At noon a basket picnic will be enjoyed and in the afternoon the rest of the program will take place, consisting of races, various contests and one of the most attractive features will be the Maypole dances by the pupils of the intermediate classes under the direction of their teacher, Miss Amerine.

Several good musicians have been engaged for the day. The public in general is invited to help make this, the opening rose show, a success.

GERMANS FROM ALL OF COUNTY GATHER

JUDGE GRANT B. DIMICK IS ENDORSED FOR GOVERNOR BY DELEGATES

The annual convention of the German societies of Clackamas county was held in Schnoor's pavilion, at Willamette Sunday afternoon. Hon. Gustav Schnoor presiding. Delegates from Mackeburg, Sandy, Canby, Oswego, Estacada, Aurora and Damascus were present.

Addresses were made by Chairman Schnoor, D. M. Klanssen and H. W. Streibig of Oregon City, and Frank Kraxberger of Mackeburg, all of whom were well received.

Judge G. B. Dimick was endorsed for governor and the mention of his name was the cause of enthusiastic cheering. W. A. Dimick for state senator and Hon. Gustav Schnoor for representative were unanimously commended as earnest and able advocates of the masses of the people in the last session of the legislature and worthy representatives of Clackamas county.

Frank Kraxberger received the endorsement of the convention as a candidate for representative in the coming election. In county matters no expression of preference was made, the sentiment, "let the best man win," prevailing.

At the close of the session the delegates were entertained by the Deutsche Verein of Oregon City with a German dinner.

CHILDREN DISTURB NESTS IS COMPLAINT

The state game and fish commission has been receiving numerous complaints that children have been disturbing the nests of game birds which nest in the fields.

The law provides that any one convicted of disturbing the nests of game birds shall be subject to a fine not under \$25 or to exceed \$500 or by a sentence in the county jail. The attitude of the commission is not of undue criticism. Deputy Game Warden Frank Ervin is making a personal visit to all the schools of the county and urging the teachers to impress their pupils with the fact that where a nest is broken up, it means the loss of several birds.

Eight men will be appointed by Warden Ervin to serve without pay to assist the regular wardens. The recommendation has been made to State Game Warden C. H. Evans and the following have been appointed: Harry Richards, Harry Long, Warren Cornell, of Portland; A. E. Kesler, and Ben Matthews of Gresham; Arthur Dowling of Milwaukie and Leonard Gardner of Canby. About four more special deputies will be appointed as soon as Mr. Ervin can decide on the right men.

FINDS LEG IS BROKEN LONG AFTER ACCIDENT

Charles Tonkin, of Damascus, was kicked by a horse about two weeks ago. Tuesday his leg pained him and he called Dr. Guy Mount from Oregon City. The doctor found that the bone in the leg was broken, much to Tonkin's surprise.

At the time the accident happened, Tonkin thought but little about it and continued on his work about his farm. During the last few days it began to hurt him and the pain grew until he determined that an examination was necessary. The injury is not serious.

A. J. HAER ARRESTED

A. J. Haer was arrested Tuesday by Constable J. E. Frost, charged with a statutory offense, alleged to have been committed on his daughter, Ida M. Haer, age 18 years; and the girl left Oregon City Tuesday to wed Charles Robertson. Mrs. J. Robertson, mother of Charles Robertson, swore out the complaint. The hearing was set for 11 o'clock Saturday morning by Justice Sievers, and Haer is held in the county jail as he was unable to raise \$1000 bail under which he was placed. He will probably enter a plea of not guilty although the officers claim that they have strong evidence against him and can prove that Haer had been carrying on such practices since his daughter was 11 years old.

1914 APPLES SOLD AT LOW PRICES; REPORT

A trade message from Los Angeles reports that a Pacific northwest shipping concern is already selling futures on the 1914 crop of apples. According to the message the concern was selling extra fancy Yakima Jonathans at \$1 per box f. o. b. Several dealers are alleged to have purchased the futures at the price mentioned.

If the news is true, and it could not be confirmed today because the reported selling agency has no office in Oregon, apple prices in the northwest will be exceedingly low at the start of the coming season.

In some quarters there has been a disposition among selling agencies to become frightened at the outlook for the record crop in the Pacific northwest and strenuous efforts are reported to have been made to sell a large portion of the expected tonnage pres- viously to the time of ripening. Other handlers are not trying to sell futures because much can happen to the crop or the market generally before the time for delivery arrives. Buyers who take hold at this time figures they are getting a snap or they would not take hold.

GRADE CROSSINGS TO BE REMOVED; PLAN COUNTY COURT WITH REPRESENTATIVES OF S. P. VISIT DANGEROUS PLACES

County Judge Anderson and Commissioner Smith with representatives of the Southern Pacific Railroad company visited three dangerous grade crossings along the line of the railway Tuesday morning, and plans were formed which will probably be carried out.

The first crossings visited were near Pulp Sliding between Oregon City and New Era. The wagon road at this point makes two dangerous crossings on the railway. It is probable that through the cooperation of the county court and the Southern Pacific the county road will be straightened and kept on the east side of the railway the entire distance.

The other crossing visited is between Oregon City and Parkplace. The county road at this point goes up a sudden grade, crosses the track, and then goes down a grade as suddenly to the original level. An overhead crossing, it is thought, will be installed.
