GIRLS ISSUE CHALLENGE

MOLALLA TEAM WOULD PLAY LOCAL QUINTET

The Mobilia school girl's basketball team has issued a challenge to the girl's team of the Oregon City High school for a game to be played in Mo-lalla Saturday. The local five has not lecided whether to accept the offer

If this game is played, it will not only be the first contest in which a middle, autos and vehicles passing of regular Gregon City High school team both sides will be a constant source has contested but also the first one for the girls with an out side organ-The Oregon City team: been practicing for some time, starting before the boys turned out for the first time. They have played practice games in the local school but there has not been a contest so far with an outside quintet.

Heart to Heart Talks

By CHARLES N. LURIE

GOING THE SAME WAY TWICE.

'My mother, who was an Indian, told me never to go the same way That's why twice, and I never do. they don't 'got' me."

Thus spoke Victoriano Huerta, provisional president of Mexico. Up to that time his enemies had not "got" him. but there was no certainty in the fu-He went on to explain that what he

meant by not going twice the same way was continually altering his course, so that the focs who beset his path should never know where to vaylay him.

A good doctrine, perhaps, for the provisional president of Mexico, living in constant peril of death and possenses of some shrewd wisdom But of applicable to the lives of ordinary men and women.

They mat go the same way twice and a hunded times and a thousand times and mo., If they wish to achieve results. Success means he laying of a foun-

Success means he laying of a foundation. Repetition means experience and facility of execution.

The famous doctor ho made a thousand experiments better he found a remedy for a terrible disase.

He went the same we twice and

any more times, did be t.,

And the acientist in his boratory
who tried material after ma lal before he found one suited to purpose he also traveled the long, purroad of repetition. The writer ary ing diligently for the one word whi

land and little Ruth and Grace Barwould express his meaning exactly, the Kickapoo Worm Killer as a health proendrick. All of the guests returned to their different homes and places of housewife spoiling materials before-jucer should be in every household she cooked the dish as she wished to erfectly safe. Miss Ruth, are visiting at Lents, the guesta of Mrs. Revenue's sister. Once in a long while a sheriff sucessfully resists a mob bent on lynchtained at dinner Christmas for Mrs. Jones' parents, Mr. and Mrs. O. L.

Does a man who has been hungry a good while and gets a big Christmas feed feel all the worse afterward?

Important reasons why the pro-posed railroad between Boring and Sandy should be built along the side instead of along the middle of the The proposed ratiroad between for

ing and Sandy should be built along the side of the road as was ununim

ly agreed at the meeting at Sandy for the following reasons—As all the

horses in the country are not used to trains it is necessary to have as much room as possible to turn out, the avoiding accidents. Passingers out always get on and off on the sale side, whereas if the track to in the of danger, as well as being incomes tent for all concerned. The compani proposes to keep up a wagon rost along the track if it is built along the middle of the road, but as every knows, it is impossible to keep w a good wagon road on top of ties, gravel will not pack over ties, and it would be almost impossible for a heavy load to turn over rails four inches high, and a sidling grade. Then there would be two narrow strips of road to keep up instead of one whole side. And does anyone think a railroad company is going to keep up a good wagon road in opposition to b-self. Should the road be electrical the wires will be a constant source of danger directly above the road. If the track is built in the middle, the present road will be torn up and all traffic stopped for months, which would injure business of all kinds. As for mail boxes-they can be put out side of the track next to the road, mak-

the track for seven miles? Every sens ible argument as well as popular sem-iment favors having the track on one side leaving the other side free for traffic which will not be obliged to bother turning out of the way for cars MRS. ROBERT JONSHUD. Miss Stella Jonarud, who has been employed as a stenographer at Ken wick, Wash, was taken suddenly II with appendicitis a few days become Christmas. Her parents, Mr. and Mrs. Gilbert Jonsrud, on receiving the news went immediately to Kennewick, and
