FRUIT INSPECTOR IS HELD FOR TRESPASS

ESTACADA, Ore., March 17.—The inspection and spraying of fruit trees in the Garfield district, near here, will be decided in a test case, the outcome of the arrest on a charge of trespass of Fruit Inspector P. F. Standish, who took upon himself the duty of spraying fruit trees belonging to Thomas Yocum, vice president of the Estacada State bank.

When notified, 40 days ago, to spray his trees, Mr. Yocum refused and the official acted, whereupon he was arrested, and the case probably will come to trial this week. As a matter of protection, the sentiment of the district has been in favor of inspection and spraying.

STORAGE OPERATIONS IN EGGS ARE LIBERAL

PORTLAND, Ore., March 13.—Storage operations in the egg market are now well under way. Market for supplies is holding rather firm generally at 19c a dozen for case count here with buyers freely offering as high as 18 1/2c for supplies from the country, Portland delivery.

Strength in the egg market here is expected to continue for a while at least. The coming of Easter always has an effect upon the trade generally, although the extent of the demand during that period is always less than expected.

Recent passing of laws along the Pacific coast forcing the stamping of foreign eggs as protection to producers, as well as consumers, has been one of the big factors in stimulating the egg market here for storage operations.

Previous to the passage of these laws the trade was uncertain as to its probable course. Chinese eggs are not likely to be such a bugaboo in the trade hereafter. Aside from the forced stamping of these foreign supplies, which will eliminate a large per cent of the demand, the fact remains that egg prices in the orient are likely to rise as a result of the greater demand from other centers.

A HEAVY BURDEN A Bad Back Makes Life Miserable For Many Oregon City People. A bad back is a heavy burden. A burden at night when bedtime comes. Ever so bothersome in the morning. Just try Doan's Kidney Pills for it! Know they are for kidney backache—and for other kidney ills? If you don't, some Oregon City people do. Read a case of it: Joseph McDermott, Washington St., Oregon City, Oregon, says: "I was almost flat on my back with kidney and bladder trouble. I was so lame and stiff that I could hardly hobble around and it was all I could do to get up in the morning. My kidneys were irregular in action and the kidney secretions were scanty. I used several boxes of Doan's Kidney Pills and I soon got well. I think even more highly of Doan's Kidney Pills now than I did when I publicly recommended them a few years ago. They have certainly done me a lot of good." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McDermott had. Saturday the Camp Fire Girls, under the able direction of Mrs. C. C. Michener met.

On Saturday last the Camp Fire Girls met with their leader, Mrs. C. C. Michener, at her home on the bank of the Willamette. After a short business meeting an indoor camp supper followed, the fourteen girls arranged in half-circle around the fire place, where clam chowder, and ainty sandwiches and cakes were served. The girls report a delightful time. A hike is planned for Saturday, March 20th. Miss Vivian Spooner is recovering from a slight attack of scarlet fever. Mr. George Morse is spending the week at Seaside, Oregon. Mrs. Snashall has fully recovered from her recent illness and is again able to resume her school room duties. The members of the Grace Congregational church and their friends spent a delightful evening with Mr. Seivie, a cartoonist, on Friday evening, March 12th. An impromptu program preceded Mr. Seivie's drawings, which included portraits of many present. As Mr. Seivie is conductor for the P. R. L. & P. Co., he sketched a number of faces which he sees daily at the Alder street station, which provoked shouts of laughter from the audience, which filled the church. Miss LeClaire Ostrom, Mrs. Robinson and Miss Ieter assisted at the piano, while Mary Bruechert and Marie Moore gave a reading and recitation; Miss Ring, of Portland, and Miss Ostrom favored

potato trade. Inquiries are coming now for Oregon supplies from Arizona, Texas and California. At the moment little business is passing, because shippers are unable to meet the price views entertained by Willamette valley holders.

For Arizona and Texas shipment dealers are today offering around 70c a cental at country shipping points, but as high as 75c is available for No. 1 quality. For ordinary stock buyers are generally quoting 65 to 70c a cental.

Fact that Arizona and Texas are interested at all in the local potato market is itself an indication that the trend of the general trade is somewhat better. Heretofore it has been practically impossible for local shippers to interest the southwest in our markets at all; the trade elsewhere claiming they could secure supplies in other states for less money.

Mr. and Mrs. Walter Beckner have decided to locate at Ilwaco, Wash., and leave the first of the week for their new home.

WINTER DOUBLES WORK

In summer the work of eliminating poisons and acids from the blood is helped by perspiration. In cold weather, with little out door work or exercise to cause sweating, the kidneys have to do double work. Foley Kidney Pills help overworked, weak and diseased kidneys to filter and cast out of the blood the waste matter that causes pains in sides or back, rheumatism, lumbago, stiffness of joints, sore muscles and other ills resulting from improper elimination.
