# **GOVERNMENT TO AID OREGON HOG RAISERS**

The modern method of solving agri-ultural problems by investigating them, not only in the laboratory, but also on the farm in co-operation with the farmer, has given such admirable results that it is to be applied to the auti-hog cholera crusade.

Congress has appropriated a half million dollars to carry on the work and experiments will be made in all parts of the United States. The will be not only to exterminate the ease in the test sections, but also tinuing the work throughout the coun-

This investigation will fill a long felt want in Oregon, as the hog death rate in this state from cholera is 10 per 1,000 head, and hog raisers are losing an average of 5,000 hogs, valued at \$66,000 from this disease an
