B. F. ROMIG HEADS ASSOCIATION  
Resolutions Favoring Rest Rooms and Opposing Cigarettes are Passed—Basket Lunch Served at Noon

The annual convention of the Clackamas County Sunday School association at the Congregational church closed Saturday afternoon after a successful session of two days. Over fifty delegates from every section of the county attended the meetings. The following officers were elected for the coming year: President, B. F. Romig; vice president, Rev. E. A. Smith; secretary, Rev. W. A. White, and the following superintendents: teachers training department, Mrs. Thomas Gault; elementary department, Mrs. Carl Smith; secondary division, Rev. W. T. Swale.

A number of resolutions were introduced and approved at the business session of the convention. The delegates went on record as favoring the establishment of rest rooms or coffee houses to take the place of the saloons as a social center. A resolution strongly condemning the cigarette was passed without a negative vote. The program was opened at 9:30 o'clock with a devotional service led by Mrs. W. H. Locke, of Canby. He said the good Sunday school teacher should be trained, enthusiastic, alert, concentrated, happy, earnest and reliable. The initials of these seven requirements spell teacher. Mrs. L. A. Danenhow, of Portland, was another of Saturday's best talkers. Her address was for the benefit of the Sunday school teachers and she showed the best way to teach the geography of the Bible.

ELK'S PLAN 3 BIG DAYS IN YEAR'S WORK

Three big days in the year's work of the Oregon City lodge of Elks are planned to take place during the next three weeks. First comes the High Jinks Friday night, then open house next Wednesday and finally the observance of the annual memorial service or Lodge of Sorrow, Sunday, December 6. In the announcements sent to all members, the high jinks Friday are characterized as a "big show, bigger battle, and biggest feed on record." The jinks will begin as soon as the business of the meeting is over. Just what will happen Friday night is largely a mystery among the members of the lodge and none but Elks are admitted. Music, dancing, billiards, and cards will form the attractions for the open house Wednesday, November 25. Each member of the lodge is permitted to bring any lady friend or relative to the temple that night. Of the three days, the memorial service is considered the most important. The yearly custom of honoring the memory of those who have passed away within the past twelve months is always scheduled for the first Sunday in December. The service is the most solemn and impressive in the entire ritual of Elksdom. It will be held at 1:30 o'clock in the afternoon in the temple. Judge R. R. Butler, of The Dalles, will deliver the memorial address and J. E. Hedges, of the local lodge, will pronounce the eulogy.

Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since we used a bottle of it. We cannot speak too highly of Dr. Miles' Nervine."  
MRS. PHANIE ANDERSON, Country, Minn.

Thousands of children in the United States who are suffering from attacks of epilepsy are a burden and sorrow to their parents, who would give anything to restore health to the sufferers. Dr. Miles' Nervine is one of the best remedies known for this affliction. It has proven beneficial in thousands of cases and those who have used it have the greatest faith in it. It is not a "cure-all," but a reliable remedy for nervous disease. You need not hesitate to give it a trial. Sold by all Druggists. If the first bottle fails to benefit your money is returned. RASPBERRY BUSHES TURN GREEN AND THE FRUIT IS RIPE NOW

While all other trees and shrubs are preparing for the winter, raspberry bushes in the garden of Mrs. E. S. Williams, Sixteenth and Division streets, are now bearing fruit and a number of large ripe berries have been picked. The leaves are green and the bushes present the appearance usually associated with the late spring months rather than late fall. At first when the berries began to grow and the bushes took on their spring time appearance, Mrs. Williams was at a loss to learn the cause, but consultation with berry growers and gardeners has convinced her that she applied too much of a powerful variety of fertilizer to the plants, and in this way forcing growth. A branch from one of the bushes is displayed by the Oregon Commission company.

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croup cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere. (Adv.)

HOBSON REVIEWS NEW ROAD WORK

COUNTY HIGHWAY ENGINEER SPEAKS BEFORE LIVE WIRES AT LUNCHEON  
PANAMA CANAL WORKER TALKS

L. A. Adams and A. A. Price Report Favorably on Proposed Shoe Factory—Quarterly Election Comes Next Week

Five and one-quarter miles of bituminous macadam highways have been constructed in Clackamas county this year at a cost of \$45,000, according to a statement made Tuesday at the Live Wire luncheon by County Engineer Hobson. The 8-foot paving surface and the necessary grading including the finishing and draining represent an average cost of about \$4200 a mile, but the excavations and fills on the roads constructed this year have been made at a very heavy cost, because of their unusually difficult engineering character. On the stretch of one mile of new road between Milwaukie and Sellwood, the excavation alone cost \$4500, and in addition nearly \$1000 was put into concrete at the Milwaukie bridge. This single mile of road represents an expenditure of \$13,000. There were 3000 yards of solid rock in the excavation, and Mr. Hobson said the road was practically complete and would be ready for service within a week, unless the heavy rains interfered with the opening. He declared that the road is virtually a city street and that it will carry about 90 per cent of the traffic of the north end of the county. James Will, who worked for several years as a steam shovel engineer on the Panama canal, gave an interesting talk on the "big ditch" and displayed a number of photographs of scenes around the canal zone. He gave a very graphic description of the finished product that was all new and enlightening to the wires.

Executive Appeared Here in Trial of Fritz P. Boyesen—Gas Franchise Is Passed After Many Tiresome Delays

Despite the fact that the conviction of Fritz P. Boyesen in the circuit court last week on a charge of selling liquor to a minor resulted in the revocation of his liquor license under the state law, the Milwaukee council gave the Hotel Belle, of which Boyesen is proprietor, another lease on life at a meeting Monday night when a new license was granted to one of Boyesen's employees. The license will expire January 1, 1915, when the matter of another license will come before a new council. The grant was made upon the condition that the hotel be run in orderly manner and that women, girls, and drunken men not be allowed in rooms in which liquor was served. Councilman Pat King was the only one to vote against granting a new license to the resort. State Law is Read. When Judge Campbell announced his penalty in the circuit court Saturday morning, Boyesen, through his attorney, filed notice of appeal in the hope that the revocation of his license could be delayed. Reference to the state law, however, brought out the fact that as soon as the owner of a liquor license was convicted his license was forfeited. District Attorney Hedges is of the opinion that under this clause, the license would be revoked even while an appeal was being carried to the higher court. The payment of a fine can be delayed by an appeal and it is thought Boyesen believed he could retain his license while the case was being taken to the supreme court. Mayor Elmer Resigns. Mayor E. P. Elmer, of Milwaukie, presented his resignation to the council at the meeting and Felix Mitchell is now acting head of the city. Members of the council maintain that the recent conviction of Boyesen or the feeling in Milwaukie over the subject has nothing to do with Mayor Elmer's motion. The retiring executive will move to Portland. Mayor Elmer appeared in the trial of Fritz Boyesen and testified that as far as he knew the Hotel Belle was run with due regard for the law. He said that he had inspected the place several times. Gas Franchise Passed. Milwaukie's hopes of securing gas at a rate of \$1 per thousand cubic feet were revived when the council granted a 50 year franchise to the Clackamas Gas company, a subsidiary of the Portland Gas company, to supply gas there at that rate, with a 50 cent minimum rate per consumer. The company may not accept, claiming that it cannot furnish gas at a rate less than \$1.25. It is given 60 days to accept the franchise. The company has laid its pipe from Portland to Oregon City except through Milwaukie, and when members of the council insisted on the \$1 rate it was rumored the company would omit Milwaukie from its route, laying pipe across the Willamette just north of the Friars' club and crossing the river again at the bridge just south of Milwaukie. It is understood that the company will cross the river to supply gas to Oswego even if it accepts the Milwaukie franchise.
