

LARGEST CLASS LEAVES O.C.H.S.

COMMENCEMENT EXERCISES ARE HELD IN THE SHIVELY OPERA HOUSE

FLETCHER HUMAN MAIN SPEAKER

O. D. Eby, Chairman of School Board, Reviews Progress in Local Schools During Last Five Years

The largest class which ever graduated from the Oregon City high school gathered at the annual commencement exercises in the Shively Opera House Thursday evening.

Fletcher Human, president of the Willamette University, addressed the class. His advice to the graduates was to pick a definite aim in life and devote all energies to gain that object.

The only other address of the evening was on delivered by O. D. Eby, chairman of the school board, who also presented diplomas.

The program was opened by a song, "Morn Rise" by the girls' chorus of the school which was followed by the invocation by Rev. E. A. Smith.

The class day exercises were held in the morning at the school. Two trees, planted several weeks ago by the class, were dedicated.

The graduates are: Albert Allison, Charles Fountain Beattie, Elbert Charman, Alice Christina Downer, Ethel Delma DeBok, Everette C. Dye, Harless Ely, Hazel Louise Parr, John Halston, Elton Mumpower Hatton, Joseph Charles Hedges, Lisle A. Gault, Clinton J. Griffin, Clyde William Green, Norma Holman, Lyles Irvin Kellogg, Etta Ruth Lusk, William August Lettenmaier, Hazel Claire Lambins, Ray August Morris, William Dykstra Miller, Clara Leona Newman, Rae Charles Newbury, Hush Chares Olds, Clarence Orem, Helen Mordersle Painton, Mildred Martha Ream, Catharine Martha Reitsma, Ralph Wendell Smith, Albert Joseph Soboth, Grace Catharine Schuebel, Albert Victor Viershu, Edith Berna Wanke, Cordella Helen Wiewesick.

Two first and one second prizes were captured by Oregon City entries. The steamer Lenz, owned by the Willamette Navigation company, won first prize in its class in the marine parade Tuesday.

In the automobile parade the entry of the Miller-Parker company was judged to be the best out-of-town car. It was driven by Ralph Parker and filled with young women from Oregon City.

The entries in the street events were not the only way that Oregon City and Clackamas county were represented at the Rose Festival.

In the big morning parade Friday the local lodge of Moose and of Redmen were represented. Each of the organizations chartered a special car to make the trip to Portland and at their in their neat and attractive uniforms they made one of the features of the Friday parade.

Quick action by the fire department was all that saved the home of Charles Berry on the corner of Tenth and John Q. Adams streets when a fire, caused by an overturned oil stove, did damage to the extent of about \$1000.

The fire was first noticed about 9:45 o'clock and within a few minutes several companies were on the scene of the blaze. Even though the response was quick the interior of the building was almost gutted, so rapidly did the fire spread. Mr. Berry is an employee of one of the paper mills.

"Clean Up the Bowels and Keep Them Clean"

There are many remedies to be had for constipation, but the difficulty is to procure one that acts without violence. A remedy that does not perform by force what should be accomplished by persuasion is Dr. Miles' Laxative Tablets. After using them, Mr. N. A. Waddell, 183 Washington St. Waco, Tex., says:

"Almost all my life I have been troubled with constipation, and have tried many remedies, all of which seemed to cause pain without giving much relief. I finally tried Dr. Miles' Laxative Tablets and found them excellent. Their action is pleasant and mild, and their chocolate taste makes them easy to take. I am more than glad to recommend them."

"Clean up the bowels and keep them clean," is the advice of all physicians, because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper curative measures. Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money. MILES MEDICAL CO., Elkhart, Ind.

Moose and Redmen March in Parade Friday - Town Deserted While Festivities Continue on Closing Day

From the time the Portland Rose Festival opened Tuesday with the big marine parade to the dancing on the street of that city Friday night after the electrical parade, Oregon City and Clackamas county played a prominent part in the annual festival days.

VILLA QUILTS HIS HIGH REBEL POST

LEADER OF NORTHERN ZONE IG-NORES ORDER FROM HEAD-QUARTERS

CARRANZA'S OFFICES ARE SEIZED

General Stays in Torreon Although He is Ordered to Proceed to Zacatecas - Natera's Rout is Reported

EL PASO, Tex., June 18.—Reports that General Villa had resigned as commander of the northern military zone were confirmed partially here tonight. Carranza's offices at Juarez were confiscated by Villa supporters tonight. Similar confiscations are authentically reported to have taken place at Chihuahua City and at Torreon, where Villa remained today.

Just after the bureau of information at Juarez had announced to the American press the receipt of a message from the front above Zacatecas, Colonel Ornelas' soldiers entered the telegraph office and bureau and ordered that no paper be touched.

An American newspaper man was seated in the information bureau when the soldiers burst into the room. They ordered Perez Abrea, in charge of the bureau, not to touch a paper. The same soldiers, in personal command of the Juarez commander, shortly before had taken over supervision of the telegraph office adjoining.

The American finally slipped through the line of soldiers and arrived here. This action today followed conflicting reports from the south regarding the failure or success of troops under General Natera. Carranza appointee, in attacking Zacatecas. From Natera official reports had said that the attack was progressing successfully, while from other sources details were given out Natera's rout.

General Villa, in the meantime, has remained at Torreon, although ordered to proceed to the assistance of Natera by General Carranza. It was said today by Carranza officials that Angeles, the constitutional secretary of war, had left Torreon today with 5000 of Villa's troops, including a full division of artillery. Natera had complained of lack of cannon.

VILLA RESUMES FORMER POWER

MILITARY HERO GAINS POINT AGAINST REBEL CHIEF CARRANZA

THREATENED SPLIT IS AVERTED

Demonstration of Officers Awes Carranza - General Angeles Believed to be Huerta's Successor

WASHINGTON, June 17.—Official information reaching the Washington government tonight from Consul Edwards at Juarez said General Francisco Villa and General Venustiano Carranza, leaders of the rebels in Mexico, had patched up their difficulties and Villa would proceed to take charge of the military movement against Zacatecas where the revolutionary forces recently met reverses.

That General Villa had determined on a break with Carranza and had demonstrated his attitude by imprisoning some officers in the first constitutional chief's command was verified in reports to the state department today. It is declared, however, that the break was originated, and the conqueror of Torreon and Saltillo would command the military advance against Huerta from this time without interruption.

The internecine dispute in the Mexican revolutionary ranks, while mentioned at Niagara Falls last, had stirred officials here, but Consul Edwards' message served to relieve anxiety. Other official dispatches received were to the effect that all the principal officers of the revolutionary movement sided with Villa in his differences with the constitutional first chief, over methods of procedure in the campaign, and that Carranza had agreed that Villa should take supreme command in the military operations against the Huerta government.

According to the official dispatches, the difference between Carranza and Villa arose over the attack on Zacatecas. General Carranza, it was said, insisted that General Natera should lead the assault and mapped out plans which Villa did not support. Villa insisted, according to reports, that the leader of the constitutional chief, forces was being influenced by ambitious politicians in the revolutionary movement and determined that the only way to meet the situation was to resign his command as chief of the military forces in northern Mexico.

FIRST SHIPMENT OF PEACHES IN MARKET

PORTLAND, Ore., June 18.—First Oregon peaches of the season have been reported on the local market. The shipment consisted of two boxes and was sent forward by A. P. Altmatt of Rufus. The stock was in good shape for first offerings.

Southern beaches are finding sale from \$1.15 to \$1.25 a box with most of the business around \$1.25.

Reports from Pacific northwest points just to hand indicate that the peach output this season will be somewhat below earlier expectations. According to the reports the dropping in the Yakima section has been unusually heavy and considerable loss is shown in practically all of the leading districts. The total output of the northwest is likely to be less than a year ago.

HISTORIC STONE OF SCONE CHIPPED

Throne Itself is Not Injured—Members of Parliament Rush into Street at Noise of the Explosion

LONDON, June 11.—Suffragettes today exploded a bomb under the coronation chair in Westminster Abbey. It was reported that the historic stone of Scone, on which all English rulers are crowned, was chipped but it was said the damage was not serious.

The police immediately drew a cordon around the abbey, and two women were arrested as they were trying to leave it. That they had anything to do with the explosion, however, was not known.

Of the explosions there were two, the first of them premature. Both occurred in the chapel of Edward the Confessor, where the coronation chair and the stone of Scone, originally an emblem of Scottish royalty which Edward I of England brought back with him to London after one of his forays into the north, are kept.

The stone was believed to have received the force of the blast, for the chair was not much damaged. Just before the explosions occurred Home Secretary McKenna, addressing the house of commons, which holds its session in Parliament house, adjoining the abbey, had been defending the administration's suffragette policy.

The authorities, he said, objected to letting the militants starve themselves to death in prison, to deporting them or to shutting them up in asylums, but it was the intention to bring civil suits for damages against every subscriber to the Women's Social and Political Union, the suffragettes' central organization.

Of these subscribers it was reported a list was secured by the police when they raided suffragette headquarters in Tottenham last week.

The "red" movement, by which suffragette prisoners are released from jail when hunger striking threatens their lives and rearrested as soon as they have had a few square meals, McKenna declared was already reducing the number of militants.

He begged the newspapers to advertise suffragette demonstrations as little as possible.

As the home secretary was concluding the sound of the explosion in the abbey was heard. For a time there was wild excitement, many of the lawmakers fearing an attempt was being made to dynamite Parliament house.

PRESIDENT DEFIES BUSINESS 'LOBBY'

LEGISLATIVE SCHEDULE IS NOT TO BE HELD BACK, SAY OFFICIALS

CHIEF EXECUTIVE IS NOT DAUNTED

Move of "Interests" to Have Congress Adjourn is "Called" by Wilson - Campaigning of Letters Exposed

WASHINGTON, June 15.—President Wilson came out today with a flat declaration that, despite what he characterized as a deliberate campaign by certain interests to bring about an adjournment of congress and postponement of the administration's trust legislation programme, he would use every influence at his command to get the pending bills through the senate at this session.

Choosing his words carefully, the president disclosed his belief that organized distribution of circular letters and telegrams among business men, members of congress and other public officials, calling for an adjournment of congress, a halt in the trust bills, an increase in freight rates for the railroads and a "rest for business" was responsible for what he recently described as "psychological depression."

In support of that view the White House made public copies of such letters and telegrams which have been brought in by friends of the administration. One of the letters which fell into the hands of White House officials was circulated by the Simmons Hardware company, of St. Louis, under date of June 9.

MILITANTS EXPLODE BOMB IN ABBEY

AMENDMENT TO TOLL REPEAL BILL LOST

VOTE IS 50 TO 36 AGAINST PROVISION STATING STAND OF UNITED STATES

WASHINGTON, June 11.—The senate this afternoon rejected, 50 to 36, the Works amendment to the Panama canal tolls repeal bill, providing that the collection of tolls from American ships should not be construed as depriving the United States of the right to exempt these ships in future whenever it pleased.

Administration officials spoke today of the senate's adoption, 50 to 24, at last night's session, of the Simmons-Norris amendment to the Panama canal tolls repeal bill as a victory for repeal.

The next step, it was said, would be to vote down all other amendments, after which the bill will be passed.

A final vote on the repeal bill was expected this afternoon, though it was admitted there were two things which might cause delay. One was Senator Brandegee's scheduled two hour speech in the bill's favor. The other was the prospective fight over the inclusion of an arbitration section in the measure.

Senator Norris gave notice that he would attempt to have such a section included. Few of the bill's real supporters oppose this, most of the objections coming from senators like O'Gorman and Lorah, who oppose its passage, no matter how amended.

PRESIDENT HAS THE TOLLS REPEAL BILL

WASHINGTON, D. C., June 13.—President Wilson was expected today to sign the Panama tolls repeal bill Monday. That he would express the opinion that the amendment adopted Thursday by the senate, and concurred in by the house Friday, was unnecessary was considered likely. However, having gained, essentially, what he wanted, it was deemed certain that he would accept the measure as amended.

The house yesterday, by a vote of 216 to 71, accepted the senate amendment specifically reserving all rights of the United States may have under the Hay-Pauncefote treaty or otherwise. Twenty Democrats voted against the motion to concur in the amendment. Thirty-seven Republicans and three Progressives joined the Democratic majority in supporting the measure.

WILSON ON OREGON TO LEAD FLEET IN CANAL

WASHINGTON, June 13.—Secretary of the Navy Daniels announced today that President Wilson will sail March 5 from Hampton Roads to lead the international fleet through the Panama canal. From Panama, Daniels added, the president would go to San Francisco to visit the 1915 exposition.

The chief executive will make the trip to the isthmus on one of the new dreadnaughts, but will take the bridge of the battleship Oregon for the trip through the canal.

He will be accompanied by the entire cabinet and by committees from both houses.

20 STABBED ON LINER BY INSANE ITALIAN

PUNTA DEL GARDO, Azores, June 13.—The White Star liner Canopic arrived here today with 20 of its passengers suffering from stab wounds, inflicted by an Italian also a passenger, who went suddenly insane on the voyage from Boston and ran about wielding a knife until overpowered by members of the crew. Five of the wounded were in a serious condition.

2 KILLED AND MANY INJURED IN WRECK

LOS ANGELES, Cal., June 13.—Two were killed and 23 injured in a wreck last night at Bagdad, Cal., when an east-bound Santa Fe limited train ran into an open switch and crashed into a freight train on the siding. Seventeen of the injured and the bodies of B. M. Cram and Charles Beldin, of San Francisco, the two men killed, were brought aboard a special train which arrived at 9:50 a. m.

The limited was in charge of Engineer A. Crase. The engineer of the freight was L. T. Vanderbeck. Both escaped injury.

It was reported at railroad headquarters that the wreck was caused by an open switch leading into the siding on which the freight train stood to let the limited pass.

COLLINS OFFERED LARGEST SALARY

CHICAGO, June 15.—Eddie Collins, second baseman of the Philadelphia Athletics, was offered yesterday, according to a story printed here, the largest salary ever given a ball player if he would join the Brooklyn team of the Federal league. Collins would not name the figures except to say they were not less than \$25,000 a year.
