

ANOTHER HOME IS BROKEN INTO AND ROBBED NEAR MILWAUKIE; OFFICERS HUNT BUT FAIL TO FIND CLUE

Another daylight robbery was added to the long list of such crimes in the Milwaukie and Oak Grove districts Monday afternoon when the home of H. L. Monroe, located on the outskirts of Milwaukie, was entered sometime between noon and 4 o'clock in the afternoon and jewelry valued at several hundred dollars taken.

The robber made his entrance into the house through a window and apparently calmly went through every room. Silverware was overlooked and the plunder consisted almost altogether of jewelry although a revolver was taken. Much of the jewelry was old fashioned and valued by the family for other reasons than its value alone.

The family returned home at 6 o'clock. Sheriff Wilson was notified early in the evening and left for Milwaukie at once, returning shortly before midnight. He was unable to find a trace of the robber.

OSWEGO ROBBERS ELUDE OFFICIALS OF TWO COUNTIES

SHERIFF WILSON AT SCENE OF CRIME 17 MINUTES AFTER CALL IS RECEIVED.

WOMAN IS LED FROM HER STORE BY A CLEVER TRICK

Suitcase is Taken When Proprietor Leaves to "Sell" Man Gasoline—Search in Portland is Fruitless.

A day and half a night spent in pursuit of the man who robbed the store of Mrs. C. H. Rosentreter at Oswego failed to reveal his identity Tuesday or the location of any of the stolen articles.

Sheriff Wilson arrived at Oswego 17 minutes after a call was placed here for him. The crime was committed at 11 o'clock Tuesday morning. The local officials were assisted by deputies from Multnomah county. Working on the theory that the man probably went to Portland, Sheriff Wilson spent Tuesday afternoon in that city, returning to Oregon City about 6:30 o'clock. At 8 o'clock he left again for Oswego and had not returned late Tuesday night.

The robber induced Mrs. Rosentreter to leave her store by asking her to sell him some gasoline and stole a suitcase, containing \$250 in checks, a watch and \$5 in silver. She carried the valuables home with her each night in the suitcase and she was so busy Tuesday morning that she had not yet had time to remove the checks from the case to a safe.

The robber, described as being tall and of slim build and wearing a cap and dark clothes, entered the store with a new sallon can and said he wanted to buy some gasoline.

When she returned to the store a few minutes later the man was gone. She found the suitcase open on the counter, but the contents were gone. The cash register was not tampered with. The watch was valued at \$50.

The robber had an accomplice, who remained outside the store. This accomplice was described as a middle aged man, smooth shaven and in dark clothes.

Tuesday morning's robbery is the second to have occurred in that vicinity in the past three days. Sunday night Attorney Luther F. Steel and Mrs. Steel were held up and robbed as they left the car for their home at Ewalwa, this side of Oswego. Deputy Sheriffs Phillips and Beckman arrested James Pauers and Ernest Ward 20 minutes later and yesterday the young men were bound over to the grand jury under \$3000 bonds each.

OFFICERS TRACE BUT DO NOT FIND THIEVES

OSWEGO ROBBERS CAME UP RIVER IN RENTED BOAT FINDS WILSON.

Efforts on the part of Sheriff Wilson, Wednesday, assisted by deputies from the Multnomah county sheriff's office and detectives from the Portland police department, to locate the two men who robbed the store at Oswego failed to bring results although he now knows the course followed by the robbers preceding and immediately following the crime.

At 11:50 a. m. Monday, the two men rented a boat from the Kellogg boat house at the west approach of the Morrison bridge in Portland and rowed to Oswego. They spent the night near the store, watching the sheriff believe, for an opportunity to break in. After the crime was committed, the two returned to their boat and rowed down the river. The boat was found Wednesday near Elk Rock.

Sheriff Wilson believes that the only hope of catching the robbers is in tracing up the stolen checks if an attempt is made to cash them.

The address will be given under the auspices of the Parent-Teachers' Association. A short business session will be held before the address is given.

H. LEIGHTON KELLY TALKS BEFORE WIRES

PERMANENT COMMITTEE ON FISHERIES NAMED—CLUSTER LIGHTS DISCUSSED.

H. Leighton Kelly, for many years connected with the United States bureau of fisheries and later with the fisheries of the Argentine Republic, continued his talk on the habits of salmon and trout at the Live Wire luncheon Tuesday.

He answered a string of questions that were fired at him by interested members, and read a letter from Dr. Gilbert of California that contained a fund of information. Mr. Kelly's familiarity with the fisheries question and the ensuing discussion brought out the information that planting of fry could probably be made more efficient through the appointment of a committee of the Commercial club who would take the matter in hand and Main Trunk Osmund named Mr. Kelly and Clyde G. Huntley to represent the Live Wires as a permanent committee.

E. R. Brown was appointed to work with George Randall and Harry Young to again agitate the cluster light plan that was fathered by the Live Wires last year. Mr. Brown said representatives of the Portland Gas & Coke company had informed him that concrete poles could be erected at a cost of about \$17 each, carrying two 240-candlepower gas lights.

MARCH BREADSTUFFS TRADE 59 MILLION; YEAR AGO 8 MILLION

Britain is Leading Buyer, His Figures Show—Increase Pronounced With Almost All Foreign Nations.

WASHINGTON, April 23.—Secretary Redfield laid before President Wilson at the cabinet meeting today his estimates that American exports for the current fiscal year will reach \$2,750,000,000. The secretary took to the cabinet meeting tables showing that exports of breadstuffs from the United States last month amounted to \$59,000,000 worth, as compared with \$8,000,000 in March, 1914.

Breadstuffs exported from the United States since the outbreak of the war have totaled \$418,000,000.

Half of all exports from the United States during the eight months ended February 28 went to British territory, as against 45 per cent a year ago in the same period, an analysis by the department of commerce shows. French territory ranks second for American products markets having displaced Germany from that position.

Exports to other nations, including their dependencies, were in the following order: Italy, Holland, Denmark, Cuba, Sweden, Germany, Japan, Norway, Spain, Mexico, Russia, Brazil, Argentina, Belgium, Panama, China, Chile, Switzerland and Turkey.

Of the \$11,289,000 worth of merchandise exported to British territory, \$537,000,000 went to Great Britain and Ireland, \$197,000,000 to Canada, \$32,000,000 to Australia and New Zealand, \$9,000,000 to British East Indies, \$7,500,000 to British West Indies and \$5,750,000 to Hong Kong. Exports to British territory increased \$5,283,000 during the period.

Exports to French territory were \$188,940,000, an increase of \$63,113,000; to Italian territory \$115,278,000, an increase of \$62,491,000; to Dutch territory, \$81,007,000, an increase of \$2,381,000; to Danish territory, \$52,089,000, an increase of \$40,790,000; to Cuba, \$48,462,000, an increase of \$321,000; to Sweden, \$47,593,000, an increase of \$38,039,000; to German territory, \$28,768,000, a decrease of \$223,951,000; to Japanese territory, \$28,021,000, a decrease of \$14,379,000; to Norway, \$27,491,000, an increase of \$21,319,000.

BANK AT ROGUE RIVER IS ROBBED OF \$900

CASHIER IS GAGGED AND AMONIA IS THROWN IN HIS FACE.

MEDFORD, Ore., April 22.—Throwing a bottle of ammonia in the face of E. R. Rosser, cashier of the Rogu River State bank at Rogue River, today and then gagging him with an ether-soaked handkerchief, an unidentified robber obtained \$900 in cash, stepped into a waiting automobile and is now being pursued by sheriff's possees from both Jackson and Joseph counties.

The robbery occurred about 3 o'clock and was not discovered until nearly 4 o'clock, when Mr. Rosser recovering consciousness made his way to the front door and with hands still bound under the key in the lock and, staggering to the street, gave the alarm. Suspicion was at once directed to occupants of a gray automobile, two men and a woman, who were near the bank at the time of the robbery and drove out of town about 3:30.

ANGUS M'KINNON FREED BY JURY IN ONLY 25 MINUTES

CASE IS HEARD THURSDAY WITH CIRCUIT COURTROOM CROWDED.

"I'LL NOT TOUCH ANOTHER DROP" SAYS ACCUSED TO ATTORNEY

Grandmother of Child Killed by Drink of Whiskey is Principal Witness for State—Mrs. Charles White Testifies.

After only 25 minutes of deliberation a jury in the circuit court Thursday night returned a verdict not guilty in the trial of Angus McKinnon, who was charged with giving liquor to Charles Edward White, aged three years, on the day of the death of the boy from acute alcoholic poisoning.

The courtroom was crowded from the time the case began until it went to the jury a few minutes before 5 o'clock Thursday afternoon. Even after the jury had gone out, a score or more waited around the corridors of the courthouse until a verdict had been reached. Many were in from the Beaver Creek district where the defendant lived for about six months preceding his arrest last February. Almost every witness was from that section of the county.

McKinnon Now "On Wagon." George C. Brownell, who represented Joe King Monday and T. H. Dodge Wednesday, appeared again Thursday for McKinnon. District Attorney Hedgees represented the state. The case has attracted more attention than any trial this week.

That hereafter he would never touch a drop of liquor was the assertion that McKinnon made to his attorney, Mr. Brownell. He said after his acquittal that he intended to leave at once for Colorado where had secured employment as a telegraph operator. McKinnon is said to be an expert operator and has worked in a number of north-west and middle western cities, including Portland.

Mrs. Eva Simmons, of North Yamhill, and her daughter, Miss Laura Simmons, were the principal witnesses for the state. They testified that they were at the White home on the morning of February 18 when McKinnon was alleged to have given the whiskey to the child and declared that they saw the defendant hand a bottle of whiskey to the boy. Charles White, the child's father, testified that he did not see McKinnon give the child a drink.

Mrs. White on Stand. Mrs. White, mother of the dead child, was put on the stand but gave no material evidence. With her mother, Mrs. Simmons, and sister, she was a silent witness of the inquiry into the cause of the death of her child. Mrs. White was seriously ill at the time the crime was alleged to have been committed.

George Lammers, McKinnon's employer; Mrs. Lammers, Mrs. John Heft and Mrs. Mary Richter, all of the Beaver Creek district, testified to the good character of McKinnon and to the fact that he was not drunk preceding the day he was charged with having given the drink to the child. McKinnon took the stand in his own defense early in the day and made a general denial of the charge.

McKinnon left for Portland as soon as the jury reached a verdict. He was accompanied by several friends and relatives.

DAUGHTERS IN FIGHT ON WILL, LOSE OUT

SALEM, Ore., April 27.—Affirming Circuit Judge Campbell, of Clackamas county, the supreme court today, in an opinion written by Justice Burnett, decided in favor of the defendants in the case of Kate Buchanan Chance, et al.

The suit involved the disposition of 308 acres of land in Clackamas county belonging to John Wallace Graham, deceased. Graham, prior to conveying the land to Marion C. Young and his wife, the last named being Graham's daughter, gave instructions that they should pay off the indebtedness and, in the event of his death, distribute the land among his sons.

After his death the land was divided equally among the sons and, claiming that it should have been equally distributed among all children, the daughters brought suit. The court upheld the distribution made by the Youngs.

BITULITHIC PICKED FOR MULTNOMAH ROADS

S. BENSON RECOMMENDS WARRENITE AND BRICK FOR HIGHWAYS.

PORTLAND, Ore., April 24.—Brick pavement for the grades and Warrenite or bitulithic for the level sections are the paving specifications recommended by S. Benton, the good roads advocate, in improving the county highways provided for by the bond election last week.

"I feel that I owe it to the public," said Mr. Benson today, "to come out and say what I think is the best pavement for the county roads. Through my activity in the road bond campaign and my assurances that the money voted by the people would not be wasted I think that I have some responsibility in the proposed improvement work and, therefore, have made a study of the several kinds and types of pavement suggested for this use.

"My firm conviction is that nothing but brick on a concrete base will suffice for the roads with the steep grades and the sharp curves, and that Warrenite or bitulithic is the only kind that should be placed on the remainder of the roads."

Jack Ownbey, who has been at Tillamook for the past three weeks, has arrived in this city, where he is visiting his mother, Mrs. S. J. Ownbey, and sister, Miss Bunny Ownbey, of Greenpoint.
