MILWAUKIE LANDMARK IS BEING DEMOLISHED

MILWAUKIE, Ore., Oct. 20.—With the demolishing of the three story building which occupies a commanding view of the river which has been unoccupied for some time, marks the passing of one of Milwaukie's old landmarks.

The building, which was originally used as a seminary, was erected by Bishop Morris, in 1856. One feature of the building is that all windows, window casings and siding used in the construction were brought around the Horn.

The seminary was discontinued and in 1855 the property was purchased by J. P. Miller, who conducted it as the Veranda hotel. Five different sawmills were located in the vicinity at that time.

In 1868, General U. S. Grant, while on a tour of inspection dined at the hotel.

At the death of Mr. Miller in 1892, the property was willed to heirs, and late Mrs. Delilah Reck became sole owner. At her death, in October 26, 1909, it went by bequest to A. E. Keck, the present owner.

WEST LINN CLUB ELECTS PICKENS FOR PRESIDENT

J. W. DRAPER, HEAD OF ORGANIZATION SINCE ITS FORMATION, REFUSES TO RUN.

CHARTER AMENDMENT AGAINST EXECUTIVE SESSIONS URGED

Meeting Will Be Held Next Week in Town Across River to Discuss Annexation of Willamette—Four Wards Proposed.

I. L. Pickens was elected president of the West Linn Improvement club at the first meeting of the winter, held in the West Linn city hall Thursday night. Other officers named are: Vice-president, Mrs. F. J. Winkle; treasurer, Nick Michels; secretary, James Nichols; and governor, Ernest Layton.

J. W. Draper, of the Bolton district, who has been president of the club since it was organized, refused to become a candidate for re-election. Several live talks were made during the meeting against recent sessions of the club behind closed doors and the club voted in favor of an amendment to the charter to prevent the council from holding executive sessions. Other amendments favored were one to prevent cattle from running at large either day or night and one to divide the city into four wards. The first ward will be Bolton, the second and third the hill section and the fourth the southern part of the city.

A meeting will be held next week to discuss the proposed annexation of Willamette by West Linn. The subject was discussed slightly at the meeting Thursday night. A meeting was held at Willamette Thursday night to consider the same question.

COURT CONSTRUES WEST LINN CHARTER

DECISION IS PRACTICAL VICTORY FOR J. W. MOFFATT—EX-PENDITURE IS LIMITED.

The plaintiff won a partial victory in the circuit court Monday when Judge Campbell rendered his decision in the case of J. W. Moffatt against the city of West Linn.

This was a test suit instituted by Mr. Moffatt against the city to determine the question of the legality of the action of the council of West Linn in improving various streets and roads of West Linn. The city is alleged to have neglected to comply with the provisions of the charter, which required that all contracts must be in writing and authorized by ordinance.

The court held that the charter of West Linn, which was adopted by but one dissenting vote, only permits the expenditure of road money on the county roads and main traveled thoroughfares of that city; that Maple avenue so closely coincides with the boundaries of an old territorial or county road that its improvement was lawful, but that Seventh street, which connects the old road with the present Willamette road, is neither a county road or main traveled thoroughfare and hence cannot be improved and as to this part of the road the injunction is made permanent.

Clarence L. Eaton appeared for the plaintiff, Mr. Moffatt; the city was represented by B. N. Hieks.

WEST LINN TO AID IN CELEBRATION OF SOUTH FORK WATER

COUNCIL APPROPRIATES \$250 TOWARD FUND TO FINANCE BIG PROGRAM.

West Linn, Oregon City's partner in the South Fork project, formally decided to take part in the celebration for the new pipeline Wednesday night when the council of the town across the river appropriated \$250. The Oregon City council has authorized the expenditure of \$500, making the total fund for the celebration raised by the councils of the two towns, \$750.

The council ordered the plan of annexing Willamette put on the ballot at the regular city election in December. A number of other minor matters were disposed of.

The Willamette council authorized the annexation plan at a meeting a week ago and the people of that town will vote on it at the city election which comes in January.

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

J. P. GAGE, PIONEER OF STAFFORD, DIES IN HIS 81ST YEAR

TEN CHILDREN, 25 GRAND CHILDREN AND 10 GREAT GRAND-CHILDREN SURVIVE.

John P. Gage, a resident of the Stafford district since 1879, died at his farm home Wednesday morning at 7 o'clock. Mr. Gage had been ill since May and took a trip to the Tillamook beaches in hopes of benefiting his health. He was the founder of the town of Stafford.

At the time of his death he was over 80 years old. He was born in Michigan November 5, 1834, and married Miss Missouri A. Moses on the same date in 1856. Seven children were born, all of whom are living, except Charles M. Gage, who was killed in an auto truck accident about a month ago at his home near Stafford.

Mr. Gage crossed the plains the first time in 1852 and came to Oregon City with Captain Hayes, father of Gordon E. Hayes, who still resides in Stafford. Mr. Gage then went to California and returned to Michigan via the Isthmus of Panama through New York. In 1870 he again came to Oregon and settled on the place where his wife still lives. His wife and seven children followed in 1872. His place was the first one west of Oregon City that was touched with a plow.

The children who survive togeth with his widow are: Mrs. Ella Swoeth and Henry Gage, of Burns, Harney county; Arden Gage, of Cloverdale, Tillamook county; John Q. Gage, of St. Helen's; Mrs. O. Z. Holton, of Stafford; and Mrs. Agnes Howard, of Watsburg, Wash. Twenty-five grandchildren and ten great grandchildren are living.

The funeral services will be held Friday at 2 o'clock from the residence under the auspices of the Oswego grange. The funeral services will be in charge of Master C. C. Borland, of Hazelia, and interment will be in the Baptist German cemetery near the Gage home. The lots were deeded the church people years ago by Mr. Gage for the purpose of building the first church in that section. The funeral will be conducted by the Masonic lodge of which he was a member 50 years.

Enthusiasm marked the start of the big membership campaign of the Oregon City Commercial club Friday night and within the next 30 days the 75 men who have been named on 15 teams to work for the prize of \$50 offered by the club expect to produce wonderful results. They were inspired by a vigorous talk by Phil S. Bates, of the Portland Chamber of Commerce, who said that no business man in Oregon City should be out of the organization.

Club members and visitors crowded the club rooms and evinced lively interest in the program that had been arranged for their entertainment. Flechtner's orchestra rendered selections throughout the evening, and Oscar Lawrence Woodfin and Mrs. Morning Blast sang delightfully. The Morning Blast was circulated and its hits were timely and amusing. Two boxing contests and a wrestling bout concluded the program.

Mr. Bates urged organization and cooperation with the farmers. He drove home the idea that the city man can survive and prosper without the aid and support of the farming classes, and said it was the duty of every banker and business man to devise a plan to market the products for which Clackamas county is famous.

The smoked closed with a buffet lunch.

The plans for the membership campaign embrace a meeting of the chairman of the various committees on Tuesday and Friday mornings of each week at 11:30 a. m. in the club parlors during the contest, to confer with the membership committee. The team bringing in the largest number of new members during the 30 day period will receive a cash prize of \$50, provided the winning team must sign up not less than 10 new members. The club has authorized for the 30 days a special membership fee of \$2.50, and the monthly dues for Oregon City residents are \$1 and for non-resident members 50 cents. SCHOOL LEVY IS PLACED AT SIX MILLS BY BOARD

BUDGET IS PREPARED AT SESSION WHICH LASTS UNTIL AFTER MIDNIGHT.

\$44,998 IS ESTIMATED TOTAL EXPENDITURES OF DISTRICT

Increase Mill Will Help Raise \$3500 to Apply on High School Addition Bonds—\$26,000 Will Be Paid to Teachers.

The board of education of the city schools worked until past midnight Wednesday on its budget for 1916, and have estimated that a special tax levy of six mills will be required to conduct the schools for the next calendar year.

This estimate is an increase of three-tenths of one mill over last year, but in the budget is a new item of \$2500, which the board proposes to place in a sinking fund for the retirement of the \$20,000 bond issue that was authorized last summer for the construction and equipment of an addition to the high school building.

The total expenditures provided in the budget amount to \$44,998; and of this amount \$4312.50 is placed in sinking funds, as the district has a bond issue of \$6000 maturing December 1, 1916, for which a sinking fund of \$4987.50 is already on hand, requiring an additional sinking fund of \$1012.50. The estimate for teachers salaries is \$25,000; for repairs and improvements to buildings and grounds \$2000, for fuel \$1100, for supplies \$1500, for janitors salaries \$2250, and for interest on bonds \$3575. Other items of expenditures are all under \$1000 and will appear in the budget.

The estimated revenue of the district is based upon the apportionment of 1914 and the assessed valuation of that year, as the figures for 1915 will not be available until after the time for making a tax levy has expired.
