

BOARD BELIEVES ADDITION TO HIGH SCHOOL, NEEDED

TENTATIVE PLANS ARE OUTLINED AT DIRECTORS' MEETING THURSDAY NIGHT.

NEW STATE LAW WILL INCREASE THE ATTENDANCE FROM COUNTRY

Cost of Construction Will Be Learned at Once—New Rooms May Be Ready for Use Before Beginning of Fall Term.

The enlargement of the Oregon City high school to meet the needs that appear to be imperative is a problem that is confronting the directors, and tentative plans were outlined at Thursday night's meeting to construct during the summer vacation a substantial addition to the building.

In 1911 when the present building was constructed, it was thought the structure would be entirely adequate for the needs of the district for many years to come, but within a year after the building was opened the number of students that were attracted to Oregon City because of the superior educational facilities offered became so great that room had to be added at a premium ever since.

Less than a month ago the board of directors learned that the legislature had enacted a law that is likely to result in a largely increased attendance in the high school next year. This law provides, in substance, that the tuition of pupils who do not have the higher educational facilities in their respective districts shall be paid by a general tax levied by the county on all property except that located within the limits of the high school districts.

It will naturally follow, it is expected, that the number of high school students that will come to Oregon City from other districts in Clackamas county may be double the present number, as the tuition will not come out of the pockets of the parents of these students, but will be paid by a general tax, based upon the actual cost per capita of educating high school students in the respective districts where high schools are situated.

The directors are preparing to obtain an estimate of the cost of constructing an addition to the building that will be adequate for several years hence, and if the plan of increasing the facilities is found to be practicable, it is very probable that no time will be lost in getting the matter under way, in order that the new addition will be ready to care for the increased attendance at the opening of the school next fall.

WEST'S METHODS ARE AIRED AT HEARING

FACE OF EX-GOVERNOR IS FLUSHED WHEN HE LEAVES STAND AT BAKER.

BAKER, Ore., April 12.—Policies of Oswald West during his governorship of Oregon were aired and explanations of them demanded today in circuit court. His methods of vice crusades and publicity were brought out, with his explanations of why he sent Fern Hobbs and the state militia to Copperfield January 1, 1914.

Some of these methods were so severely grided that when court adjourned Mr. West's face was flushed and he showed that he had not enjoyed the three hours of cross-examination by James H. Nichols, attorney for William Wiegand, who is suing the ex-governor for \$4500 damages caused by the confiscation of his liquor and saloon fixtures at the time Copperfield was placed under martial law after Fern Hobbs' visit. The courtroom was jammed to suffocation and at times the crowd forced a recess to ventilate the room.

Mr. West's refusal to extradite Martin Knesovitch, a Copperfield saloon-keeper, from Caldwell, Ida. after Knesovitch had been indicted by the Baker county grand jury, he said, was because it would have aided Mr. Nichols, attorney for the town of Copperfield, and because there were no state funds.

Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I. PROVIDENCE, R. I.—"For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. RICHMOND, 84 Progress Avenue, Providence, R.I.

From Mrs. Maria Irwin, Peru, N.Y. PERU, N.Y.—"Before I took Lydia E. Pinkham's Vegetable Compound I was very irregular and had much pain. I had lost three children, and felt worse all the time. This splendid medicine helped me as nothing else had done, and I am thankful every day that I took it."—Mrs. MARIA IRWIN, R.F.D. 1, Peru, N.Y.

From Mrs. Jane D. Duncan, W. Quincy, Mass. SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble and he doctored me for a long time and I did not get any relief. I saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it and found relief before I had finished the first bottle. I continued taking it all through middle life and am now a strong, healthy woman and earn my own living."—Mrs. JANE D. DUNCAN, Forest Avenue, West Quincy, Mass.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
