WASHINGTON, May 21.—Two forest fires are burning at the north end of Tongass national forest, Alaska...

The fires are burning between Skagway and the Katzeff river, and have swept through more than three square miles of timber.

REBATE OF TARIFF SUSTAINED BY COURT

IF SUPREME COURT UPHOLDS DECISION, BIG REFUND MUST BE MADE.

WASHINGTON, May 26.—The so-called "5 per cent" clause of the tariff law, granting a reduction of duties to that amount on goods imported in American ships was sustained today by the customs court...

As such treaties exist with the principal countries of the world the effect of the decision is practically to reduce the customs revenue by 5 per cent.

If the decision is sustained by the supreme court of the United States, to which it will be appealed, approximately \$15,000,000 in duties already collected must be refunded.

WITHCOMBE URGES RURAL COOPERATION

2000 FARMERS HEAR GOVERNOR AT PICNIC IN APPLGATE VALLEY.

MEDFORD, Ore., May 20.—Urging co-operation and increased community spirit in rural life and pledging his assistance toward bettering the condition of the farmers in the state, Governor Withcombe was the guest of honor at the fourth annual picnic of the Valley Pride Creamery on the Applgate river today.

The governor carefully avoided any reference to politics or the war, confining his remarks to an informal talk on the importance of organization in country life and his interests in promoting the welfare of the country people in the state.

WOOL MARKET SHOWS UNUSUALLY QUIET TONE

NEITHER BUYERS OR SELLERS ARE AT PRESENT WILLING TO CONCEDE ANYTHING.

PORTLAND, Ore., May 21.—Various interests are playing a freecost game in the wool trade. Buyers are rather fixed in their ideas that the market is dangerous and will show a decline before an advance is made...

Result is a deadlock in the wool trade, never before seen in this territory. For many years Oregon wool growers have been willing to accept whatever price the eastern mills were willing to allow out of the goodness of their hearts.

Eastern interests, accustomed to naming their own prices on Oregon wools, and having them accepted, are stupefied by the present action of the beaver state producers in asking values to which they are entitled.

While more or less business has quietly passed in the interior of the Pacific northwest of late, the situation is far from showing activity. Sales dates have been delayed on this account and it begins to look as if each side to the controversy will hold out as long as possible.

There has been more or less talk in some quarters that the foreign situation is less keen with lower values but this is not borne out by facts; the London closing being at firm quotations, fully maintained at the high point.

UNCLE SAM'S BOYS FIND TIME FOR PLAY DURING FLEET REVIEW

HAPPY JACK TRIES ON 15 INCH GUN OF WOODS

NEW YORK, May 20.—The jacks of Uncle Sam's fleet enjoyed every minute of their stay here pending the review of the Atlantic fleet. They viewed all kinds of sport for sightseers. They attended the baseball games and had boxing matches on board ship.

TRADING STAMP LAW FOUGHT IN PORTLAND

MERCHANTS WILL CONTINUE TO GIVE STAMPS — WOMEN WANT PREMIUMS.

PORTLAND, Ore., May 25.—Pending a hearing on the application for a preliminary injunction filed in the federal court today, all merchants in Portland who have been giving trading stamps will continue to give them, despite the law passed by the recent legislature, to put an end to the trading stamp business.

An awful cry of disapproval went up from the women folks when the companies who issue the stamps announced that instead of merchandise premiums they would be compelled, in order to comply with the law, to redeem their customers' stamps in cash.

No amount of money would satisfy the woman who had been saving up her stamps for the purpose of exchanging them for a red cedar clothes chest, a choice piece of silverware or a rare creation in mahogany furniture.

F. A. Kress, manager for Sperry & Hutchinson, a trading stamp firm, said today that his company is prepared to test the constitutionality of the Brown law in the courts in the event that the federal court refuses to grant an injunction.

WASHINGTON, May 26.—The interstate commerce commission took up today the matter of valuation of railroads by the government, with reference to the position of the various states in this work.

ARMS \$500,000,000 FOR NAVAL DEFENSE OF UNITED STATES

GEN. HORACE PORTER

WASHINGTON, May 21.—The Navy league of the United States has adopted a resolution asking President Wilson to call congress in extra session to authorize a bond issue of \$500,000,000, which sum, it is stated, is needed to provide this country with adequate means of naval defense.

GATHERING WORKERS FOR GIANT CROPS

OMAHA, Neb., May 26.—Fully 100,000 men are wanted by the National Farmers' Exchange, which has headquarters here, for the harvesting of the big wheat crop, which begins in a few weeks.

The crop promises to exceed last year's bumper. The acreage in Nebraska has increased some 600,000 acres in wheat, and in Nebraska alone not less than 75,000,000 bushels are expected.

The first call for labor has taken care of the Oklahoma demands. The men will begin work there next week. From the Canadian river in Oklahoma to the Platte in Nebraska, the county is one great waving wheatfield with the plants in better condition than ever known before.

The Farmers' Exchange which is handling the problem of help, was organized in Omaha last February. It is composed of representative from each of the big wheat-growing states, a representative of each of the big western railroads, representatives of commercial bodies, and others interested in the distribution of labor and harvesting of the crop.

Health Promotes Happiness Without health, genuine joy is impossible; without good digestion and regular bowel movement you cannot have health. Why neglect keeping bowels open and risk being sick and ailing? You don't have to. Take one small Dr. King's New Life Pill at night, in the morning you will have a full, free bowel movement and feel much better.

MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

HAZEL TACKLES FOUND GUILTY OF ASSAULT

PORTLAND, Ore., May 24.—Mrs. Hazel Tackles, of Milwaukie, was found guilty of assault with a deadly weapon by a jury in Circuit Judge Gatens' court this afternoon. The jury recommended that the court exercise the greatest possible leniency.

HOWARD M. BROWNELL GETS JAIL SENTENCE

EUGENE, Ore., May 24.—Attorney Howard M. Brownell, charged with contempt of court in connection with the case of the State against Eliza Carter, was fined \$200 and sentenced to serve a three-months term in the county jail this morning by Judge Hamilton.

SENATOR SHAVES MUSTACHE.

PORTLAND, Ore., May 24.—At this critical time for the nation, with countries to right of us and countries to left of us in arms and putting on a bold front, what if you suppose the Hon. George E. Chamberlain, senior United States senator from Oregon, has done, to complicate the international situation.

It remains only for a certain well-known Colonel to dispense with his hirsute adornment and for Jim Ham Lewis to sacrifice the immortal whiskers, to bring the country to a state of war. No formal declaration needed under such circumstances.

PART OF YPRES LINE LOST, ADMITS FRENCH

GERMANS SUCCESSFULLY USE GAS OVER FRONT OF ABOUT FIVE MILES.

LONDON, May 25.—In Sir John French's report published tonight, the British commander states that portions of the line east of Ypres has been lost by the British and could not be recovered on account of the gas clouds which rose to a height of 40 feet in some places.

JAMES W. GERARD HANDLES ACUTE CRISIS IN BERLIN

JAMES W. GERARD

BERLIN, May 24.—It is no exaggeration to say that no previous ambassador to Germany had as difficult a task cut out for him as Mr. Gerard has.

GERMANS AND FOES BOTH CLAIM SUCCESS

VON MACKENZEN CAPTURES 21,000 MEN, SAYS DISPATCH FROM BERLIN.

BERLIN, May 25.—General von Mackenzen has achieved another mighty victory over the Russians in front of Przemysl, capturing 21,000 men, 152 officers, 39 cannons and 40 machine guns, according to official announcement from the war office here this afternoon.

Other victories were claimed by the war office in the Kovno region. "We have driven the Russians across the Dubissa river and captured 2200 prisoners," the statement declared. "Russian attacks from Eiragora failed disastrously."

PETROGRAD, May 25.—A terrific smash by the czar's troops against the Teutons' right wing on the banks of the Dniester river has forced the Germans back 15 miles, according to reports received here today from the front. The Russians are pressing forward and are threatening the Teuton center along the San river.

"The Russians," said today's war office statement, "have taken 18,000 prisoners, 45 guns and a large quantity of supplies. "Between the Pilica and the Vitula rivers still another offensive is in progress against the Teuton left flank. The German lines which last week were approaching Opatawa have been rolled back to the neighborhood of Kielce."

U. S. EXPERTS HOLD MT. LASSEN A MENACE

SAN FRANCISCO, May 25.—The United States geological survey at Washington D. C., considers the present disturbances of Lassen peak dangerous and important, according to a telegram received here today by the forest service here from the forester at Washington, D. C.

Professor J. S. Diller, a geologist, of the survey, who has made an extensive study of the region and is known as an authority, will arrive in July to continue his study of the volcano.

MCCREDIE WILL REMAIN BEAVER MANAGER SAYS HE WILL NOT LEAVE COAST

SAN FRANCISCO, Cal., May 24.—Walter McCredie, manager of the Portland Beavers, will not become manager of the Cleveland American league club. Passing through here today en route to Portland, McCredie said he definitely turned down an offer to head the American league Cleveland club and that he would continue to manage the Beavers.

"If the offer had been made earlier in the season I might have accepted," said McCredie. "I would be foolish, however, to take hold of a club gotten together by someone else and with all the players strangers to me. I will remain on the coast with the Portland team."

OPENER GOES TO SEALS

BEAVERS LAND ONLY 3 TALLIES; FRISCO GETS SIX.

Table showing Pacific Coast League standings: Los Angeles 564, San Francisco 571, Salt Lake 565, Oakland 472, Portland 426, Venice 396.

PORTLAND, Ore., May 26.—A rally in the third inning today failed to save the day for the Beavers in the opening game of the Seals in Portland. The score was 6 to 3, the locals making their only runs in the third set.

The Beals started off with a rush and in the first set sent two men across the home plate. Johnnie Lush was sent to the box for the Beavers and got off to a bad start. Fitzgerald's sharp single to center, Schaller's sacrifice and Hodie's drive to right bringing in two runs.

Opposed to Lush was Hub Pernell, who has been flourishing in San Francisco, but who was hurried north when Killiany was taken ill. The record of hits was 10 to 7 with the Seals doing the heavy swinging of the stick.

Today's batting order: San Francisco — Fitzgerald, rf; Schaller, lf; Schmidt, c; Hellman, 1b; Hodie, cf; Downs, 2b; Corban, ss; Jones, 3b; Pernell, p.

RODGERS IS NOT WANTED

MCCREDIE WIRES HIM TO JOIN BEAVER SQUAD.

PORTLAND, Ore., May 26.—Boston will not take Bill Rodgers. Judge W. M. McCredie, president of the local baseball club, this afternoon received word from President J. J. Lannin, of the Boston Red Sox, that, owing to the financial stringency and the large number of baseball players at liberty, he could not use the player.

Word comes from Cleveland also that Pitcher Kahler is ready and willing to come and as a result will likely be started here within the next two days.

Infielder Milton Reed took to his bed with an enlargement of the glands in the throat this afternoon, while Bill Speas will not be available for several days, owing to a misplaced collar bone and two strained tendons. The reinforcements will be useful.

BEAVERS HOME AGAIN

MACKMEN WELCOME RAIN AND POSTPONEMENT OF GAME.

PORTLAND, Ore., May 25.—Rain and wet grounds caused a postponement of today's opening game between the San Francisco club and the Portland Beavers, both of whom arrived this afternoon, the former from Salt Lake and the latter from Los Angeles. It was the first postponement of the season in Portland, although conditions were not always the best before.

The Seals hurried into their uniforms and had a pretty fair practice at the ball park before the heavier rains began to fall and mar the surface. The Beavers did not take the trouble to dress when Manager McCredie decided that the ground was too sloppy for playing a game. The information was welcome to the Beavers, who just hopped off the train after the 1200 mile ride from Los Angeles. They will be in better shape tomorrow to battle the Seals, who rode some 400 miles less to reach the scene of hostilities.

Harry Wolverton is complaining about his pitching staff. The Seal flippers did not go very well against the Salt Lake club. The pitchers were hit hard and often and Harry in a measure blames it on the high altitude.

KRAUSE TO BE RETAINED

MCCREDIE DENIES PITCHER WILL BE DROPPED.

PORTLAND, Ore., May 25.—Harry Krause will not be released by the Portland baseball club, Manager Walter McCredie said as himself this afternoon and that settles it.

"I never said that I was going to release Harry Krause," asserted Manager Mac with some heat. "A young reporter from one of the San Francisco papers asked me how my pitchers were going and I said they were going badly. He also asked if I was in the field for a pitcher and I said that I would like to have another good right-hander. I didn't say that Krause had pitched only one good game this year for the reason that everybody knows it, but that makes no difference. Harry is going to stick. He is a slow starter and will begin to win from now on. I am down to 17 men and can take another pitcher if I wish one, but I believe that I will try to go through without an extra man."

"Bobby Davis played brilliant ball for us at shortstop and the other fellows played in bangup style. If the pitchers had kept up we would have won more games. Lush and Evans kicked their own games away."
