SPUDS SENT IN TO MEET DEMAND HERE

PORTLAND, Ore., Sept. 16.—Additional liberal supplies of Idaho and Washington potatoes are coming forward to the local market, owing to the inability of the trade here to secure sufficient stocks for their needs at home.

This morning there were further receipts of Yakima and Idaho rurals, shipments generally being well graded and of good size. The Idaho stock especially is meeting with favor from the trade because of the great care taken in putting up the supplies.

To date fully 15 cars of outside potatoes have been received here since the Oregon season started, and it is freely predicted even at this time that before the season ends the shipments from other northwest points will total at least 100 cars.

Contrary to their wishes local wholesalers are being compelled to bring in the outside potatoes. Oregon growers who hold good sizes and quality are asking much more than the potatoes can be landed here from other sections and as all Pacific northwest markets compete with one another wholesalers must purchase as cheaply as possible, or their competitors get the business.

Oregon growers are speculating on the future demand, and therefore are asleep as regards the damage that is being done to their markets by the forced importations of outside growth.

RUN OF CATTLE IS FAIRLY STRONG AT YARD

Receipts for the week at the Portland Union Stock Yards Co. have been: Cattle 1093, calves 94, hogs 410, sheep 4973.

A fairly liberal run of cattle for the week, with good demand, steers being the strongest single class. Best grades ten to fifteen cents higher than a week ago.

Bulk of choice hoves 6.75 to \$7.00, with several cars going at \$7.10 to \$7.25. Butcher stock steady.

Heavy receipts of hogs. Prices eased off ten to fifteen cents. Beef light stock \$8.90 to \$9.00.

Sheep and lambs strong. Week's run not large enough for buying demand. Best lambs \$4.00; wethers, \$5.25; ewes \$4.50 are top quotations, but they are being picked up quickly at these figures.

Don't be misled. Oregon City Citizens Should Read and Heed This Advice. Kidney trouble is dangerous and often fatal.

Doan's Kidney Pills quickly relieved me of an attack of kidney and bladder trouble, together with pain in my back and a tired out feeling. After I took Doan's Kidney Pills, I felt fine. I am glad to confirm the endorsement I have given this remedy before.

than heretofore since the season started are still short of general requirements. Sales of best stock are continued strong at \$1.35 a cental generally along the street and in some quarters there are anticipations that this price will hold for some time.

Yakima stock is being offered again to the trade here and held goods from there are quoted at the same price as local offering. A carload was reported in by one house during the day.

With a smaller crop of potatoes along the Pacific slope than had been generally anticipated and with the American crop showing a smaller total than was first indicated, the outlook for the potato price is seemingly improved.

TRADE IN HOPS IS QUIET IN PORTLAND

PORTLAND, Ore., Sept. 16.—With larger crops now estimated throughout the world than had been previously forecast, the market for hops is showing a decided weakness at most points and business is practically at a standstill.

The only sale here recently was 30 bales of fuggles at Silvertown at 18c a pound. The grower had 50 bales to sell, but the buyer had orders for only the smaller amount. This shows clearly the lack of demand generally.

FRANCHISE MAY BE MOVED.

Because of the disastrous season there is some talk of switching the St. Paul American association franchise to Toledo next season. Some time ago it was stated that the Franchise would not be a club in that town also.

Nap is Patriotic. Nap Lajole has grown so pugnacious since the war began that he almost fought with a waiter who brought him German fried potatoes instead of French fried.

Ludurus a Poor Base Runner. Fred Ludurus, first baseman of the Phillies, is easily the worst base runner regular in the National league. He has stolen just one base since the season began.

Rewards for Red Pitchers. Each of the Cincinnati pitchers who defeated the Giants in the last series received a twenty dollar bill from Charlie Herzog.

Cherryville School Opens. CHERYVILLE, Ore., Sept. 14.—The local school opened today with Mrs. Charlotte Nash, of Los Angeles, as teacher.

Specifications have been prepared for street improvement at Carlton. Concrete will be used for the hard-surfacing and the pavement will be similar to that recently completed at Dayton. Williamina also has some concrete streets.

The rural press, the pulpit and the school are a trinity of powerful influences that the farmer must utilize to their fullest capacity before he can occupy a commanding position in public affairs.

Main Fair Building Attractive

Every Part of the County is Represented in the Big Exhibit Building at Canby—Decorations Source of Delight to Visitors.

The booths in the big pavilion have never attracted more attention than this year. Oregon City firms represented by booths are: Western Stock Journal, Oregon City Enterprise, Willamette Valley Southern Railway company, Huntley Brothers company, Pacific Highway garage, Bannan & company, Miller & Parker, Burmeister & Anderson and George DeBok.

Other booths are those of Carlton & Rosenkrans, of Canby; Rawlins company, Hood River; Elder, Mt. Pleasant Civic Improvement club, Estacada, district, farm equity, Crescent Manufacturing company, Oak Ridge ranch and Warner grange.

The booths of Bannan & company, which is in charge of W. D. Jensen, of Oregon City, is one of the most artistic booths in the building, and opposite it are the booths of the Western Stock Journal and the Willamette Valley Southern Railway company.

The booth of Carlton & Rosenkrans is a very attractive display. The Crescent Manufacturing company has a very pretty booth, presided over by J. M. McElness. Warner grange has a booth well to be proud of, as also the Mt. Pleasant Civic Improvement club.

Each of these booths are attractively arranged and have caused much comment among the many visitors, and no doubt these booths as well as others will be visited by hundreds of people during the fair.

The Estacada people have done themselves proud in making their first visit at the Clackamas County fair, Hugo cornstalks, arranged on the ceiling cause much comment. The individual farm exhibits of George DeBok, John Robbins, Oak Ridge ranch and several others will cause competition. Never before has there been such a competition for prizes offered in this class.

All available space is signed to the exhibit of Clackamas county, which was secured by O. E. Freyha, and arranged by W. E. Niles and R. M. McGetchie.

Huntley Brothers company's exhibit of victrolas is in charge of Chas. Bollinger, and Mr. Bollinger has arranged to give two concerts daily in this booth. These concerts are given at 1 o'clock and 4 o'clock. Burmeister & Anderson has a display on the second floor opposite the ladies' tent department.

The art department is one of the new attractions of this year's fair, and the room is well filled with paintings, sketches, cartoons, hand, posters, china and burnt wood work. The district burlap gives the pictures an attractive background.

Mrs. S. S. Walker, who is in charge of the domestic science; Mrs. J. L. Waldron, in charge of the ladies' tent department; Brenton Vedder, J. E. Calavan, Miss Mahala Gill, Mrs. J. E. Wolff, compose the committee in charge of the juvenile department, and these departments should not be missed by anyone. Such an array has never been exhibited before at the Clackamas County fair, and much interest has been shown in arranging the same.

The New York contract offered to Art Kores, Beaver third baseman, who was drafted, is not welcome. Kores thinks that he is worth more money than the Giants offered him for his first year's work.

"I am no longer in the 'chick' class," said Kores this afternoon. "I play in the majors they must make it profitable. The Giants took the matter up with me last week, and the contract they offered me was a job. It was less than I am getting in the Coast league. I told them they would have to ante. And then they came through with the legal 25 per cent advance over my Coast league salary. Of course, that looks big on paper, but it is not much, for we play a month longer out here, and it just about even up in the end."

"I figure that the older a fellow gets the less valuable he is as a baseball player, and if he doesn't get right with when he is young, it is no good with him. I am not saying that, but if they go to the Giants, but if I do they'll have to figure a little higher. If they don't, let them pick somebody else. They'll find the same argument that I am putting up."

Specifications have been prepared for street improvement at Carlton. Concrete will be used for the hard-surfacing and the pavement will be similar to that recently completed at Dayton. Williamina also has some concrete streets.
