

# CABINET AGREES WITH WILSON ON TERMS OF REPLY

RESPONSIBILITY WILL BE PLACED ON GERMANY BY LATEST MESSAGE.

### AIR OF FINALITY WILL PUT CURB ON FUTURE NEGOTIATIONS

Washington Takes Position Future Must Be Determined by Course of Berlin and Desires of American People.

WASHINGTON, July 20.—President Wilson and his cabinet decided tonight on the general principles of the note to be sent to Germany within a few days, renewing the efforts to secure for American citizens protection of their rights on the high seas.

On its character and purposes there was unanimous agreement and Secretary Lansing was at work tonight putting in more precise language the ideas set forth. Members of the cabinet generally preserved secrecy regarding the probable contents of the proclamation and the president cautioned against detailed speculation in advance of the publication of the document, lest mistaken impressions be carried abroad before the actual text is received in Berlin.

Cabinet officers made it clear that it would not be an ultimatum or make any threats as to be future purposes of the United States. At the same time they pointed out that it probably would have an air of finality, curtailing the field of discussion and negotiation and placing squarely on Germany the responsibility for any actions that might subsequently endanger the friendly relations of the two countries.

On Germany's next reply and the crystallization of public opinion thereafter they will depend to a large extent, according to intimations from officials, what the action of the United States would be concerning future violations of American rights.

# U. S. AMBASSADOR TO RUSSIA DISSATISFIED

WASHINGTON, July 15.—George T. Marve, American ambassador to Russia, has not resigned, Secretary of State Lansing and Presidential Secretary Tammity stated today.

An under official of the state department had earlier in the day declared a report to this effect was true, but later admitted his confirmation was an error. The conflicting statements caused the greatest speculation. It was believed that Ambassador Marve has at least expressed a desire to return home. Both Lansing and Tammity insisted that he is pleased with his position, although conditions in Petrograd are not what they would have been but for the war.

# WALTER F. MATTHEWS DIES IN PORTLAND

PORTLAND, Ore., July 15.—Walter F. (Jack) Matthews, at one time a powerful figure in Oregon politics, died from cancer at 1 o'clock this morning at St. Vincent's hospital. He had been ill since the first of the year and had been in the hospital since March 15. He was formerly United States marshal for Oregon and was once chairman of the Republican state central committee.

For a number of years Matthews was political boss of Multnomah county. Early in life Matthews was trained in machine politics. He took to it as a duck takes to water. He was shrewd and crafty, and did not submit to defeat.

Matthews was born in San Francisco in 1856, and came to Portland when he was 9 years old.

# STATE ASKED TO GRANT EXTENSION TO LEASE

SALEM, Ore., July 16.—In a letter received by the State Land Board today Jason Moore, who leased Summer and Albert lakes last fall for the purpose of extracting mineral deposits from the waters, asks through his attorney, C. A. Shephard, of Portland, that the time for filing a \$25,000 bond be extended from July 18 to January 1, 1917.

Shephard encloses a letter from Jason Moore which gives as the reason for asking for the extension that Moore found it impossible to get a power site of sufficient magnitude on the Deschutes river on account of all the better being tied up by the government, and the further fact that owing to the European war's effect on the money situation he has found it impossible to finance the project.

At the time the contract was let to Moore a certified check for \$10,000 was filed as a guarantee of good faith.

Leonsa: Sawmills here have increased capacity to 100,000 a day.

# HARRY K. THAW FREED UNDER HEAVY BONDS

PRISONER GREETED BY CHEERS ON LONG AUTO TRIP FROM NEW YORK CITY.

NEW YORK, July 16.—Harry K. Thaw shook off the grip of the law today, motored down Broadway to the applause of admirers, crossed the ferry to Jersey City, made the sheriff goodbye and whirled away toward Philadelphia, with his car throwing dust on a procession of automobiles filled with newspapermen under orders to stay with him.

He reached Newark, 10 miles away about 2 o'clock and stopped for lunch. His presence became known immediately and a crowd which taxed the capabilities of the police assembled in the street outside the restaurant. They cheered him again when he had finished, and Thaw, smiling his appreciation, resumed his trip.

# KISSES WIFE, STEALS GUN, KILLS SELF

PORTLAND, Ore., July 21.—Affectionately kissing his wife as she lay in bed and at the same time taking a revolver from underneath her pillow, Charles Carroll, a well-to-do wheat exporter, a few minutes later walked to the basement of his home, 1213 East Flinders street, shortly after 7 o'clock this morning and shot himself through the head. He died almost instantly.

It is believed that worry over real estate transactions prompted Carroll to commit suicide, as it is said that only yesterday he had traded his city property for a tract near Damascus, Ore., and feared that he had been worsted in the bargain.

While his wife, a son and daughter, who were in the house, had no immediate intimation that Carroll was to commit suicide, his deed was not unexpected. It is said that members of the family had feared for several days that he would try to injure himself and had done everything possible to prevent his doing so.

# 100 SUBMARINES ARE CALLED A NECESSITY

WASHINGTON, July 21.—Congress should appropriate for one hundred submarines at the next session, according to a statement issued here today by the National Defense league.

"A recent account, widely printed by the press, that the general navy board will recommend appropriations for at least thirty submarines and that these will be included in the naval estimates to be sent to the next congress by Secretary Daniels, is alright as far as it goes, but it does not go far enough," according to the league's statement.

"We must make provision for more than three times that number of under sea boats," declares the statement.

The league has launched a campaign throughout the country to arouse public sentiment for one hundred submarines in the next naval bill. It will agitate the question of an adequate number of submarines until congress convenes next December.

# WAR LETS UNFIT LIVE SAYS DR. W. S. MORGAN

UNIVERSITY OF OREGON, Eugene, July 15.—War is not a process that results in the survival of the fittest, according to Dr. William S. Morgan, Carnegie foundation lecturer in international polity and confederation attached to the faculty of the summer school of the University of Oregon. Dr. Morgan has been the assembly lecturer for the present week.

"The important principle emphasized by science," declared Dr. Morgan in his lecture today, "is the selective power of nature on the basis of fitness. How does this apply to you?"

"Nature selects the fit to survive; through the process of war we select the unfit to survive. In Belgium and Ireland today we are killing off the best promise of future generations."

Dr. Morgan then painted a picture of what is left to a nation when its best and bravest have volunteered or been conscripted and have been decimated in battle; he sees left to propagate the race "the physically defective, those of slow understanding and feeble minds, unstirred by originality of thought, in whose souls there is no urge of freedom, no inspiration of the ideal, who are unable to lift humanity to a higher level of life."

GERMAN GAINS ADMITTED.

PARIS, July 15.—New German gains in the Argonne district were admitted in today's official communique, it was claimed in the communique, however, that the French had captured a line of German trenches north of Arras. The forest of Bouraillon, in the Argonne district, has been the scene of terrific fighting in the past 24 hours. It was captured from the Germans Wednesday morning, but was regained by them last night.

WOULD NOT "TAKE A DARE."

SAN FRANCISCO, July 21.—Walter Nissen, 18, is dead today, having been electrocuted while climbing a towering pole of the San Francisco Power company to take a dare. Nissen was walking with friends when he accepted a dare to scale the pole. He reached the top, when suddenly his body came in contact with the high voltage wires.

# LABOR TROUBLES IN THE EAST LAID TO FOREIGNERS

WORKERS IN CONNECTICUT MUNICIPALITY WORKS SAY THEY WILL QUIT TODAY.

# OBJECT IS TO STOP SUPPLIES FOR EUROPEAN WAR, IS CHARGE

Machinists in Plant of Remington Company Will Lay Down Tools at Noon - Attempt to Settle Fruitless.

BRIDGEPORT, Conn., July 19.—Negotiations to bring about a settlement of the difficulties between the machinists of Bridgeport and the Remington Arms & Ammunition company, engaged on a gigantic scale in the manufacture of war munitions for the allied armies, have failed.

Labor leaders announced tonight that the first of the machinists would throw down their tools and walk out at noon tomorrow, 24 hours from the original time set for the beginning of the strike. They added that within a week all work in the Remington shops and in the shops of sub-contractors would be at a standstill.

Previous to this announcement news had been received that Samuel Gompers, president of the American Federation of Labor, had given out a statement in Washington to the effect that foreign influences, with a plentiful supply of money, were responsible for the strike and had agitated a walkout in the ammunition factories so as to prevent further shipments of supplies to the nations in Europe.

In regard to Mr. Gompers' statement labor leaders in charge of the Bridgeport strike today said any charge that the threatened strike was due to German agents was false.

Just how far the strike might spread in the other manufacturing communities of New England the labor leaders were unable to estimate.

Labor leaders announced that they had failed to hear from the New York workers who on Saturday requested the postponement of the calling out of the machinists.

"If we do not hear from this man by 4 o'clock this afternoon," said J. J. Keppler, international vice president of the Machinists' union, "we will have to believe that the negotiations have failed."

The secretary of the Bridgeport Manufacturers' Association announced that a meeting today the manufacturers had determined to stand as a body behind the Remington company in its decision to run an open shop.

# STRIKE IN EASTERN ARMS FACTORIES OFF

BRIDGEPORT, Conn., July 20.—Contrary to the announcement of the directing labor leaders, the big machinists' strike, which was counted on to tie up operations in the Remington Arms & Ammunition company's factory and the plants of the four sub-contractors at noon today, and ultimately to spread all over New England, did not develop.

When the noon whistle blew, the appointed signal for the walkout of the 200 machinists in the arms factory, there were gathered the 20 or more international heads of labor unions.

# BEDFORD MURDER CASE GOES UP IN SMOKE

BEDFORD, Iowa, July 15.—Justice Sawyer today dismissed the case against Bates Huntsman, one of the four aged farmers who were charged with complicity in the murder of a cattleman and his son here in 1868.

Upon the recommendation of Attorney General Conson, Justice Sawyer dismissed charges against the other three defendants in the case.

Earlier in the day, County Attorney Burrell said he did not believe Taylor county could bear the expense of prosecuting a case so ancient.

Huntsman was arrested following the recent unearthing of a treasure chest on a farm near Slaw, Iowa, said to contain \$20,000. It was said the money was looted taken from a cattleman by the James boys' gang, of which Huntsman was said to be a member, and later the cattleman, whose name is unknown, was killed.

# \$49,139 IS PAID TO STATE BY EMPLOYERS

INDUSTRIAL ACCIDENT COMMISSION FINDS MANY FIRMS SEEK EXEMPTION.

SALEM, Ore., July 19.—As a result of the announcement of the state industrial accident commission that all employers in Oregon under the compensation act who have made contributions to the accident fund for the six months prior to July 1, would be entitled to an exemption of their payments for July, \$49,139.99 has been paid into the fund during the first seventeen days of this month by employers who desired to receive the benefit of the exemption.

The commission announces that any employers who have not yet paid for the six months preceding July 1, have until the end of the month to make the payments in order to obtain the exemption. During the week just closed the rush of employers to secure the exemption has increased the receipts to more than double the usual amount, the total for the seven days being \$29,987.23. This amount according to Commissioner Abrams is larger than for any like period since the compensation law became effective.

The receipts for the first seventeen days of June were \$21,050.80, as compared with \$49,139.99 for the first seventeen days of July. This is an increase for July of \$28,089.19.

The exemption for July was made by the commission after it had been found that the accident fund was in an especially strong condition. Though employers and workmen are granted freedom from paying the July contribution, they will enjoy the same protection and benefits from the fund as though the payments had been made.

According to the amended workmen's compensation act, the commission is granted the right to order an exemption to employers and their workmen who are paid up for the six months preceding, when the industrial accident fund amounts to a sum sufficient to meet all payments which have accrued, together with a surplus of 20 per cent thereon, and whenever three shall have been set apart by the state treasurer from said fund, the amounts hereinafter required on account of inquiries resulting in death or permanent disability.

# TROOPERS HANDLE GUNS.

NOGALES, Arizona, July 21.—Americans are doing the hardest fighting in General Call's army of Carranzistas, which is sweeping all before it in the state of Sonora, according to information received here today. These Americans are said to be negroes, former members of the United States army. They are handling a battery of machine guns.

# SALAZAR IS CAPTURED.

EL PASO, Texas, July 20.—Jose Ynez Salazar, Carranzista commander and fugitive from American justice, has been captured in New Mexico, according to advices here today. Salazar was driven back across the American border by Villistas. He escaped recently from Albuquerque.

# FOUR LOSE LIFE IN DAY.

ABERDEEN, Wash., July 20.—Four accidental deaths occurred here yesterday afternoon, three by the drowning of bathers, and one by being crushed under a wagon. The heat wave drove many to bathing in the river. John Puhkula, aged 32, and Martha Nurnli, 24 years old, both of Hoquiam, went wading and dropped into a sink hole. John Graines, a dishwasher, was drowned here while in swimming, and Lester Grinrod, aged 6 years, fell off a wagon and was crushed under the wheels.

# BRITISH OCCUPY CRATER.

BERLIN, July 20.—The German general staff this afternoon announced that the British, assuming the offensive in West Flanders, had attempted to drive the Germans from East Ypres but had been repulsed.

Admission was made, however that the British succeeded in occupying the crater formed by the explosion of mines along the Ypres-Hooge road.

# BECKER STILL FIGHTING.

NEW YORK, July 20.—Martin Manton, counsel for Charles F. Becker, announced that he would file a motion for a new trial for the convicted police lieutenant this afternoon before some supreme court justice. The new trial, which is another desperate effort to save Becker from the electric chair, will be sought on grounds of new evidence.

# CRACK YACHTS TO COMPETE

LOS ANGELES, Cal., July 15.—Yachts of the Sunset and South Coast clubs will cruise to San Diego the latter part of this week for the events to be staged there Saturday and Sunday. All of the best yachts owned in this section will be seen in the San Diego contests, it was announced.

Traveling Man's Experience.

"In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to six p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At five o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. Obtainable everywhere. (Adv.)

# AUSTRIA CLAIMS ENEMIES VIOLATE MANY WAR RULES

INHUMANITY CHARGED AGAINST FOE IN RED BOOK BY GERMANY'S ALLY.

# BELGIANS ACCUSED OF BRUTAL TREATMENT OF ALL FOREIGNERS

Malicious Punishment, Neglect, atrocious Assaults, Poisoning Wells and Other Crimes Laid to Entente Allies.

WASHINGTON, July 15.—Austria-Hungary's indictment of the methods of warfare of her enemies, giving scores of instances of "barbarous treatment" of nationals and prisoners and breaches of international law, was made public today in a "Red Book" issued by the Austro-Hungarian ministry of foreign affairs through its embassy here. The publication is called a "Collection of Evidence."

"The first two parts," says a prefatory note, "contain evidence concerning the treatment of Austro-Hungarian diplomatic and consular officers by the government officers of the hostile countries. The cases adduced deal with the violations of the most elementary rules of the right of hospitality. Never before have so many cases of the violations of this right been instanced."

"The third part contains evidence of the treatment to which Austrian and Hungarian citizens have been subjected—in most cases before the opening of hostilities—in hostile countries. Even if it be conceded that the prevention of the enemy's nationals from joining the war is to a certain extent justifiable, the methods employed by the host countries, and especially the arrest and the incarceration of aged men, sick persons, women and children, are contrary to the elementary usages of humanity."

"The fourth part comprises proofs of violations of the laws of warfare. To the numerous cases of disregard of the regulations concerning the use of prohibited projectiles contained in The Hague agreement and the Geneva convention, must be added the unspeakable outrages of which the Serbian and Montenegrin troops have been guilty. This ruthlessly illegal way of conducting war operations and the cruel and treacherous participation of the entire population in acts of war certify once more the lapse from civilization which the people of these countries have undergone."

# MEXICO CITY AGAIN IN PATH OF ARMIES

# CARRANZA'S TROOPS GO OUT TO MEET FOE—VILLA'S FORCE 40 MILES AWAY.

WASHINGTON, July 19.—Mexico City is again threatened with attack and the Carranza forces under General Gonzales, who drove the Zapata army from the capital 10 days ago, have marched hurriedly northward to engage an advancing Villa column believed to be planning a junction with the Zapata troops now menacing communication with Vera Cruz, state department dispatches announced that General Gonzales, with most of his army, had evacuated Mexico City yesterday, turning the government over to the civil authorities.

This was just preceded by advices that General Villa's flying column which circles Obregon's forces after the battle of Agua Calientes and captured Queretaro had taken possession of Pachuca within 40 miles of Mexico City, and was marching on the capital.

# COPENHAGEN, July 19.—A reply from America in answer to Germany's representatives relative to Kaiser Wilhelm's diver warfare is expected at the end of the week, according to advices here today from Berlin.

# 49 COTTON CARGOES HELD.

LONDON, July 19.—Arrest of 49 vessels, carrying cargoes of cotton, was announced from the floor of the house of commons here today. These vessels have been seized since March 11. Owners of the cargoes have been indemnified to the extent of \$3,500,000.

# BOY DROWNED IN WILLAMETTE.

PORTLAND, Ore., July 19.—Ray Neville, a 17-year-old boy, was drowned at 12:30 this afternoon near Ross Island.

Neville with a number of other boys was swimming from the log rafts tied near the derrick of the Crown Willamette Paper company on the east side of the river. He was taken with cramps and sank.

Harbor Patrol Engineer Prehn and Grappier Hugh Brady were on the scene a few minutes later. Owing to the bottom being littered with old cables from the log rafts broken up there daily the task of recovering the body is a difficult one.

# SUMMER ACHES AND PAINS.

That backache or stiff muscle that cannot be explained on account of having "sat in a draft and caught cold" is more than likely the result of weakness or disordered kidneys. Foley Kidney Pills promptly relieve backache, sore, swollen or stiff muscles and joints, rheumatism, and sleep disturbing bladder ailments. They put the kidneys in sound, healthy condition, and help them eliminate uric acid and other poisons from the system. Jones Drug Co. (Adv.)

# CONDITION OF LEO S. FRANK IS SERIOUS

WIFE JOINS GEORGIA PRISONER WHO WAS ATTACKED BY FELLOW CONVICT.

MILLEDGEVILLE, Ga., July 19.—The condition of Leo M. Frank, whose throat was cut Saturday night by William Green, a fellow convict at the prison farm here, was regarded as serious today.

Frank appeared to doing well yesterday, but early today had become worse. His temperature rose from 99 to 102. The wound in his neck was also swelling, indicating that it had become infected. Frank was in great pain. Frank's temperature dropped to 102.3 toward noon, and Dr. Rosenberg said he was more comfortable. He declared Frank's condition was critical, but that he still had a chance to recover.

Mrs. Frank is with her husband at the prison hospital. Frank's jugular vein, which was severed when Green plunged a butcher knife into his neck while he slept, was joined, and, though everything possible was done to relieve the prisoner, it was feared today infection had set in.

A preliminary investigation conducted by the prison officials indicated the attack was Green's own idea, and no outsiders were involved. Green denied he was influenced by anyone, saying he thought "it should be done." Green, who is serving a life term for murder, expressed regret for having stabbed Frank, when brought from solitary confinement to be questioned.

# FABRICS ADULTERATED CLAIM LAUNDRYMEN

# NATIONAL LAW IS NEEDED TO STOP PRACTICE—EXCLUSION IS DISCUSSED.

PORTLAND, Ore., July 20.—That adulteration of fabrics is being practiced to such an extent that only by stringent national law will the public be protected, was asserted this morning by J. Clair Stone, chairman of the national committee on legislation for the labeling of fabrics before the American laundrymen's convention.

He submitted a resolution to the organization:

"Whereas the adulteration of fabrics by the addition of foreign materials to give weight or finish or both, such as the weighting of silk, has become a common practice among manufacturers, and

"Whereas, the use of the fibers other than as indicated by the name of the material, such as cotton in linen, is now quite generally followed by the producers of textile materials, and

"Whereas, the marketing of one fabric under the name of another, such as mercerized cotton, sold for linen, is getting more and more widespread along with the use of deceptive labels.

"Therefore, be it resolved, that this association respectfully directs the attention of the national congress to the immediate necessity of a thorough investigation covering this entire matter, through the present federal trade commission, to the end that, from the statistics and data collected, remedial legislation may be enacted; and, be it further

"Resolved, that this association, through its pure fabric committee, take such steps as are necessary to cause this investigation to be initiated."

Mr. Stone announced that assurance had already been given that congress will act as suggested.

The interest of laundrymen is that adulterated fabrics do not wash well and frequent claims for damages are returned by people who bought originally under the impression that they were getting "all-wool" or "all-lin" but were getting mostly short fiber cotton.

The necessity of enforcing Chinese exclusion laws was featured at this afternoon's session by George V. Hooper of Massachusetts who has represented the association at Washington for a year.

# LUDY LANGER WINS SWIM.

SAN FRANCISCO, Cal., July 19.—Ludy Langer, of Los Angeles, won the A. A. A. swim over 220 yards in the exhibition yacht harbor, establishing a new American record. He covered the distance in 5:32 2/5. The previous record was 5:37 4/5. Wheatley of New York finished second and Bud Goodwin of New York third. Norman Ross, Portland; Michael McDermott, Chicago; Herman Lathis, St. Louis, and Charles Feraday, New Orleans, finished in the order named.

# NEW WORLD RECORD.

LOS ANGELES, July 20.—Jack Ness, Oakland's world record consecutive hitter, scored a hit in the eighth inning of today's game with Vernon, boosting his mark to a hit in each of 48 consecutive games.

ATTORNEY DISBARRED.

SALEM, Ore., July 20.—The supreme court handed down a decision today disbaring Charles W. Garland of Portland, for wilful deceit and misconduct in his profession as an attorney in escheat proceedings in falling to account for the sum of \$627.37 belonging to the state of Oregon and converting the same to his own use.

# MINERS' STRIKE IN BRITAIN NOW GROWS SERIOUS

TRIBUNAL CREATED UNDER "NO STRIKES" ACT PREPARES TO BEGIN SESSIONS.

# STEPS TAKEN TO CONSERVE NATION'S SUPPLY OF COAL

Neutral Steamers to Be Permitted to Take Only Enough Fuel to Make Port—Local Industries Are Hampered.

LONDON, July 17.—The members of the executive council of the South Wales coal miners' organization who came to London to confer with Walter Runciman, president of the board of trade, have returned to Cardiff, having found it impossible to reach a basis for new negotiations in the coal dispute. There is now no hope of the men returning to work before the middle of next week, if they do so then. Already some industries in South Wales are being hampered by a shortage of coal.

Besides their original terms, of which the principal demand was a 5 per cent increase in wages, the men now insist on the cancellation of the royal proclamation bringing miners under the "no strikes" act. Meantime the tribunal set up under this measure is preparing to act, and unless the meeting of miners' delegates to be held in Cardiff Monday to receive a report of the executive council regarding their visit to London, shows some sign of compromise the tribunal will begin sessions to try the men guilty of striking.

In order to conserve the coal supplies, steps are being taken to prevent any from leaving the country. Neutral steamers hereafter will be allowed to carry only sufficient coal to carry them to their first port, and exports are being strictly curtailed.

# COLONEL HAS NO USE FOR MOLLYCODDLES

# ROOSEVELT DENIES THAT HE WILL SUPPORT PROGRESSIVE REPUBLICAN NOMINEE.

PORTLAND, Ore., July 19.—The first man to clasp the hand of Colonel Theodore Roosevelt when the Shasta Limited pulled into the Union station this afternoon at 3:25, was the Right Rev. Walter Taylor Sumner, Episcopal bishop of Oregon.

"My dear bishop," cried the colonel, "I'm indeed glad to see you."

"The bishop handed the colonel a beautiful bouquet of roses and then introduced Archbishop Chambers.

"In a day when the mollycoddles seemed to be at the top I am glad to meet genuine men," said the colonel, as he grasped the hand of Colonel Frank Dye, commander of the Spanish War veterans at Vancouver.

Referring to a newspaper statement from Seattle that he would support the Republican nominee for president in 1916 if that nominee was Progressive, the colonel said:

"That statement is an absolute fake. You will notice that no one stands responsible for it. In newspaper language it is not 'hung' on any one."

"Any statement I make about my position will be made over my own signature."

"Any man who claims to represent me, accept his statement as a pure invention or as a misrepresentation of what has been said."

"The only correct statement that has been printed is that one I made this morning."

"I said: 'If you will tell me the conditions in 1916, I'll tell you my position in 1916,' and I have yet to meet the man who is prophetic enough to tell me what 1916 will bring forth."

"I have not discussed and shall not discuss the claims of any man to be president."

BLANKET PROTEST TO ENGLAND.

WASHINGTON, July 20.—A conference between Senator Bankhead and President Wilson today was taken as a further indication of the intention of the administration to make a blanket protest to Great Britain regarding interference with neutral commerce. This would cover interference with shipments of cotton as well as meats, upon which a protest has already been decided upon.

ROWDY NEEDS SPECS.

LOS ANGELES, Cal., July 20.—"Rowdy" Elliott, manager of the Oakland club today released Infelizer H. McAvoy, claiming he hired McAvoy while under the impression that he was a different player. Elliott said he thought he was signing a new man by the name of "McAvoy" when he signed McAvoy, who played with the San Francisco team several years ago.

ROWLAND SUSPENDED.

CHICAGO, July 20.—President Dan Johnson of the American league today indefinitely suspended Manager Rowland of the Chicago White Sox for his mixup in yesterday's game with the Red Sox. It was charged that Rowland abused the umpires and was guilty of using profane language.
