You Can't Get Blood Out of a Turnip

Neither can you get your moneys worth out of a binder that hasn't had it hammered and built into it at the factory. A good way to find out about a binder is to look it over carefully and see if it measures up to your idea of what the machine should be.

THE CHAMPION BINDER

like all Champion Machines is built upon the "quality first" policy and then it, also has some very important advantages, for instance it's positive force feed elevator which insures a continuous flow of grain to the picker arms.

Cheap Living in Old London. London laundry charges were noted by Nicholas Decrepans, the author of "Le Parisien a Londres," who visited England in 1788. Decrepans found his laundry bills excessive, especially the charge of 4 1/2 pence for washing a shirt. "And," he adds pathetically, "shirts are changed every day in London. Such is the general custom, due no doubt to the griminess of the atmosphere." Still, on the whole, he found living less costly in London than in Paris. Beef was obtainable for 3 1/2 pence and mutton for 1 pence a pound. A quarters loaf was only sevenpence, and other food prices were on a similar scale.—London Chronicle.

LOCAL POWER PLANT FIRST OF ITS KIND

PORTLAND, Ore., June 19.—T. W. Norcross, assistant chief engineer, forest service, Washington, D. C., who has been spending several days in Portland, left last night with District Engineer Lundgren for the Puget sound region, where they will visit various projects and hold conferences with officials of power plants and of cities.

On his western trip Mr. Norcross has already spent some time in California, and has also gone over several power developments in Washington and Oregon, and some projects which various companies desire to develop. He has visited the Portland Railway, Light & Power company's plants at Oregon City, Cazadero, River Mill and Bull Run, and also the condit plant of the Northwest Electric company on the White Salmon river. He expressed himself as favorably impressed with the developments everywhere, and especially with the River Mill and the condit plants.

In speaking of the Oregon City plant, Mr. Norcross said that at the convention of the National Electric light association, held in San Francisco last week, it was proved that the plants originally constructed and operated at Oregon City was the first waterpower plant to generate alternating current for transmission to a distant point.

The receipts for the week at the Portland Union Stock Yards have been: Cattle, 1561; calves, 36; hogs, 4016; sheep, 4142.

Prices a shade lower than last week. Nearly all shipments are grass cattle, quality not above the average. Bulk of steers sell around \$7 to \$7.25, cows as high as \$6.75.

Hogs remain steady at \$8. Not many loads of well finished stuff came forward and considering quality prices held well.

A fair run of sheep for the week with prices lower and market inactive. Spring lambs are coming in small quantities only. Choice lambs are selling at \$7.50, ewes \$5 and wethers at \$5.50.

The following sales are representative:

Table with 2 columns: Item and Price. 1 Steer, 1341... \$7.50; 8 Steers, 1048... 7.35; 282 Steers, 1082... 7.25; 50 Steers, 1151... 7.05; 1 Bull, 1231... 6.25; 2 Bulls, 1321... 5.99; 1 Heifer, 1081... 6.75; 1 Calf, 221... 7.00; 3 Cows, 1087... 6.50; 88 Cows, 1027... 6.35; 60 Cows, 997... 6.25; 29 Cows, 1121... 6.05; 780 Hogs, 201... 8.00; 21 Hogs, 221... 7.95; 343 Hogs, 203... 7.90; 120 Hogs, 176... 7.80; 42 Lambs, 73... 7.55; 26 Lambs, 61... 7.70; 7 Wethers, 81... 6.75; 24 Ewes, 93... 6.85.
