Just the Thing for the Children's Stocking

Christmas Hint

Isn't this the cutest little candy kid you ever saw? He's the product of the fertile brain of a Vassar girl who first made him for a midnight "spread." The little fellow would be just the thing for the children's Christmas.

How is he made? The ensiest thing in the world. Get a goodly supply of strong toothpicks, some large raisins, marshmallows, almonds and figs. Then clined to speculate on the fature you are ready for the Frankenstein

THE CANDY KID.

two of the raisins on two toothpicks. and to the ends of each place an almond for a foot. The arms are made in the same way; except for the hands | the general time showed signs 6 the almonds are blanched. Now run two marshmailows through a toothpick for the man's body. He hasn't any neck. Have ready some melted chocolate and dip an orange stick in this mixture and with it make large dets for the buttons on his cost and for his facial features. Now attach arms and legs, and when a good sized fig has been rakishly placed on his bend for a hat the man is ready for the stocking.

Ideal Length For Sermon.

What is the ideal length for a sermon? The question is raised by Dean Hole in his "Memories." By way of Illustration, he tells a story of a sher-Iff's chaplain who had once asked a judge what was the proper length of a sermon. "Well, twenty minutes." was the answer, "with a leaning to the side of mercy." That is good adviceand, by the way, it is advice which Queen Victoria would have heartily approved. In 1867 the queen present ed a pulpit glass to the Chapel Royal, Savoy, and it was timed for exactly eighteen minutes. There was no mistaking the hint. If you wanted to please the queen you stopped preaching at eighteen minutes.
