DALTON'S EXPERIMENT.

Showing What a Genius Can Do With Crude Apparatus.

The great English chemist Dalton was a schoolteacher. He worked without a laboratory and with crude apparatus, mostly made by himself from simple materials. Here is an example described in his own words: "Took an ale glass of a conical figure, two and a half inches in diameter and three inches deep; filled it with water that had been standing in the room and consequently of the temperature of the air nearby; put the bulb of the thermometer to the bottom of the glass, the scale being out of the water. Then, having marked the temperature, I put the red-hot tip of the poker half an inch deep in the water, holding it there steadily for half a minute, and as soon as it was withdrawn I dipped the bulb of a sensible thermometer into the water, when it rose in a few seconds to 180 degrees."

He then determined the temperature of the water at the bottom after five minutes, after twenty minutes and after an hour and found that it rose gradually from 47 to 52 degrees. This simple experiment proved that water has the power to conduct heat, which had been denied by no less an authority than Rumford—YOUTH'S COMPANION.

In No Hurry.

A lecturer one torrential night addressed an audience which might have been much larger without taxing the seating capacity of the hall. Naturally he was willing to curtail his address, and, having reached what he considered the psychological moment, said, "I'm afraid I've kept you too long." Whereupon a voice replied, "Go on; it's still raining."

CONFIRMED PROOF.

Residents of Oregon City Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of this vicinity who so testified years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Oregon City kidney sufferers. Mrs. Clara E. Cook, R. F. D. No. 2, Box 105, Milwaukie, Oregon, says: "For years I suffered from pain in my back, much more severe if I overtaxed myself or caught the slightest cold. The kidney secretions were unnatural. Doan's Kidney Pills proved to be just the remedy I needed. They gave me quick relief from all the troubles. A few times since then, I have used Doan's Kidney Pills and they have always given the best of results. You may continue publishing my former endorsement of them." Price 50c at all dealers. ADVANCE IS CAUSED BY STRONG DEMAND

There is a good demand for chickens and quotations advanced to 15c for hens and 20c for springers not weighing less than a pound apiece in Portland Wednesday. For smaller birds the demand is poor. While 15c was regarded as the top price, it was reported that some hens brought 16c in this part of the valley Wednesday. One thing out of the usual order this year is the willingness with which the quotations on springers hold. Usually at this time they decline to nearly the same level as old hens, but this year they are holding up to a point about 5c above the price on old birds.

Sheep house action was never more brisk for the month of June than it has been for the last few days. The movement to market attained large proportions, with receipts climbing up around 9000 for the five days. Big grades of sheep and lambs in good demand, and prices steady with last week. The Blizzard Silo Filler Is the Thing

There is no question about the value of silage for feed and the Blizzard Ensilage is a good investment for the farmers of the Northwest for still another reason. It enables them to put away the crop when it should be put away, regardless of weather condition. Many crops could have been saved in the past few years if farms on which the loss occurred had been equipped with a silo and Blizzard Silo Filler.

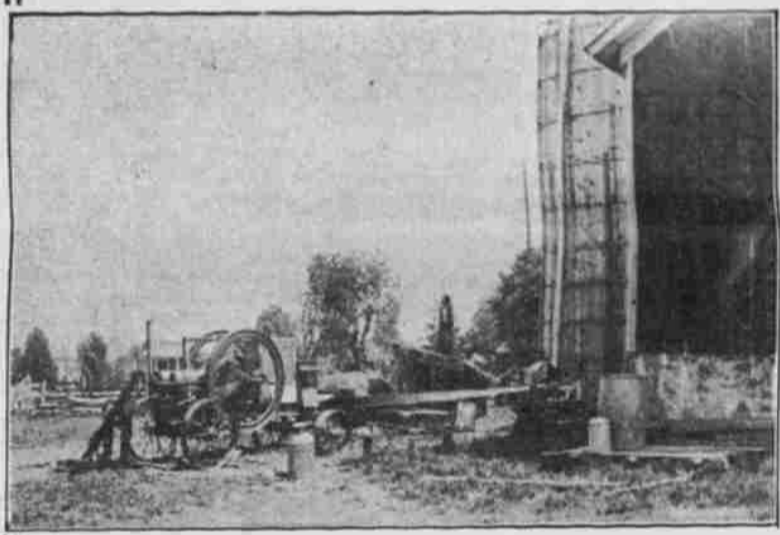

Photo Taken May 20, 1914, on the Farm of Streich & Neiger, Cleone, Oregon.

The Blizzard Is a Time Tried Machine

Don't make the mistake of buying a silo filler of questionable merit. They cost nearly as much in the beginning and far more in the long run, or short run, either, for that matter. The Blizzard is a practical machine. It combines knives, fan and its wheel instead of using these as separate units, thereby saving power and making a more compact cutter. It elevates without fall into the tallest silo. It cuts the material with a sheer cut, does not crush it. The Blizzard is responsive to control and safe to operate. The Blizzard is widely imitated, but nothing can shake its popularity with those who have used them.

FINDS IT VERY SATISFACTORY

Cleone, Oregon, May 2, 1913. Mitchell, Lewis & Staver Co., Portland, Oregon. Gentlemen: We have used your Blizzard ensilage cutter the past season and find them a very satisfactory machine in every way. We put up over 500 tons of corn and had no trouble cutting from 50 to 55 tons per day and elevating it to a height of 32 feet, using an L-15 machine. We consider them the best machine made for the purpose. We also used it to cut alfalfa and clover hay fed to sheep and cattle at our yards this winter, and it handled the work in good shape. Yours truly, The SUN DIAL RANCH. By E. G. McLaw.

Why Silage Pays

If you want to know how much the silo filler will do for you, send in the coupon for this book. State the size of your silo, and we will quote you. It places you under no obligation to buy.

STAFFORD

Farmers are busy securing their hay these days. It is heavy and of good quality. Grain looks exceptionally good. While we rejoice in our prospect of good crops, we extend our sincere sympathy to Baker County and feel thankful our lot was cast in Clackamas County, where as yet cloud-bursts are unknown. Mr. Aerni's nephew, locally known as "Yaob" was at work for Fred Moser last Thursday and the hay fork came down on him, hitting him a glancing blow upon the arm, making a bad flesh wound, requiring the services of a doctor, but we are glad to report that it is doing well at present. Mr. and Mrs. Gage returned from the coast on Friday last, having started from Nescuttu at 3 A. M., made a stop of an hour and a half at McMinnville, and arrived at Tualatin at 3 P. M., where C. A. Sweek, and Mrs. O. Z. Holton took the electric train for Portland, and the former started for his home in Burns by the way of Bend on the morning of the fourth. The fourth was a very quiet day about here, although a number of persons spent the day at the Tualatin dam, and thirteen of them drove to Mr. Gage's and spent the night and next day, motoring home in the cool of the evening on Sunday. Family fireworks were seen over the neighborhood, some very fine, among them those displayed at the home of Will Schatz, where a number of balloons were sent up, to the great delight of the numerous spectators, young and old. C. M. Gage seems to be making a success with his auto truck as he generally has a load both ways. He has it arranged with two seats, so he takes

Mrs. Ralph Gibson and Miss Lilly Frost were visiting with James Gibson Sunday. Mr. and Mrs. Roy Douglass were host and hostess to several of the latter's relatives Saturday evening and Sunday. Mr. and Mrs. Guy Woodie and family were guests at the home of Perry Kitzmiller, of Portland, Sunday. Miss Edith Chapman, who went to Portland to spend the fourth, returned to R. B. Gibson's Wednesday. Mrs. Viola Douglass was the guest of Mr. and Mrs. Ed Douglass Sunday. Mrs. Bow, of Portland, is visiting with her parents, Mr. and Mrs. Hill. Mr. and Mrs. Aleck Baker spent the fourth at the Oaks.

The J. R. Watkins' man, C. Lane, was traveling through this neighborhood Wednesday. Mr. and Mrs. Bell were up to James Gibson's one day last week after some cherries. They got 10 pounds of cherries. JENNINGS LODGE.

An estimate of 1000 people celebrated the 4th of July at this place. Over 500 German Baptists of Portland enjoyed a picnic at the beautiful River View Camp Grounds. Three trailer cars brought them to the grounds early in the forenoon and later others came on the regular scheduled trains. They were accompanied by a band and races and other sports were among the features of the program during the day. The Community picnic held at the school grounds, and it being the second annual affair, was a decided success. About 200 sat down to the tables under canvas, and enjoyed a bounteous picnic dinner, such as the Lodge ladies know how to prepare. Coffee, ice cream and soda were served and in the afternoon probably 100 more came to enjoy the races. In the boys' race under 15, Head Mitchener was 1st and Glenn Russell second prize; Girls under 15: Claire Ostrom, 1st; Bessie Roberts, 2nd; Boys 15 to 18: Ralph Madison, 1st and David Downing second; Girls over 15: Flora Dill 1st, and Ellen Hart second; Boys over 18: Will Cook first and Floyd Webb, second. Three legged race was won by Ralph

Miss Anna Gardner has recovered from a severe illness of two months duration. David Downing, of Montavilla, spent Sunday with Arthur Roberts. Mrs. E. W. Hughes, of Montague, Cal., will spend the summer with her son, R. F. Dettler. Mr. and Mrs. Roy Kelley, of Montavilla, Mrs. Evelyn Wellinger and Mr. Arch Shaver, of Portland, were over Sunday visitors at the Will Jacobs' home. A farewell party for the pleasure of Mrs. S. P. Dow, of St. Paul, was given by Mr. and Mrs. Deal at their home on Friday night last, to which the young people were bidden. It was an enjoyable evening. Games, ice cream and cake were enjoyed by Misses Winnie Kern, Ivy Batdorf, Eileen and Flora Dill, Marie Brigham, Clara Miller, Leola Koyonnet and Ethel and Fern Hart; Messames Dow, Jones and Deal and Messrs. Floyd Webb, Coleman Dill, Ralph Madison, Will Cook, Lorraine Ostrom, Alvin Reed, Roy Batdorf, Mr. Bernard and Mr. Deal. A new feature of entertainment will be introduced at this place on Saturday evening at the Batdorf hall, when Miss Lucille Wolcott who recently arrived from Omaha, will introduce some of the new dances. Among them she will dance the tango and will dance in costume from Carmen. Miss Wolcott has recently graduated from an Aesthetic Dancing school in Boston. After the entertainment dancing classes will be formed. 50c admission will be charged. A party consisting of Dr. and Mrs. Chapman, of Portland and Dr. Mary L. Farnum and Miss Esthel Campbell of this place, have returned from a 12 days' auto trip, which covered more than 1000 miles. They went to Ashland, Klamath Falls, Lake View, Silver Lake, Bend, Prineville and The Dalles. The entire trip was made without a puncture or blowout and made in a new Ford machine. Summer Lake was perhaps the most beautiful scene of the entire journey, but many other spots of attractiveness were found. Mrs. Hall, of Hood River, is enjoying a visit at the home of Geo. A. Ostrom. Despite so many of our families are removing from this place, the attendance at the Sunday school is keeping up to the average. Seventy being in attendance on Sunday. After Sept. 1st a preaching service will be held. Many of our most prominent families are putting their places up for sale, up

The Conscientious Chinese Child. One of our missionaries, writing of a little girl in the school under her care, says: "Last night Wah Noo told me she wanted to be a whole Christian," she called it. So we had a long talk and tried to think of all the wrong we had done that day and confessed it to each other. She counted these wrongs on her fingers: I did not brush my teeth as you told me to do; I did not take off the lower sheet on the bed when I made it up; I know I ought to always; I got angry with one of the girls at school; I did not use my soap when I took my bath; I did not try to do my example in multiplication; all the other girls did things wrong, so I thought I would too."—Cor. Christian Herald.

Poetry and Punctuation. In his poem "Narcissus" Robert Bridges, the English poet laureate, has banished the comma entirely, so that a procession of adjectives may be taken, at the reader's option, as separate qualities or as qualifying each other. Thus one may call his hero "aimighty wondrous" or regard him as being both. Mr. Bridges' principles of punctuation are not obvious. He lives the exclamation mark, using it five times in the twenty-eight lines of the poem, and sprinkles dashes about with prodigality. He adopts the colon and does not slight the interrogation mark, while using now and then a full stop.—Chicago News.

A Lucky Escape. "I owe my success in life to politics," "I was not aware that you were a politician." "I'm not, but I thought I was one and got myself nominated for an office that, if I had been elected, would have paid me about \$1,500 a year. I was so badly beaten that I dropped politics forever and took up the business that has brought me a fortune. It makes me shudder when I remember that if I had been elected I might now be afraid of doing something that would deprive me of the lodging house vote."—Chicago Herald.
