It's better to be on the safe side and take Foley Kidney Pills to strengthen and invigorate the kidneys and help these do their work. They help rid the blood of acids and poisons. CURRANSVILLE COW IS TAKEN TO SCHOOL

The best that old Mother Goose could do was to make a rhyme concerning Mary taking a little lamb to school but it took the teacher of the Curranville school to improve on Mary. A full grown milk cow, property of Wilbur Wade, was lead to school and the teacher carefully showed to her class the relative values of different cuts of meat and their location on the bovine. According to the Estacada Progress, the cow now refuses to be milked after the school bell rings. Estacada High School

Estacada High school is located in the center of an agricultural district and is giving its students the advantage of several full courses, such as agriculture, mathematics, science and teachers' training. It the last four years the high school has made a big advancement in many ways. In 1911 there was an enrollment of 26; in 1912, 47; in 1913, 69, and in 1914, 85. During this time more rooms have been added for the high school and two more teachers. The increase in students has been largely from the country as now nearly one-half of the pupils are from outside districts; this fact being due to the good canvassing of the country for new students by the teacher and the encouragement received by the pupils. During the four years before mentioned agriculture, sewing and teachers' training have been added to the studies. Laboratory supplies to the amount of \$250 have been purchased; \$132.99 added to the library; a \$1200 playshed has been built; a lot adjoining the former lot has been purchased and is being used for agriculture, and besides this trees have been planted on three sides of the grounds and a large number of rose bushes and other shrubs planted on the lawn. Estacada High school has participated in interscholastic debates, basketball, football and track meets, in the last few years and much interest and spirit is shown in all by the students and community. While the high school has been making these advancements the population of the district has decreased considerably, but the wish for better education and the interest in the home school has been increasing.

HELL FAMILY BIDS TO RIVAL 'DAMNS'

The Damn family, of world fame, bids fair to lose its renown by discovery of the Hell family, in the town of Farrell, built by the United States steel corporation. Members of the Hell family are not averse to using their name in a business way. The head of the family, Conrad Hell, an ice cream manufacturer, has signs reading, "Go to Hell for ice cream," scattered throughout the city. Another sign reads, "Ice cream from Hell is guaranteed pure and cooling." Still another bears the inscription, "Have you been to Hell? It's the coolest place in Farrell." When a stranger enters Main street he is startled by a big billboard reading: "Hell is here; don't miss the place." A block farther down the street this sign is encountered, "You will find everybody there on a hot day; Hell is always open."

The big sign which, however, attracts most attention is in front of Hell's place of business. It represents a young couple eating ice cream and the young woman saying to her escort: "Hell for mine; always."

30,000 VOICES AND Many Are The Voice of Oregon City People. Thirty thousand voices--What a grand chorus! And that's the number of American men and women, who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Oregon City people are in this chorus. Here's an Oregon City case: Mrs. Jane Blanchard, 1102 John Adams St., Oregon City, Oregon, says: "I used Doan's Kidney Pills for kidney and bladder trouble that annoyed me for years. I had great relief. In all, I have taken less than two boxes of Doan's Kidney Pills, but that amount was enough to convince me of their merit."

Mrs. Blanchard is only one of many Oregon City people who have gratefully endorsed Doan's Kidney Pills. If your back aches--if your kidneys bother you, don't simply ask for a kidney remedy--ask distinctly for Doan's Kidney Pills, the same that Mrs. Blanchard had--the remedy backed by home testimony, 50c all stores.
