This is the largest class ever graduated from this school and the event was one of pleasure and satisfaction to all. Supervisor Vedder made the opening address, which was followed by an interesting program given by the members of the school and their friends. Rev. Foster addressed the class, and the Misses Bailey gave a splendid quartette and were forced to respond to a rousing encore. The

class prophecy, by Claire Say, was interesting and entertaining, and the valedictory given by Mena Batalgia was splendid, displaying thought and capability. Little Helen Graham and Audrey Wood delighted the audience with a song, and gracefully presented the bouquets to the graduates. A picnic dinner, followed by a ball game between the Hood View team and the married men of the district, concluded a delightful and enjoyable day. STAFFORD Since arriving in Tillamook County we have spent our time after the four days' rain was over, running about seeing the country, meeting a few acquaintances, eating shell fish, etc., cooked in various ways, the last one always the best, went to Oretown Grange on Saturday, the 27th, and met a host of the best representatives of that neighborhood, noted the wonderful changes in the country since first Mr. Gage, one of our party, spied out the land in 1853, when but few white people had penetrated to the Pacific Coast in this part of the world. Whereas now, modern school-houses and churches, fine farm houses, barns and nice surroundings are seen on every side, and well-dressed, intelligent, wide awake people met everywhere, many of them educated at our state university, agricultural college and normal school.

One day a party of ten of us started at 11 a. m., passed through Cloverdale, Hebo, Beaver, Hemlock, South Parasita, the last being the place where Mr. Gage took a squatter's claim in 1854, built a cabin, dug up a garden and planted it, but a frost came one night and nipped his beans to the ground. His supplies which were to come from Oregon City, failed to materialize, so somewhat disheartened as ammunition was getting low, he started out, meeting a wanderer going in with a wife and five children, to whom he gave his

rights, improvements, etc., and incidentally we might mention that he met him afterwards in the California gold diggings and learned that the beans and stuff came on beautifully and helped the family out through the winter and in the spring he traded the place for fourteen head of near-year-olds in the Willamette Valley, drove them to California and had just sold them for \$1,400, but now that place on South Parasita could not be bought for twice that many thousands.

We stopped in a beautiful shady place by a sparkling stream, made hot coffee and partook of a beautiful and appetizing lunch with cream for our coffee, prepared by the willing hands of our hostesses, Mrs. Arden Gage and her daughter, Mrs. Franklin, then on to Tillamook City which, contrary to our expectations, is built upon a flat out of sight of the sea, but with wide paved streets and all modern improvements and autos hurrying everywhere. After a short stop we went to Hay City, a little place overlooking Tillamook Bay, where one can take many any kind of a boat over to Hay Ocean, where one has a view of both the ocean and bay as the name implies. After a short stop here, on to Garibaldi, passing through Hobsonville, near which one auto driven by C. A. Sweek, just missed running over an old squaw with a huge load of wood on her back, who jumped in a panic almost into the machine when she heard the horn, and a dog scurried to the other side and hit the fence, passed through barriers, the lifesaving station and a favorite resort, where a stop was made to watch the dancers in a big tent. On the return went up the Miami road a short distance to watch the hoisting machine lift up seven cars one by one, and turn them around, then lift huge rocks into them, then we struck out for home, arriving at 7:30 p. m., not overly tired and having traveled 98 miles. The county is hilly and wooded, with countless streams hastening to the sea, and the fat cattle which furnish the rich milk for the numerous cheese factories, where the far-famed Tillamook cheese is made.

On Tuesday morning Mrs. O. Z. Holton, of East Portland, joined our party having come in with her nephew, Will Gage. M. A. GAGE.

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo.—"I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere. It has helped thousands of women who have been troubled with displacement, inflammation, ulceration, tumors, irregularities, periodic pains, backache, and bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

Miss Wolcott being a granddaughter of Major T. S. Clark, of this place. Miss Ethel Hart assisted at a large 500 party, given by Mesdames Frank and William Hodulka, of Vancouver, last week, when over 400 guests were entertained by these well known society folk. The children's day program of excellent songs and music at the Balford hall on Sunday, June 21st, has received favorable comment by those who attended. Among the numbers of the program was the love story of Isaac and Rebecca, by Mrs. H. N. Smith, who is such a delightful story teller, pleased the children very much. Little Marie Morse, who is but three years of age, gave a recitation as did also Elva Eades, Vivian Spooner and Casper Sanders. The dialogue by six boys on the Club Organizers, was well rendered. The Children's Day Acrostic, by eleven of the primary tots was heartily received. The dialogues of Flowers by six of the primary pupils and What the Flowers Say by six girls of the intermediate class were splendid, each were dressed to represent a flower. There were songs given by the Junior Teachers' Training class, the Juniors and also the Intermediate classes. The closing remarks by Rev. H. N. Smith closed the program. The room was beautifully decorated with ferns and flowers.

The Sunday School is increasing, although a number of families have recently removed from our midst, who were workers in the school which has recently been organized. The hour of service being 9:30, a cordial welcome is extended to all. Mr. and Mrs. Will Deal have returned after spending the week with friends at Philomath, Oregon. An invitation to come on July 4th to the Jennings Lodge school house and grounds, where there will be speeches and sports and refreshments and a good time for everyone. Please fill up your basket with good things to eat, come and join the crowd and get better acquainted. In the evening a committee of G. W. Card, Milton Potter and Hugh Roberts have arranged a dance at the Balford hall. A program of sixteen numbers with a prize waltz and a grand march have been planned to commence at 8:30. General admission, 25c. The picnic as well as dance is not a money-making proposition, but a get-together for a pleasant time. Mr. Kitchem is visiting at the home of Mrs. Carl Smith. Mr. Kitchem is organizing the Delphin Reading Circle and was present at the Parent-Teachers' Association on Friday, June 26th. One of these Circles have recently been organized in Oregon City. The social given by the Parent-Teachers' Association on Friday was a success. The school was very prettily decorated and the decorations throughout were suggestive of the flag for this was given out as a flag social and the number present were not disappointed. In one corner of the room was Betsy Ross making a flag and on each corner were the red poppie, the white daisy and the blue corn flower. The walls were draped with flag white baskets of the same red, white and blue flowers predominated everywhere. The piano decorations of fire top, daisies and blue bachelor buttons was another attractive feature of the decorations. The salute to the flag, singing of the Star Spangled Banner, and the six essays given by LeClaire Ostrom, Dora Roethe, Ruth Cook and Minnie Roethe, Beattie Roberts and Elva Eades, on the flag were splendid, and hard for the judges; Miss Elizabeth Warren and Mrs. Carl Smith, to decide. Miss El-

va Eades receiving head prize and Beattie Roberts and Dora Roethe, the two next prizes and a small prize given to each of the others, whose essays were all splendid. Perhaps the best number on the program was the flag drill under the direction of Mrs. Dow, accompanied by Winnie Kern on the piano. After the singing of America, liberty frappe was served by Mesdames Jones, S. Dow and Mrs. Hugh Roberts, who were the June hostesses. Mr. S. P. Dow will arrive on Saturday from St. Paul and Mrs. Dow and children will accompany him home, going enroute home through Canada. Mrs. Dow and little girls have been visiting her mother since March. The Parent-Teachers' regular meeting the second Friday of July has been postponed so all may be able to attend the Chautauqua. The C. C. Michener family are soon to remove to Hillsboro. This is regretted very much as the LeClaires has lost a number of families recently. Constable Frost, of Oregon City, was a business caller last week. Dr. Pardey, of Blairtown, Iowa, gave a talk on Friday afternoon at the hall to women only. The forty present reported the best of its kind that they had ever listened to. George A. Ostrom has recently returned from LaGrande, where he delivered an address. The George A. Ostrom family entertained at dinner on Saturday evening. Dr. Pardey, Messrs. Noble, LeClaire, Morley and Dr. Pardey, Sr., all of Iowa. The Hiz Medicine Co. closed a week's engagement at the hall on Saturday evening. The Drs. Pardey and son made many friends while here. They take this method of advertising their medicines. After a talk by the celebrated doctor a comedy was given. This was followed by the voting on the most popular young lady and Miss Ethel Hart received the largest number of votes and was given the diamond ring. In the pie eating contest one of the contestants received a fountain pen, those contesting being Carey Deiter, Arthur Roberts and John Long of Oak Grove. Clyde Nowell was the most popular bachelor. Mrs. Battdorf were the oldest married couple present, as well as having the largest family present and two prizes were awarded to them. Mr. Rawlin, being 31 years of age, was awarded the prize for the oldest gentleman present and Mrs. LeClaire receiving a valuable present for the oldest lady present on the closing night. Later dancing was enjoyed for one hour.

The Blizzard Silo Filler Is the Thing

There is no question about the value of silage for feed and the Blizzard Ensilage is a good investment for the farmers of the Northwest for still another reason. It enables them to put away the crop when it should be put away, regardless of weather condition. Many crops could have been saved in the past few years if farms on which the loss occurred had been equipped with a silo and Blizzard Silo Filler.

Photo Taken May 20, 1914, on the Farm of Streich & Neiger, Clonee, Oregon.

The Blizzard Is a Time Tried Machine FINDS IT VERY SATISFACTORY Clonee, Oregon, May 2, 1913. Mitchell, Lewis & Staver Co., Portland, Oregon. Gentlemen: We have used your Blizzard ensilage cutter the past season and find them a very satisfactory machine in every way. We put up over 600 tons of corn and had no trouble cutting from 50 to 55 tons per day and elevating it to a height of 32 feet, using an L-15 machine. We consider them the best machine made for the purpose. We also used it to cut alfalfa and clover hay fed to sheep and cattle at our yards this winter, and it handled the work in good shape. Yours truly, The SUN DIAL RANCH, By E. G. McGaw.
