HOTEL BELLE IS GRANTED LICENSE

MILWAUKIE COUNCIL GIVES RESORT PERMISSION TO OPERATE THROUGH 1915

FRIARS' CLUB DOES NOT APPLY

Revoking of Belle License Was Feature of City Campaign, Following Conviction of Proprietor in Circuit Court

MILWAUKIE, Ore., Jan. 7.—(Special)—The Hotel Belle, the Milwaukie resort, won a distinct victory tonight when the city council renewed its license for the year 1915 with the vote standing three to two.

The granting of the license followed a lively session of the council. B. G. Skulason opposed granting the license and stated the reason for his stand.

The Milwaukie Bar was granted a new license without an opposing vote. The Friars' club did not apply for a license as it is operated under a state charter.

The license of the hotel was revoked in November by Circuit Judge Campbell following the conviction of Fritz Boyesen, proprietor of the place, on a charge of selling liquor to a minor.

The issue became the one feature of the city campaign during the latter part of November and the first six days of December. The Good Government club, formed by those opposing the resort, put into the field a complete ticket and those favoring the hotel under the name Republican party, put opposition candidates in the race.

Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Anna Kosina, 211 Mechanic St., Pueblo, Colo., says:

"For many years I suffered from nervous prostration; I was unable to do any house work and doctors failed to help me. Remedies I tried from druggists did not do me a particle of good. A neighbor told my husband about

Dr. Miles' Nervine

and he procured a bottle. After the first few doses I showed a marked improvement and after taking two bottles I was entirely cured. I have been perfectly well for years and cannot praise Dr. Miles' Nervine too highly.

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep, if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nervine

has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sold by all druggists. If first bottle fails to benefit your money is returned. MILES MEDICAL CO., Elkhart, Ind.
