gold." Councilman Albright called the attention of the council to the fact that the Belgian paving blocks of the Portland Rallway Light & Power company between the car rails and the pavement were sinking in. City Engineer diller explained that the condition was caused by the fact that water had colected under the car tracks and that the weight of the cars caused the ties to sink alightly. He said that the company had been told to repair the track as the new pavement was chipping where the blocks had sunk. An other notice will be sent the power company.

City Attorney Schuebel declared that the city needed a better bookkeeping system in the recorder's office and recommended that the city buy a loose leaf ledger and other equipment so that monthly statements could be sesaid that he had several second-hand loose leaf ledgers which he was willing
