LAST OF SOUTH FORK PIPE WILL BE LAID IN WEEK SAYS RANDE ENGINEER IN CHARGE OF PROJECT LEAVES FOR TRIP OVER LINE TO INSPECT WORK. The last of the pipe in Oregon City's \$175,000 water project will be laid within the next week, said H. A. Randa, engineer in charge Wednesday. Mr. Randa left Wednesday night for the Clackamas canyon where he will inspect the work. Less than two miles of pipe remain to be laid, but the nature of the country along the upper Clackamas makes progress slow. The pipe is all on the ground the excavation completed and roads to the line have been opened up so that there is small chance for delay. The settling tank and intake dam are finished. While the pipe will probably all be in the ground by the middle of next week, water will not be running in Oregon City distributing mains until some time after that date. It will be necessary to clean out the pipe and wash the Mountain View reservoir before the line is put to use. TWO-YEAR-OLD GIRL EATS HALIBUT AND DIES FROM POISONING DAUGHTER OF MR. AND MRS. He plans to return to his home within the next few weeks believing that in that time they can live together better. Mrs. Astman came to Oregon City Saturday morning to secure a complaint charging insanity. District Attorney Hedges desired more information before arresting Astman and Saturday afternoon Sheriff Wilson went to their home. Local stockholders and bondholders subscribed to this new fund. Pending final organization the officials of the company are making no statements regarding the time the plant is expected to begin operations or the number of men to be employed. Under the old organization, however, it was stated that 50 men were to start, with a full force of 200 men once the plant had gotten under permanent headway. H. M. ELLIOTT ROAD PETITION IS READ For the third time the petition for the Helen M. Elliott road, on Elliott prairie, was read at the September term of the county court and has been referred to the surveyor. A group of Elliott prairie property owners have been attempting to secure the opening of a cut-off, about a mile in length, near the Elliott prairie school house for several months. The first attempt lost when the viewers recommended a material change in the route of the proposed road which District Attorney Hedges decided was large enough to knock out the petition; the second when a remonstrance with 15 names knocked out the petition with only 12 signers. Now those who want the road have 48 signatures and believe that at last their obstacles have been overcome. ST. PAUL'S SENDS CALL FOR MICHIGAN RECTOR Rev. Reginald T. T. Public schools will open their doors to what is believed will be the largest class in the town's history on Monday, September 27. Owing to the fact that the sale of the school addition bonds has not been completed, it will be necessary to erect a portable building to accommodate the overflow from the high school. SEA GULL CAUGHT IN MACKSBURG DISTRICT A sea gull, bearing a tag, "Metropolitan Museum, New York," was captured last Sunday by Bruno Kraxberger near his home in the Macksburg district in the southern part of the county. The capture of the bird has aroused much interest throughout the Macksburg section and many theories have been advanced to account for the presence of the bird as far from the coast as Macksburg. The explanation most generally accepted is that the gull followed a Portland-bound ship from New York and drifted inland. Kraxberger had little difficulty in capturing the bird. DEPUTY SHERIFF FIRES AT CONVICTS Deputy Sheriff Murray, of Wilsonville, fired three shots Thursday night at two convicts who escaped from the state penitentiary Wednesday.
