Give this Job to a man who will reduce Taxes and cut down expenses

### TAXES MUST BE REDUCED!

In the coming primary election, Charles A. Johns, of Portland, will ask the vote of every person who believes the State of Oregon needs to have taxes reduced and expenses cut down. The only way to reduce taxes and cut down expenses is to apply the same principles in running the State that you would apply in running your own business.

How many institutions would run along with an increase of operating expenses from year to year? Not many. Well, let's reduce our taxes and cut down our expenses. Charles A. Johns, of Portland, is running on that platform and stands on his platform. Get him on the job! Start thinking about this today!

Will you elect a man who will cut down expenses and reduce taxes, or a politician, as our next Governor? The issue is clear. One will cut down taxes—the other will give jobs to his political friends. Which do you want? Paid Advertisement.

SWERS QUERIES OF PORT. LAND PAPER

### PROGRAM OF ECONOMY IS OUTLINED

I Prominent Republican Advocates Tax for Road Work - Would Abolish Fish and Game Commission

Judge Grant B. Dimick, candidate or Republican nomination for goverresponse to a request of the Portland Oregonian that he answer eight question concerning his political lews, has aswered as follows:

Oregon City, Ore., April 27th, 1914. (Editor Oregonian)—I hereby acknowledge receipt of your letter of recent date containing a list of questions submitted to the candiates for the nomination for governor, and herewith ibmit to you my answers to the same. Question No. 1. "What reforms in egislation do you advocate that will end to bring about reduced taxation and economy in state affairs?"

In answer to this question I will say hat I would remind the legislature of he hardships created by excessive appropriations during the session 1913, and the creation of sala pards and commissions which carry with them excessive expense accounts to be met by the taxpayers of the state, and if the members of the legisature falled to practice economy state affairs I would attempt to do so myself with the veto power vested in the governor. I would insist upon the consolidation of a large number of our present boards and commissions and the absolute abolition of others, and the duties performed by those abolished to be placed in the hands of the state board consisting of the governor. ecretary of state and state treasurer without additional compensation, thereby placing the responsibility of expenditures where the responsibility belongs.

In answer to question No. 2, "What states commissions are you in favor of abolishing?" and question No. 3, What state commissions are you in favor of consolidating?" which should be consolidated from ecured by the Californians against which should be consolidated from ortland. West pitched for the Beat those which I think should be about the consolidate of the co lems, but as an illustration I will take for instance the state fish and game commission as now constituted, as an example, and would recommend that assigned that commission be placed in and state treasurer, who should be authorized to select a commissioner who attained would pursue a straight, businesslike bolicy.

The report of the state treasurer shows that during the year 1913 there was expended from the game protection fund \$140,496.17, which indicates to the average taxpayers that the comceedingly extravagant and should be accept the armistice proposal.

wheel and fish trap in the Columbia as an infraction of the armistice. river tributaries. Why should the use of the gill nets be prohibited at certain times of the week and certain seasons of the year in order that salt-water fish may go up the Columbia and its tributaries to their natural spawning grounds, and then allow the fish whee and fish trap operators in the upper Columbia to grab them up and there by cause a demand for expensive artificial propagation?

Question No. 4. "Are you in favor of retaining or abolishing the state tax commission?" The regulation of state taxes should

be left in the hands of the state board, consisting of the governor, secretary of state and state treasurer. thority to appoint one commissioner. skilled in that particular line of work and the county assessors of the sev eral counties should be subservient to The market for potatoes continues to the demands of the state board and as-While property shall be assessed at its true

# ARGUE QUEERLY

ATTEMPT MADE TO SHOW PROP ERTY OWNERS ISSUE WOULD MEAN GREATER TAXES

### PLAN OF FINANCING IS EXPLAINED

Knockers of Permanent Roads Convinces Many They Are Misinformed

Opponents of the bonding project, which is to be voted upon by the people of Clackamas county May 15th, are attempting to create the impression among many of the taxpayers that the issue, if passed, will result in an increase in taxes greater than the average citizen can bear. Others argue that it would result in nothing more nor less than a mortgage of the future and a transfer of our burdens upon posterity. These two arguments have been used during the last few days in the vicinity of Oregon City. and while inconsistent, show that either the bond fighters are not well informed as to the exact nature of the proposed bonding scheme, or that a wilful attempt to misinform the voters on the subject of the ond issue

The bugaboo "expense," under the bonding plan as worked out during the 1913 legislature, will not only be minimized in the long run, but is to be so worked out that the cost will not be noticed by any one. The not be noticed by any one. The trouble is that the average man looks at the lump sum of \$600,000 and disregards the fact that bonds are to cover a period of 30 years at an exceedingly low rate of interest. He seems to have the idea that he must dig up his share of that \$600,000 at once, and of course, under such an impression, there is a resultant hesitancy to favor

The fact is that not one cent of the principal of the \$600,000 will be touched for three years after the bonds The interest alone will be are issued. paid on the bonds, and this sum can more than be saved out of the maintenance and improvements which would otherwise be sunk in the roads which are to be constructed. Thus there will be no drain on anyone. A levy of less than 1 mill will amply provide for the interest for the first three years.

Then, after the roads are all built a lump sum shall be laid away each year, in addition to the interest, as a sinking fund, so that the bonds can all be taken care of at the expiration of thirty years' from the passage of. And this sum too, can be easily provided after three years have expired, for, with the permanent roads all constructed and in use, with the ssed valuation of the county jump ing ahead in great stdides, (as it has in the past three years, for example), both interest and sinking fund can be taken care of without working a hard-

as skilled engineering ability permanent highways in the county, thirteen heavily travelled roads in the most important sections of Clackamas county, and chosen by our court with rare judgment, to result in the great-

est good to the greatest number. In discussing the matter recently one of the county's heaviest taxpayers said: "Do I favor the bonds? Well, rather. The more I look into the bonding law adopted by our last legislature, the more I am convinced that the idea a fine one and can be applied right here in our home county with splendid results. They say it will increase taxes. I can't see it that way. In my dgment we can save both sinking fund and interest from yearly mainte nance and in the long run we'll have the roads, as a lasting monument to a most judicious investment."

# VENICE DOES IT AGAIN

PORTLAND IS WALLOPED TO THE TUNE OF SEVEN TO ONE

PORTLAND, Ore., April 25 .- They did it again today, those Californians, They walloped Portland, they punished the Beavers to the tune of seven to one. Fourteen hits, hits that w each side making two errors. Port-land pounded out 10 hits and the Seals out on Higginbotham, while Portland six. Elmer Martonini, for the first got only four off of Fleharty, who was
