MILWAUKIE WATER CAMPAIGN NOW ON

VOTERS WILL SETTLE TWO QUESTIONS AT SPECIAL ELECTION SATURDAY.

The future water supply of Milwaukie will be determined Saturday when the voters of the north Clackamas town will be called on to decide two questions: "Shall the charter be so amended as to compel Milwaukie to acquire the property of the Milwaukie Water company and the Minthorne Springs Water company by purchase, arbitration or condemnation?" and "Do you favor Milwaukie buying Minthorne Springs for a water supply rather than buying Bull Run water from Portland at a fixed price a gallon?"

If the first amendment carries the council may offer a sum for these water plants, but if the terms are not accepted the council may condemn both properties. Minthorne Springs may be acquired in the same way if the voters declare in favor of Minthorne Springs as a water supply.

A pamphlet has been sent to registered voters setting forth the attitude of the water companies and the reply by the former mayor and councilmen, who made the contract for Bull Run water. The Milwaukie Water company asserts that it holds an exclusive franchise under section 1 of ordinance No. 6, passed by the council April 29, 1904, which reads: "That an exclusive franchise and right of way for a period of 30 years is hereby granted to F. W. Berkemire and B. M. Fisch and their associates west of the Southern Pacific track, and their associates shall have exclusive right to all water flowing through said town for sale to private parties and for fire purposes during said period." The Minthorne Springs company does not claim exclusive franchise. It operates east of the Southern Pacific track. The companies urge the citizens of Milwaukie to vote for the acquisition amendment, as they declare it will end trouble and prevent further expensive litigation.

AURORA FARMERS ARE INTERESTED IN CORN

AURORA, Ore., April 22.—The recent meeting for farmers and hop-growers held here by Professor Gresham, the Marion county agriculturist, and Professor H. V. Tartar, the Oregon Agricultural college hop expert, was well attended and much interest was manifested in the movement to popularize corn growing in the Aurora section.

The Aurora bank has been distributing a quantity of acclimated seed corn from successful growers. It is proposed to hold a corn show here next fall, with various prizes for the best exhibits. The business men will take the matter up and announcement will be made soon of the premiums offered.

Splendid for Rheumatism.

"I think Chamberlain's Liniment is just splendid for rheumatism," writes Mrs. Dunburgh, Eldridge, N. Y. "It has been used by myself and other members of my family time and time again during the past six years and has always given the best of satisfaction." The quick relief from pain which Chamberlain's Liniment affords is alone worth many times the cost. Obtainable everywhere. (Adv.)
