System is Sought by Administration

WASHINGTON, July 8.—Representatives of 'big business' had a long conference with President Wilson at the White House today about the administration's anti-trust programme. Ten leading members of the Chicago Association of Commerce gave Mr. Wilson their ideas of proper trade commission and railroad securities bills and as a result the bills passed by the house and now pending in the accuste may be modified as to details.

As a direct result of the discussion the president telegraphed to Representative Covington, of Maryland, ho framed the house trade commission bill, asking him t return to Washing-ton to confer ith the Chicago delega-

The Chicago delegation advocated a trade commission with broad powers of investigation and authority to order and the discontinuance of practices contrary to law. They objected to making all corporations return annual reports to the commission, and thought many definitions of illegal practices were unnecessary.

President Wilson was particularly pleased to hear that the delegation did not object to the proposed sion passage on questions of unfair competition and practices.

Chicagoans summarized the points for which they contended as

### MAJESTIES HECKLED BY MILITANT WOMEN

DALMUIR, Scotland, July 8 .- Standing in a restaurant near the Dalmuir shipyards, which King George and Queen Mary were inspecting, four suffragettes heckled their majesties by megaphone today. Mrs. Pankhurst was at liberty under the "cat and mouse," act, having been at the point of death from hunger striking at the time she was released.

While Mrs. Pankhurst was being taken to prison, Mrs. H. F. Alice Hall and the Misses Grace Roe, Julia Jameson and Ellen Armes, suffragettes in whose rooms the police recently found a new type of shrapnel grenade, were creating an uproar in the police court, where they were arraigned charged with conspiracy to damage property.

NEW YORK, July 6 .- One aftermath of the dynamite expresions which wrecked a Harlem tenement house on Saturday, killing four persons, was a conference of police officials today, at which a campaign to supress the activities of anarchists, industrial Workers of the World and other agitators was planned.

Of the four who met violent death Saturday, Arthur Caron and Charles D. Berg were reputed to be I. W. W. members and Carl Hansen was allied with anarchists.

An immediate result of the confer ence today may be a decision by the city authorities not to grant a permit for a public funeral for Caron, Horg and Hansen in Union Square next Sat-urday. VANCOUVER, B. C., July 7 .- British Columbia finished with its vexing Hin-du problem today, but it is possible that another one was set up for the indian Empire, when 353 Hindus on board the steamer Komagata Maru, abandoned their fight for admission to Canada and agreed to go back home. They have been here over a month. and the Komagata Maru was specially chartered to bring them from India by way of Japan. Their stay has been marked by plots to assassinate the local immigration officers, not traceable to anyone on the boat, and by all possible legal proceedings.

They were refused permission to land, because they did not come directly from India, because they did not have \$200 apiece required by the im-migration laws and because they were hel dto be common laborers, liable to become public charges and hence not entitled to admission

Whether the men on the boat expected to be allowed to land or not cannot be learned definitely. Their coming is said to have been financed by wealthy Hindus unfavorable to Eng lish rule on the theory that if they got in it would open the door for others, and if they were excluded, what they would rave to say on reaching home would not make the path of the government any amouther. On report was that the men on the boat were picked purposely from districts known heir loyalty to the British in order to disaffect them.

#### Guard Your Children Against Bowel Trouble

Many children at an early age become constipated, and frequently terious consequences result. Not being able to realize his own con-dition, a child's bowels should be constantly watched, and a gentle lazative given when necessary. Dr. Miles Lazative Tablets are especially well adapted to women and children. The Sisters of Oristian Charity, 531 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"flome time ago we began using Dr. Miles" Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the flisters are very much pleased."

The form and flavor of any medieine is very important, no matter who is to take it. The taste and who is to jake it. The table appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles Laxibud. guised. In using Dr. Miles Lax-ative Tablets, however, this diffi-culty is overcome. The shape of tablets, their appearance and candy-like taste at once appeal to any child, with the result that they

are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.
