MILWAUKIE SCHOOL DRAWS MANY PUPILS

MILWAUKIE, Ore., Aug. 28.—A committee of the Oswego school board, authorized to investigate the matter by a recent taxpayers' meeting...

TWO ARE BOUND OVER IN MILWAUKIE COURT

Mrs. May Howard and George Keybo were bound over to the grand jury Tuesday by Justice Kellogg of Milwaukie on the charge of lewd cohabitation.

MILWAUKIE NOTES

Home Mullian has traded his house and several lots for a large farm near Grants Pass, Ore., and expects to make his future home in about two weeks.

MEADOWBROOK

Everybody is through threshing around here, the grain turned out very good for such dry weather.

WOMEN WHO ARE ALWAYS TIRED

May Find Help in This Letter.

Swan Creek, Mich.—I cannot speak too highly of your medicine. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, I get tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again.

Another Sufferer Relieved.

Hebron, Me.—Before taking your medicine I was run down, discouraged and had female weakness. I took Lydia E. Pinkham's Vegetable Compound and used the Sensitive Wash, and find today that I am an entirely new woman, ready and willing to do my household work.

If you want special advice write to Lydia E. Pinkham Medicine Co.

(confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

OLD TAPESTRY.

How the Product of Different Eras May Be Distinguished.

The word "tapestry" needs to be defined, for it may mean anything from figured furniture covering to carpets.

For those who would be quickly wise in a general classification of old tapestry it may be said loosely that three great periods of design and weaving dominate the history of the art.

Turkish Inns.

To the traveler accustomed to the luxury of up to date hotels a Turkish inn comes as a rude surprise.

Portland, Ore., August 27.—Judging from the present trend of the wheat market, flour prices are bound to be affected.

Yesterday the Crown mills advanced all their flour quotations 20 cents, making patients \$3.20, the same card price as put out by the Columbia a few days before.

PORTLAND, Ore., Sept. 1.—Due to the large supply on hand and which was being continually added to, the peach market today was very soft and the commission trade could hardly get 50 cents for the best quality stuff.

PORTLAND, Ore., Aug. 29.—The poultry market remained very weak today and the prospects are that the depression will still be heavy next week.

Receipts for the week at the Portland Stock Yards have been: Cattle 1468, calves 30, hogs 2489, sheep 382.

Heavy receipts for cattle this week. Extreme top steers on Monday's market \$7.15, with medium stuff ranging from \$5.50 to \$7.00.

LOCAL EGG MARKET ADVANCING STEADILY

PRICE FOR FRESH STOCK IS 30c AND SERIOUS INCREASE IS EXPECTED

Within a very short time, the wholesale price of eggs will reach 30 cents a dozen in this city, in the opinion of one of the leading dealers of the city.

For a week the general quotation ranged from 25 to 29 cents. Wednesday they stiffened and 30 cents is now the price.

Another reason for the belief that prices are to advance here is the presence of Seattle buyers in the valley where they are said to be offering 30 cents to the farmer f. o. b. shipping point.

In Seattle the quotation has been 40 cents for some time and this appears reasonable in view of the price paid by their buyers in this state.

Large quantities are going to the Sound city daily from Portland and naturally cut into the amount received here.

Very few eggs are sold case count these days in Portland for the simple reason that grocers and others are afraid to take a chance, the run of the eggs being so poor.

In candling, there is hardly a case that does not yield from one to three dozen rotten eggs and several dozen which are classed as poor and suitable only for use by bakers.

GOVERNMENT'S APPLE ESTIMATE TOO LARGE

The estimates for the season's apple crop in the northwest seem to vary widely, according to the figures coming from different sources. The latest
