

REPORT AGAINST POWER LEASE TO BE INTRODUCED

COMMITTEE PREPARES RESOLUTIONS WHICH ARE BASED ON STATE CONTROL.

DAWSON WATER POWER DRAFT IS APPROVED BY BIG MAJORITY

Senator Walsh Submits Minority Report, Endorsing Ferris Bill—Particulars of Discussion Are Withheld.

PORTLAND, Ore., Sept. 22.—Resolutions declaring for state control of water-power resources and development, and voicing opposition to any policy looking toward a system of leasing generally of the public domain will be reported to the Western States Water-Power conference tomorrow morning by its committee on resolutions.

The resolutions call on congress to pass a declaratory act recognizing that the proprietary interest of the United States to the vacant land within the states is subject to the jurisdiction and eminent domain of those states, for all uses declared by their laws to be public uses.

Supported by a strong majority of the committee, these resolutions were approved just before 6 o'clock tonight after an all-afternoon sitting.

Members of the committee declined to give particulars of the discussion and final vote, except to say that two sets of resolutions were presented.

Clyde C. Dawson, of Denver, head of the Colorado delegation, presented the resolutions as adopted, with some minor changes. The other resolutions embodying the principle of federal control in the Ferris bill were introduced by Thomas J. Walsh, United States senator from Montana.

It is understood that the committee stood about in the ratio of two to one in favor of the Dawson resolutions.

The majority report of the committee will be presented to the conference by Reed Smoot, United States senator from Utah. Senator Walsh, leader of the minority faction, said that he will present his resolutions as a minority report.

\$100,000 IS PAID TO VALLEY HOP PICKERS

SALEM, Sept. 21.—With the closing of the hop picking season this week fully \$100,000 will have been distributed among the pickers. A number of the larger growers have paid their pickers within the past few days and are now baling in earnest. Growers as yet are unable to estimate the number of bales and in estimates have figured the number of boxes or pounds picked.

T. A. Livesley & Company paid their pickers on Saturday and yesterday the total wage amounting to approximately \$55,000. They employed about 1800 pickers of which 600 were at the Lakewood yards, 600 in the yards of Livesley, 300 at Orville, and 225 in the yard near Independence. This company harvested about 90,000 boxes during their season of three weeks.

OREGON CITY MAN SENTENCED.

SALEM, Ore., Sept. 21.—Robert Barton, of Oregon City, charged with giving liquor to Alexander Norwest, a Grande Ronde Indian, was convicted and sentenced yesterday in Justice Elgin's court to serve 90 days in the county jail.

MRS. DUNIWAY IMPROVING.

PORTLAND, Ore., Sept. 18.—Wonderful recuperative powers are displayed by Mrs. Abigail Scott Duniway known as "The Mother of Equal Suffrage," when she was operated on this morning at the Good Samaritan hospital for growths on the big toes of her feet. One of the big toes was amputated and the growth on the other removed. She is recovering from the operation in splendid condition, according to reports from the hospital.

Distressing Bronchial Coughs "Hang On" and Weaken.

Foley's Honey and Tar easily raises the phlegm and heals the raw inflamed surfaces.

That tight feeling over your chest, and distressing bronchial cough are usually worse at night, and you lose the sleep you so need to keep up your strength. FOLEY'S HONEY AND TAR eases that tight feeling and leaves a healing coating as it slides down the throat. The tickling, rattling cough and hoarseness disappear, and the phlegm is raised easily and copiously. There is more healing in one bottle of FOLEY'S HONEY AND TAR than in a dozen of any other cough and cold medicine. It heals to the last drop.

W. J. HELLAM, Clarkburg, Ky., writes: "My boy, 16 years old, had bronchial trouble ever since he was a baby. We feared he would go into consumption. I heard of a similar case where FOLEY'S HONEY AND TAR cured it. I bought a bottle, and lo and behold, the cough and cold were cured. My son commenced to improve after the first few doses, and the first bottle stopped his stubborn cough. FOLEY'S HONEY AND TAR has given better satisfaction than any medicine I ever used. I think this wonderful medicine has saved the boy's life. You save money when you buy FOLEY'S HONEY AND TAR because, because just a few doses stop the cough and cold, one bottle saves a long time, and the last dose is as good as the first. Refuse substitutes. *** EVERY USER IS A FRIEND. Jones Drug Co.

ENGLAND TAKES OFF BAN ON CHEMICALS

UNITED STATES ALLOWED TO IMPORT DRUGS FROM GERMANY—CONSCRIPTION ASKED.

LONDON, Sept. 16.—Foreign Minister Grey announced in the house of commons today that hereafter England would allow drugs and chemicals which could not be secured elsewhere by the United States to be shipped from Germany to America.

The house of commons today was flattered that conscription is absolutely necessary to successful prosecution of the war.

A. H. Lee, a unionist member of the house, who had just returned from the French front, addressed the commons saying:

"We are now holding one-seventh of the line in the western theatre of war, but the necessary number of men to prosecute the war to a successful issue cannot be obtained under the present system. This means that conscription is necessary.

Opposition to conscription in the strongest terms was shown by J. H. Thomas, a labor member of the commons. Addressing the house, Thomas declared that "conscription will result in revolution, and that the trades unions of England are bitterly opposed to it."

Premier Asquith announced that the budget would be introduced Tuesday and the second reading of the consolidated fund bill would come up on Wednesday.

CONSCRIPTION PLOT CHARGED IN LONDON

MEMBERS OF CABINET WILL RESIGN IF PLAN FAILS, SAYS THE DAILY NEWS.

LONDON, Sept. 17.—One of the biggest political sensations in the history of London was caused here today by an article in the Daily News, which alleged there was a plot on the part of several members of the cabinet to force conscription during the present session of parliament.

"If the coteries of ministers favoring conscription fail," says the News, "the cabinet will be disrupted."

The pro-conscriptionist members of the cabinet, according to the News, are David Lloyd George, Alfred Bonar Law, Winston Churchill, Lord Curzon and Sir Edward Carson.

According to the News, the cabinet members in favor of conscription have pledged themselves to resign if efforts to launch the conscription fight in parliament next Tuesday fails.

The News is a supporter of the Liberal element of parliament and asserts that the pro-conscriptionists will attempt to force a general election on the question.

It also maintains that the resignation of these men would place the nation in direct peril.

Premier Asquith and Foreign Minister Grey, it was believed, are leading the fight against conscription.

REV. N. D. HILLIS IS SUED.

NEW YORK, Sept. 18.—Percy C. D. Hillis, of Victoria, B. C., today brought suit for \$50,000 against the Rev. Newell Dwight Hillis for alleged libel. The Rev. Mr. Hillis is an uncle of the Victoria man. The latter charged that the minister had stated he had paid a \$12,000 debt incurred by his nephew.

Season For Stock Exhibits At Fair

OREGON BUILDING, Panama Pacific Exposition, Sept. 21.—October and November will offer much calculated to delight the stockmen of the northwest, this being the time of the big shows of all farm animals. Horses and mules will have full sway from October 1 to 13th and cattle, beef and dairy animals from October 15th to November 1st. Sheep, goats and swine come in for display from November 3rd to November 15th and the big lot of live stock will be shown from November 17th to November 19th. The big poultry show is on between November 24th and 28th. Together with pig pens and pets follow up to the close of the fair.

"O. G. Lively" chief of livestock department, well known to most Oregonians, says there is every reason to believe that the showing of animals at the exposition during these two months will be superb. The exposition has offered \$175,000 for cash prizes besides \$15,000 for a special horse show. Forty-five breed record associations have provided \$100,227 for special trophies and premiums, and various state commissions to the exposition have appropriated \$150,230.00 for livestock prizes, transportation and expenses, making a grand total of \$440,557.99 for livestock participation in the series of shows. Cattle come in for the largest share, the money offered by the exposition, the breed record associations and states totaling \$148,667 exclusive of trophies. The appropriations for horses amount to \$128,472; swine \$62,572; sheep and goats, \$54,882; poultry, pigeons and pet stock, \$13,750; dogs and cats, \$5,500.

September, October and November are the delightful months of the year in the Golden Gate region, and it is expected that the crowds will be increased over the present average of 70,000 daily. It is not improbable that Oregon will show here the largest steer in captivity at the present time. This is a 3,000 pounder that grew in the Klamath country. The animal is six years old, and is range fed only, never having been in a stall. George Watt, the owner, proposed to enter the big

POLAR REGION OF MYSTERY IS GOAL OF STEFANSSON

EXPLORER WHO IS SAFE AFTER BEING LOST MANY MONTHS, SEEKS NEW LANDS.

CONTINENTAL SHELF NORTH OF ALASKA WILL BE EXPLORED

Party, Now Equipped With Two Additional Vessels, Will Establish New Base and Press Forward Soon As Possible.

NOME, Alaska, Sept. 17.—Vihjalmur Stefansson, chief of the Canadian government exploring and surveying expedition that left Victoria in June, 1913, and who set out afoot over the ice with two companions from the shore of Northeastern Alaska in March, 1914, to seek new land in uncharted seas, did not go to his death, as the world had begun to fear, but found the new land. The only hardships endured were those of short rations, he says.

Stefansson is wintering at Banks Land, where he has a large power schooner and a small one. He plans to explore his new territory during the winter and next summer penetrate farther into the region of mystery between Alaska and the North Pole, where no ship has ever gone.

The power schooner Ruby arrived from Herschel Island yesterday with dispatches from Stefansson to his government, in which he omits references to the perils of the journeys on the ice and gives space to the scientific results achieved. He seems to have been quite unaware of the anxiety his long absence aroused.

The southern or Anderson wing of the expedition is pursuing its scientific work in the Mackenzie delta, and reports no mishap except the death of Engineer Dan Hine, of the powerboat Alaska. This is the thirteenth death among members of the expedition.

Eight men perished on the ice while trying to reach Wrangell Island, and the Barbuick was crushed. Two died of scurvy on Wrangell Island. Another accidentally shot and killed himself there. Another in the Mackenzie country went insane while lost and committed suicide by shooting.

HOP MEN ARE TOLD TO HOLD THEIR CROP

SALEM, Ore., Sept. 20.—If hop growers will not attempt to force the market, they will reap the benefit of increased prices because of the general hop shortage throughout the world, according to J. L. Clark, vice president of the Oregon Hop Growers' association. He stated that though the crop for 1915 cannot exceed 80,000 bales, the outlook for increased values is very promising and already the New York state markets are showing advances in prices.

The Oregon Hop Growers' association has made a careful survey of the situation and will have their data complete by October 1 and will know within one or two thousand bales the exact amount of the crop.

O'SHAUGHNESSY IS NO LONGER IN THE STATE DEPARTMENT

Photo by American Press Association.

Nelson O'Shaughnessy, who represented the United States in Mexico City as charge d'affaires during the Huerta regime, and who recently was connected with the embassy at Vienna, is no longer in the state department payroll. Upon his return from Vienna O'Shaughnessy was given a sixty day leave of absence which has expired, and his pay has been stopped. State department officials refuse to say why he was dropped from the payroll. O'Shaughnessy was popular in Mexico. Through his personal efforts with Huerta he brought about the release of a number of Americans. O'Shaughnessy had been in the diplomatic service eleven years.

BRITISH PREPARE TO PUT IN FORCE A HIGHER TARIFF

INCREASE IN INCOME TAX ALSO CONSIDERED AS SOLUTION FOR FINANCIAL ILLS.

GOVERNMENT IN LONDON FORCED TO RAISE \$25,000,000 DAILY

Chancellor McKenna Tells Commons Money Must Be Raised Without Regard to Permanent Effect on Trade.

LONDON, Sept. 21.—The present Radical occupant of the chancellorship of the exchequer, Reginald McKenna, was forced by circumstances today to revert to some extent to the principles of Joseph Chamberlain. He was compelled to half-mast the free trade flag in introducing in the house of commons today the largest budget on record.

Faced with huge bills for war and ordinary expenditures, aggregating in the neighborhood of \$5,000,000 (\$25,000,000) daily, and bent on raising large sums toward the current cost of the war by taxation, apart from loans, the chancellor proposed a sweeping increase in taxation.

Another source of revenue is to be an increase in postal rates, which is expected to bring \$4,975,000 (\$24,875,000). The chancellor plans to abolish the half-penny postage and impose additional charges on telephone and telegraph messages.

As is usual with British chancellors the main standby of Mr. McKenna was the income tax. He proposed, he said to add 40 per cent to the existing income tax rate.

HEAT WAVE CONTINUES ON ATLANTIC COAST

WASHINGTON, Sept. 16.—Atlantic coast states today were still sweating in the heat which has oppressed the big cities for a week. There was a trifling relief today, but it is predicted that two days more of misery must be endured before the hot spell passes. Temperatures at 8 o'clock today were: Boston 80, Washington 74, New York 72.

BOSTON, Sept. 16.—One death and three prostrations resulted from the intense heat here today. The thermometer registered 87, three degrees hotter than yesterday. Public schools were closed at noon.

PITTSBURG, Pa., Sept. 16.—Four deaths and two prostrations from heat occurred here today. The thermometer stands at 88, with no relief in sight. The authorities postponed closure of public baths.

ANTHONY COMSTOCK, FOE OF VICE, IS DEAD

SUMMIT, N. J., Sept. 22.—Anthony Comstock, noted throughout the nation as a foe of vice, is dead at his home today at the age of 71 years. He succumbed to pneumonia last night. Comstock realized early yesterday that the end was near. He summoned a stenographer from the New York office of the Society for the Suppression of Vice and dictated to her memoranda for the continuation of the society, of which for many years, he was secretary and special agent.

Woodburn voted \$40,000 high school bonds.

BANKS OF GERMAN SYMPATHY TO AID IN ALLIES' LOAN

QUESTION OF MUNITIONS IS NO LONGER UNDER DISCUSSION IN NEW YORK.

AMOUNT AGREED UPON WILL BE LESS THAN \$500,000,000

All But Two of Details Agreed Upon and These Said Not to Be of Vital Importance—Statement is Expected.

NEW YORK, Sept. 21.—Borrowers and lenders of the vast sum sought in America on behalf of Great Britain and France were said today to be in virtual accord on all details of the proposed loan except two. These, it was said, were not of prime importance.

Formal proclamation of the success of the negotiations is expected within three or four days and, possible, within 18 hours.

More progress was said to have been made today than on any other two preceding days. A rough inventory of what was accomplished, it was said, would read about as follows:

Members of New York's so-called pro-German banking houses will help float the loan.

Munitions of war no longer enter into the topics discussed.

The size of the loan has been definitely agreed to, subject, of course, to eleventh hour revision. It will be less than \$500,000,000, probably \$700,000,000, or thereabouts.

The notes issued for the loan will run five years.

These notes will carry a conversion privilege, entitling the holders to surrender them at maturity.

While agreement on the foregoing details was said to have been reached with increasing optimism, prospects that the two other details soon would be settled, the entire programme was regarded as tentative and subject to revision before the issuance of a formal statement.

SUPPORT COSTS GAME

COVELESKIE PITCHES A GOOD GAME BUT MATES ARE SLOW.

Table with 2 columns: Team, Score. Pacific Coast League. San Francisco 280, Los Angeles 245, Salt Lake 200, Vernon 197, Portland 140, Oakland 135.

PORTLAND, Ore., Sept. 22.—(Special)—Poor support of Coveleskie's good box work is given as the cause of today's defeat of the Beavers, 4 to 3. Johnny Couch was pitted against Coveleskie and held the locals down to five hits while the Seals secured eight. The Beavers made three errors.

Manager McCredie received word this afternoon that three of his four drafts had been allowed by the National association. As a result the next year's Beavers have Pitcher Copeland, a big left hander from Elmira, in the New York state league; Quinn, a big first baseman from Syracuse, in the same league; Hollicker a short stop from Keokuk in the Central association, to figure on for next season. The draft list was on Eddie McGaffigan, the crack shortstop of the Lincoln club of the Western league. These and other players to come from Cleveland are expected to strengthen the Beavers next season.

Today's lineup: San Francisco—Fitzgerald, rf; Schaller, lf; Bodie, cf; Downs, cf; Beatty, 1b; Jones, 3b; Corhan, ss; Sepulveda, c; Couch, p.

Portland—Lober, cf; Southworth, lf; Bates, 3b; Spears, rf; Stampf, 2b; Fisher, c; Derrick, 1b; Ward, ss; Coveleskie, p.

Umpires—Held and Toman.

N. W. LEAGUE MAY GROW

EXPANSION TO 8 CLUB CIRCUIT IS CONSIDERED.

TACOMA, Wash., Sept. 22.—Expansion to an eight club league is being considered by directors of the Northwest baseball league, according to Secretary Frank Redpath, of the Tacoma club, who said today that applications had been made by Butte and Missoula, Mont., of a guarantee of \$1500 per week to visit club if those towns are taken into the league. Portland and either Victoria or Aberdeen would make up the eight clubs according to the report received here.

Redpath thinks Portland would be glad of a chance to get out of the Coast league unless two teams from this league were added to the coast.

PACIFIC COAST LEAGUE.

Table with 2 columns: Team, Score. At Prisco R. H. E. Los Angeles 10 10 2, Oakland 3 9 3, No. Innings 3 9 3.

At Los Angeles R. H. E. Salt Lake 4 8 0, Vernon 1 6 2, No. Innings 5 6 2.

There are still 10,000 cords on hand at the Portland municipal woodpile.

HARD SURFACE ROAD ALONG COAST ASKED

SYSTEM OF HIGHWAYS NEEDED FOR DEFENSE, DECLARES SAMUEL HILL.

OAKLAND, Cal., Sept. 16.—Following a deadlock of two hours, during which two strong factions of the Pan-American Road congress waged a bitter battle of words the following compromised resolution was adopted today.

"Resolved, that the Pan-American Road congress recommends to the congress of the United States, the advisability of investigating the necessity of building a hard-surface highway along the Pacific oceanic side from Mexico to British Columbia and other national highways to be used as military and commercial highways."

The original resolution introduced by Samuel Hill, called for the investigation of the necessity of a highway along the Pacific oceanic side alone. This was opposed because it gave the Pacific coast states the greater benefit.

Hill, in advocating the resolution, declared that the Pacific coast states are on the firing line and declared that the United States is the most unprepared of all nations with the exception of China against war. He further stated that any nation could invade the United States without material resistance on the Pacific coast side of the continent.

State Highway Commissioner Robert Stern spoke of the yellow peril, declaring that it was preparing constantly and is just realizing its power.

ALLIES HAVE 350,000 SOLDIERS AT STRAITS

PARIS, Sept. 16.—General dispatches today say that 115,000 Australian and French troops have arrived at Mudros island. This brings the total of allied troops at the Dardanelles to 350,000 and is believed to portend a tremendous effort to sweep the Turks from the Gallipoli peninsula at any cost.

CATTLE SITUATION REMAINS UNCHANGED

APPLES AND SWEET POTATOES FROM CALIFORNIA FIND READY MARKET HERE.

PORTLAND, Sept. 21.—Little stuff entered the local livestock market overnight and practically to change is shown in the general situation. While it is true that cattle sold in very limited way as high as \$6.50 to \$7.00 yesterday at North Portland I took "amed to order" quality to bring these extremes. Good cattle were selling at a wide price range and poor stuff at a still wider range. There was little fresh stock offering this morning.

General cattle market range. Select steers \$6.50 to \$7.00. Best hay fed steers 6.25 to 6.35. Good to choice 6.00 to 6.25. Ordinary to fair 5.00 to 5.75. Best cows 5.00 to 5.25. Good to prime 4.50 to 4.75. Select bulls 4.50 to 4.75. Fancy bulls 4.50 to 4.75. Ordinary bulls 3.50 to 3.75. Best calves 7.50 to 8.00.

Hog Market Unchanged. For top stuff \$6.65 seems to be the extreme mark for swine at North Portland, aside from a few head of selected quality here and there at a dime more. Shippers cannot figure above the former price for anything.

Only a small run put in appearance in the yards overnight, following the big Monday offerings.

Mutton Market Nominal. Nominal supplies of mutton continue at North Portland. The country is still inclined to keep its supplies of the market here, because of unsatisfactory prices and at competitive points shipments are going elsewhere.

Apples and sweet potatoes from California have found their way to the Oregon markets, and both are finding rather ready sales. Low prices are quoted on the former, which consist of Belleflowers, and it is feared the wholesalers will stock up on this fruit because the local fruit is being held much higher. It is understood that there are enough apples in the valley to supply Front street in Portland until next February. The sweet potatoes that have found their way here from California are pronounced the finest article seen in a great many years, and they are selling quite reasonable considering the earliness of the season. The butter market is said to be quite unsettled owing to the in-shippments from California and eastern points, but locally good creamery butter is selling at 40 cents the pound or 75 cents the roll of two pounds. Eggs still hang onto the 30 cent mark for the fresh ranch quality, but chicken prices are apparently somewhat on the decline.

A new shipment of peaches, Elbertas from North Yakima, Wash., put in their appearance on the local market yesterday, selling at 50 cents a box, and the trade was assured that they were likely the last that could be gotten.

FIREBUG GETS FIVE YEARS.

SAN BERNARDINO, Cal., Sept. 17. Pleading "guilty" to helping start the \$75,000 barn fires at Chino some time ago, Albert Warwick was sentenced to five years in San Quentin prison by Judge Curtis this afternoon. Warwick implicated E. L. Wilkinson, Wilkinson's trial on arson charges will begin next week.

PRINCE WINS VICTORY.

BERLIN, Sept. 16.—By wireless to Sayville—Crown Prince Frederick today won an important victory in the Aronne district according to official announcement here.

In a report from headquarters the crown prince said: "General Von Murda started a hot artillery fire at 8 this morning, demolishing the French trenches, and shattering the morale of the French troops. He reigned for three hours. Then our infantry charged with bayonets and captured line after line of the enemy's trenches."

Omaha World Herald: Edison, on might say, is the leading light of navy board.

REAL ESTATE TRANSFERS.

Real estate transfers filed with the county recorder Thursday, were as follows:

William J. Wilson (sheriff sale) to Claude D. Starr, 12.27 acres beginning at a point near the NE. corner of the SE. 1/4 of section 21, township 3 south, range 3 east of the Willamette meridian; \$14,358.82.

Henry Atwater et ux. and Elizabeth F. Bradley to Thomas E. Atwater et ux. lots 2, 7, 8, 9, 10, 12 and 13, tract 2, Woodmont; \$5.

Robert Dullard et ux. and Louis Wablers et ux., part of the N. 1/4 of S. W. 1/4 of section 10 and the NE. 1/4 of the S. E. 1/4 of section 9, township 2 south, range 1 east of the Willamette meridian; \$10.

Loren Seward et ux. to M. J. Morris & J. G. Julian, 5 acres, beginning at a point on the E. line of the George Crow et ux. D. L. C., township 2, south range 1, east of the Willamette meridian; \$10.

Real estate transfers filed with the county recorder Friday, were as follows:

Hilda Strandholm to John Beck et ux., the west 5 acres of tract 38 and part of tract 37, Outlook; \$1.

John Beck et ux. to Hilda Strandholm, the south 4 acres of tract 38, Outlook; \$1.

Cora Door Morse et vir. to Edwin H. Eddy, tracts of land in section 12, township 2 south, range 3 east of the Willamette meridian; and also in sections 7, 8, 9, 16, 18, 26, 27, 28 and 34, township 2, south range 4, east of the Willamette meridian; \$1.

Nancy M. Dorr to Edwin H. Eddy, tracts of land in section 12, township 2, south range 3, east of the Willamette meridian; and also in sections 7, 8, 9, 16, 18, 26, 27, 28 and 34, township 2, south range 4, east of the Willamette meridian; \$1.

Victor Von Borosini to Edwin H. Eddy, tract of land in section 13, township 2, south range 3, east of the Willamette meridian; and also in section 7, 8, 9, 16, 18, 26, 27, 28 and 34, township 2, south range 4, east of the Willamette meridian; \$1.

Anne Dorr Penoyer et vir. to Edwin H. Eddy, tracts of land in section 13, township 2 south, range 3 east of the Willamette meridian; and also in sections 7, 8, 9, 16, 18, 26, 27, 28 and 34, township 2, south range 4 east of the Willamette meridian; \$1.

Elgiva M. Joy and Thomas S. Mulah et ux. to Mattie Clark, lots 6 and 7, block 5, Hollywood park; \$375.

Edith Dorr von Borosini to Edwin H. Eddy, tracts of land in section 13, township 2 south, range 3 east of the Willamette meridian; and also in sections 7, 8, 9, 16, 18, 26, 27, 28 and 34, township 2, south range 4, east of the Willamette meridian; \$1.

R. N. Gibson to F. W. Waters, E. 1/2 of the N. E. 1/4 of section 20, township 2 south, range 5, east of the Willamette meridian; \$10.

Neil J. McLean et ux. to George G. Gerber et ux. to Harriet Grimm et vir., 14.48 acres in the Robert Caulfield et ux. D. L. C., township 3 south, range 2 east of the Willamette meridian; \$10.

J. H. Gray et ux. to Christ Gotfried, Adolph & Arnold Egger, 80 acres in section 13 and 240 acres in sections 13 and 24, and 35 acres in section 21, township 3 south, range 1 east of the Willamette meridian; \$10.

Real estate transfers filed with the county recorder Saturday, were as follows: The United States of America to Ora G. McIntyre, NE. 1/4 of section 21, township 2, south range 6 east of the Willamette meridian.

The United States of America to John Arpout, E. 1/2 of the SE. 1/4 of section 10, township 5, south range 3, east of the Willamette meridian.

Emanuel A. Stern et ux. to Edwin G. Amme, SW. 1/4 of the SW. 1/4 of section 14, township 2 south, range 6, east of the Willamette meridian; \$200.

Real estate transfers filed with the county recorder Monday, were as follows: Elva O. Brown et vir. to Susie K. Graham, lot 20, block 2, Deed Park; \$650.

D. J. Bonney et ux. to Alfred Darlison, NW. 1/4 of SW. 1/4 of section 30, township 4, south range 4, east of the Willamette meridian; \$600.

Wm. Porter et ux. to Flora Lynch, 5 acres near section 2, township 3, south range 2, east of the Willamette meridian; \$10.

John J. Davis et ux
