JENNINGS LODGE

A small, yet appreciative audience listened to Dr. Hemstead's paper on "Swat the Fly and Sanitation of Suburban Homes" on April 1st at the regular meeting of the Jennings Lodge Community Club. The business meeting followed this splendid paper. A committee of three for lights on our streets were named and our road committee reported that the work of widening Jennings Avenue was progressing.

On Tuesday evening a body of our citizens, who are interested in Jennings Avenue, met at the school house. An option has been secured on 25 feet of land from center of county road west to top of the hill for the sum of \$250.00, from John Jennings. The general sentiment at this meeting was to purchase this strip and improve it as it is the only street leading to the river between the Lodge and Oak Grove. Most of the money has already been subscribed. Rev. E. D. Hornschuh, of Portland, was present and represented the Evangelical Camp Meeting Association, who are among the largest property owners interested.

About twenty couples attended the dancing party on Saturday evening last at the Bradford hall. The music was furnished by Mrs. La Cure, who presided at the piano and Arthur Soashe on the violin.

The Congregational people have organized a Sunday school at this place. Rev. H. N. Smith, a Sunday school organizer for the above church, presiding. Sixty-three were present. Camp Meeting Association, who are among the largest property owners interested.

PROSPEROUS SEASON WOOLMEN'S FORECAST

Indications in Oregon among the woolgrowers are for a most prosperous season, according to reports just received from Bend, which state that for the first time in years practically every pound of the interior yield has been contracted for, on the sheep's back, long before shearing, at prices generally three cents higher than those paid last year. These reports are causing wool men in other sections to sit up and take notice and as a result it is believed that highest prices ever received in Oregon will be paid before the season is over.

According to L. H. Foss, who handles all wool business for the O. W. R. & N. company, who has but recently completed an extended tour of investigation through the growing sections, the indications for this year's crop are that they will exceed those of 1913 by at least 10 per cent and possibly more. This year the price at which contracts were closed last season's, the average this year being approximately 14 cents a pound, against 11 cents a year ago.

CATTLE MARKET IS FIRMER IN TONE

Receipts for the week at the Portland Union Stock yards have been: Cattle 1253, calves 3, hogs 4209, sheep 3608.

Cattle market steady to firmer this week. Best light weight steer top up to \$8.00. Better beef demand as Eastern approaches. Butcher stock in good position, with strong call for choice cows and heifers, which are selling from \$6.75 to \$7.00.

Hog market irregular with a weak tendency and tops hovered around \$8.70 and \$8.75 most of the week and closed \$8.60 to \$8.70. Receipts continue liberal.

A firm sheep house with both wool and lamb higher level. Wool others at \$5.50 and ewes at \$5.25 are 25c better than those ruling ten days ago. First 1914 spring lambs selling "off cars" at \$10.00 and \$10.75 featured the late session. Liquidation did not meet requirements.

Look To Your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your drainage take Chamberlain's Tablets and you are certain to get quick relief. For sale by all dealers. (Adv.)

FEWER AND BETTER LAWS, HUNT'S AIM

Guy T. Hunt, who recently filed his petition for the Republican nomination for Representative in the state legislature, was asked to become a candidate by hundreds of people living in his own section of the county, where he is best known. In reply to the petition, Mr. Hunt issued the following statement:

"I will use every honorable effort in support of any measure that I feel is for the best interest of the people of this county and the state at large, regardless of origin.

"We need fewer and better laws. We are spending too much money yearly in our county and state affairs for the results obtained.

"The Oregon Code as regards roads and highways needs thorough revision.

"Laws regarding schools, taxes and labor should have careful and thoughtful consideration. If nominated and elected I will use every effort to the end that when my work is done, you will feel that your confidence and judgment was not betrayed, and that you can truthfully and willingly say 'well done.'"

EGG MARKET SHOWS BUT LITTLE CHANGE

While but little change is shown as yet in values in the Oregon egg market, trade conditions are not nearly so favorable as they were a week or 10 days ago.

At that time storage operations were being carried on by local parties on rather an extensive scale and for that reason everything that came forward found a liberal demand and this helped to not only stimulate the movement, but strengthened the price to a very considerable degree.

So far as can be ascertained at the moment there are practically no storage operations in the state at the present time. All of the big fellows who were eagerly seeking stock for storage a week or 10 days ago are now practically out of the market except for their regular trade requirements. Naturally this has already had a weakening effect upon values in general and some accumulations of arrivals are shown along the street.

LARGEST SHIPMENT OF CHINESE EGGS DUE

What is believed to be the greatest amount of Chinese eggs that has ever been shipped to the Pacific coast is due from the orient within a few days. The exact amount has not been disclosed by the importers but they acknowledge that the volume will be greater than ever before.

Aside from a few cases which had been broken in transit, local importers say they have not yet offered the Chinese eggs for general sale in this market as yet, although they have been freely offered on Popart sound. It is the present intention of the importers to offer the oriental stock here within the next few days and the price will probably be placed at 15c a dozen.

Most of the stock that has come to the coast to date has been placed in storage and will probably be held there until the price begins to stiffen somewhat for the local product.

Vegetable Nightcap.

A vegetable nightcap may be seen in the agricultural museum at Washington. It is the sheath of an immense African flower and is used by the natives as a cap. Turned up around the lower edge, it runs to a point like a tasseled nightcap. Its color is a rich brown, its texture of a fine scabrous quality, and it is strong and durable. (Adv.)

ARMY MAN, MISSING IN \$600,000 DEAL

FULL CONFESSION OF CAPTAIN J. N. GRIFFITHS SAID TO HAVE BEEN MADE

ARREST OF OFFICER BLOCKS SALE

Timber Transaction in Portland Involving Large Sum Pending— Associates Eulogize Him

SEATTLE, Wash., April 6.—That Captain J. H. Griffiths, U. S. A., disbursing officer of the Quartermaster's depot, who was under arrest for the alleged embezzlement of \$900,000 of government funds, and who disappeared from his quarters at the Perry hotel on Saturday night, had successfully financed a timber deal in Portland, which involved nearly \$600,000 was brought to light today by Colonel James L. Chamberlain, inspector-general of the western department with headquarters in San Francisco.

Captain Griffiths made reference to the timber deal, it is stated, in his alleged confession to Major Hugh J. Gallagher, and investigation by Colonel Chamberlain followed. Captain Griffiths is said to have shown keen judgment in working out the details of the financial enterprise, and, according to a statement made by brother officers today, "was too good a financier to be in the army."

Final details of his investment, however, had not been completed. Interest at 6 per cent on his investment would have brought him a revenue of \$100 a day. The statement that this was how the money had been used is believed by his brother officers, as they state he had always been a man of exemplary habits.

The full confession which Captain Griffiths is said to have made is in the hands of Captain Dennis P. Junlian, judge-advocate of the court martial board.

COUNCIL APPROPRIATES \$6,000 TO BEGIN ACTUAL WORK ON PIPE LINE PROJECT

ACTION PART COMMITTEE'S PROGRAM

Voting of Bonds Delayed Until Actual Cost of Line is Learned—Money Saved on Interest by New Plan

An appropriation of \$6,000 was made at the council meeting Wednesday evening for the final survey and complete specifications for the pipe line from the south fork of the Clackamas river to Oregon City.

The action Wednesday evening is a part of the program mapped out by the water committee and the city council. At first it was planned to hold the election and then begin the work of the survey but in this way it was found that the money derived from the bonds would be idle in the bank while the bonds themselves were drawing interest at the rate of about \$1,600 a month. The objection was also raised that by voting the bonds and then securing bids, the city might either bond itself for far too much or far too little.

Plan Mapped Out.

The plan, as it is mapped out at the present time by the local authorities, is to complete the survey, secure bids for the complete project, and then vote the bonds for the line.

The water committee, which is in charge of the pipe line project, will probably advertise for the survey contract at once so that the bids for the line itself can be received as soon as possible. It is thought that several weeks will be consumed in this work.

STARKWEATHER FILES FOR STATE SENATOR

Mr. Starkweather, who has for a long time been considered a possibility for county judge, is prominent in the grange work of the county and state. It is considered probable that he will be opposed by no Democrats and that the only opposition will be from State Senator Walter Dimick who is out for re-election. Mr. Starkweather plans an active campaign after the primaries.
