

# SOLDIERS' GRAVES FLOWER DECKED

FLOWERS ARE STREWN UPON RIVER IN HONOR OF THE SAILOR DEAD

## FORMAL PROGRAM OPENS AT 8 A. M.

Detail of Veterans Go to Cemetery to Lay Wreaths on Graves of Comrades — Children Gather at 10 A. M.

The people of Oregon City with bowed head and honest reverence paid respect to those who offered their lives in the battles of the great Civil war Saturday. Flags were at half mast in all parts of the city and parades and ceremonies all showed the solemn spirit manifest in the life of the town.

The formal program of the day began at 8 o'clock when members of the Woman's Relief corps and veterans gathered at the Willamette hall. From the hall a detail of the veterans went to the cemetery while others accompanied the members of the Relief corps to the suspension bridge where flowers were strewn upon the river in honor of the sailor dead.

At 10:30 o'clock pupils from the city schools gathered at the Shively Opera house where City Superintendent of Schools Toose and Father A. Hildebrand, principal of the McLoughlin Institute, addressed the students. Mr. Toose spoke of the reason for the Memorial day observance and in a general way outlined the purpose of the day. Father Hildebrand told of the republics of ancient times and compared Rome with the United States. He said that the reason for the greatness of this nation was the equality of the classes and for the final fall of Rome the inequality of classes.

All business life of the city ceased during the day, the majority of stores being closed all day and all, excepting a few of the drug and confectionary stores, shut their doors at least part of the day. The postoffice was closed although mail was distributed in the boxes as usual.

Hundreds of persons went to the Mountain View cemetery as well as other cemeteries in the country to decorate the graves of friends and relatives. A detachment of veterans went to the local cemeteries Saturday morning and the grave of every soldier was decked with flowers.

## SAILORS ON DECK OF SHIP TRAINING FOR SHORE DUTY

SAILOR SOLDIERS TRAINING ON SHIP

Training sailors for shore duty goes merrily on while the peace conference is trying to settle the Mexican situation. The picture shows how the jacksies in their white uniforms and carrying guns are marched on the decks of the ships. If war comes the sailors may be used to capture some of the ports again, just as they did Vera Cruz.

### RECIPE FOR ACQUIRING RICHES.

This recipe is not copyrighted—neither is it new.

Perhaps it is not well to give wide circulation, since moralists generally are agreed that the pursuit of riches is vain.

Still—

Since it cannot be denied that most persons desire riches for their children if not for themselves, it will do no harm to give again the one infallible, guaranteed method of acquiring a fortune.

Simply discover something which the world wants and supply the want. As a necessary preliminary, of course, must come the idea. The rest is easy.

The following story of a man and an idea is one of the latest stories of financial success:

The man's capital eighteen years ago consisted of \$32 and an idea. Not a very promising beginning perhaps. Many of us have as much as \$32, but few of us have the original ideas. This man had both, and he put them both to work. The idea was simply that of putting a new flavor into an article of general use. He knew the flavor when he was a boy and liked it, and he believed that other folks would like it if it were presented to them in the right way.

Now the man's \$32 has grown into \$9,000,000. Good interest—but not on the \$32. Alone and unaided, they could never have gathered into themselves any such accretion, even at the highest rate of interest paid.

But—

The \$8,999,968 interest has not been earned by the \$32. It is the fruit, the profit, of the idea. An idea pays big dividends.

It would be foolish to attempt to set down here all the stories of great financial success gained through the development of ideas. Every one who reads at all knows some of them. And every one has read the old and famous quotation, sometimes attributed to Emerson, about the world's wearing a path to the door of the man who can preach a better sermon or write a better book or make a better mouse trap than any one else.

There's the underlying idea. The world is willing and eager to give rich rewards to the pioneers in the land of thought.

The way to riches is not a blazed trail. You must make your path for yourself. All you need to widen the path into a great golden highway is an idea to act as guide and lead the way.

# PORTLAND HAS BIG FIRE; TWO DROWN

MILLS AND DOCKS ALONG WATER FRONT ARE DESTROYED BY BIG BLAZE

## LOSE IS ESTIMATED AT \$200,000

Flames Burst Like Explosion and Spread With Rapidity in All Directions—Origin is Disputed

PORTLAND, Ore., June 3.—James Sterling and Alex. Hahob were drowned while attempting to escape from the burning plant of the Northwest Door company, that structure was totally destroyed, Irving dock was considerably damaged, together with wheat stored in it, and buildings at the corner of River street and Alhina avenue, as well as dwellings on Larrabee street, were set afire as the result of a fierce blaze, at 5:10 o'clock tonight, the origin of which is disputed. The loss is estimated at \$200,000.

J. C. Deppenning, superintendent of the Northwest Door company, insists that a spark was blown across the ferry slip from smoldering embers from the fire of March 17, when Columbia dock No. 2 and Montgomery dock No. 1 were destroyed. These embers fell on a bench on the south side of the slip, he says, where the blaze originated. That the fire started at this point is also asserted by Jacob D. Deppenning, foreman of the plant and father of Superintendent Deppenning. L. O. Ross, of the Lewis estate, scout of such an explanation of the cause, declaring that every precaution had been taken against such an emergency.

As the fire centered in the Northwest mill, most of 75 men employed there, particularly those who responded to the mill whistle and manned hose, had narrow escapes. Some who were working in the basement made a strenuous effort to hold back the flames, but it is said that within two minutes they were driven out and forced to make their way to the first floor, all of which appeared to be burning.

Because of the wild scramble made from the plant all manner of reports started as to the loss of life, and at one time it was said six persons were drowned, with probably other caught in the burning structure. Officers of the mill corporation conducted a check as far as possible immediately after their men were out, word being passed from one to another in the crowd in many instances and while payroll records had been lost it was said by Superintendent Deppenning last night that the two drownings were the only deaths.

### ESTACADA ROAD IMPROVED.

The road leading from Estacada toward Springwater has been greatly improved during the spring and still further work will be done before the summer is past. The total distance of the road is about one mile and a half and the improved portion leads from Estacada to the top of the hill. Several large cuts and fills have been made and the grade has been greatly reduced in several places. The road for the distance is now 39 feet in width where before it varied. A mile of the road will be surfaced with gravel. The total cost of the improvement is about \$3500.

### Summons.

In the Circuit Court of the State of Oregon, for Clackamas County, Martha E. Harding, Plaintiff, vs. Louis Augustus Harding, Defendant. To Louis Augustus Harding, the above named defendant, In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled Court, on or before the 17th day of July A. D. 1914, said date being six weeks after the first publication of this Summons. If you fail to appear and answer, the plaintiff will apply to the Court for the relief prayed for in her complaint filed herein, which is for an absolute divorce (formerly dissolving the bonds of matrimony) now and heretofore existing between the plaintiff and the defendant, and for the care and custody of her minor female child Nancy Margaret Harding, aged six (6) months old, and for such other and further relief as to the Court may seem meet and equitable in the premises, and for her costs and disbursements herein. You will please take notice that this Summons is served upon you personally with a certified copy of the complaint filed herein; pursuant to the terms of an order in the above entitled suit made by the above entitled Court by the Honorable J. U. Campbell, Judge thereof, on the 4th day of June A. D. 1914, requiring that publication of this Summons be made once a week for six consecutive weeks in the Oregon City Enterprise, and requiring that the first publication be made on the 5th day of June A. D. 1914, and the last publication be made on the 17th day of July A. D. 1914.

BRADLEY A. EWERS, Attorney for Plaintiff, Suite 1122 to 1124 Northwestern Bank Bldg., Portland, Oregon.

# MRS. LYON'S AGES AND PAINS

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

### THE GIVING THAT IS DIVINE.

"I am tired," writes a man to the bishop of London, "of writing checks. Give me something I may do myself."

And so the bishop, mindful of the mass of festering misery which is included in his diocese, greater perhaps than any other corner of disease and poverty in the whole world, sent this man down into the depths to find and rescue if possible a brother man or sister woman.

It is service that is wanted there more than money.

Oh, yes, money is acceptable and gladly taken! It can buy food for the body and clothing and shelter. It can supply the prime necessities. It can often save from despair a human being, who, gazing at the slow, silent, magnetic flowing of the muddy river under the London bridges, feels tempted to cast himself, as so many others have done, into the mud and slime. But it cannot feed the soul.

That is why this rich man, "tired of writing checks," sought something he might do himself. He wanted to feel the weight of the cross his master bore. He wanted to go out into the highways and byways, as did the great exemplar, healing the sick, not with money, but with the laying on of hands.

Only thus are the sick in body and soul cured. The surgeon's instruments are made of steel, not gold. The poultices contain healing herbs, not bank bills.

Sign a subscription list for a worthy cause by all means! Give of your substance to the poor, even if you cannot take liberally the advice, "Sell what thou hast and give to the poor."

But above all, give yourself. It is the greatest gift. It is the divine gift.

What can you know of poverty and sickness and distress unless you learn it for yourself? There are paid investigators for such work? True, but they can win only for themselves. They have not and cannot have the power to convey to others that which they themselves see. It is not given to human beings to see such things through the eyes of another.

Direct action is needed most.

Let those who need feel that they are not only the recipients of so called "charity." Let them understand that the more fortunate are imbued with the idea of human brotherhood. That is the end and aim of all true philanthropic effort.

Habit is a cable. We weave a thread of it every day, and at last we cannot break it. — Horace Mann.

### The Handshakes of Youth.

Cultivate kindly those friendships of your youth. It is only in that generous time they are formed. How difficult the hindrances of after years are and how much weaker the grasp of your hand after it has been shaken about in twenty years' commerce with the world and has squeezed and dropped a thousand equally careless palms. — Tennyson.

# New York Walled City From Which Barons Have Ruthlessly Levied Tribute

By JOHN SKELTON WILLIAMS, Controller of the Currency

NEW YORK HAS BECOME THE COMMERCIAL CAPITAL OF THE COUNTRY, THE GREAT CITADEL OF THE MONEY POWER, THE RESERVOIR OF MONEY SUPPLY. IT IS THE WALLED CITY FROM WHICH THE BARONS HAVE LEVIED TRIBUTE ON A TERRITORY AND POPULATION VASTER THAN ANY LORD OR KING OF THE MIDDLE AGES DREAMED OF, YET SOMETIMES USING METHODS AS RUTHLESS AND SAVAGE AS THOSE OF THE FIERCEST OF THE ROBBER NOBLES—FORAYS AND LEVIES DEVASTATING BY SCIENTIFIC, ARTFUL METHODS, PILLAGING UNDER FORM OF LAW, SMITING WITH SWORDS WHICH BITE DEEP, ALTHOUGH WE CANNOT SEE THEM, CONSUMING WITH FIRE WHICH COMES INVISIBLE AND UNSUSPECTED. THE SIMILE SEEMS STRONG, BUT IT IS JUSTIFIED BY FACTS.

No sudden swoop by a feudal magnate on his peaceful neighbors was a more cruel or shameless plundering expedition than some of the transactions which have been brought to light by which the shareholders of railways and other great enterprises, established to build up the country and to promote the public interests, were despoiled. Their property and money were taken from them by the might of masses of money working stealthily.

Yet it would be foolish, unjust and wicked to hold New York as a community or her leading citizens generally, among whom are men as high and honorable as any country contains, responsible for the misdeeds, treachery and lawlessness of certain conspicuous offenders.

WITHOUT DOUBT THE OVERWHELMING MAJORITY OF THE CITIZENS OF OUR GREAT CITIES, AS OF OUR PEOPLE GENERALLY, HAVE VIEWED SUCH VIOLATIONS OF LAWS, LEGAL AND MORAL, WITH AS GREAT ABHORRENCE AS ANY OF US AND HAVE FELT THE BLUSH OF SHAME THAT SUCH CRIMES ARE POSSIBLE IN THIS ENLIGHTENED AGE AND UNDER THE FORM OF GOVERNMENT WHICH HAS ALSO PRODUCED OUR LONG PROCESSION OF HEROES, PATRIOTS AND STATESMEN.

# JACK TRIMBLE IS NEW COUNCILMAN

EMPLOYEE OF H. P. & P. CO. WILL TAKE THE PLACE OF FRED J. S. TOOSE

## MAIN STREET BIDS ARE OPENED

Property Owners Present Petition and it is Referred to City Attorney — Fred McCausland New Water Commissioner

Jack Trimble was elected by a vote of 5 to 3 over George Griffith, to be the councilman to fill the unexpired term of F. J. S. Toose, at the council meeting Wednesday night. According to the city charter, the two remaining councilmen from the ward in which the vacancy exists, are to recommend the candidate for the new member of the council. Long and Hackett in this case the two remaining councilmen, were unable to agree after several names had been suggested and Councilman Long nominated Trimble and Hackett George Griffith. Only one ballot was taken.

The new councilman-elect has been a resident of Oregon City for a number of years and lives on Ninth and Jackson streets. He is head bookkeeper for the Hawley Pulp & Paper company at the present time but has worked for several of the mills in this city.

A petition from the property owners was presented to the council asking that the street be repaved at the expense of the general fund of the city. With no ceremony the council promptly referred the matter to the city attorney.

Bids for the improvement of Main street were opened and the final selection of the pavement will be left with the street committee, which will meet with representatives of the paving companies at an early date. Each of the bids represent different specifications so that the committee will not judge the bids by cost alone. The bids follow: C. G. Rennells, concrete, \$1.35 a square yard, brick or concrete base, \$2.53 a yard, and brick on crushed rock base, \$2.58 a yard; Independent Paving company, asphalt-concrete with a 1 inch binder and 1 inch wearing surface, \$1.20 and the same with no binder but 2 inches wearing surface, \$1.25 a yard; Montague O'Brien, asphalt-concrete redress, \$1.30 a yard, and asphalt-concrete new pavement, \$1.89 a yard; The Construction company, concrete, \$1.35 a yard, and vitrified brick \$2.55 a yard; Warren Construction company, standard bitulithic, \$1.49 a yard, redress No. 2, \$1.45 a yard, and redress No. 1, \$1.59 a yard.

Fred McCausland was elected to serve on the water board, taking the place of James Roake. The vote stood 6 to 2 between McCausland and Roake. The term of water commissioner is three years.

The ordinance licensing automobile trucks came up for second reading but was postponed until the first regular meeting in July on account of the protest of Williams Bros.

The cigarette ordinance passed at second reading and will become a law with the signature of the mayor. The council instructed the city engineer to draw up an ordinance appropriating \$20 to buy fire hydrants. James Tracy was granted a permit to use the street and alley passing his property on south Main street to store material on while construction a building on his property there. An ordinance was passed changing the name of Moss street in Greenpoint to Greenpoint street.
