RECORD IS MADE BY 547 WHO PASS THE STATE TESTS

ONE HUNDRED AND FIVE ARE GRADUATES OF OREGON CITY SCHOOLS

COUNTY SUPERINTENDENT SAYS MANY WILL CONTINUE STUDY

New High School Tuition Law Will Have Decided Effect Is Belief of Calavan—June Graduates Given.

Five hundred and forty-seven pupils were graduated by the eighth grade of Clackamas county schools this year, according to the figures of County School Superintendent Calavan who has completed all the routine work connected with correcting and filling the state examination papers.

The figure sets a new record for Clackamas county which is far above the figures of any previous year. Mr. Calavan attributes the increase to three causes: natural increase in number of applicants for state eighth grade diplomas; better teachers and easier examinations. He finds that the number of failures has been reduced materially.

Mr. Calavan believes that a large percentage of the graduates will attend high school. He bases his opinion on the interest shown throughout the county in high school education and in the new county high school tuition law which will permit students living in districts without high school to attend a high school without tuition. City Superintendent Toose finds that about 50 per cent of the grammar school graduates in Oregon City will attend high school.

Of the 547 eighth grade students, 105 are from the Oregon City schools. One hundred and forty-nine passed the state examinations in June and 293 in May. Those who passed the June examinations are:

Pipe-layers Busy Along Survey of South Fork Line

OVER 2600 FEET LAID UP TO MONDAY NIGHT—WORK IS NOT DELAYED.

Over two thousand feet of pipe was laid up to Monday night on the South Fork pipeline which will connect the South Fork of the Clackamas river with Oregon City and West Linn. Pipelaying began the latter part of last week.

One crew working east from the Abernathy canyon is now putting in pipe and before the end of this week a similar pipelaying crew will be in the field. A third crew will be employed before the end of this month. There will be no delay in pipelaying because of lack of pipe owing to the large quantities now on hand here.

Engineer Rand was in the Springdale district Monday and spent Tuesday in the canyon of the Clackamas. He said that the chances of completing the line by October were excellent and that he could see no danger of delay from any cause.

COMPLIANCE WITH AMERICAN REPLY IS HELD POSSIBLE

INFLUENTIAL PERSONS IN BERLIN THOUGHT TO SEEK UNDERSTANDING.

WILSON DESIRES CAN BE MET SAYS THE LOKAL ANZEIGER

Articles in German Papers Said to Have Support of Empire—Writer Urges Opposition to Enthusiasts.

BERLIN, via London, June 11.—The Lokal Anzeiger prints a noteworthy article on German-American relations and its general director, Eugene Zimmerman, chief, coming on the heels of Friday's conciliatory article, is taken to mean that influential representatives of politics and business are standing behind this paper and exerting their efforts for a German-American understanding.

"President Wilson," says Herr Zimmerman, "desires nothing more and nothing less than an understanding between Germany and England concerning the forms of maritime warfare, which, at the same time, will insure the safety of American passengers. The task is not light, considering the development of naval war, but it can be solved if all interests display good will."

A new form might be given to naval warfare. Herr Zimmerman continues, on the basis that passengers on ships with special marks of identification and sailing under the government guarantee that they are unarmed, should receive proper consideration at the hands of submarine commanders. The compromise must also involve the withdrawal of the British admiralty's instructions to merchantmen to attack and ram submarines on sight.

The article ventures to indicate for the first time to the German public there may be a second side to the question of arms on which the press has been for months harping.

CHANGES MADE IN UNIVERSITY FACULTY

UNIVERSITY OF OREGON, Eugene, Ore., June 15.—At the annual meeting of the board of regents, held on the campus this morning, deans were elected for the school of commerce and of law, and 11 other changes were made in the faculty.

The president's proposal to spend \$17,000 on a survey of the state's resources and the establishment of a campus printing plant, was reduced to \$2,900, \$800 for the printing plant and \$1,200 for the industrial survey.

The most important appointment made at the meeting was that of D. W. Morton, professor of commerce at Wisconsin, to be dean of the Oregon school of commerce.

E. W. Pope, who has been on the Oregon faculty for two years, was placed at the head of the law school. Under him will be two new instructors, Robert P. Roeder and W. W. Merritt. Other instructors elected are: E. C. Robbins, assistant professor of economics; H. A. Clark, assistant professor of Latin; B. W. Dobson, professor of secondary education; L. O. Rosenburg, instructor in free hand drawing; R. H. Wheeler, assistant professor of psychology; E. T. Lane, assistant instructor of education; Miss Mabel L. Cummings, head of the department of physical training for women.

EX-Secretary OF STATE WILL NOT DISCUSS SPECIFICATIONS

OFFER TO ARBITRATE SHOULD HAVE BEEN INCLUDED, HE INSISTS—SECRETARY LANSING REFUSES TO DESCRIBE CHANGES.

WASHINGTON, June 12.—Ex-Secretary Bryan, who resigned his post July rather than sign the second note to Germany, issued another statement late today declaring that the note was materially revised following the presentation of his resignation. The revision, Mr. Bryan asserted, softened the note, but was not sufficient to justify him in withdrawing his resignation.

"It is true," said Mr. Bryan, "that I saw the final draft of the note just before my resignation took effect, but it contained an important change, I had no knowledge of this change at the time my resignation was tendered and accepted."

"This change, while much softening the note, was not, however, sufficient, in my judgment, to justify me in asking permission to withdraw my resignation. As Germany had suggested arbitration, I felt that we could not do less than reply to this offer by expressing a willingness to apply the principle of the peace treaties to the case."

"What was the change in the note?" Mr. Bryan was asked. "I cannot discuss that," he replied.

It was suggested that the clause added to the note was that saying the United States would entertain any evidence Germany might have that officials of this government not thoroughly performed their duty in examining the Lusitania before her departure to see that she was not armed for offensive action. Mr. Bryan only smiled at the suggestion.

Secretary Lansing also declined to discuss changes made in the note.

The clause referred to follows: "If the imperial German government should down itself to be in possession of convincing evidence that the officials of the government of the United States did not perform those duties with thoroughness, the government of the United States sincerely hopes that it will submit that evidence for consideration."

Two New Railroad Projects Will Be Under Way Soon

LINE TO CORVALLIS WILL BE MADE ELECTRIC—CHANGE THIS YEAR PROMISED.

PORTLAND, Ore., June 15.—Two important development projects are provided for by two Oregon railroads in their plans for the remaining months of the present year—one each by the O.-W. R. & N. and by the Southern Pacific.

The O.-W. R. & N. company will build a 20-mile extension to its line recently completed from Vale to Riverside, and the Southern Pacific will electrify the line between Whitson and Corvallis as an extension of the existing electric unit between Portland and Whitson.

J. D. Farrell, president of the O.-W. R. & N., together with F. A. Plet, assistant to the president; J. P. O'Brien, vice-president and general manager; J. R. Hoiman, chief engineer, and Frank W. Robinson, assistant traffic manager, left today for Vale, whence they will proceed over the newly completed line through Luntara to Riversville. They will travel from Riversville over the route of the proposed line in automobiles.

The western terminus of the proposed extension will be Crane Creek Gap, near the northern shore of McIner lake, in Harney county. Portland contractors have been asked to submit estimates on the cost of this work, and several of them now are sending men into the interior to look over the ground.

It is understood that Mr. Farrell and his party will continue through Central Oregon and return to Portland via either Condon or Bend.

The new line now is being operated from Vale to Riversville, a distance of 80 miles. It connects with the Oregon Short Line at Ontario, but is a part of the O.-W. R. & N. system. It is intended eventually to extend the line across the state to a connection with the Bend. This route then will offer the company a new main line between Portland and the east.

THIEVES BUSY IN CLACKAMAS DISTRICT

MANY BARNYARDS ARE VISITED BUT CRIMES ARE NOT REPORTED TO SHERIFF.

A score of barnyards in the Clackamas, Logan and Damascus districts have been visited within the last two weeks and a wide variety of stock and grain taken. Few if any of the cases have been reported to the sheriff's office.

The thieves, however, did not confine their activity to visits to barnyards as Mrs. Louis Etzkon, of Clackamas reports that some one attempted to enter her home last Thursday night. William Everman and Fred Smith were held up on the Hiker bridge road late Saturday night. Among the victims is County Judge J. B. Anderson who lost a quantity of grain.

A condensed list of the robberies in the Clackamas district follows: Philip Mathews, stock taken; William Clarke, furniture removed from house; Joseph Backmann, one calf; J. W. McNichols, two sheep and four lambs and Charles Halton, 12 sacks of potatoes.

INVESTIGATION TO BE MADE OF ENVOY TO UNITED STATES

STATE DEPARTMENT IS STIRRED BY REPORT OF HOAX ON PART OF BERNSTORFF.

RED CROSS WORK DECLARED NOT ONLY ACTIVITY OF DR. MEYER

French Ambassador Suspicious of German from Start—Question Will Be Studied Carefully By Washington.

WASHINGTON, June 16.—Published charges that Dr. Anton Meyer-Gerhard, for whom the United States arranged a safe conduct with the allies, that he might return to Germany with a personal message from Count von Bernstorff, the German ambassador, was in reality Dr. Alfred Meyer, chief of the supply department of the German army, who had been secretly in the United States buying munitions of war, are to be investigated by the state department.

Simultaneously, another version of the story—that Dr. Alfred Meyer, while not passing as Meyer-Gerhard, has been in the country and sailed with the latter for Christiania, Congo—also will be looked into.

Officers of the department and members of the diplomatic corps recalled that at the personal request of Count Bernstorff, ex-Secretary Bryan asked the British and French ambassadors for a safe conduct for Dr. Meyer-Gerhard.

Jusserand, the French ambassador, at the time inquired closely of Meyer-Gerhard's identity and state department officials recalled also that Sir Cecil Spring-Rice, the British ambassador, had suggested that there was evidence of other activity by Gerhard than Red Cross work.

The upshot of it was, however, that the state department, at the request of Count Bernstorff, gave a letter.

"It was a letter," said Secretary Lansing today, "that was given at the request of the German ambassador, stating that Dr. Meyer-Gerhard, who had been in this country as the representative of the German Red Cross, desired to return to Germany."

No question, up to that time, nor until today, had arisen at the department as to whether Meyer-Gerhard might really be Meyer, or if Meyer was in the country secretly buying war supplies.

One report, which referred to Dr. Albert Meyer as purchasing arms here, spoke of an attempt to buy obsolete United States army rifles, and said ex-Representative Metz had conferred with ex-Secretary Bryan on the subject. Mr. Bryan said today he had no recollection of any such conversation with Metz. Secretary Garrison said he knew of no negotiations for the rifles.

The department will look into the question, not because it involves any violation of international law, so far as officials could see today, but because if the charge of double identity were substantiated, it would involve diplomatic usage and courtesy.

CAR RUNS OVER BOY

Melville Frost, 12, son of Mr. and Mrs. A. E. Frost, was injured Tuesday afternoon when a Ford delivery automobile ran over him. The boy was riding on the runningboard of the car and was thrown to the ground. One leg was broken just above the ankle. The boy is living with Mr. and Mrs. F. R. Andrews, of Mount Pleasant. Dr. Guy Mount is attending the case.

OWNER OF DOGS IS SUED

Alleging that dogs belonging to Jacob Grossmuller, of Mink's settlement, killed three of their sheep and injured many others, George and Killian Schmidt have filed a suit in the circuit court asking for \$465 damages. The plaintiffs claim that the animals killed were registered Shropshire and Hampshire sheep and valued at \$20 each. Dimick & Dimick and Will Mulvey are appearing for the plaintiffs.

RUSSIAN FORCES RALLY AND DRIVE BACK THE ENEMY

PETROGRAD CLAIMS VICTORIES IN DISTRICT SOUTH OF LEMBERG.

6500 PRISONERS CAPTURED AND MANY GUNS ARE TAKEN

General Advance Along Line Claimed in Russian Dispatch—Germans Said to Be Retreating—Reports Confict.

PETROGRAD, June 11.—"Suddenly assuming the offensive, Russian troops south of Lemberg defeated Austro-Germans, capturing 6500 men, 188 officers, 17 cannons and 47 machine guns."

This official statement issued from the war office caused great rejoicing throughout Russia today.

"We repelled German attacks in the Shavli region on Tuesday and Wednesday."

"Between Otsee and the Vistula artillery duels occurred."

"On the right bank of the Pilicia a small body of the enemy attacked but was repulsed, yielding scores of prisoners."

"In Galicia the enemy attacked in force our positions protecting Mostoskale on Tuesday evening after a three-hour bombardment, which included gas shells. At the end of the cannonading great masses of infantry assaulted our line, reaching the wire entanglements where they were held up. After suffering severe losses the enemy was thrown back 2000 paces from our trenches."

"On the Dnieper the fighting is favorable to us. On the right bank from Hartsberg to Zilaczow we pressed forward, capturing 200 prisoners, including 50 officers and eight machine guns."

"On the left bank, in the Zsuravow region, the enemy was unable to advance. Furthermore after a fierce fight he was driven behind the railway and we captured several villages, among them Raczewko, where 500 prisoners were taken."

PETROGRAD, June 11.—Semi-official reports today say that the preparations have been made by the Russians to evacuate Lemberg. Large Austro-German forces are on the Dnieper, 24 miles from the city. The press expresses the fervent hope that the allies in the west will do something to draw off the army threatening Lemberg.

Rose Festival Is Seen By Hundreds From Oregon City

SPECIAL CARS ARE RUN TO ACCOMMODATE CLACKAMAS COUNTY CROWDS.

Oregon City joined with Portland Friday, the last day of the annual festival, in paying homage to the rose. Hundreds from Oregon City and thousands from Clackamas county turned out to aid in making the 1915 Rose Festival the greatest in the history of the big Portland show.

Special cars on the Portland Railway Light & Power company and the Southern Pacific were required to accommodate the throngs that flocked to the Rose City. Friday night, the power company was almost unable to handle the crowds and all the late cars were delayed. Many did not reach their homes until early Saturday morning.

But Oregon City's part in the Portland festival was not entirely unofficial. The Fallisians, the marching club organized and drilled in a few weeks time, were on hand to take part in Friday's parade, over 50 strong. The marchers left Oregon City early Friday morning on a special car and were given a prominent part of the line of march. At noon they were the guests of the Rosarians, the Portland marching club, and in the afternoon many attended the athletic meet on Multnomah field. Seats in the grandstand were offered all members of visiting marching clubs during the review of the electric parade Friday night.

FERRYVILLE, Wis., June 14.—Nineteen persons are known to have been killed in the tornado which swept parts of Wisconsin and Iowa. Reports received this afternoon over shaky telegraph lines are constantly increasing the number killed or maimed by the terrific storm. Sixty-eight are now known to have been injured.

At Ferryville, Wis., the tornado did its worst damage. Eight persons were killed there and 18 injured. At Reedsburg one person was killed and four injured. Two were killed at Racine.

All wire communications with Eroy were cut off today and it was reported several persons were killed there.

Another Added to List of Daylight House Robberies

HOME OF ARTHUR R. TRIBE NEAR OSWEGO LOOTED WHILE FAMILY IS AWAY.

While Arthur R. Tribe was visiting the Portland Rose Festival Friday afternoon, someone entered their home on the river bank near Oswego and took jewelry and a varied assortment of other articles valued at about \$100.

The robber entered the house through the front door with the aid of a pass key. He made a systematic search through the place and took practically every small article of value. Among the plunder is a revolver. Daylight robbers operating through the Oak Grove and Milwaukie district show an unusual fondness for revolvers.

Although the crime was committed Friday afternoon, Sheriff Wilson was not notified until Saturday afternoon. He spent several hours on the case but was unable to find a trace of the robber.

PERSUASION, NOT FORCE, THE KEY OF BRYAN'S PLEA

EX-Secretary OF STATE ISSUES STATEMENT TO AMERICAN PEOPLE.

WILSON'S NOTE IS DECLARED TO CONFORM TO OLD SYSTEM

Plea is Made for United States to Lead World into Light of Day—Another and Final Message Today.

WASHINGTON, June 18.—William Jennings Bryan, in a statement to the American people tonight asks them to hear him before they pass sentence on his laying down the portfolio of secretary of state in the midst of international stress.

Confident that the public will credit him with honorable intentions, Mr. Bryan frankly says that good intentions are not enough, and that if the public verdict is against him, he asks no mercy, asserting that men in public life must be "willing to bear any deserved punishment from ostracism to execution."

Interpreting the American note to Germany on submarine warfare, which he refused to sign, as conforming to the "old system" of diplomatic standards, precedents for which "are written in characters of blood upon almost every page of human history" and characterizing himself as a champion of the new system—persuasion instead of force—and as an "humble follower of the Prince of Peace," the ex-secretary of state pleads for the United States to lead the world "out of the black night of war into the light of that day."

Mr. Bryan will issue tomorrow another statement, an appeal, he says, to "German-Americans."

STORM SWEEPS OVER THE MIDDLE WEST

NINETEEN KNOWN TO HAVE BEEN KILLED IN WISCONSIN AND IOWA.

MILWAUKEE, Wis., June 14.—Nineteen persons are known to have been killed in the tornado which swept parts of Wisconsin and Iowa. Reports received this afternoon over shaky telegraph lines are constantly increasing the number killed or maimed by the terrific storm. Sixty-eight are now known to have been injured.

At Perryville, Wis., the tornado did its worst damage. Eight persons were killed there and 18 injured. At Reedsburg one person was killed and four injured. Two were killed at Racine.

All wire communications with Eroy were cut off today and it was reported several persons were killed there.

STUGRIS, S. D., June 14.—From 4 to 12 inches of snow fell here today, the latest heavy snowfall in many years. Twelve hours of steady rain and a high wind preceded the fall.

FERRYVILLE, Wis., June 14.—Violent storms, causing the death of seven persons in this vicinity Saturday night, today showed little signs of abating. The storm was general over western Iowa and southern Wisconsin, and a total of 15 persons were reported killed. The list of injured is expected to climb well over the 50 mark.

VALLEY DISPLAY HELD TO BE ONE OF BEST AT FAIR

EXHIBIT ATTRACTS ATTENTION OF THOUSANDS AT THE SAN FRANCISCO EXPOSITION.

"BILL" HANLEY HAS PRAISE FOR O. E. FREYTAG OF THIS CITY

Clackamas County Takes Large Share of Awards Complete List of Which Are Received in Oregon City.

EXPOSITION GROUNDS, SAN FRANCISCO, June 14.—In commenting on the great showing made by the Willamette valley exhibits in the list of awards made by the exposition jurists, "Bill" Hanley, the well known resident of Oregon, who is a fair visitor, paid a high compliment to O. E. Freytag, of Oregon City, who installed and is directing the valley exhibits for the Willamette Valley Exposition association.

"While the awards speak a great deal for the products of our great state," said Mr. Hanley, "they speak even more for those who had charge of placing them on exhibition. Such men as Mr. Freytag are worthy of all the praise the people of Oregon can bestow for they are not only showing the greatness of our state to the world but they are giving it a place in history. It is great that the valley exhibits made such a splendid showing in competition with all the other magnificent and wonderful exhibits here. The accomplishments are even more wonderful when taken into consideration that so many little details had to be observed in collecting and arranging the exhibits."

That Mr. Freytag has made a great success of his work here is without a doubt. Because of the unique arrangement and the thoroughness of the displays, the valley exhibits have attracted more attention than any of the other exhibits. Hundreds of Oregon people who have visited the exhibits have praised and marveled at the cleverness with which they are put up. That they are attracting the profound interest of Californians and easterners is indicated by the number visiting them and the interest shown by the visitors.

Mr. Freytag is more than gratified with the awards. They were issued by a thoroughly competent jury, which thoroughly judged every agricultural exhibit here before marking the final awards. Mr. Freytag is particularly pleased with the award of the grand prize for forage crops grown in the valley as special effort was made to display these products. The medal of honor for the products of the soil is a higher award than a gold medal. Of the other medals awarded to the valley exhibits, 18 are gold medals, 48 are silver medals, 51 are bronze medals, and there are 8 honorable mentions.

The list of awards won by Clackamas county producers follows:

Gold Medals.
Joe Bachman, onion seed, Clackamas, Ore.
Henry Houge, garden peas, Wilsonville, Ore.

Silver Medals.
Judge H. S. Anderson, spring oats Oregon City, Ore.
Fred Archilles, sheaf peas, West Linn, Ore.
Henry Boege, oats, Wilsonville, Ore.
Fred Archilles, potatoes, West Linn, Ore.
Tom Davis, spring oats, Oregon City, Ore.
Fred Archilles, winter vetch, West Linn, Ore.
O. P. Chindgren, wheat, Mulino, Ore.
Tom Davis, Kinney wheat, Oregon City, Ore.
Will Brown, wheat and oats, Logan, Ore.
Louis Funk, wheat and oats, Logan, Ore.
George H. Gregory, teal, Molalla, Ore.
W. H. Hageman, potatoes, Logan, Ore.
Michael Hemrick, spring oats, Clackamas, Ore.
W. P. Kuchem, barley and millet, Logan, Ore.
W. P. Kuchem, clover, Logan, Ore.
W. H. Lucke, potatoes, Canby, Ore.
Chris Naegli, winter vetch, Oregon City, Ore.
Fred Rhoebhorf, barley and oats, Logan, Ore.
Scramin Co., oats, Macksburg, Ore.
J. W. Smith, collective exhibit of grains, Macksburg, Ore.
Fred Stelner, wheat, Beaver Creek, Ore.
