

BODY OF ASCHOFF FOUND IN SANDY

VERDICT OF CORONER'S JURY AT INQUEST WEDNESDAY IS SUICIDE

BOY DISAPPEARED WEEK AGO SUNDAY

Jack Humphrys, Manager of Fish Hatchery Locates Body in Eight Feet of Water—Funeral Friday

The body of Gustav Aschoff, the 19-year-old son of Mr. and Mrs. Adolph Aschoff of Marston, was found Wednesday afternoon by Jack Humphrys, manager of the fish hatchery there, in the Sandy river. The boy disappeared a week ago Sunday and the entire northeastern part of the county united in an effort to find him.

Coroner Wilson held an inquest Wednesday afternoon and the verdict of the jury was that young Aschoff committed suicide by drowning. The jury did not determine the cause of the boy's act but many neighbors of the Aschoff family are convinced that despondency resulting from a slight quarrel with his brother led young Aschoff to take his life.

The body was found in eight feet of water just above the dam on the Sandy. From the condition of the body, which was well preserved by the water of the river, it is thought that it had been in the water since the first of the month.

Several theories were advanced before the body was located. Some thought that the boy left for eastern Oregon where he intended to work, others believed that he was in Portland where one man claimed that he was seen, while still others held to the suicide theory. Bloodhounds, one belonging to Sheriff Word of Multnomah county, and the other the property of J. E. Van Ham of Milwaukie, spent several days in the wilds near the Aschoff home in a useless effort to find the direction taken by the lad.

Gustav Aschoff was born at Marston 19 years ago and spent all his life in that district. His father, Adolph Aschoff, owns a hotel at Marston and is one of the best known men in the entire Mt. Hood country. The funeral will be held Friday afternoon and interment made in the Riverside cemetery.

The word "intended." The word "intended" is too often used to imply "retrothod." It may have come to that misuse as an abbreviation of "intended bride" or "intended bridegroom." But, in the sense of "retrothod" the word "intended" is grossly misused. There is no such thing as an "intended" unless some one follows the term.—New York World.

HIGH COMPLIMENT IS PAID TO ROSE SHOW

BEST BLOOMS IN NORTHWEST, SAY THREE EXPERTS AFTER TRIP

That at none of the rose shows in the northwest were there roses superior to those shown at the Oregon City Rose Show was the statement of Alfred Tucker, E. B. McFarlin and J. Ladd, Jr., the judges of the local exhibition, who have been in Seattle and Tacoma to select the winning blooms. "There is nothing better anywhere," was the statement of one of the enthusiastic judges to Mrs. J. J. Cooke, president of the Rose society, the first part of the week. The blooms submitted at the Oregon City show by Mrs. L. L. Pickens were characterized by the judges as being perfect in color and the best of their kind they had ever seen.

BRUCK IS ACQUITTED IN CIRCUIT COURT

Joe Bruck, a farmer living near Willamette, was acquitted by a jury in the circuit court Wednesday evening on a charge of assault with intent to kill. The complaining witness was Mrs. J. Dehondt, a neighbor.

The state claimed that following a dispute over several of Mrs. Dehondt's cows which wandered over on Bruck's land, he pulled a axe on the woman and raised it to strike her and otherwise threatened her. On the other hand the defense claimed that Bruck drew the axe in self-defense. Several character witnesses were introduced by both sides of the case. County Attorney Hedges represented the state and J. E. Hedges the defendant. The verdict was reached about 8 o'clock.

There's no reason why lightning shouldn't strike twice in the same place—if it can find the place.

A Frog's Nest. In Brazil a species of tree frog constructs in the water a curious nest, or fortification, to protect its eggs and young from the attacks of fish. Starting at the bottom of a pond, the mother frog casts a circular, tubelike wall of mud which at the top projects above the surface of the water. In the water thus enclosed the eggs are laid, and when they have hatched out the frog's young are secure from enemies until they are able to take care of themselves.

OREGON CITY GETS FIRST PRIZE AGAIN

AUTOMOBILE DRIVEN BY FRANK PARKER CAPTURES HONORS IN CLASS

COMMERCIAL CLUB HAS ENTRY

Car Decorated to Represent Indian Basket and is Covered With Rambler Roses—Four Girls Ride

Oregon City captured a first prize for the second time in the Portland Rose Festival this year when an automobile entered by Miller-Parker company and driven by Ralph Parker secured highest honors in the out-of-town class in the automobile and vehicle parade Wednesday afternoon. The steamer Lane, owner by the Willamette Navigation company and filled with Oregon City excursionists took first prize in the marine parade Tuesday and the Ruth, owned by the same company, took second prize in the same event.

The Miller-Parker car was an Overland and was decorated largely through the efforts of Mrs. C. G. Miller. The body and wheels were completely covered with roses. A car was entered by the Commercial club but received no prize. This automobile was decorated to represent an Indian basket and rambler roses were used in carrying out the design. The committee, William Sheehan, R. T. McFain and M. D. Latour, et al, aided by Mrs. L. L. Pickens and Frank Sullivan, had charge of the Oregon City entry. The automobile was driven by Mrs. William R. Logus and four Oregon City girls, Misses Louise Huntley, Marie Sheehan, Marion Pickens and Alice Moore, rode.

The parade Wednesday was considered one of the best ever shown in any of the Rose Festivals, according to the many Oregon City persons who were in Portland Wednesday. This year the automobile and vehicle parade were combined.

Instead of trying to stir up trouble in this old world, let us get busy and help those who are in trouble and see how much we shall enjoy the change.

None Perfect. The other day an amusing thing happened at the boarding house where I eat. One of the female boarders, who has an awful appetite, took two pieces of cake at once when the dish was passed to her. Then she flashed her most winning smile on the waiter and said: "I suppose I am a perfect pig?" He did not laugh. But he came back at her with the quiet answer: "None of us is perfect."—Cleveland Plain Dealer.

CAPTAIN ANDERSON OF STORSTAD READY TO GO ON THE STAND

QUEBEC, June 10.—Captain Thomas Anderson of the collier Storstad, which rammed and sank the Canadian Pacific railway liner Empress of Ireland, will be one of the most important witnesses at the government inquiry which will start June 5. Anderson claims the Storstad put on full steam ahead after the crash in order to keep the ship closed, but that the Empress was under good headway and the Storstad was forced out. Captain Kendall of the Empress tells a different story, claiming his vessel was under no headway and that the Storstad backed away.

INQUEST HELD OVER BODY OF F. M. SWIFT

CORONER'S JURY DOES NOT PLACE BLAME FOR ACCIDENT MONDAY

Coroner W. J. Wilson held an inquest over the body of F. M. Swift, who died Tuesday morning as the result of a falling hoisting platform in the terminal yards of the Willamette Valley Southern, but did not place the blame for the accident. That death was due to injury received when the platform collapsed and that the platform's collapse was caused by the drag in the river catching on either a root or a log and the consequent sudden pressure on the platform, was the verdict of the coroner's jury. Employees of the railway company and doctors who attended Swift were called before the jury as witnesses.

The funeral of Mr. Swift will be held today. The first service will be held this morning at the home of the family on south Main street and then the body will be taken to Portland where services will be held at 1 o'clock in the afternoon. Interment will be in the Mt. Scott cemetery.

TWO HELD TO ANSWER FOR DEATH OF PIG

A pig belonging to the Nichols stock farm near Parkplace, which took a prize at the Stock Show here May 23 was killed sometime early Wednesday morning and Sidney Cole and a man giving his name as "Richard Rowe" are held in the county jail to answer for the crime. Cole, the officials claim, has confessed, and a third man, giving his name as "John Doe," is held as a witness against the two.

Two charges will probably be filed against the men as it is charged that they only stole the pig, but also broke in one of the outbuildings on the farm and stole several tools. The loss was discovered Wednesday morning by E. Barnett, manager of the farm, who found the two men in a shed near the swine pens. The body of the pig was covered by a sack. Barnett notified the sheriff's office and Sheriff Mass and Deputy Miles went to the farm. Miles located the two in the brush near Parkplace. The pig was bought from Judge Grant B. Dimick recently.

Saving a Drowning Person.

In trying to save any one who may be drowning a swimmer should never approach the victim in front, as a drowning man will clutch at a straw, and he will grab the would be rescuer and drown both, but the swimmer should dive under him and seize him from behind. Should he struggle, the rescuer has to be cruel only to be kind, so he should strike him between the eyes, stun him and tow him ashore. A drowning man always comes to the surface twice before he drowns, because it takes about that time for water to fill the lungs, and that forces the air out. As long as any air remains in the lungs the body will float.—Philadelphia Ledger.

Born Diplomat.

"Harry, I am beginning to believe the baby looks like you." "Are you, dear?" "Yes, I notice it more and more every day. I'm so glad." "Do you really want him to look like me?" "Of course I do. I've been sorry ever since we had him christened that we didn't give him your name." "Sweetheart, you don't know how happy you make me by saying that." "And, Harry, dear, I found the loveliest hat today. I don't believe I ever saw anything that was so becoming to me. It's \$35. Do you think I ought to pay that much for a hat?"—Chicago Record-Herald.

CITIZEN'S LEAGUE IS NOW PLANNED

PETITION CALLING FOR MASS MEETING SIGNED BY 400 CITIZENS

DATE OF GATHERING IS JUNE 20

Object of Proposed Organization is to Give Oregon City a Better and More Responsible Government

A petition, calling for a mass meeting to consider the organization of a better government league in Oregon City, and signed by Mayor Luan E. Jones, City Attorney Schubel, City Recorder Loder, and four councilmen as well as about 400 citizens, has circulated by W. E. O'Donnell. The time for the proposed meeting is June 20. It is stated in the petition that the purpose of the proposed organization would be to give Oregon City a better government in a more economical way. A new charter or, at least, charter amendments are the ways suggested by O'Donnell to make the present system efficient. "The fault with the city government as it stands at the present time is not with the men but with the system," said Mr. O'Donnell Wednesday evening. "The city charter as it now stands is the sole cause of the trouble. I do not find fault with any of the councilmen, the city executive, or other officials, but I do criticize the wasteful and inefficient methods forced on the people by the charter. I want all factions to gather at this meeting and I want all the factions to forget small personalities and fights for the good of the city. I am not backed by any group of persons but by myself have set out to attempt to bring together all the contesting groups of citizens to work for better government. The Portland Journal hinted that I am backed by some selfish interest. This is not so and I am at a loss to learn where this impression was gained as in a talk with the local correspondent for the Journal I did not say this. I am doing this work at my own initiative and do not expect a reward of any kind. "The Seventh street elevator, sewers and street work all through the town, and many legal troubles carried into the courts, and the red tape of the present system all bear evidence to the lack of responsibility of the present plan. It is to discuss these defects in a fair way and to attempt to learn the cause that this meeting is to be held. Mr. O'Donnell says that he has lived in Oregon City for the greater part of the last 12 years and that he is a property owner here. For about 15 months he has been in the employ of the city.

Mr. O'Donnell says that he has lived in Oregon City for the greater part of the last 12 years and that he is a property owner here. For about 15 months he has been in the employ of the city.

In The Social Whirl

Current Happenings of Interest in and About Oregon City

A PRETTY church wedding was solemnized Wednesday morning at 8 o'clock when Miss Cora Margaret Bauer and Joseph Muench were married by Rev. A. Hillebrand at St. John's Catholic church, in the presence of relatives and a few intimate friends. The bride was pretty in a charming gown of white crepe de chine, with shadow lace over-drape. She wore a wreath and veil, the veil full length of her gown and carried white carnation. Miss Muench, sister of the groom, as bridesmaid, wore a beautiful dress of white silk voile and carried white carnations. Mr. William Jordan of Portland was best man. Mrs. Muench is the daughter of Mr. and Mrs. N. Bauer of Montana and has resided the past two years with her aunt, Mrs. E. Schulz at Greenpoint. She has during her residence in this city made many friends. Mr. Muench is the son of Mr. and Mrs. M. Muench, well known residents of West Linn, where he has resided the greater part of his life. He has many friends and acquaintances throughout the county. Following the wedding ceremony a wedding breakfast was served to the relatives at the home of Mrs. E. Schulz in Greenpoint. Mr. and Mrs. Muench left for a short wedding trip to Seaside and Astoria, upon their return they will make their home in West Linn.

"OZARK SCENIC CIRCLE."

Missourians Propose an 800 Mile Automobile Highway. Missourians are planning to build an automobile highway 800 miles long, which is to be known as the "Ozark scenic circle." It will begin at St. Louis and run southwest to Arcadia, where it will bend through the Ozark mountains, emerging from the hills at Springfield. From this point the road will run to Sedalia, thence to St. Louis. There will be an inner highway, which will be approximately 400 miles long. Along these roads are thousands of places for every conceivable sort of outing pleasure—canoeing, boating, bathing, fishing, hunting and mountain climbing. Persons living along the proposed route say it is destined to become as popular as the Catskills or the mountains of Virginia. The Ozarks offer as grand vistas as the Rocky mountains without their rugged aspect. The blue hills stretch out into hazy distances, with rivers flowing between. All of bass, perch and other fish. The deer still wander in the forest, and wild turkey, quail and other feathered game abound.

Montana Active in Road Work.

According to figures issued by the state highway commission of Montana, the counties of that state spent nearly \$2,000,000 on road and bridge work during 1913. Missoula county led in road work with an expenditure of \$91,527.92, with Dawson county second. Custer county spent more than any other county on bridges, having expended \$83,015.91 for that purpose. It is expected that more improvements will be made on the highways in 1914 than last year.

An Insinuation. Bix—I've had this umbrella eight years. Dix—That's long enough. You should return it.—Boston Transcript.

THE WORLD'S PRAISE.

Does some bubble of fame torment you? Then fix your gaze on swift oblivion, on the gulf of infinity this way and that, on the empty rattle of plaudits and the undiscriminating fickleness of professed applause, on the narrow range within which you are circumscribed. The whole earth is but a point, your habitation but a tiny nook thereon, and of all those on the earth how many are there who will praise you?—Marcus Aurelius.

JACK LONDON, AUTHOR, TAKEN SERIOUSLY ILL ON DUTY IN VERA CRUZ

VERA CRUZ, June 10.—Jack London, the author, who has been in Vera Cruz as a war correspondent, is very ill of intestinal trouble. Dr. A. R. Goodman of the City of Mexico, who is attending the writer, said his condition was serious.

RECOUNT GIVES LEAD OF 7 TO BENSON

PORTLAND, Ore., June 10.—Special accountants employed by Judge Benson in rechecking the Multnomah county vote on the supreme judgeship primary contest today finished their check, save for the final footings, have discovered that McNary had been credited with 20 votes too many. This, if the count is correct, would throw the Republican nomination to Benson, as the previous count had shown an apparent lead of 13 for McNary. Judge Benson this afternoon admitted that the discovery of the 20 votes too many in McNary's figures apparently made Benson the nominee, but said this would not definitely be known until the final footings had been made.

COMPROMISE GRANT PASSED BY COUNCIL

A franchise in which all the points at issue between the Clackamas County Gas company and the town of Gladstone were compromised, passed its first reading at the meeting of the Gladstone council Wednesday night and will come up for final passage the latter part of the month. The new franchise provides that the rate for gas shall not exceed \$1.40 a thousand feet in place of \$1.50 as the company at first demanded and \$1 which the city asked. The life of the grant will be 25 years and not 50 as was the case in the original request. The city has the right to purchase all gas desired for municipal purposes at a rate not to exceed 50 cents a thousand.

Information asking for the arrest of Odell, was received by Sheriff Mass Wednesday afternoon and Deputy Miles was sent out on the case, but as soon as Odell learned that he was wanted he came from his ranch north of town and surrendered himself to the officials.

WEATHER KILLS PLANS FOR ATHLETIC EVENT

There will be no attempt to set another date for the annual Clackamas County School league track and field meet after two postponements had been made necessary by the weather. This was decided Monday afternoon at a meeting of the executive committee of the league. The first date set was May 23, but the weather caused a postponement to June 6 when the track and field was in such condition that the events could not be properly staged. The championship among the grammar school baseball leagues lies between Needy and Oak Grove. If the schools desire, a date will be set to play out the tie, but this matter will be left entirely with the two schools concerned.

OAKS CHANGE MANAGER TYLER CHRISTIAN WILL SUCCEED ARTHUR DEVLIN

PORTLAND, Ore., June 8.—Tyler Christian and his Oaks will arrive from San Francisco tomorrow to open up a six game series with the Beavers. Christian succeeded Arthur Devlin as manager of the Commuters, when Christian was asked to step out because of dissension in the rank and file. Christian has been with the Oaks some seven years, having come from Texas. Tyler was prominently mentioned as manager of the club last year, but the job was given to Honus Wiltz, who was a failure as a leader because he had no executive ability. Mitze was succeeded last fall by Devlin, whose baseball knowledge is admitted, but who was too much of a martinet to suit the Oakland players. Christian is one of the brainiest players in the Coast league and his work ought to show soon with the Oakland club. McCredie will probably start Harry Krause against the Oaks, who are making their second trip of the year to Roseland.

WEEKLY June 12 to 14 WEEKLY

Pennant Coupon

CORNELL for YALE Cut out this coupon and present at the Enterprise office, 6th and Main Sts., upstairs, with 15 cents to cover cost and receive one pennant size 12x30. Standard Grade felt in staple colors with felt ties. Pennants changed every Wednesday and Saturday. We issue two different pennants at a time. Pennants by mail, send 5 cents extra for each pennant to cover mailing and handling. 1 coupon entitles you to two pennants at 15c each. WEEKLY ENTERPRISE 6th & Main Sts. Oregon City, Ore. Total cost by mail, 20c each

WEEKLY ENTERPRISE 75c A YEAR. WEEKLY ENTERPRISE 75c A YEAR. COMBINATION OFFER NO. 1. We will send you the Daily Enterprise and the Western Stock Journal by mail for one year for \$3.00.
