great man's first visit to Queen Victoria was an ordeal, but it passed off well. The incident was described in a letter from Lord Granville to Mr. Gladstone in which the writer says:

The beginning of dinner was awfulthe queen with a sick headache and shy-Princess Louise whispering unintelligibly in my ear and Lady Cliffden shouting ineffectually into the still more impenetrable receptacle of sound belonging to Charles Grey, Bright like a war horse champing his bit and dving to be at them. At last an allusion to children enabled me to tell Bright to repeat to her majesty his brother's observation, "Where, conidering what charming things children were, all the queer old men came from." This amused the queen, and all went on merrily.

When Burgards Are Helpless. Same of nature's most active crea

tures show strange belplessness under certain conditions. Place a buzzard in a pen six or eight feet square entirely open at the top, and the bird will be as absolutely a prisoner as if it were hermetically sealed in the inclosure. This is because buzzards never begin a flight from the ground without starting on a run of three or four yards. If they cannot have that preliminary run they either cannot or will not attempt to fiv. and so a buzzard will remain a prisoner for life in a jall with a wide open top. So with the bumblebee. One of these

lively insects dropped into a goblet or tumbler will remain there always unless taken out, because it never notices the means of escape at the top .- New Fork Sun.

perfect digestion is the secret of the buoyancy and vitality of a really healthy man. The state of your body and mind at the time you partake of a meal are a big feature as to the ultimate good the food will do you. If physically and mentally tired always rest for at least ten minutes before FORMER JAPAN RULER eating. Bad temper is enough to give you indigestion, while cheerful company and interesting talk causes the muscles and juices of the stomach to food more than three times a day; use will soon accustom you to this habit. Nobody ever dares disturb the systematic chaos of Professor Ehrlich's Hbrary. Once he lent a man some books and received others in return.

One day, long afterward, Ehrlich's books came back with a note from his friend, saying he had married, moved and cleaned up his library. Ehrlich replied: "I congratulate you on your marriage and thank you for sending back my books, but if you think that slip clear in?" because you have moved and got I am going to clear up my library and find your books, you are COUNTY COURT very much mistaken."-"Men Around the Kalser."

Guard Your Children

Against Bowel Trouble Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxutive given when necessary. Dr. Miles Laxative Tablets are especially well adapted to women especially well adapted to women and children. The Sisters of Christian Charity, 53t Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. files" Laxative Tablets and find that re like them very much. Their action we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," though the taste is partially In using Dr. Miles' Laxative Tablets, however, this diffi-The shape of is overcome. the tablets, their appearance and any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.
