

ROCKFELLER TO TREAT WITH THE COLORADO MINERS

SYSTEM OF MEDIATION IS OUTLINED AFTER INVESTIGATION COVERING MANY WEEKS.

UNION ITSELF IS IGNORED AND PLAN IS CALLED MUST BROADER

Provision Made for Avoiding and Settling Disputes and Improved Conditions of Labor and Living Are Promised.

PIEDMONT, Colo., Oct. 2.—Collective bargaining insured by a contract for a term of years was promised today by John D. Rockefeller, Jr., to the employees of the Colorado Fuel & Iron company.

The plan carries a guarantee against discrimination against members of any union, but does not provide for recognition of the United Mine Workers of America.

The industrial system outlined at the conference is looked on as the Rockefeller answer to the demands of the United Mine Workers—demands which in 1912 led to one of the most bitter industrial conflicts in the history of the country.

The Rockefeller plan, formulated by Mr. Rockefeller and W. B. Mackenzie King in collaboration with operating officials of the company, is based on the mediation system already in operation.

1. Representation of employees and the manner of their selection. 2. District conferences, joint committees and joint meetings. 3. The prevention and adjustment of industrial disputes. 4. Social and industrial betterment.

The miners at each camp are to elect representatives on a basis of one for every 150-wage earners. Each camp is entitled to at least two representatives.

After pledging the corporation and its employees to observe federal and state mining laws, the manifesto says: "There shall be no discrimination by the company or by any of its employees on account of membership or non-membership in any society, fraternity or union."

KING HAS NARROW ESCAPE

PARIS, Oct. 6.—King Victor Emmanuel of Italy was unhurt, though a piece of shrapnel struck the horse he was riding on a recent tour of the Isonzo front, dispatches today reported.

WILLIAM L. SAUNDERS, AN INVENTOR ON THE NAVY ADVISORY BOARD

WILLIAM L. SAUNDERS

Photo by American Press Association. William Lawrence Saunders, a member of the naval advisory board, is a graduate of the University of Pennsylvania. From 1878 to 1881 he was in charge of the work of building docks, warehouses and ship channels in New York harbor.

SPECULATORS CRAZY TO GET WAR STOCKS

SEVEN MILLION SHARES CHANGE HANDS IN WEEK—"HARPIES" COME BACK.

NEW YORK, Oct. 2.—Wall street today is literally a street of gold. In the past week more than 7,000,000 shares have changed hands, meaning that brokers' commissions amount alone to more than \$1,750,000.

Profits of outside traders and professional speculators are impossible to estimate, but they probably rival anything the street knew in its palmy days. Talk of 2,000,000 share days is heard in the wake of the heavy trading.

The craze for the "war babies," "cats and dogs," standard issues, in fact anything and everything in the way of stock gamble, is swamping the brokers. People who never before saw a broker or his offices are now regular visitors at the headquarters of the Wall street houses.

Evidence of the new era of prosperity are seen in the return of the "harpies"—old-timers in the street, who, having suffered reverses, now live on the bounty of the street. Restaurants and saloons in the financial district are doing a land office business, for where they were contenting themselves with a sandwich and a glass of beer for lunch, they are now dining on pate de foie gras and champagne. Henry Clews, noted banker, declared the market is booming because "everybody want to buy stocks and the demand is making prices soar."

SENATOR FAVORS MILITARY DRILLS IN ALL SCHOOLS

CHAMBERLAIN SPEAKS IN PORTLAND ON NATIONAL DEFENSE—SWISS SYSTEM FAVORED

NAVY SECOND TO NONE AND MERCHANT MARINE HELD NEEDED

Chairman of Senate Committee on Military Affairs Says Ability to Take Care of Itself is Country's Only Assurance.

PORTLAND, Ore., Oct. 2.—Establishment of military training in schools, development of a military system similar to that of Switzerland, development of a fleet second to none in the world, and placing of our insular possessions on practically a war footing, were measures urged by Senator Chamberlain, chairman of the senate committee on military affairs, who addressed the Civic league at the Multnomah hotel today on the subject of adequate military preparedness for the United States.

"We have become a big, fat, easy-going country," he declared, "and we were not even prepared to cope with Mexico when we sent our men down to Vera Cruz. Even the Mexicans were better equipped with artillery than we. Fortunately, nothing happened, but it was enough to show up to the thinking man the weakness of our present military condition."

Points made by Senator Chamberlain are: "If I had my say, every school receiving money from the federal or state government should have a system of military training.

"We must have a navy equal to the best navy on earth. "I voted for all of Bryan's 25 peace treaties, but as to the efficiency of treaties we must remember that the treaty which was supposed to protect Belgium has been violated by every one of the belligerent powers. "The underlying principle of freedom of the seas for neutrals, which was violated by every other belligerent nation.

"When nations adopt defensive and offensive treaties, they do it for business, and not for fun. Can we expect any different treatment from Japan in case of trouble with Great Britain than Germany received at her hands in the present war?"

300 HOGS ARE SOLD DURING FORENOON

PRICES STEADY AND RECEIPTS ARE LIGHT AT PORTLAND UNION STOCK YARDS.

UNION STOCK YARDS, Oct. 6.—Prices were considered steady this morning. Receipts were not heavy and the only sales were of hogs, more than 300 head being disposed of at varying prices before the noon hour. The top remained at \$6.30.

Receipts were 23 cattle, 591 hogs and 189 sheep, a total of 8 ears. Official livestock quotations in effect this morning were as follows:

Table with columns for Cattle (Steers, Good, Medium, Cows), Hogs (Prime lights, Choice, Pigs), and Sheep (Choice spring lambs, Common spring lambs, Choice yearlings, Good yearlings, Old wethers).

Receipts were 23 cattle, 591 hogs and 189 sheep, a total of 8 ears. Official livestock quotations in effect this morning were as follows:

Table with columns for Cattle (Steers, Good, Medium, Cows), Hogs (Prime lights, Choice, Pigs), and Sheep (Choice spring lambs, Common spring lambs, Choice yearlings, Good yearlings, Old wethers).

LIVESTOCK TRADE IN PORTLAND IS DULL

UNION MEAT COMPANY TAKES IN PRACTICALLY ALL OF LIVESTOCK OFFER.

UNION STOCK YARDS, Portland, Sept. 30.—Livestock trade here this forenoon was dull. Up to noon not a head had been disposed of. This was accounted for by the action of the Union Meat company, which had sent out a guarantee to hog shippers of 6 1/2 cents today. The took, under contract practically all the livestock which came in.

Receipts consisted of 98 cattle, 488 hogs and 1191 sheep—a total of 16 cars. Official livestock quotations in effect this morning were as follows:

Table with columns for Cattle (Steers, Good, Medium, Cows), Hogs (Prime lights, Choice, Pigs), and Sheep (Choice spring lambs, Common spring lambs, Choice yearlings, Good yearlings, Old wethers).

Receipts were 235 hogs. Official livestock quotations in effect this morning were as follows:

Table with columns for Cattle (Steers, Good, Medium, Cows), Hogs (Prime lights, Choice, Pigs), and Sheep (Choice spring lambs, Common spring lambs, Choice yearlings, Good yearlings, Old wethers).

I. W. W. ACCUSED OF FOMENTING TROUBLE AT MEXICAN BORDER.

MEXICANS ON A RAID

Raiding continues on the Mexican border and may compel the Washington authorities to take drastic action. Colonel Tiodulo R. Beltran, Carranzista consul at San Antonio, Tex., planned to lay before the department of Justice information tending to show that much of the disturbance along the Mexican border is due to the activities of the Mexican branch of the Industrial Workers of the World.

The local members are known as Magonistas. Most of them, according to Colonel Beltran, are engaged in railway construction work on the border. They are fanatics, he says, and believe that by making trouble intervention will be brought on and after that the land will be divided among the people. Colonel Beltran is convinced that Carranzista soldiers are not responsible for the border clashes. Their uniform, he says, is a cheap affair, easily imitated, and the Magonistas have adopted it, he believes to increase the international significance of this act.

WASHINGTON, Oct. 5.—Germany has completely acceded to the American demands for settlement of the Arabic case.

The imperial government, in a letter presented today by its ambassador, Count von Bernstorff, to Secretary Lansing, disavows the sinking of the vessel, announces that it has notified the submarine commander who made the attack, expresses regrets for the loss of American lives, and agrees to pay an indemnity to their families.

Official Washington was both gratified and relieved by the diplomatic victory. The communication delivered by the ambassador reveals that stringent orders have been given to submarine commander to prevent a recurrence of such incidents as the Arabic.

The concessions made by Germany to the American viewpoint were generally regarded tonight as paving the way for amicable settlement of all cases which have threatened severance of diplomatic relations between the two countries.

With the settlement of the Arabic controversy, the dispatch to Great Britain of the long-delayed American note on interference with trade is expected within a few days.

DAMAGE IN GULF STORM IS PLACED AT 20 MILLIONS

SEVEN ARE KILLED, 150 HURT—MANY BUILDINGS WRECKED IN NEW ORLEANS.

BODIES ARE FLOATING DOWN RIVER, REPORTS ONE CAPTAIN

Lightning, Stars \$80,000 Fire—Several Small Vessels on Mississippi Are Destroyed—Two Men Swept From Steamer.

NEW ORLEANS, via Baton Rouge, La., Sept. 30.—Unofficial estimates today placed the property damage in New Orleans from yesterday's storm at nearly \$20,000,000 and the loss of life at seven. It was estimated that at least 150 persons were more or less injured by collapse of buildings, falling signs or flying glass.

Of the seven known dead, three were drowned. Four were killed in the ruins of structures which collapsed. Two of those drowned were blown overboard from the steamer Creole, which left yesterday morning for New York but anchored near the mouth of the river to await better weather.

The Creole reported by wireless early today that a number of bodies were seen floating down the Mississippi and that houses for miles were demolished. Many parks scattered throughout the city sustained damage to trees and shrubbery that cannot be repaired for years.

An abatement in the storm came about 7 o'clock in the evening, when the barometer began to rise, but the wind fell slowly. At 2 o'clock this morning the velocity varied from 10 to 20 miles in intermittent gusts.

From every part of the city came reports of property damage and a number of widely known landmarks showed the effect of the wind. Shortly after midnight fire destroyed part of the Sern-Orleans acid plant on Florida avenue, with a loss estimated at \$80,000. The fire is believed to have been caused by lightning.

All railroad early yesterday cancelled their trains.

RECEIPTS LIGHT IN PORTLAND MARKETS

TOP ON HOGS IS \$6.30 IN UNION STOCK YARDS—MARKET IS STEADY IN ALL LINES.

UNION STOCK YARDS, Oct. 5.—Receipts were light today and so were sales. The market was reported as steady on all lines. The top on hogs was \$6.30. A year ago today the top was \$7.60.

Receipts were 235 hogs. Official livestock quotations in effect this morning were as follows:

Table with columns for Cattle (Steers, Good, Medium, Cows), Hogs (Prime lights, Choice, Pigs), and Sheep (Choice spring lambs, Common spring lambs, Choice yearlings, Good yearlings, Old wethers).

KAISER ACCEDES TO EVERY DEMAND OF HIS CABINET

ACT OF SINKING ARABIC IS DISAVOWED AND INDEMNITY WILL BE PAID.

COMMANDERS OF SUBMARINES ARE OFFICIALLY NOTIFIED

Washington is Now Expected to Take up With Britain Long-Delayed Question of Interference With Ocean Trade.

WASHINGTON, Oct. 5.—Germany has completely acceded to the American demands for settlement of the Arabic case.

The imperial government, in a letter presented today by its ambassador, Count von Bernstorff, to Secretary Lansing, disavows the sinking of the vessel, announces that it has notified the submarine commander who made the attack, expresses regrets for the loss of American lives, and agrees to pay an indemnity to their families.

Official Washington was both gratified and relieved by the diplomatic victory. The communication delivered by the ambassador reveals that stringent orders have been given to submarine commander to prevent a recurrence of such incidents as the Arabic.

The concessions made by Germany to the American viewpoint were generally regarded tonight as paving the way for amicable settlement of all cases which have threatened severance of diplomatic relations between the two countries.

With the settlement of the Arabic controversy, the dispatch to Great Britain of the long-delayed American note on interference with trade is expected within a few days.

TROUBLES ARE LAID TO JEALOUS WOMAN

SAN FRANCISCO, Oct. 2.—"It is all a 'get-up,' brought about by the bickerings of jealous women. My religion is every bit as clean and as well established as the religion of Mrs. Mary Baker Eddy."

This is the way "Dr." New told New, or John G. Fair, who was arrested by United States authorities as a religious faker, today explains his clash with Uncle Sam. Through his attorneys, John C. Smith, "Dr." New promised to give out a full statement regarding his position today.

In the several hours that "Dr." New was forced to remain in custody before securing bonds yesterday he declared many times that the whole thing was a "frame-up" and that he would certainly "square" himself.

Mrs. Marie Tully Graham, chief apostle of the "Newthot" faith under "Dr." New, and who was arrested with him in an apartment on Baker street, has nothing to say. Mrs. M. L. Clair, his accuser, put in an appearance after "Dr." New had left the Federal building yesterday afternoon and talked freely to federal officials and newspaper men.

"I first met Dr. New years ago," she declared. "I put my modest fortune of a few thousand dollars into his cause. I had faith in him until 'Dr.' Graham appeared on the scene. Then I found out that he was not what he represented himself to be.

"New changed the names of his various organizations for the purpose of defrauding me. I am going to continue 'Newthot,' however. It is God's work and I have given my life to it.

"I do not believe that 'Dr.' Graham is married, although she professes to be."

L. R. STINSON TAKES OWN LIFE NEAR SALEM

ACT OF PROMINENT LODGE OFFICIAL CAUSED BY OVERWORK AND BREAKDOWN.

SALEM, Ore., Oct. 5.—L. R. Stinson, for 18 years grand keeper of records and seal of the Knights of Pythias for Oregon, committed suicide late today at his farm in Polk county, just across the Willamette river from Salem. He shot himself through the heart with a 12-gauge shotgun. Overwork, resulting in nervous prostration about a month ago, is said by members of the family and friends to have affected Mr. Stinson's mind. They declare he was not mentally responsible for his act. He was 53 years old.

The suicide took place shortly after 5 o'clock tonight in Mr. Stinson's bedroom at his home. A son, Logan Stinson, and his mother, Mrs. A. L. Stinson, were in the house at the time of the shooting.

Death was instantaneous.

Catarrah Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrah Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrah. Send for testimonials, free. P. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, Jewelers, etc. Hall's Family Pills for constipation.

PANAMA SLIDE MOST SERIOUS ENCOUNTERED

ACTING GOVERNOR ASKS PRESIDENTIAL ORDER CLOSING CANAL FOR MONTH.

PANAMA, Oct. 4.—Lieutenant Colonel Chester Harding, the engineer in charge of the Panama canal, has sent a message to the secretary of war at Washington recommending that President Wilson issue an executive order officially closing the canal until November 1.

Colonel Harding explains that it will be impossible to clear the channel before that date and perhaps no then.

The conditions caused by the new slide are the worst in the history of the canal, according to Colonel Harding. More than 1,000,000 cubic yards of earth must be removed before the channel is again deep enough to permit the passage of ships. The dredgers are maintaining a high point of efficiency and during September removed more than 1,000,000 yards. The work is being pushed energetically and canal officials are optimistic that eventually the danger of slides will be overcome.

WASHINGTON, Oct. 5.—Germany has completely acceded to the American demands for settlement of the Arabic case.

The imperial government, in a letter presented today by its ambassador, Count von Bernstorff, to Secretary Lansing, disavows the sinking of the vessel, announces that it has notified the submarine commander who made the attack, expresses regrets for the loss of American lives, and agrees to pay an indemnity to their families.

Official Washington was both gratified and relieved by the diplomatic victory. The communication delivered by the ambassador reveals that stringent orders have been given to submarine commander to prevent a recurrence of such incidents as the Arabic.

With the settlement of the Arabic controversy, the dispatch to Great Britain of the long-delayed American note on interference with trade is expected within a few days.

BIG IDAHO DAM IS FORMERLY DEDICATED

OVER 4000 PERSONS FROM ALL PARTS OF STATE VIEW ARROWROCK STRUCTURE.

BOISE, Idaho, Oct. 4.—One of the government's greater achievements in reclamation work, the Arrowrock dam, was formerly dedicated here today.

Between 4000 and 5000 persons, mainly settlers from all parts of the Boise project attended the ceremony. The event was one of the most impressive ever witnessed in Idaho, for the importance of this great dam, 348.6 from the base to its tip, is being recognized now to be fully appreciated.

So great is the demand from all parts of southern Idaho to see the completed dam that arrangements have been made to run daily excursion trains for the next week over the government-owned railroad.

ROBBERS GAG WOMAN THEN LOOT HOME

PORTLAND, Ore., Oct. 5.—Masked burglars last night coolly and deliberately robbed the residence at 764 East Twenty-fifth street north, occupied by Mrs. N. M. White and her daughter, Mrs. Julius Pincus, binding and gagging one and locking the other out on a sleeping porch while they did the job.

They went first to the bedroom of Mrs. Pincus. Finding it unoccupied, Mrs. Pincus being on the sleeping porch, the intruders turned the key of the door between the porch and the room, locking Mrs. Pincus out on the porch. They then ransacked the bedroom at their leisure.

At 11 o'clock Mrs. Pincus was aroused by some sound and tried to open the door of the porch to find it locked. Discovering her way back into the house barred, she pounded on the door for a few moments and then went back to bed in the belief that her mother, Mrs. White, had played a joke on her.

From Mrs. Pincus' room the burglars went to Mrs. White's room. She was asleep at the time but the movement of the unwelcome visitors in the rooms and the flash of their searchlights aroused her.

One of the masked men discovered that she was awake and promptly placed his hand over her mouth, he and his confederate gagging her with handkerchiefs and binding her hands and feet with her stockings. Mrs. White is nearly 60 years old.

It was not until 7 o'clock this morning that Mrs. Pincus learned of the robbery nor of the predicament of her mother. Arising at that hour, she sought to leave the sleeping porch but found it still locked. Becoming alarmed, she screamed until she attracted the attention of the daughter of George T. Englehart, her next door neighbor, who resides at 762 East Twenty-fifth street, north.

CLACKAMAS WINS PLACE.

SALEM, Ore., Oct. 1.—County agricultural and horticultural exhibit awards of the State fair have been announced. Tillamook county represented in the first division, won first prize. In the second division first honors went to Polk county, with Benton, Lane, Clackamas, Linn, Jackson, Multnomah and Washington counties following in order. Union county captured first prize in the third division, with Morrow, Wallowa, Malheur and Umatilla taking second, third, fourth and fifth prizes.

MRS. DUNIWAY IS NO BETTER

PORTLAND, Ore., Oct. 5.—Mrs. Abigail Scott Duniway, who underwent an operation at the Good Samaritan hospital several weeks ago, was reported to be still very low tonight. However, no appreciable change for the worse could be detected.

Dr. J. C. Zan, who has charge of the case, said if the infection continues to spread another operation will be performed if Mrs. Duniway is thought strong enough to withstand it.

KING OF GREECE DISAGREES WITH CABINET MEMBER

PREMIER VENIZELOS RESIGNS ACCORDING TO REPORT OF HAVAS AGENCY.

FRENCH SAID TO HAVE LANDED 70,000 TROOPS AT SALONIKA

Government Said to Have Funds Sufficient for Only Month—Mobilization of 180,000 Men Completed Sunday.

PARIS, Oct. 6.—An Athens dispatch to the Havas Agency says: "Premier Venizelos has resigned, the king having informed him that he was unable to support the policy of his ministry."

ATHENS, Oct. 3.—(via Paris, Oct. 6.—(Delayed in transmission.)—The French troops landing from transports at Salonika, Greece, consist of 70,000 men. They will proceed along the Goexghel-Uskup Railroad to guard the line.

ATHENS, Thursday, Sept. 30.—(via Rome and Paris, Oct. 5.—(Delayed in transmission.)—Greece is able to put 180,000 men, fully equipped, in the field. Although the mobilization which includes men up to 43 years of age, probably will call for 200,000 troops, those over the 180,000 cannot be armed.

It is said the government has sufficient funds to continue on a war footing for one month. The problem, therefore, is the obtaining of money from Triple Entente powers.

The mobilization will be completed Sunday night (October 3). The signing of the mobilization order created general relief here. It was considered an extraordinary triumph for Premier Venizelos, who is known to have had a long struggle with King Constantine before the monarch would yield to the premier's wishes.

Crowds gathered before the foreign office and newspaper bulletin boards this afternoon while M. Venizelos was in conference with king, the people showed an ugly temper when rumors of a resignation of the cabinet were circulated.

A curious and disconcerting feature of the Greek mobilization is the ignorance of the mobilized men as to their destination or the purpose for which were called to the colors.

The newspapers which usually indulge in the freest expression of opinion are generally silent respecting the fate of the Serb-Greek treaty of alliance, which the king all along has maintained was abrogated by the Serbians owing to their concessions to Bulgaria, and the effectiveness of today is the key to the future action of Greece.

HILD'S SUCCESSOR WILL NOT BE NAMED

PORTLAND, Ore., Oct. 5.—No one will be appointed to take the place of P. W. Hild, resigned general manager of the Portland Railway, Light & Power company, who left this morning for Denver, where he will become vice president and general manager of the Denver Tramways company at a salary of \$10,000 a year.

Instead of a successor taking up Mr. Hild's former duties, they will be apportioned among the other officials.

President Franklin T. Griffith announced this morning that Orin B. Caldwell, who has been superintendent of the light and power construction and operation, would take up the commercial work of this department as well, with the title of general superintendent. Other assumptions of duties in taking up the work formerly done by the general manager will be announced shortly.

Mr. Caldwell has been with the company since early boyhood. He earned money working for the company for his education at Stanford, where he graduated in an academic course, and Cornell, where he graduated as an electrical engineer.

AUTOMOBILES CRASH AND FIVE ARE HURT

PORTLAND, Ore., Oct. 5.—Five persons in the hospitals, one seriously injured, as the result of the overturning of a jitney bus driven by A. Wolfman, at Third and Market street, this morning about 10 o'clock, after the machine had collided with another automobile driven by H. P. Jones.

Wolfman and Jones were arrested and charged with reckless driving.

Momentum of Wolfman's machine was too great, when he tried to steer clear of the other car and as his passenger screamed with fright and attempted to climb out of the automobile the car struck the right rear wheel of the Jones automobile and then upset.

CRIME STORY DOUBTED.

PORTLAND, Ore., Oct. 5.—Captain of Detectives C. A. Baty does not believe that robbers bound and gagged Mrs. N. M. White, mother of Mrs. Julius Pincus, Sunday night in the daughter's home, 764 East Twenty-fifth street, as reported to the police yesterday morning. He says such a crime could not have been committed in the manner described.

Maxwell The "Wonder Car" Electric Starting and Lighting. The new Maxwell is equipped with the Simms-Huff Electric Starting and Lighting System. This system is a single unit type, combining in one instrument the generator and motor. It is the simplest, "sure-fire" powerful self-starter made and has about one-half the wire of ordinary starters.
