Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Anna Kounz, 211 Mechanic St., Pueblo, Colo., says: "For many years I suffered from nervous prostration; I was unable to do any house work and doctors tried to help me. Remedies I tried from druggists did not do me a particle of good. A neighbor told my husband about Dr. Miles' Nervine and he procured a bottle. After the first few doses I showed a marked improvement and after taking two bottles I was entirely cured. I have been perfectly well for years and cannot praise Dr. Miles' Nervine too highly." If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep if you are in general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment. Dr. Miles' Nervine has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sold by all druggists. If first bottle fails to benefit your money is returned. MILES MEDICAL CO., ELKHART, IND.

Railroad Takes Molalla Mail For First Time

Mail to Molalla went by train through Canby Monday for the first time and for the first time in almost 60 years the stage between Oregon City and Molalla did not run. Although the government mail contract will not expire until the first part of June, the federal authorities reserved the right to add to or change the mail routes at will. Hereafter the Molalla will go by train but L. E. Waldron will still carry the mail as far as Molalla. The stage from Oregon City to Molalla was one of the first to be established and the longest to last. At one time a number of stage lines radiated from this city in all directions, but with the building of steam and electric roads they dropped out one by one until now there is not one left. During the last few years an automobile was used for the stage. In the summer months, just preceding the completion of the railroad, several automobiles were on the run and each crowded at every trip but lately one car, being used, often makes the trip without a single passenger.

CLUBS FORMED IN TWENTY SCHOOLS

EVERY PART OF THE COUNTY HAS BEEN VISITED BY EXPERTS

WORK INCLUDES ALL PARTS OF STATE

Pupils Are Enthusiastic and Take up Work With Vim, Says County Superintendent J. E. Calavan

Twenty industrial clubs have been organized in the last seven days in as many Clackamas county schools by N. C. Maris and County Superintendent J. E. Calavan. The two have traveled into almost every part of the county and have formed the clubs at an average rate of almost three a day. Monday clubs were organized at Milwaukie, Witchita, Ardewald, and Oak Grove and Tuesday, Mr. Pleasant and Hendrick. During the rest of the week, Mr. Maris and Supervisor James are busy in eastern Clackamas, visiting three or four schools a day. "We find that the children are always enthusiastic and take up the work with vim. We have visited many school where we thought that we would meet with failure but after we had explained the plan, the pupils became eager to join and in most cases every student became a member," said Mr. Calavan Wednesday afternoon. "Many of the school are so situated that it would be almost impossible for the students to attend the county fair and as a result no attempt will be made to organize clubs there. It is others there is a certain prejudice against the work so that out of the 133 schools in the county, the plan will be carried out in about 60 districts. Of this number at least half will have been visited by the end of the week and the others as soon as possible afterwards."

Mr. Maris, who has been sent out by the state government, spends two weeks in each county, his time here ending with Saturday. From Clackamas he will go to Benton. Mr. Maris like Superintendent Calavan, is enthusiastic over the prospects of the plan and declares that results are far greater than ever anticipated.

DEMOCRATS TO HOLD CAMPAIGN MEETING

The Democratic county central committee will hold a meeting at Oregon City in Willamette Hall on Saturday, February 28, at 10 A. M., for the purpose of effecting an organization to carry on the coming campaign. The committee will fill vacancies and will appoint committees in the many new precincts that have been created. The number of precincts in Clackamas County has been increased 50 per cent, from 44 to 66. Arrangements will also be made at this meeting for the Democratic biennial banquet, which has always been a red letter day in the annals of Clackamas Democracy. The committee will select officers. The notice for the call is signed by R. B. Beattie, chairman, and G. J. Johnson, secretary.

THREE ARE BAPTISED IN COLD CLACKAMAS

Miss Alice Sievers, Mrs. Fred Sievers and Harry Y. Miller, of Gladstone, were immersed in the chilling waters of the Clackamas River Sunday afternoon by Rev. Roy L. Dunn, pastor of the Church of Christ, Gladstone. Mrs. Hoyt did not indicate a preference for the river and was baptized in the church. The river baptism was witnessed by about 200 people. The Gladstone church has just had a stirring revival and a series of meetings have been held. Seventeen persons have become converted but the three who braved the cold waters of the Clackamas Sunday were the only converts to go into the stream.

EXPERTS TALK FRUIT TREE TO FARMERS

District Fruit Commissioner A. C. Goodrich and O. E. Freytag visited Molalla Friday and Clackamas Saturday, speaking at each on pruning, the nature of various fruit pests, and the remedy for them and backing up their talks with actual demonstrations on trees. At Molalla the two fruit experts spoke at the Sagin farm and at Clackamas in Clark's orchard. Many attended the meeting at Clackamas, but the turn out at Molalla was small, due probably to the fact that most of the farmers took advantage of the bright weather to work in the fields. A. N. Merrick assisted in arranging the Saturday meeting.

HASKINS CONVICTED

Alonso Haskins was convicted by a jury in the circuit court Friday on a charge of performing those acts that would tend to contribute toward the delinquency of a minor. He will probably receive his sentence Saturday morning. Beulah Marcum, 13 years of age, was the girl in the case. The trial occupied the attention of the court through the day.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache. "After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." - Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

FORUM OF THE PEOPLE

That One Mill Levy. OREGON CITY, Ore., R. 2, Box 55, Feb. 17.—(Editor of the Enterprise.)—In today's Enterprise your editorial makes it appear that this much talked of bond issue of \$600,000 for road building in Clackamas County, can be paid off in 21 years, at a cost of only \$1.00 each year, on every \$1,000 of taxable property. Now, this statement is all dependent on T. W. Sullivan's plan of assessment, and to any body that has not carefully studied Mr. Sullivan's table of assessment, would be very misleading. Mr. Sullivan seems to be inclined to try and make the taxpayers of the county believe that they are all getting rich very fast, and that our taxes would be no higher on account of this bond issue, when, in reality, our taxes by his plan of working, would be getting higher each year, and before the bonds were paid off, our taxes would be nearly two and one-half times higher than they were when the bonds were first issued, and the taxpayers of the county would have paid out nearly \$465,000 in interest, in the pockets of those bond holders, that they would not get any benefit from it. It would be taken out of the county, and in addition to this, we would probably have to address all that hard-surfaced road about three times, before the bonds were paid off. It would not be apt to stand over seven years, without redressing, and this would be a heavy additional cost. But the part that grinds the farmers the most, is sinking that \$465,000 in interest, when we can just as well pay a direct tax each year of about the same amount we would have to pay out an interest and sinking fund, and get nearly twice as much roads in the end. GEORGE HICINBOTHAM.

KREBS DEFENDS HIS WORK

BORING, Ore., Feb. 17.—(Editor of the Enterprise.)—As I have seen a history of Clackamas roads I believe it is every road supervisor's duty to correct some mistakes in the history of their districts. For six years I have been supervisor in District No. 6, and have spent quite a sum, and there is a good deal of talk that a lot of this money was wasted, not only in my district but in others, which is not true, and comes from men who claim they know something of road building. It is generally such men who read about good road building, and maybe did a day's work on the road. The don't know that the road must be cleared and then given the necessary grading and ditching, building in culverts and bridges, and planking, as we have a lot of it in our district. They have been in other countries and states where the road building is easier and material more handy, and where they have more money. In regard to my district, I notice there were some Sandy men in Oregon City last week, and when they were asked about the condition of the roads out in their country, their reply was "Rotten!" Then it was said the road from Boring to Sandy undergoes an immense traffic, which is true, but I want to say that in my district the plank roads are in as good condition as can be expected. That part where the road is bad, between Sandy and Boring, lies in District No. 5, which I want every one to know and every one who does any hauling on that road knows this is true. CHARLES KREBS, Road Supervisor.

DEVELOP COUNTY GRAVEL PIT, PLAN

TO BRING PROPERTY NEAR ALL ROADS BY SIDE TRACK, IS PLAN OF COURT

COMMISSIONER MATTOON VISITS SITE

Highway Expert Examines Land and Says Rock is as Good as Any in the State—Has Stood Test on Roads

To bring the county gravel pit near Barton in closer touch with the rest of the county by both wagon road and railroad connection is the plan on which the county commissioners have been working during the last few days. Commissioner W. H. Mattoon made a trip to the pit Wednesday and thoroughly inspected the property. He reports that the rock is of the variety known as flat gravel. The tract consists of about ten acres and has belonged to the county since 1908 but the rock has not been used except on the roads close to Barton. The plan of building a side track from the pit to the Estacada branch of the Portland Railway, Light & Power company has been taken up with the officials of that company and the county court has been given the assurance that such a tract can be built. The distance from the property to the electric road is about a mile by either of two possible routes. Surveyors of the company will go over the route of the proposed line within the coming week and it is probable that at that time the definite location of the line will be decided. It is the plan of the court to use the rock from this pit in all parts of the county. By bringing a side track to the property the question of transportation will be solved and the truck can be taken within easy reach of most of the roads. The gravel from this pit is said to be of a very good quality and able to withstand the wear and tear for years. "One of the best in the state," is the way J. Hobson, an engineer and road expert of Portland, characterized the property after a thorough inspection recently. The gravel has been used on the Barton road and it is said that the condition of the highway is as good now as when first laid.

WHITE FATHER TO RESCUE INDIANS

BREMERTON, Wash., Feb. 13.—The terms of a treaty made by the government with the Sequimish Indians in the early '50s and signed on their behalf by Chief Seattle, for whom the city of Seattle was named, formed the basis of the defense of two Indians on the Port Madison Reservation, who were arrested for shooting canvasback and mallard ducks in violation of the state game laws. The Indians were fined \$10 each when the case was heard in the justice court yesterday, but Assistant United States District Attorney George Fishburne, who was instructed by Attorney-General McReynolds to defend the government's wards, gave notice that he would appeal the case and endeavor to have the treaty rights of the Indians upheld.

MAN IS ARRESTED TWICE IN FOUR DAYS

For the second time in four days, Theodore Y. Zonich was arrested at his home near Canby and brought to the county seat Sunday, charged with disturbing the peace. The first charge against him was threatening to blow up a house but it was brought out in the hearing before Judge William Knight at Canby Saturday morning that the alleged "threat" was a statement on the part of Zonich that he was going to blow up some stumps. Sunday morning he was arrested for the second time by Marshall Joe Laiser, of Canby, on a complaint of Charles W. Kelley, charging that Zonich disturbed the peace. His first hearing was before Judge John Sievers Monday afternoon and the man was placed under a \$50 bail.

ESTACADA.

Mary Malranzi, a little Greek girl living at River Mill, broke her shoulder bone last Monday while playing with the children at school here. Dr. Adix attended to the girl and she is getting along nicely. Estacada is to have a meeting next Saturday to talk over the census proposition as well as good roads, or any other matters of importance to people living in this section. The meeting is called by the Commercial club and will commence at 10 o'clock in the morning. The second annual school fair, held here last Thursday was a great success. A large number of persons attended, thus showing their appreciation of the children's efforts along this line. There were 267 exhibits which consisted of sewing, cooking, fruit canning and agricultural products. Also chickens and other livestock. A program preceded the afternoon exercises which was very good. Mrs. H. V. Adix was hostess to a dozen lady friends last Friday afternoon. Hearts predominated, as it was so near St. Valentine's day. The game of hearts was played for a time, after which a most tempting luncheon was served. The annual telephone meeting was held last Thursday and all the old officers were re-elected. They are as follows: President, T. Yocum; vice-president, L. J. Palmater; secretary and treasurer, A. E. Sparks. A dividend of 2 per cent was declared. Mrs. Dodge and daughter, Jessie, were visiting in Portland for a day or two last week. J. R. Flemming and family spent two or three days visiting in Portland last week. Ford moved last Friday into the house vacated by Al Lindsey. The C. I. C. dance Saturday night promises to be another pleasant affair. Bowker's orchestra of Portland will furnish music.
