SURVEYORS BUSY ON WEST LINN PIPE LINE

WEST LINN, Ore., May 12.—(Special)—Engineer Don E. Meldrum has a leave of absence for one month from his duties at a West Linn paper mill and is surveying the proposed water works system for that city with the aid of four others. Two routes have already been staked out and two reservoir sites located.

Engineer Meldrum finds widespread interest in his work and many who are waiting patiently for the advent of the era of mountain water. At the same time he finds some who think that West Linn cannot stand the expense at this time, but he hopes that when the votes are counted the majority will be in favor of the proposition.

Those handling the scheme say that with not to exceed a 3-mill per annum tax, water can be supplied everyone at no greater price per month than will be charged consumers in Oregon City. This will be \$1.00 per year taxes on each \$333 assessed valuation, or a greater saving in fire insurance on account of fire protection than the additional taxes will amount to.

The water committee is now waiting on Oregon City's attorney for the form of the proposed contract between the cities.

TRADE IN POTATO MARKET FAVORABLE

Trade in the potato market of the Willamette valley continues quite favorable, according to shippers. While purchases are not as heavy as several weeks ago on account of the more limited holdings in the country, buyers say they expect everything to clear up before the season closes.

Some business continues to offer from Texas but the trade is not so anxious for that business just at present because of the danger of shipping there during the heated period. No matter how good the stock is what it leaves here, and during the present season shippers have been unusually careful in forwarding supplies. The season is getting so late that much sprouting is sure to result during transit.

California business is better than formerly of best quality and abundance, are experiencing some difficulty in securing the quality desired by the southern buyers.

SPUDS FROM GERMANY GROW LARGE HERE

The purple potato, widely used in Germany and other European countries, can be raised in Clackamas county five times as large as those grown in the "old country." The potato is deep purple and contains almost twice as much starch as the Irish variety.

The potatoes were originally brought to Clackamas county three years ago by the late Henry Heipkemer, the father of Mrs. Frank Busch, Sr. They were imported direct from Germany and distributed throughout the county but only B. Shipley, of Springfield, met with success, although he paid but small attention to the plants. The potatoes are hardy and will mature a month or 30 days earlier than the common variety.

Though Richard Olney is "aged," President Wilson seems determined to employ him in onerous and important work.

A COMPARISON

You wouldn't drink from a rusty tin cup with a clean glass at hand! Well then, why pay as much, or nearly as much, for a pump with a metal valve seat

AS FOR A

Myers Pump with the PATENTED GLASS VALVE SEAT?

Metal Valve seats may corrode or rust. GLASS VALVE SEATS CANNOT. Metal Valve Seats harden the check leathers quickly. GLASS VALVE SEATS DO NOT. The patent Myers Glass Valve seat is well protected and is as lasting as any metal seat and far superior.

IMPORTANCE OF HEALTHY KIDNEYS

Oregon City Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 50 years. You will make no mistake in following this Oregon City citizen's advice.

Mrs. Hattie J. Pace, 612 Twelfth St., Oregon City, Oregon, says: "Several of my family have taken Doan's Kidney Pills for back and kidney trouble and have had quick and lasting benefit. I feel justified in recommending this remedy."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Pace recommends. Foster-McLburn Co., Props., Buffalo, N. Y.
